1. Description of the Plan

The following description of the Heartland Family Service Retirement Plan (the "Plan") provides general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Heartland Family Service Tax-Sheltered Annuity Plan was established effective November 1, 1970, as a tax-sheltered annuity plan covering the employees of the plan sponsor, Heartland Family Service (the "Agency" or the "Plan Sponsor"). The Plan was restated effective as of January 1, 2015, including changing the name to The Heartland Family Service Retirement Plan (the "Plan"). The Plan is a defined contribution plan covering employees working twenty hours or more per week. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), and is intended to qualify under the applicable sections of the Internal Revenue Code (the "Code").

Eligibility – Employees who work twenty hours or more per week are immediately eligible to participate in the Plan. Employees who obtain the age of 18 years, have been employed for three months, and work thirty hours or more per week are eligible for non-elective matching contributions.

Contributions – Participants may contribute up to 100% of their annual compensation to the Plan, not to exceed the maximum allowed by the Code, through either pre-tax or after tax Roth contributions. Participants age fifty and older by the end of the calendar year may contribute catch-up contributions. Participants may also contribute amounts representing distributions from other qualified benefit plans (rollover). The Agency makes non-elective matching contributions equal to 100% of participant contributions of less than 5% of their compensation. If the participant contributes 5% or more of their compensation, the Agency's matching contribution is equal to 7% of the participant's compensation. Participants direct the investment of all contributions into various options offered by the Plan. Prior to the Plan's restatement on January 1, 2015, employer contributions were made through a separate 401(a) Plan.

Participant Accounts – Each participant account is credited with the participant's contribution and matching contributions as well as allocations of any Plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participant's interest is fully vested at all times in their contributions plus actual earnings and losses thereon. Upon restatement of the Plan, a participant's interest in matching Agency contributions is subject to the following vesting percentages:

Number of Years of Credited Service at Date of Termination	Nonforfeitable Vested Percentage
Less than 3 years	0%
3 years or more	100%

Notes Receivable from Participants – Effective January 1, 2015, participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or fifty percent of their account balance. Participants are not to have more than two outstanding loans at any time. The loans are secured by the balance in the participant's account. The loan interest rate is set at the USA Today prime rate plus one percent, as defined (4.25% at December 31, 2015). Principal and interest is paid ratably through periodic payroll deductions. Prior to January 1, 2015, participants could borrow from Metropolitan Life Insurance Company (MetLife). The loans were not assets of the Plan, but are collateralized by the balance in the participant's account. Principal and interest was to be paid in quarterly installments by the participant.

Payment of Benefits – On termination of service, a participant may elect to receive a single lump sum amount equal to the value of the participant's vested account, a series of monthly installment payments over a specific period of at least twenty-four months, or a fixed or variable annuity distribution. If the vested account balance is less than $1,000, a lump sum distribution will be made.

Forfeitures – Forfeited participant balances are retained by the Plan and used to offset future Agency contributions or to pay Plan administrative expenses. As of December 31, 2015, forfeited accounts totaled $1,597. There were no unused forfeited accounts as of December 31, 2014.

Forfeitures of $3,509 were used to offset Agency contributions during the year ended December 31, 2015. During the year ended December 31, 2014, there were no forfeitures used.

2. Summary of Significant Accounting Policies and Procedures

Basis of Accounting – The accompanying financial statements of the Plan are prepared on the accrual basis in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

2. Summary of Significant Accounting Policies and Procedures - Continued

Risks and Uncertainties - The Plan provides investment options in various investment securities. Investment securities are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with the Plan's investments, it is reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statement of net assets available for plan benefits.

Notes Receivable from Participant – Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2015. Delinquent participant loans, if applicable are recorded as distributions based upon the terms of the plan document.

Investment Valuation and Income Recognition – Plan investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes Plan gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits – Benefits are recorded when paid.

Administrative Expenses – Trustee fees and administrative costs are paid by the Plan, except the Agency, at its discretion, may pay for certain administrative costs. Costs directly related to notes receivable from participant are charged to the borrowing participant's account and are included in administrative expenses. All fees are reported gross on the statement of changes in net assets available for benefits. Substantially all administrative expenses are party-in-interest transactions.

Subsequent Period – Management evaluated transactions and events occurring subsequent to December 31, 2015, and through October 13, 2016, the date the financial statements were available to be issued, to determine whether any events should be recognized or disclosed in these statements. There were no material transactions or events in the subsequent period requiring disclosure or recognition in the statements.

3. Investments

Investments disclosed in the financial statements and supplemental schedule at December 31, 2015 and 2014, and net appreciation (depreciation) in fair value of investments and dividend and interest income for the years then ended, were obtained or derived from information supplied by the Plan Administrator and certified as complete and accurate by MetLife and AXA Equitable Life Insurance Company (AXA). The following is a summary of the information certified:

	2015	2014
Investments, at fair value	$4,399,663	4,281,824
Net appreciation (depreciation) in fair value of investments	(228,014)	155,278
Dividend and Interest income	158,291	34,123

4. Guaranteed Interest Accounts

The investments in guaranteed interest accounts are with MetLife and AXA. These interest accounts are reported at fair value as the investments are not fully benefit responsive. The fair value is the value paid when funds are withdrawn prior to their maturity. Plan participants may direct the withdrawal or transfer of all or a portion of their investments subject, in certain circumstances, to a surrender charge. The average yields and crediting interest rates for the various interest accounts as of December 31, 2015 and 2014 was 3.0%.

5. Fair Value Measurements

Financial Accounting Standards Board ("FASB") Codification Section 820, *Fair Value Measurements* establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Guaranteed interest contracts: Valued based on the amount plan participants would receive currently if they were to withdraw funds which is contributions plus crediting interest less any early withdrawal charges.

Separate accounts: Valued at the net asset value (NAV), based upon the market value of its underlying investments, which may include equities, preferred stock, bonds, real estate, and mutual funds. A separate account NAV is provided by the issuer AXA and is not a publicly-quoted price in an active market.

5. Fair Value Measurements - Continued

Annuity contracts: Valued at the prices/unit values for the annuity investment option in accordance with the methods described in the annuity contract on a daily basis.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2015 and 2014:

	Investments at Fair Value as of December 31, 2015			
	Level 1	Level 2	Level 3	Total
Mutual funds	$3,455,034	--	--	3,455,034
Guaranteed interest contracts	--	--	864,750	864,750
Annuity contracts	--	2,920	--	2,920
Total assets in the fair value hierarchy	$3,455,034	2,920	864,750	4,322,704
Investments measured at net asset value(1)				76,959
Total investments at fair value				**$ 4,399,663**

	Investments at Fair Value as of December 31, 2014			
	Level 1	Level 2	Level 3	Total
Annuity Contracts	$ --	941,171	287,527	1,228,698
Guaranteed interest contracts	--	2,974,878	--	2,974,878
Total assets in the fair value hierarchy	$ --	3,916,049	287,527	4,203,576
Investments measured at net asset value(1)				78,248
Total investments at fair value				**$ 4,281,824**

(1) In accordance with ASC 820-10, certain investments that were measured at NAV (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to investments at fair value presented on the statement of net assets available for benefits.

5. Fair Value Measurements - Continued

The following table sets forth a summary of changes in the fair value of the Plan's level 3 investments:

	2015	2014
Balance, beginning of year	$ 287,527	264,072
Interest income	19,460	7,969
Purchases	585,516	33,490
Sales	(27,753)	(18,004)
Balance, end of year	**$ 864,750**	**287,527**

The fair value of the Plan's level 3 investments is based on unadjusted prices received from AXA. Plan management has not developed any significant inputs or made any adjustments to value received to determine the investments fair value.

Fair Value of Investments in Entities That Use NAV

The following tables summarize investments measured at fair value based on NAV per share practical expedient as of December 31, 2015, and 2014, respectively. There are no participant restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2015	*Fair Value*	*Unfunded Commitments*	*Redemption Frequency (if currently eligible)*	*Redemption Notice Period*
Pooled separate accounts	$ 76,959	n/a	Daily	None

December 31, 2014	*Fair Value*	*Unfunded Commitments*	*Redemption Frequency (if currently eligible)*	*Redemption Notice Period*
Pooled separate accounts	$ 78,248	n/a	Daily	None

6. Plan Termination

Although it has not expressed any intent to do so, the Agency has the right under the Plan to terminate the Plan at any time subject to the provisions of ERISA.

7. Tax Status

Sponsors of 403(b) plans are generally required to maintain a written plan that satisfies, in both form and operation, the requirements of the Internal Revenue Code (IRC) final regulations. There is no current program under which a plan sponsor can obtain assurance that the written form of its plan satisfies IRC section 403(b), other than through a private letter ruling.

Under Notice 2009-3, the IRS will not treat a section 403(b) plan as failing to satisfy the requirements of section 403(b) provided that (i) on or before December 31, 2009, the sponsor of the plan has adopted a written section 403(b) plan that is intended to satisfy the requirements of section 403(b) effective as of January 1, 2009, (ii) during 2009, the sponsor operates the plan in accordance with a reasonable interpretation of section 403(b), taking into account final regulations; and (iii) before the end of 2009, the sponsor makes its best efforts to retroactively correct any operational failure during the 2009 calendar year to conform to the terms of the written section 403(b) plan.

The Plan Administrator believes that the Plan has been designed to comply with the requirements of the Code and thus believes the Plan is qualified and the related trust is tax-exempt.

The Plan is not a taxpaying entity for income tax purposes and, accordingly, no provision has been made for income taxes. The Plan recognizes the tax benefit from an uncertain tax position only if it is more likely than not that the tax position will be sustained upon examination by the taxing authorities, based on the technical merits of the position. As of December 31, 2015, there are no known items which would result in a material accrual attributable to uncertain tax positions.

8. Party-in-Interest Transactions

Certain Plan investments are managed by MetLife and AXA. These are the issuers of the Plan investments and, therefore, these Plan transactions qualify as party-in-interest transactions.

9. Change in Accounting Principles

In 2015, the Plan elected to adopt the Accounting Standards Update No. 2015-07, *Disclosure for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*, which requires investments, for which fair value is measured at net asset value per share (or its equivalent) practical expedient, not be categorized in the fair value hierarchy. Assets for which fair value is measured at net asset value per share have been removed from the fair value hierarchy and presented in total only as of December 31, 2015 and 2014, respectively.

Also in 2015, the Plan elected to adopt Accounting Standards Update No. 2015-12 (Part II), Plan Investment Disclosures, which eliminates the disclosure requirements of individual investments that represent five percent or more of net assets available for benefits and the disclosure of net appreciation or depreciation for investments by investment objective. The disclosure of individual investments representing five percent or more of net assets available for benefits has been eliminated and net appreciation or depreciation of investments is only presented in aggregate based on general investment type, as prescribed by the update, for December 31, 2015 and 2014, respectively.
