1. Description of Plan

The following description of the Kofax, Inc. 401(k) Salary Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement or Summary Plan Description for a more complete description of the Plan’s provisions.

General

The Plan, established April 1, 1990, is a contributory, defined contribution 401(k) Salary Savings Plan available to qualifying employees of Kofax, Inc. (the “Company”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

The Plan is administered by Reliance Trust Company (“Reliance” or the “Trustee”), and all contributions are held in accounts maintained by the Plan’s record keeper ADP Retirement Services (“ADP RS” or the “Record keeper”).

Eligibility

To be eligible to participate in the Plan, an employee must have attained the age of 21, have completed at least three months of service, and be a regular or part-time employee.

The Plan allows consultants, who have attained the age of 21 and have completed at least 1,000 hours of service during an Eligibility Computation Period, to be eligible to participate in the Plan.

Contributions

Participants may contribute up to 60% of pretax annual compensation, as defined in the Plan, up to the maximum allowable under the Internal Revenue Code (“IRC”) each year. Participants who have attained age 50 or greater before the end of the Plan year are eligible to make catch-up contributions. Participants may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants may also elect to contribute a percentage of eligible compensation to the Plan on an after-tax basis.

The Company may, at its discretion, make matching contributions of a specified percent to participants who are employed on the last day of the Plan year and who have at least 1,000 hours of service during the year.

Additionally, the Company may also make discretionary matching contributions in an amount determined at Plan year-end by the Board of Directors. The Company matched 50% of the first \$4,000 of employees’ contributions in 2015 and 2014.

Participant Accounts

Each participant’s account is credited with the participant’s contribution and an allocation of the Company’s matching contribution and Plan earnings and expenses.

Kofax, Inc.
401(k) Salary Savings Plan
Notes to Financial Statements

The Company's matching contributions are allocated in accordance with participant allocation elections. Plan earnings are allocated based on participant earnings or account balance. The benefits to which a participant is entitled are the benefits that can be provided from a participant's account.

Vesting

Eligible participants are immediately vested in their voluntary contributions and any income or loss thereon. Participants who completed one year of service are fully vested in employer matching contributions and non-elective contributions and any earnings thereon.

Notes Receivable from Participant Loans

Participant may borrow from their accounts up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. The Company determines the appropriate interest rate based on the interest rates for loans of comparable quality and duration extended by banks and other financial institutions in the business of lending money for loans under similar circumstances. Interest rates range from 4.25% to 10.00% on loans outstanding as of December 31, 2015. Loans are repayable ratably through periodic payroll deductions over a term not exceeding five years, or ten years for loans used for the purchase of a primary residence. As of December 31, 2015, participant loans had maturity dates through December 2021.

Payment of Benefits

On termination of service, death, disability, or retirement, a participant will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Additionally, under certain circumstances of financial hardship, the participant is allowed to withdraw funds from the Plan. Balances under \$1,000 may be paid out at the discretion of the Company.

Forfeitures

Forfeitures resulting from the non-vested portions of accounts of participants who have been terminated prior to being fully vested are generally used first to pay the administrative expenses of the Plan, and any remaining amounts may be used to reduce future Company contributions. As of December 31, 2015 and 2014, forfeited non-vested amounts totaled \$66,603 and \$195,183, respectively. During the year ended December 31, 2015, amounts of \$5,239 and \$11,073 were used from forfeited non-vested accounts to pay Plan expenses and to reduce employer contributions, respectively.

Administrative Expenses

Certain administrative functions are performed by officers or employees of the Company. No officers or employees received compensation from the Plan. Certain administrative expenses of the Plan are paid directly by the Plan from the forfeiture account. If there are insufficient funds in the forfeiture account, administrative expenses are then paid by the Plan sponsor. Participants are responsible for asset maintenance fees, loan fees, and distribution fees.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared under the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Investment Contracts

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement for that portion of the net assets available for plan benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

The Plan invests in the MetLife Reliance Stable Value Fund, which is a common collective trust ("CCT"). The Fund invests in fully benefit-responsive investment contracts issued by insurance companies and other financial institutions, and in fixed income securities (see Investment Valuation and Income Recognition). The Plan's Statements of Net Assets Available for Benefits present the fair value of these investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosures of contingent assets and liabilities. Actual results could materially differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. The Plan's investments in mutual funds are stated at fair value based on quoted market prices of the net assets value of shares held by the Plan at year-end. Shares of the common collective trust are valued at net unit value as determined by the Trustee at year end, except when holding fully benefit-responsive investment contracts. The fair value of such investment contracts held by the CCT is determined using the market price of the underlying securities and the value of the investment contracts.

The Plan holds shares of CCTs that have investments in fully benefit-responsive investment contracts. For purposes of the Statements of Net Assets Available for Benefits, these CCTs are stated at fair value with an adjustment from fair value to contract value.

The Plan's Trustee certified the fair value of the common collective trusts as \$3,383,813 and \$3,129,193 at December 31, 2015 and 2014, respectively. The contract value of the CCTs was higher by \$32,109 at December 31, 2015 and less than the fair value by \$103,772 at December 31, 2014.

Kofax, Inc.
401(k) Salary Savings Plan
Notes to Financial Statements

Purchases and sales of securities are reflected on a trade-date basis. Interest and dividend income is recorded on the accrual basis. The Plan presents in the Statement of Changes in Net Assets Available for Benefits the net appreciation in the fair value of its investments, which consists of realized gains or losses and the unrealized appreciation on those investments.

Notes receivable from participants are measured at their unpaid balance including any accrued, but unpaid interest. Delinquent loans are reclassified as distributions based upon the terms of the Plan document.

Net Appreciation (Depreciation) in Fair Value of Investments

Realized and unrealized appreciation (depreciation) in the fair value of investments is based on the difference between the fair value of the assets at the beginning of the year, or at the time of purchase for assets purchased during the year, and the related fair value on the day investments are sold with respect to realized appreciation (depreciation), or on the last day of the year for unrealized appreciation (depreciation). Realized and unrealized appreciation (depreciation) is recorded in the accompanying Statement of Changes in Net Assets Available for Benefits as net appreciation in fair value of investments.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participant Loans

Notes receivable from participants are measured at the unpaid principal balance plus unpaid accrued interest. The Plan classifies all notes receivable from participants in default if any scheduled repayment remains unpaid as of the last business day of the calendar quarter following the calendar quarter in which a receivable is initially considered past due. Defaulted receivables are deemed distributed and recorded as benefits paid to participants in the Statement of Changes in Net Assets Available for Benefits. There were deemed distributions of \$19,219 in 2015 and no deemed distributions in 2014.

Plan Mergers

The Plan had a plan merger during the year. The SoftPro North America, Inc. 401(k) Plan and Trust (the "SoftPro Plan") with plan balance of \$250,323 was merged and transferred into Kofax, Inc. 401(k) Savings Plan effective January 2, 2015.

Risks and Uncertainties

The Plan provides for various investment options in any combination of fixed-income securities, mutual funds, and other investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

Kofax, Inc.
401(k) Salary Savings Plan
Notes to Financial Statements

The Plan's exposure to credit loss in the event of nonperformance of investments is limited to the carrying value of such instruments. The Plan's provision as well as those ERISA and the participants' investment preference dictate the Plan's concentration of credit risk and market risk.

3. Investments

The Plan's investments that represent 5% or more of the fair value of the Plan's net assets as of December 31, 2015 and 2014 are as follows:

<i>December 31,</i>	2015	2014
Fidelity Contrafund	\$ 9,999,481	\$ 9,178,593
Vanguard Extended Market Idx Signal	3,288,821	3,639,900
MetLife Reliance Stable Value Class-20	3,415,922	3,129,193
Fidelity Spartan 500 Index Advtg	4,066,864	3,756,239
Fidelity OTC Portfolio	3,684,537	3,156,145
Dodge & Cox International Stock	2,754,173	3,204,780

During 2015, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) depreciated in the amount of \$2,417,365.

4. Fair Value Measurements

Financial Accounting Standards Board Accounting Standards Codification ("ASC") 820 *Fair Value Measurements and Disclosure* provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 – Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2 – Quoted prices in markets that are not considered to be active for financial instruments for which all the significant inputs are observable, either directly, or indirectly.

Level 3 – Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

An asset's fair value measurement within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs. Where quoted prices are available in an active market for identical instruments, investment securities are classified within level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using pricing models, quoted prices of securities with similar characteristics or discounted cash flows. In cases where there is limited activity or less transparency around inputs to the valuation, investment securities are classified within level 3 of the valuation hierarchy.

The following table sets forth by level, within the fair value hierarchy, the Plan's investment assets measured at fair value as of December 31, 2015:

	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 49,838,162	\$ -	\$ -	\$ 49,838,162

Total	\$ 49,838,162	\$ 3,383,813	\$ -	\$ 53,221,975

The following table sets forth by level, within the fair value hierarchy, the Plan's investment assets measured at fair value as of December 31, 2014:

	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 47,458,878	\$ -	\$ -	\$ 47,458,878

Total	\$ 47,458,878	\$ 3,129,193	\$ -	\$ 50,588,071

The Plan's investments that are measured at fair value on a recurring basis, such as money market funds, mutual funds, and equity securities are generally classified within level 1 of the fair value hierarchy. The fair values of these investments are based on quoted market prices in active markets. The Plan also invests in a common collective trust for which the valuation is based on the values of the underlying investments. Based on the nature of the underlying investments in a common collective trust, this investment asset has been classified as level 2.

5. Reconciliation of Financial Statements to Form 5500

6. Information Certified by the Custodian

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, Reliance Trust Company, the Trustee, who holds the assets and executes transactions of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

<i>December 31,</i>	2015	2014
Mutual funds	\$ 49,838,162	\$ 47,458,878
Common collective trust	3,383,813	3,129,193
Notes receivable from participant loans	670,413	732,943

<i>Year ended December 31,</i>	2015
Interest income	\$ 2,570,916
Net depreciation in fair value of investments	(2,417,365)
Interest income on notes receivables from participant loans	31,775

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provision of ERISA. In the event of Plan termination, participants' accounts will become fully vested and non-forfeitable.

Kofax, Inc.
401(k) Salary Savings Plan
Notes to Financial Statements

8. Tax Status

The Internal Revenue Service has determined and informed the Plan Committee, in a letter dated March 31, 2008, that the Plan is qualified and the trust established under the Plan is tax-exempt under the appropriate section of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that, more likely than not, would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Parties-in-Interest Transactions

The Trustee and the Company are parties-in-interest as defined by ERISA. The Trustee invests certain Plan assets in its collective investment funds. The fees paid to the Trustee qualify as party-in-interest transactions permitted by the Department of Labor's Rules and Regulations and are exempt under Section 408(b)(8) of the IRC. Parties-in-interest are defined under Department of Labor Regulations as any fiduciary of the Plan, any party rendering services to the Plan, the employer, and certain other parties.

10. Non-Exempt Prohibited Transactions

For the Plan year ended December 31, 2015, Plan administrator identified an instance of untimely remittance of a participant contribution to the plan amounting to \$656. The late remittance for participant contribution and the related loss or earnings will be remitted to the Plan participant once the amount of loss or earnings related to the late remittance becomes available.

11. Subsequent Events

The Company has evaluated subsequent events through October 13, 2016, which is when these audited financial statements were available to be issued. The Company is not aware of any significant events that would have a material impact on its financial statements as of and for the year ended December 31, 2015.
