CDM SMITH INC. CAPITAL ACCUMULATION PLAN

Notes to Financial Statements

Note 1 - Description of the Plan

The following description of the CDM Smith Inc. Capital Accumulation Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution profit sharing plan with a cash deferred arrangement covering substantially all CDM Smith Inc. and Affiliates (CDM Smith) ("Employer") employees as defined ("Participants"), immediately after date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Plan Administration

The Employer is the Plan administrator and has the authority to appoint person(s) or entities to carry out the operations of the Plan. Five employees/directors of the Employer serve as trustees of the Plan. The trustees of the Plan have appointed the CDM Smith Inc. Capital Accumulation Plan Committee ("CAP Committee") to serve as the Plan administrator. Eleven current employees of the Employer serve on the Committee.

Participant Contributions

Participants may defer from 1% to 80% of their eligible compensation (pre-tax and Roth), as defined by the Plan, up to a dollar limit set by Federal law. Participants who have reached the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans ("Participant Rollovers"). The Plan has an automatic enrollment option by which employees hired after the effective date of September 1, 2010 would be automatically enrolled at a 3% deferral rate unless an alternative election was made within 60 days.

Employer Matching Contributions

The Employer's matching contribution for each Plan year is determined by its Board of Directors, subject to limitations imposed by Federal law. Employer matching contributions may be in the form of cash and/or Employer stock. To be eligible for a contribution, a participant must be actively employed as of the last day of the Plan year unless they are not actively employed due to retirement, death, layoff or disability, as defined by the Plan. Participants who are consultants are not eligible for Employer matching contributions. For the Plan year ended December 31, 2015, the Employer elected to match \$0.50 for each dollar of eligible employee contribution up to the first 6% of eligible compensation deferred, amounting to \$9,025,623 as an Employer matching contribution, which was funded subsequent to year end. Of this Employer matching contribution, \$526,770 was in the form of cash and \$8,498,853 was contributed in the form of Employer stock.

CDM SMITH INC. CAPITAL ACCUMULATION PLAN

Notes to Financial Statements

Note 1 - Description of the Plan (Continued)

Employer Profit Sharing Contributions

The Employer's profit sharing contribution for each Plan year is determined by the Board of Directors, subject to limitations imposed by Federal law. To be eligible for a contribution, a participant must have completed at least one year of service and be actively employed as of the last day of the Plan year unless they are not actively employed due to retirement, death, layoff or disability, as defined by the Plan. Participants who are consultants or who are on personal or education leave are not eligible for profit sharing contributions. For the Plan year ended December 31, 2015, the Employer elected not to make a profit sharing contribution.

Participant Accounts

Each participant's account is credited with the Participant's contribution and a pro rata allocation of the Employer's contribution, the Plan's investment earnings and reallocated participant forfeitures and reduced by a pro rata allocation of investment fees and direct administrative expenses, if applicable. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the Participant's vested account.

Vesting

Participant Contributions

Participants are immediately vested in their voluntary contributions plus actual earnings (losses) thereon.

Employer Contributions

Vesting in the Employer's matching and profit sharing contributions plus actual earnings (losses) thereon is based on years of continuous service. A year of service is defined as twelve months of employment. A participant is fully vested after three years of service. Participants who have separated from service as a result of reaching retirement age (defined as age 60) or due to death also become fully vested.

Forfeitures

A participant who leaves the employ of the Employer forfeits any non-vested balances as soon as administratively practicable. Upon forfeiture of the CDM Smith Stock Fund, CDM Smith shall repurchase the stock for cash, and the proceeds are combined with the amount forfeited by other participants during that Plan year. Forfeitures are first used to restore any participant's account who resumes employment with the Employer after any portion of the amount of their Profit Sharing, Matching Account and Stock Account had been forfeited. If a participant resumes employment with the Employer, the Participant's account shall be restored to its value, including earnings, gains and losses. The remaining forfeitures shall be reallocated to the profit sharing accounts of all the remaining eligible participants in the same manner as Employer profit sharing contributions, as an additional contribution. At December 31, 2015 and 2014, unused forfeited account balances totaled \$66,594 and \$210,482, respectively, and subsequent to year end the \$66,594 was reallocated to remaining eligible participant accounts. During 2015, forfeitures of \$210,482 were reallocated to remaining eligible participant accounts based on the ratio of a participant's compensation to total eligible compensation.

Notes to Financial Statements

Note 1 - Description of the Plan (Continued)

Payment of Benefits

Upon termination of service or upon the attainment of age 60 (age 55 for certain former AGI employees), a participant may elect to receive either a lump-sum amount equal to the value of the Participant's vested account balance or installment payments of such amounts, frequency and duration as the Participant or beneficiary may elect. The portion of the Participant's vested account invested in CDM Smith company stock will be repurchased by the Employer and reinvested in the money market fund and redirected as elected by the Participant. In addition, if a participant's account is less than \$1,000, and a distribution election has not been made, the Plan's administrator will, as soon as administratively possible, distribute the benefit to the Participant.

The Plan allows for hardship withdrawals (\$500 minimum) from a participant's deferral account, excluding earnings, and from participant rollover accounts. Participant deferrals are suspended for six months following receipt of a hardship withdrawal unless the Participant can demonstrate to the CAP Committee's satisfaction that the financial need can't be relieved by cessation of the elective deferral. Participants must exhaust all other assets and available distributions and loans before financial hardship withdrawals are allowed. The Plan also allows for in-service withdrawals (\$500 minimum) for participants who had grandfathered voluntary after-tax contributions. In addition, participants who have attained age 59½ may withdraw all or a portion of their balance, excluding their stock account, no more than once per calendar quarter.

Notes Receivable from Participants

Participants may borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Participants are allowed to apply for two loans per year and may have two loans outstanding at any given time. Loan terms range from one to five years (up to ten years for the purchase of a primary residence). The annual interest rate, as determined when the loan is granted, is charged at a reasonable rate established by the CAP Committee commensurate with the local prevailing commercial interest rate. Principal and interest are paid ratably through payroll deductions.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in conformance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Note 2 - Summary of Significant Accounting Policies (Continued)

Accounting Standards Update

In July 2015, the Financial Accounting Standards Board issued Accounting Standards Update (ASU) 2015-12 Plan Accounting: Defined Benefit Pension Plans, Defined Contribution Pension Plans and Health and Welfare Benefit Plans. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III simplifies accounting for the measurement date practical expedient. Parts I and III are not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively. Management has elected to adopt Part II early.

Investments, Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of investments are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could vary from those estimates. The financial statements include the fair value information about the CDM Smith Stock Fund, which follows the transfer pricing as discussed in Note 4. Those estimated values may differ from the values that would have been used had readily determinable market values of the CDM Smith Stock Fund existed.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 and 2014. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

CDM SMITH INC. CAPITAL ACCUMULATION PLAN

Notes to Financial Statements

Note 2 - Summary of Significant Accounting Policies (Continued)

Unit Values

Individual participant accounts for the common/collective trust accounts are maintained on a unit value basis. Participants do not have beneficial ownership in their specific underlying securities or other assets in the trusts, but do have an interest therein represented by units which are valued daily. The trusts earn dividends and interest, which are automatically reinvested in additional units. Generally, contributions to and withdrawals from each trust are converted to units by dividing the amounts of such transactions by the unit values as last determined, and the Participants' accounts are charged or credited with the number of units properly attributable to each participant.

Benefits Paid

Benefits are recorded when paid.

Subsequent Events

The Employer and Plan management have evaluated subsequent events through October 13, 2016, the date that the financial statements were available to be issued. In January of 2016, the Plan acquired approximately \$3.4 million in assets as the result of an acquisition of another plan.

Reclassifications

Certain amounts reported in the 2014 financial statements and related disclosures have been reclassified to conform to the 2015 presentation and the adoption of ASU 2015-12. There has been no effect on the total amount reported on the 2014 financial statements.

Note 3 - Investments

The Plan holds both participant directed and non-participant directed investments. Participant directed investments are held in mutual funds and units in common/collective trusts (CCT) by the Plan's custodian, Vanguard Fiduciary Trust Company ("Vanguard"); non-participant directed investments are held in the CDM Smith Stock Fund which consists of shares of the Employer's Class A, B and C common stock. The fair values of all mutual fund and CCT investments and related transactions, including interest and dividends, and net appreciation in fair values, and the mutual fund, CCT and participant loan information included on the supplemental Schedule of Assets (Held at End of Year) are reported to the Plan and certified as complete and accurate by Vanguard. Participants in the Plan may direct their deferral contributions to a variety of investment options.

Notes to Financial Statements

Note 3 - Investments (Continued)

The following is a summary of net appreciation/(depreciation) in participant directed and non-participant directed investments in the Plan for the year ended December 31, 2015:

	<i>Participant Directed Investments</i>	<i>Non-Participant Directed Investments</i>	<i>Total</i>
Net appreciation/(depreciation):			
Mutual Funds	\$ (19,211,135)	\$ -	\$ (19,211,135)
Common/Collective Trusts	4,108,992	-	4,108,992
CDM Smith Stock Fund	<u>-</u>	<u>6,870,865</u>	<u>6,870,865</u>
	<u>\$ (15,102,143)</u>	<u>\$ 6,870,865</u>	<u>\$ (8,231,278)</u>

Note 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level I) and the lowest priority to unobservable inputs (Level III). Valuation techniques maximize the use of relevant observable inputs. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described below:

Level I – Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level II – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level II input must be observable for substantially the full term of the asset or liability.

Level III – Inputs that are unobservable inputs for the asset or liability.

CDM SMITH INC. CAPITAL ACCUMULATION PLAN

Notes to Financial Statements

Note 4 - Fair Value Measurements (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 or 2014.

CDM Smith Stock Fund: The CDM Smith Stock Fund, which consists of Class A, B and C common stock of the Employer, does not have a readily ascertainable market value due to being a privately held company, so the company uses a transfer price for the purchase and sale of its common stock and a 6-month minimum holding period for any stock purchased after that date. The transfer price is calculated from the book value of the preceding year end multiplied by an adjustment factor escalating over a 5-year period to a maximum of 1.5 times book value. The adjustment factor for 2015 is 1.5. The purchase and redemption price for all the common stock is the transfer price in effect for the fiscal year in which the transaction occurs.

Mutual Funds: Valued at daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/Collective Trusts: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

CDM SMITH INC. CAPITAL ACCUMULATION PLAN

Notes to Financial Statements

Note 6 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits. Recent market conditions have resulted in an unusually high degree of market volatility and increased the risks associated with certain investments held by the Plan, which could impact the value of investments after the date of these financial statements.

Note 7 - Related Parties and Parties-in-Interest Transactions

Certain Plan investments are shares of mutual funds managed by an affiliate of Vanguard Fiduciary Trust Company ("Vanguard"). Vanguard is trustee of certain assets of the Plan as well as the custodian of the Plan, therefore, these transactions qualify as party-in-interest. In addition, the Plan invests in shares of the Employer's common stock fund. Certain employees of the Employer are trustees of the Plan, and these transactions qualify as party-in-interest. Notes receivable from participants also qualify as party-in-interest transactions. The Plan made a direct payment to the third party administrator of \$395,664 which was not covered by revenue sharing.

Note 8 - Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Employer may determine.

Note 9 - Tax Status

The Plan obtained its latest determination letter on July 17, 2009, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes is included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

CDM SMITH INC. CAPITAL ACCUMULATION PLAN

Notes to Financial Statements

Note 10 - Delinquent Participant Contributions

During the Plan year ended December 31, 2015, the Employer did not remit certain participant contributions of \$3,007 to the Plan in a timely manner, as defined by ERISA. The Employer will fully correct this matter by contributing the delinquent contributions and any lost earnings thereon during the Plan year ending December 31, 2016.

Note 11 - Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 at December 31, 2015 and 2014:
