Independent Auditors' Report

To the Participants and Trustees of
RCF Employee Stock Ownership Plan

Report on the Financial Statements

We have audited the accompanying financial statements of the RCF Employee Stock Ownership Plan, which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statement of changes in net assets available for benefits for the year ended December 31, 2015, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit includes performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall financial statement presentation.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2015 and 2014, and the changes in its net assets available for benefits for the year ended December 31, 2015, in accordance with accounting principles generally accepted in the United States of America.

Report on Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year), referred to as supplemental information, is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

RCF EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015 and 2014

NOTE A - DESCRIPTION OF THE PLAN

The following description of the RCF Employee Stock Ownership Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

RCF Information Systems, Inc., (the Company) established the RCF Employee Stock Ownership Plan effective as of October 1, 2006. The Plan operates, in relevant part, as a leveraged employee stock ownership plan (ESOP) and is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986, as amended, (the Code) and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan is administered by the Sponsor Company's Board of Directors. The trust department of an independent third-party is the Plan's Trustee.

The Plan purchased Company common shares using the proceeds of a bank borrowing and seller notes (Note D), all guaranteed by the Company, and holds the stock in a trust established under the Plan. The bank borrowing is to be repaid over a period of ten years beginning April 16, 2008, by fully deductible Company contributions to the trust fund. The seller notes were to be repaid over a period of five years starting April 16, 2012, by fully deductible Company contributions to the trust fund. On December 29, 2011, a portion of the seller note debt was extinguished, and the remaining balance due on the seller notes was refinanced through a bank borrowing (Note D). The refinanced bank borrowing is to be repaid over a period of five years beginning December 29, 2012, by fully deductible Company contributions to the trust fund. As the Plan makes each payment of principal and interest, an appropriate percentage of stock will be allocated to eligible employees' accounts in accordance with applicable regulations under the Code. Shares vest fully upon allocation.

The borrowings are collateralized by the unallocated shares of stock and are guaranteed by the Company. The lenders have no rights against shares once they are allocated under the ESOP. Accordingly, the financial statements of the Plan as of December 31, 2015 and 2014, and for the year ended December 31, 2015, present separately the assets and liabilities and changes therein pertaining to:

- The accounts of employees with vested rights in allocated stock (allocated), and
- Stock not yet allocated to employees (unallocated).

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015 and 2014

NOTE A - DESCRIPTION OF THE PLAN (Continued)

Eligibility

Employees of the Company are generally eligible to participate in the Plan on the latter of January 1 immediately preceding the attainment of 21 years of age and completion of an eligibility period of service of 500 hours during such Plan Year. Participants who do not have an eligibility period of service during such Plan Year or are not employed on the last working day of a Plan Year are generally not eligible for an allocation of Company contributions for such year.

Participant Accounts

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited as of the last day of each Plan Year with an allocation of shares of the Company's common stock released by the Trustee from the unallocated account and forfeitures of terminated participants' nonvested accounts. Only those participants who are eligible employees of the Company as of the last day of the Plan Year will receive an allocation. Allocations are based on a participant's eligible compensation relative to total eligible compensation.

Vesting

If a participant's employment with the Company ends for any reason other than retirement, permanent disability, or death, he or she will vest in the balances in his or her account based on total years of service with the Company according to the following schedule:

<u>COMPLETED YEARS OF SERVICE</u>	<u>PERCENTAGE VESTED</u>
0	0%
1	20%
2	40%
3	60%
4	80%
5	100%

A year of service is earned during each Plan Year that a participant completes 1,000 hours of service.

NOTE A - DESCRIPTION OF THE PLAN (Continued)

Payment of Benefits

No distributions from the Plan will be made until a participant retires, becomes permanently disabled, dies, or otherwise terminates employment with the Company. Distributions are made in cash or, if a participant elects, in the form of Company common shares plus cash for any fractional share.

Under the provisions of the Plan, the Company is obligated to repurchase participant shares which have been distributed under the terms of the Plan as long as the shares are not publicly traded or if the shares are subject to trading limitations. For the year ended December 31, 2015, the Company repurchased 8,644 shares of stock for \$116,700. For the year ended December 31, 2014, the Company repurchased 7,861 shares of stock for \$87,259.

Voting Rights

Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account and is notified by the Trustee prior to the time that such rights are to be exercised. All allocated shares of Company common stock as to which such instructions have been timely received shall be voted by the Trustee in accordance with such instructions. The Trustee shall vote any unallocated shares and any allocated shares to which no voting instructions have been received on behalf of the collective best interest of Plan participants and beneficiaries.

Put Option

Under Federal income tax regulations, the employer stock that is held by the Plan and its participants and is not readily tradable on an established market or is subject to trading limitations includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the fair market value of the stock as determined by an independent appraiser. The Company can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

NOTE A - DESCRIPTION OF THE PLAN (Continued)

Diversification

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company stock into investments which are more diversified. Participants who are at least age 55 with at least ten years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25% of the number of post-1986 shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50%. Participants who elect to diversify receive a cash distribution.

Participant Accounts and Forfeitures

Employer contributions and Plan forfeitures are allocated to each participant's account based upon the relation of the participant's compensation to total compensation for the Plan Year. For the years ending December 31, 2015 and 2014, forfeitures of \$46,701 and \$73,030 were allocated to Plan participants, respectively. Plan earnings are allocated to each participant's account based on the ratio of the participant's beginning of the year account balance to all participants' beginning of the year account balances.

Liquidation of Inactive Participant Accounts

Following a participant's one-year break in service (at which time he or she becomes an inactive participant), the Plan Administrator may reallocate any cash or other liquid assets held in the cash accounts of participants who are actively employed by the Plan Sponsor (active participants) in exchange for the shares of the Sponsor Company stock held in the inactive participant's stock account based on the most recent appraised fair market value. The proceeds of the shares of Sponsor Company stock purchased from an inactive participant shall be held in a special liquidated stock account on behalf of the inactive participant and shall be invested by the Trustee, as directed by the Plan Administrator, in certain approved diversified investment funds. An inactive participant's liquidated stock account shall be distributed in accordance with the Plan. At December 31, 2015, the total fair value of inactive participants' liquidated stock accounts was \$1,382,687.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan prepares its financial statements using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The common shares of the Company are valued at fair value on December 31, 2015 and 2014. Fair value is determined by annual independent appraisals. All other investments are reported at fair value as determined by the Custodian and Trustees. The fair value of marketable securities is based on quotations obtained from national securities exchanges. Quotations are obtained from other published sources when marketable securities are not listed on an exchange. See Note G for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Realized gains and losses from security transactions are reported on the average cost method.

Operating Expenses

All expenses of maintaining the Plan are paid by the Company.

Accounting Changes

In May 2015, the FASB issued ASU 2015-07, Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share, which exempts investments measured using the net asset value (NAV) practical expedient in ASC 820, Fair Value Measurement, from categorization within the fair value hierarchy. The guidance requires retrospective application and is effective for fiscal years beginning after December 15, 2016. Early adoption is permitted. Management elected to early-adopt the provisions of this new standard. Accordingly, the amendment was retrospectively applied resulting in simplified reporting of fair value hierarchies at December 31, 2014, in Note G.

RCF EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015 and 2014

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Accounting Changes (Continued)

In July 2015, the FASB issued ASU 2015-12, Plan Accounting: Defined Contribution Pension Plans (Topic 962): Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient. This three-part standard simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts and plan investment disclosures and provides for a measurement-date practical expedient. Parts I and II are effective for fiscal years beginning after December 15, 2015, and should be applied retrospectively with early application permitted. Part III is effective for fiscal years beginning after December 15, 2015, and should be applied prospectively with early application permitted. Management has elected to adopt Part II early. Accordingly, the amendments were retrospectively applied resulting in simplified reporting of investments at December 31, 2014, in Note F.

NOTE C - CONCENTRATION OF CREDIT RISK

The Plan maintains its cash balances in cash accounts and various money market funds. The Federal Deposit Insurance Corporation (FDIC) insures these accounts up to \$250,000. At various times during the year, some or all of these funds may be uninsured or exceed insurance limits.

NOTE D - LOANS PAYABLE

On April 16, 2007, 1,000,000 shares were pledged on total debt of \$11,650,000 of which \$4,500,000 is a loan between the RCF Employee Stock Ownership Plan Trust and RCF Information Systems, Inc., and \$7,150,000 was six loans between the RCF Information Systems, Inc. Employee Stock Ownership Plan Trust and the sellers of the RCF stock. The shares committed to be released at December 31, 2015 and 2014, are based on the \$4,500,000 loan, which requires an annual payment of \$450,000 plus interest at 4.5% effective April 16, 2008, and matures on April 16, 2017. The seller notes required sixty monthly installments plus interest at 5.5% starting April 16, 2012. On June 21, 2010, the RCF Employee Stock Ownership Trust entered into an amendment and exchange agreement to exchange the original seller notes for new notes revising certain provisions of the agreement. On December 29, 2011, \$2,150,000 of the seller note debt was extinguished, and the remaining \$5,000,000 balance due on the seller notes was refinanced through a loan between the RCF Employee Stock Ownership Plan Trust and RCF Information Systems, Inc. The refinanced loan requires an annual payment of \$1,000,000 plus interest at 5.5% effective December 29, 2012, and matures on December 29, 2016.

RCF EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015 and 2014

NOTE E - EMPLOYER CONTRIBUTIONS

The Company is obligated to make contributions in cash to the Plan which, when aggregated with the Plan's dividends and interest earnings, equal the amount necessary to enable the Plan to make its regularly scheduled payments of principal and interest due on its term loans. For the years ended December 31, 2015 and 2014, the Company contributed \$1,645,229 and \$857,510, respectively.

S Corporation distributions of \$1,476,264 were allocated for the year ended December 31, 2015, and are classified as other income on the statement of changes in net assets available for benefits. Of the suspense account (unallocated) S Corporation distributions of \$417,784, \$359,147 was applied toward the principal payments on the loans payable and were allocated based on eligible compensation and \$58,637 was used to fund the recycling of shares for distributions. The allocated S Corporation distributions of \$1,058,480 were applied toward the principal payments on the loans payable and were allocated to participant accounts based on beginning share balance less forfeitures and withdrawals.

NOTE F - INVESTMENT IN SPONSOR COMPANY STOCK

The Plan's investment in Sponsor Company stock at December 31, 2015 and 2014, is presented in the following table:

NOTE G - FAIR VALUE MEASUREMENTS

FASB ASC 820-10, Fair Value Measurements, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820-10 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets,
- Quoted prices for identical or similar assets or liabilities in inactive markets,
- Inputs other than quoted prices that are observable for the asset or liability,
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015.

Sponsor Company Common Stock: The fair value of the sponsor company common stock held by the Plan is valued at fair value based upon an independent appraisal. The appraisal was based upon a combination of the market and income valuation techniques consistent with prior years. The appraiser considered all generally accepted business valuation approaches and methods and relied on the market approach (guideline publicly traded company method and guideline merged and acquired method) and the income approach (discounted cash flow method).

Money market funds: Valued at the net asset value (NAV) of shares held by the Plan at year-end.

U.S. government securities: Valued at the closing price reported on the active market on which the individual securities are traded.

RCF EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015 and 2014

NOTE G - FAIR VALUE MEASUREMENTS (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy the Plan's assets at fair value as of December 31, 2015 and 2014.

<u>Assets at Fair Value as of December 31, 2015</u>

NOTE H - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company reserves the right to terminate the Plan at any time, subject to Plan provisions. Upon such termination of the Plan, the interest of each participant in the trust fund will be distributed to such participant or his or her beneficiary at the time prescribed by the terms of the Plan and the Code. Upon termination of the Plan, the benefits of affected participants and other plan liabilities must be determined with respect to the date of the plan termination, and the plan assets must be distributed to satisfy those liabilities in accordance with the terms of the Plan as soon as administratively feasible.

NOTE I - ADMINISTRATION OF PLAN ASSETS

The Plan's assets, which consist principally of Sponsor Company common shares, are held by the Trustee of the Plan.

Company contributions are held and managed by the Trustee, which invests cash received, interest, and dividend income, and makes distributions to participants. The Trustee also administers the payment of interest and principal on the loan, which is reimbursed to the Trustee through contributions and S Corporation distributions as determined by the Company.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Administrative expenses for the Trustee's fees are paid directly by the Company.

NOTE J - INCOME TAX STATUS

The Plan obtained a favorable tax determination letter on September 13, 2013, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan Administrator and the Plan's tax counsel believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date; therefore, no income taxes have been provided for in the financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015 and 2014

NOTE K - BENEFITS PAYABLE

As of December 31, 2015 and 2014, the vested benefit payable to participants terminated prior to year-end was \$2,546,607 and \$1,518,517, respectively. The Plan allows payment of vested benefits to be suspended under certain circumstances as detailed in the Plan Document. The amount of vested benefit payable that is eligible for payment at December 31, 2015 and 2014, is \$368,996 and \$142,844, respectively.

NOTE L - RISKS AND UNCERTAINTIES

The Plan currently invests in employer securities. These securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE M - SUBSEQUENT EVENTS

Subsequent events were evaluated through October 14, 2016, which is the date the financial statements were available to be issued.

Subsequent to December 31, 2015, and effective January 1, 2016, the Plan was amended and restated to comply with the Pension Protection Act of 2006 (PPA) in order to maintain its tax-qualified status.
