INDEPENDENT AUDITORS' REPORT

Plan Administrator and Participants
Ceres Environmental Services 401(k) Profit Sharing Plan
Brooklyn Park, Minnesota

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Ceres Environmental Services 401(k) Profit Sharing Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statement of changes in net assets available for benefits for the year ended December 31, 2015, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 10, which was certified by American United Life Insurance Company, the Asset Custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the Asset Custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the Asset Custodian, as of December 31, 2015 and 2014, and for the year ended December 31, 2015, that the information provided to the Plan administrator by the Asset Custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis of Matter

As discussed in Note 2 to the financial statements, in 2015 the Plan adopted new accounting guidance related to the investments and investment related disclosures. Prior year amounts and disclosures have been revised to reflect the retrospective application of adopting these changes in accounting. Our opinion is not modified with respect to this matter.

Other Matter - Report on Supplemental Information

The supplemental schedule of assets (held at end of year) as of December 31, 2015 is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with Department of Labor's Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Asset Custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

CERES ENVIRONMENTAL SERVICES 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS
As of December 31, 2015 and 2014 and for the Year Ended December 31, 2015

NOTE 1 - Description of the Plan

The following description of the Ceres Environmental Services 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established by Ceres Environmental Services, Inc. and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan covers all non-union employees of Ceres Environmental Services, Inc., Vesta Equity, LLC, The Ground Up, LLC, and Ceres New Zealand, LLC (collectively the "Company"). The Company pays certain costs of administrating the Plan. Upon enrollment in the Plan, a participant may direct employer and employee contributions to any combination of available investment options within the Plan.

Eligibility

Non-union, qualified employees of the Company, who have completed at least two months of service with the Company are eligible to participate in the 401(k) portion of the plan upon reaching the age of 21.

Non-union, qualified employees of the Company are eligible to participate in the employer matching and profit sharing portion of the plan upon reaching the age of 21, and completion of one year of service (1,000 hours of service credited during a plan year).

Contributions

Each year, participants may contribute up to 100% of pretax annual compensation (salary reduction contributions) and up to 15% of any bonus compensation, up to the IRS limit, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified plans (rollover contributions) and Roth contributions. Participants 50 years of age or older may elect to defer additional catch-up contributions not to exceed $6,000 for the year ended December 31, 2015. The Company matches 100% of employee contributions for contributions up to 5% of the participant's compensation up to a total of $5,500 per year. Additionally, the Company may elect to make a discretionary profit-sharing contribution. In order to receive an allocation of the employer matching and profit sharing contributions, participating employees must be employed on the last day of the Plan year or have completed 1,000 hours of service during the plan year. No discretionary profit sharing contributions were made for the year ended December 31, 2015. The employer matching contribution totaled $129,517 for the year ended December 31, 2015.

Participant Accounts

Each participant's account is credited with the participant's salary reduction, catch-up, Roth, and rollover contributions, the Company's matching contributions, an allocation of the Company's discretionary profit sharing contributions, and Plan earnings (net of investment and administrative expenses). Allocations are based on the participant's eligible compensation or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 - Description of the Plan (cont.)

Vesting

Participants are immediately vested in their salary reduction, catch-up, Roth, and rollover contributions, plus earnings thereon. Vesting in the Company's profit sharing and matching contribution portion of participant accounts, plus earnings thereon, is based on years of continuous service. To earn a year of service, an employee must be credited with at least 1,000 hours of service during a plan year. Participants who leave the Plan because of death, early or normal retirement, or disability retirement, as defined in the Plan, are considered 100% vested. Company matching contributions and earnings thereon vest as follows:

Years of Service	Vested Percentage
Less than 3	0%
3 or more	100%

Company profit sharing contributions and earnings thereon vest as follows:

Years of Service	Vested Percentage
Less than 3	0%
3 or more	100%

Notes Receivable from Participants

Participants may borrow from their accounts, subject to certain Internal Revenue Service ("IRS") and Department of Labor regulations. Loans may not exceed the lesser of 50% of the participant's vested account balance at the date of origination or $50,000. These loans are secured by the balance in the participant's account. Interest on loans is fixed at inception of the loan. The interest rate on participant loans was 5.50% as of December 31, 2015 and 2014. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

Benefits may be paid to the participant or beneficiary upon death, disability, retirement or termination of employment, as defined in the Plan agreement. The Plan provides for normal retirement at age 65. The total vested portion of a participant's account balance may only be distributed in the form of a lump-sum payment. Participants experiencing financial hardship may withdraw a portion of this account balance as defined in the Plan, or upon attaining age 59 1/2, as defined in the Plan document.

Forfeitures

Employees who are not 100% vested in the profit-sharing and matching contribution portions of their accounts will forfeit the nonvested amount upon termination of employment. Forfeitures will be used to reduce future Company contributions. As of December 31, 2015 and 2014, forfeited nonvested amounts were $2 and $0, respectively. Forfeitures used to reduce Company contributions for the year ended December 31, 2015 were $2,526.

NOTE 2 - Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from these estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value (except for fully-benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment consultant and asset custodian. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net depreciation includes the gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Participant loans are classified as notes receivable from participants, which are segregated from Plan investments and measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2015 and 2014. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

NOTE 2 - Summary of Significant Accounting Policies (cont.)

Payment of Benefits

Benefits are recorded when paid.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2015 excess contributions to the applicable participants in the amount of $34,809 during 2016.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Fees incurred by the Plan for investment related services are included in net depreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment.

Recent Accounting Standards

In June 2015, the FASB issued ASU No. 2015-10, *Technical Corrections and Improvements.* ASU 2015-10 amends a wide range of Accounting Standards Codification topics to make clarifying changes, correct unintended application of guidance and make minor changes that are not expected to have a significant effect on current accounting practice or create a significant administrative cost on most entities. As part of this amendment, the FASB changed the definition of Readily Determinable Fair Value. This change was effective upon issuance. The adoption of ASU 2015-10 has been applied to the financial statements and related disclosures.

In July 2015, the FASB issued ASU No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965) - I. Fully Benefit-Responsive Investment Contracts; II. Plan Investment Disclosures, and III. Measurement Date Practical Expedient.* Part I requires fully-benefit responsive investment contracts to be measure, presented, and disclosed only at contract value. Part II requires that investments that are measured using fair value (both participant-directed and nonparticipant-directed investments) be grouped only by general type, eliminating the need to disaggregate the investments by nature, characteristics, and risks. Part II also eliminates the disclosure of individual investments that represent 5 percent or more of net assets available for benefits and the disclosure of net appreciation or depreciation for investments by general type, requiring only presentation of net appreciation or depreciation in investments in the aggregate. Additionally, if an investment is measured using the net asset value per share as a practical expedient and that investment is a fund that files a U.S. Department of Labor Form 5500, as a direct filing entity, disclosure of that investment's strategy is no longer required. Part III is not applicable to the Plan. The amendments in ASU 2015-12 are effective for fiscal years beginning after December 15, 2015, with early application permitted. The amendments within Parts I and II require retrospective application. Management has elected to early adopt the provisions of Parts I and II of this new standard. Accordingly, these provisions were retrospectively applied.

NOTE 2 - Summary of Significant Accounting Policies (cont.)

Subsequent Events

The Plan has evaluated subsequent events for recognition or disclosure through October 13, 2016, the date that the financial statements were available to be issued.

NOTE 3 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs other than quoted prices included in Level 1 that are observable for the asset, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2015 and 2014.

Pooled Separate Accounts: Pooled separate accounts are valued based upon the unit values of such pooled accounts held by the Plan at year end. Unit values are based on the fair value of the underlying assets of the fund derived from inputs principally from or corroborated by observable market data by correlation or other means, although are not based upon quoted market prices in an active market. The underlying investments of the pooled separate accounts consist of mutual funds, each of which follows a separate investment strategy. Due to the nature of these pooled accounts, there are no unfunded commitments or redemption restrictions.

NOTE 3 - Fair Value Measurements (Cont.)

These investments are classified as Level 2 as the separate account is not itself traded on an established market, although it may invest in open ended mutual funds, available to contract holders of group or individual variable annuities, or money market instruments. If the mutual funds or money market instruments included in the separate account are valued based on quoted market prices (such as the case with these funds), those investments can be classified as Level 2 according to the fair value hierarchy. Participants may execute transfers between the available investment options once per business day without limitation or notice period. If a participant redeems $5,000 or more from any American fund, they will be precluded from investing in that fund until 30 calendar days have elapsed since the date of the redemption transaction.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

	December 31, 2015			
	Total	Level 1	Level 2	Level 3
Pooled Separate Accounts	$ 2,137,625	-	$ 2,137,625	-
Total investments at fair value	$ 2,137,625	-	$ 2,137,625	-

	December 31, 2014			
	Total	Level 1	Level 2	Level 3
Pooled Separate Accounts	$ 1,833,383	$ -	$ 1,833,383	$ -
Total investments at fair value	$ 1,833,383	-	$ 1,833,383	-

NOTE 4 - Fully Benefit Responsive Investment Contract

The Plan holds a traditional investment contract (AUL Fixed Account) that meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. The following represents the disaggregation of contract value between types of investment contracts held by the Plan.

	2015	2014
Traditional investment contract	$ 36,868	$ 30,332

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at the specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 4 percent. The crediting rate is reviewed on a quarterly basis for resetting. The contract cannot be terminated before the scheduled maturity date.

NOTE 4 - Fully Benefit Responsive Investment Contract (Cont.)

Participants with greater than $2,500 in the AUL Fixed Account at the beginning of the year may transfer up to 20% of that amount from the AUL Fixed Account during the year. Participants with less than $2,500 in that account may transfer any amount during the year.

The Plan's ability to receive amounts in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the IRC or the failure of the trust to be tax-exempt under Section 501(a) of the IRC
2. Premature termination of the contracts
3. Plan termination or merger
4. Changes to the Plan's prohibition of competing investment options
5. Bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact a contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines
2. A breach of material obligation under the contract
3. A material misrepresentation
4. A material amendment to the agreements without the consent of the issuer.

NOTE 5 - Related Party and Party-In-Interest Transactions

Certain Plan investments are units of pooled separate accounts and a fixed account managed by the Asset Custodian and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services are with the Asset Custodian and thus qualify as party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest transactions.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

NOTE 6 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their Company contributions.

NOTE 7 - Tax Status

The Plan uses a prototype plan document which received an opinion letter from the IRS, dated March 31, 2014, which states that the prototype plan was designed in accordance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. The Plan Administrator believes that the Plan, as amended, is designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan was qualified and the related trust was tax-exempt at the financial statement date.

NOTE 8 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits in future periods.

As of December 31, 2015 and 2014, the Plan had investments of $1,066,001 and $750,316, respectively, that were concentrated in 4 pooled separate accounts and 3 pooled separate accounts, respectively.

NOTE 9 - Administration of Plan Assets

The Plan's assets are administered under a contract with AUL, the Asset Custodian of the Plan. The Asset Custodian invests funds received from contributions, investment sales, interest, and dividend income and makes distribution payments to participants.

NOTE 10 - Information Certified by Asset Custodian

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2015 and 2014. Accordingly, AUL, the Asset Custodian of the Plan, has certified to the completeness and accuracy of all investments reported in the accompanying Statement of Net Assets Available for Benefits as of December 31, 2015 and 2014 and the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2015, and the related investment activity reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2015.

NOTE 11 - Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits on the financial statements to Form 5500 as of December 31, 2015 and 2014:

	2015	2014
Net assets available for benefits per the financial statements	$ 2,174,163	$ 1,875,701
Plus: Excess contributions payable	34,809	15,228

INDEPENDENT AUDITORS' REPORT

Plan Administrator and Participants
Ceres Environmental Services 401(k) Profit Sharing Plan
Brooklyn Park, Minnesota

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Ceres Environmental Services 401(k) Profit Sharing Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statement of changes in net assets available for benefits for the year ended December 31, 2015, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 10, which was certified by American United Life Insurance Company, the Asset Custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the Asset Custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the Asset Custodian, as of December 31, 2015 and 2014, and for the year ended December 31, 2015, that the information provided to the Plan administrator by the Asset Custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis of Matter

As discussed in Note 2 to the financial statements, in 2015 the Plan adopted new accounting guidance related to the investments and investment related disclosures. Prior year amounts and disclosures have been revised to reflect the retrospective application of adopting these changes in accounting. Our opinion is not modified with respect to this matter.

Other Matter - Report on Supplemental Information

The supplemental schedule of assets (held at end of year) as of December 31, 2015 is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with Department of Labor's Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Asset Custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS
As of December 31, 2015 and 2014 and for the Year Ended December 31, 2015

NOTE 1 - Description of the Plan

The following description of the Ceres Environmental Services 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established by Ceres Environmental Services, Inc. and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan covers all non-union employees of Ceres Environmental Services, Inc., Vesta Equity, LLC, The Ground Up, LLC, and Ceres New Zealand, LLC (collectively the "Company"). The Company pays certain costs of administrating the Plan. Upon enrollment in the Plan, a participant may direct employer and employee contributions to any combination of available investment options within the Plan.

Eligibility

Non-union, qualified employees of the Company, who have completed at least two months of service with the Company are eligible to participate in the 401(k) portion of the plan upon reaching the age of 21.

Non-union, qualified employees of the Company are eligible to participate in the employer matching and profit sharing portion of the plan upon reaching the age of 21, and completion of one year of service (1,000 hours of service credited during a plan year).

Contributions

Each year, participants may contribute up to 100% of pretax annual compensation (salary reduction contributions) and up to 15% of any bonus compensation, up to the IRS limit, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified plans (rollover contributions) and Roth contributions. Participants 50 years of age or older may elect to defer additional catch-up contributions not to exceed $6,000 for the year ended December 31, 2015. The Company matches 100% of employee contributions for contributions up to 5% of the participant's compensation up to a total of $5,500 per year. Additionally, the Company may elect to make a discretionary profit-sharing contribution. In order to receive an allocation of the employer matching and profit sharing contributions, participating employees must be employed on the last day of the Plan year or have completed 1,000 hours of service during the plan year. No discretionary profit sharing contributions were made for the year ended December 31, 2015. The employer matching contribution totaled $129,517 for the year ended December 31, 2015.

Participant Accounts

Each participant's account is credited with the participant's salary reduction, catch-up, Roth, and rollover contributions, the Company's matching contributions, an allocation of the Company's discretionary profit sharing contributions, and Plan earnings (net of investment and administrative expenses). Allocations are based on the participant's eligible compensation or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 - Description of the Plan (cont.)

Vesting

Participants are immediately vested in their salary reduction, catch-up, Roth, and rollover contributions, plus earnings thereon. Vesting in the Company's profit sharing and matching contribution portion of participant accounts, plus earnings thereon, is based on years of continuous service. To earn a year of service, an employee must be credited with at least 1,000 hours of service during a plan year. Participants who leave the Plan because of death, early or normal retirement, or disability retirement, as defined in the Plan, are considered 100% vested. Company matching contributions and earnings thereon vest as follows:

Years of Service	Vested Percentage
Less than 3	0%
3 or more	100%

Company profit sharing contributions and earnings thereon vest as follows:

Years of Service	Vested Percentage
Less than 3	0%
3 or more	100%

Notes Receivable from Participants

Participants may borrow from their accounts, subject to certain Internal Revenue Service ("IRS") and Department of Labor regulations. Loans may not exceed the lesser of 50% of the participant's vested account balance at the date of origination or $50,000. These loans are secured by the balance in the participant's account. Interest on loans is fixed at inception of the loan. The interest rate on participant loans was 5.50% as of December 31, 2015 and 2014. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

Benefits may be paid to the participant or beneficiary upon death, disability, retirement or termination of employment, as defined in the Plan agreement. The Plan provides for normal retirement at age 65. The total vested portion of a participant's account balance may only be distributed in the form of a lump-sum payment. Participants experiencing financial hardship may withdraw a portion of this account balance as defined in the Plan, or upon attaining age 59 1/2, as defined in the Plan document.

Forfeitures

Employees who are not 100% vested in the profit-sharing and matching contribution portions of their accounts will forfeit the nonvested amount upon termination of employment. Forfeitures will be used to reduce future Company contributions. As of December 31, 2015 and 2014, forfeited nonvested amounts were $2 and $0, respectively. Forfeitures used to reduce Company contributions for the year ended December 31, 2015 were $2,526.

NOTE 2 - Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from these estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value (except for fully-benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment consultant and asset custodian. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net depreciation includes the gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Participant loans are classified as notes receivable from participants, which are segregated from Plan investments and measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2015 and 2014. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

NOTE 2 - Summary of Significant Accounting Policies (cont.)

Payment of Benefits

Benefits are recorded when paid.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2015 excess contributions to the applicable participants in the amount of $34,809 during 2016.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Fees incurred by the Plan for investment related services are included in net depreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment.

Recent Accounting Standards

In June 2015, the FASB issued ASU No. 2015-10, *Technical Corrections and Improvements.* ASU 2015-10 amends a wide range of Accounting Standards Codification topics to make clarifying changes, correct unintended application of guidance and make minor changes that are not expected to have a significant effect on current accounting practice or create a significant administrative cost on most entities. As part of this amendment, the FASB changed the definition of Readily Determinable Fair Value. This change was effective upon issuance. The adoption of ASU 2015-10 has been applied to the financial statements and related disclosures.

In July 2015, the FASB issued ASU No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965) - I. Fully Benefit-Responsive Investment Contracts; II. Plan Investment Disclosures, and III. Measurement Date Practical Expedient.* Part I requires fully-benefit responsive investment contracts to be measure, presented, and disclosed only at contract value. Part II requires that investments that are measured using fair value (both participant-directed and nonparticipant-directed investments) be grouped only by general type, eliminating the need to disaggregate the investments by nature, characteristics, and risks. Part II also eliminates the disclosure of individual investments that represent 5 percent or more of net assets available for benefits and the disclosure of net appreciation or depreciation for investments by general type, requiring only presentation of net appreciation or depreciation in investments in the aggregate. Additionally, if an investment is measured using the net asset value per share as a practical expedient and that investment is a fund that files a U.S. Department of Labor Form 5500, as a direct filing entity, disclosure of that investment's strategy is no longer required. Part III is not applicable to the Plan. The amendments in ASU 2015-12 are effective for fiscal years beginning after December 15, 2015, with early application permitted. The amendments within Parts I and II require retrospective application. Management has elected to early adopt the provisions of Parts I and II of this new standard. Accordingly, these provisions were retrospectively applied.

NOTE 2 - Summary of Significant Accounting Policies (cont.)

Subsequent Events

The Plan has evaluated subsequent events for recognition or disclosure through October 13, 2016, the date that the financial statements were available to be issued.

NOTE 3 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs other than quoted prices included in Level 1 that are observable for the asset, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2015 and 2014.

Pooled Separate Accounts: Pooled separate accounts are valued based upon the unit values of such pooled accounts held by the Plan at year end. Unit values are based on the fair value of the underlying assets of the fund derived from inputs principally from or corroborated by observable market data by correlation or other means, although are not based upon quoted market prices in an active market. The underlying investments of the pooled separate accounts consist of mutual funds, each of which follows a separate investment strategy. Due to the nature of these pooled accounts, there are no unfunded commitments or redemption restrictions.

NOTE 3 - Fair Value Measurements (Cont.)

These investments are classified as Level 2 as the separate account is not itself traded on an established market, although it may invest in open ended mutual funds, available to contract holders of group or individual variable annuities, or money market instruments. If the mutual funds or money market instruments included in the separate account are valued based on quoted market prices (such as the case with these funds), those investments can be classified as Level 2 according to the fair value hierarchy. Participants may execute transfers between the available investment options once per business day without limitation or notice period. If a participant redeems $5,000 or more from any American fund, they will be precluded from investing in that fund until 30 calendar days have elapsed since the date of the redemption transaction.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

	December 31, 2015			
	Total	Level 1	Level 2	Level 3

NOTE 4 - Fully Benefit Responsive Investment Contract

The Plan holds a traditional investment contract (AUL Fixed Account) that meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. The following represents the disaggregation of contract value between types of investment contracts held by the Plan.

	2015	2014
Traditional investment contract	$ 36,868	$ 30,332

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at the specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 4 percent. The crediting rate is reviewed on a quarterly basis for resetting. The contract cannot be terminated before the scheduled maturity date.

NOTE 4 - Fully Benefit Responsive Investment Contract (Cont.)

Participants with greater than $2,500 in the AUL Fixed Account at the beginning of the year may transfer up to 20% of that amount from the AUL Fixed Account during the year. Participants with less than $2,500 in that account may transfer any amount during the year.

The Plan's ability to receive amounts in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the IRC or the failure of the trust to be tax-exempt under Section 501(a) of the IRC
2. Premature termination of the contracts
3. Plan termination or merger
4. Changes to the Plan's prohibition of competing investment options
5. Bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact a contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines
2. A breach of material obligation under the contract
3. A material misrepresentation
4. A material amendment to the agreements without the consent of the issuer.

NOTE 5 - Related Party and Party-In-Interest Transactions

Certain Plan investments are units of pooled separate accounts and a fixed account managed by the Asset Custodian and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services are with the Asset Custodian and thus qualify as party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest transactions.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

NOTE 6 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their Company contributions.

NOTE 7 - Tax Status

The Plan uses a prototype plan document which received an opinion letter from the IRS, dated March 31, 2014, which states that the prototype plan was designed in accordance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. The Plan Administrator believes that the Plan, as amended, is designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan was qualified and the related trust was tax-exempt at the financial statement date.

NOTE 8 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits in future periods.

As of December 31, 2015 and 2014, the Plan had investments of $1,066,001 and $750,316, respectively, that were concentrated in 4 pooled separate accounts and 3 pooled separate accounts, respectively.

NOTE 9 - Administration of Plan Assets

The Plan's assets are administered under a contract with AUL, the Asset Custodian of the Plan. The Asset Custodian invests funds received from contributions, investment sales, interest, and dividend income and makes distribution payments to participants.

NOTE 10 - Information Certified by Asset Custodian

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2015 and 2014. Accordingly, AUL, the Asset Custodian of the Plan, has certified to the completeness and accuracy of all investments reported in the accompanying Statement of Net Assets Available for Benefits as of December 31, 2015 and 2014 and the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2015, and the related investment activity reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2015.

NOTE 11 - Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits on the financial statements to Form 5500 as of December 31, 2015 and 2014:

	2015	2014
Net assets available for benefits per the financial statements	$ 2,174,163	$ 1,875,701
Plus: Excess contributions payable	34,809	15,228
Net assets available for benefits per the Form 5500	$ 2,208,972	$ 1,890,929

	2015
Net increase in net assets available for benefits	$ 298,462
Plus: Change in excess contributions payable	19,581
Net income per Form 5500	$ 318,043

Revenue Sharing Formula:

The investment options of the Plan include various portfolios within an AUL separate account. The separate account in turn invests in investment portfolios of certain open-end management investment companies. AUL receives indirect compensation from these investment companies for the services provided by AUL.

The compensation received by AUL is computed by each investment company by multiplying the daily account balance of the AUL separate account's interest in a particular portfolio by a predetermined percentage rate negotiated with the investment company. This indirect compensation is not charged to the plan or participants accounts but is paid directly by the investment company.

The investment company, the underlying investment portfolio, and the annual compensation percentages are shown below.

INDEPENDENT AUDITORS' REPORT

Plan Administrator and Participants
Ceres Environmental Services 401(k) Profit Sharing Plan
Brooklyn Park, Minnesota

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Ceres Environmental Services 401(k) Profit Sharing Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statement of changes in net assets available for benefits for the year ended December 31, 2015, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 10, which was certified by American United Life Insurance Company, the Asset Custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the Asset Custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the Asset Custodian, as of December 31, 2015 and 2014, and for the year ended December 31, 2015, that the information provided to the Plan administrator by the Asset Custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis of Matter

As discussed in Note 2 to the financial statements, in 2015 the Plan adopted new accounting guidance related to the investments and investment related disclosures. Prior year amounts and disclosures have been revised to reflect the retrospective application of adopting these changes in accounting. Our opinion is not modified with respect to this matter.

Other Matter - Report on Supplemental Information

The supplemental schedule of assets (held at end of year) as of December 31, 2015 is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with Department of Labor's Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Asset Custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

CERES ENVIRONMENTAL SERVICES 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS
As of December 31, 2015 and 2014 and for the Year Ended December 31, 2015

NOTE 1 - Description of the Plan

The following description of the Ceres Environmental Services 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established by Ceres Environmental Services, Inc. and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan covers all non-union employees of Ceres Environmental Services, Inc., Vesta Equity, LLC, The Ground Up, LLC, and Ceres New Zealand, LLC (collectively the "Company"). The Company pays certain costs of administrating the Plan. Upon enrollment in the Plan, a participant may direct employer and employee contributions to any combination of available investment options within the Plan.

Eligibility

Non-union, qualified employees of the Company, who have completed at least two months of service with the Company are eligible to participate in the 401(k) portion of the plan upon reaching the age of 21.

Non-union, qualified employees of the Company are eligible to participate in the employer matching and profit sharing portion of the plan upon reaching the age of 21, and completion of one year of service (1,000 hours of service credited during a plan year).

Contributions

Each year, participants may contribute up to 100% of pretax annual compensation (salary reduction contributions) and up to 15% of any bonus compensation, up to the IRS limit, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified plans (rollover contributions) and Roth contributions. Participants 50 years of age or older may elect to defer additional catch-up contributions not to exceed $6,000 for the year ended December 31, 2015. The Company matches 100% of employee contributions for contributions up to 5% of the participant's compensation up to a total of $5,500 per year. Additionally, the Company may elect to make a discretionary profit-sharing contribution. In order to receive an allocation of the employer matching and profit sharing contributions, participating employees must be employed on the last day of the Plan year or have completed 1,000 hours of service during the plan year. No discretionary profit sharing contributions were made for the year ended December 31, 2015. The employer matching contribution totaled $129,517 for the year ended December 31, 2015.

Participant Accounts

Each participant's account is credited with the participant's salary reduction, catch-up, Roth, and rollover contributions, the Company's matching contributions, an allocation of the Company's discretionary profit sharing contributions, and Plan earnings (net of investment and administrative expenses). Allocations are based on the participant's eligible compensation or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 - Description of the Plan (cont.)

Vesting

Participants are immediately vested in their salary reduction, catch-up, Roth, and rollover contributions, plus earnings thereon. Vesting in the Company's profit sharing and matching contribution portion of participant accounts, plus earnings thereon, is based on years of continuous service. To earn a year of service, an employee must be credited with at least 1,000 hours of service during a plan year. Participants who leave the Plan because of death, early or normal retirement, or disability retirement, as defined in the Plan, are considered 100% vested. Company matching contributions and earnings thereon vest as follows:

Years of Service	Vested Percentage
Less than 3	0%
3 or more	100%

Company profit sharing contributions and earnings thereon vest as follows:

Years of Service	Vested Percentage
Less than 3	0%
3 or more	100%

Notes Receivable from Participants

Participants may borrow from their accounts, subject to certain Internal Revenue Service ("IRS") and Department of Labor regulations. Loans may not exceed the lesser of 50% of the participant's vested account balance at the date of origination or $50,000. These loans are secured by the balance in the participant's account. Interest on loans is fixed at inception of the loan. The interest rate on participant loans was 5.50% as of December 31, 2015 and 2014. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

Benefits may be paid to the participant or beneficiary upon death, disability, retirement or termination of employment, as defined in the Plan agreement. The Plan provides for normal retirement at age 65. The total vested portion of a participant's account balance may only be distributed in the form of a lump-sum payment. Participants experiencing financial hardship may withdraw a portion of this account balance as defined in the Plan, or upon attaining age 59 1/2, as defined in the Plan document.

Forfeitures

Employees who are not 100% vested in the profit-sharing and matching contribution portions of their accounts will forfeit the nonvested amount upon termination of employment. Forfeitures will be used to reduce future Company contributions. As of December 31, 2015 and 2014, forfeited nonvested amounts were $2 and $0, respectively. Forfeitures used to reduce Company contributions for the year ended December 31, 2015 were $2,526.

NOTE 2 - Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from these estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value (except for fully-benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment consultant and asset custodian. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net depreciation includes the gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Participant loans are classified as notes receivable from participants, which are segregated from Plan investments and measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2015 and 2014. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

NOTE 2 - Summary of Significant Accounting Policies (cont.)

Payment of Benefits

Benefits are recorded when paid.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2015 excess contributions to the applicable participants in the amount of $34,809 during 2016.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Fees incurred by the Plan for investment related services are included in net depreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment.

Recent Accounting Standards

In June 2015, the FASB issued ASU No. 2015-10, *Technical Corrections and Improvements.* ASU 2015-10 amends a wide range of Accounting Standards Codification topics to make clarifying changes, correct unintended application of guidance and make minor changes that are not expected to have a significant effect on current accounting practice or create a significant administrative cost on most entities. As part of this amendment, the FASB changed the definition of Readily Determinable Fair Value. This change was effective upon issuance. The adoption of ASU 2015-10 has been applied to the financial statements and related disclosures.

In July 2015, the FASB issued ASU No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965) - I. Fully Benefit-Responsive Investment Contracts; II. Plan Investment Disclosures, and III. Measurement Date Practical Expedient.* Part I requires fully-benefit responsive investment contracts to be measure, presented, and disclosed only at contract value. Part II requires that investments that are measured using fair value (both participant-directed and nonparticipant-directed investments) be grouped only by general type, eliminating the need to disaggregate the investments by nature, characteristics, and risks. Part II also eliminates the disclosure of individual investments that represent 5 percent or more of net assets available for benefits and the disclosure of net appreciation or depreciation for investments by general type, requiring only presentation of net appreciation or depreciation in investments in the aggregate. Additionally, if an investment is measured using the net asset value per share as a practical expedient and that investment is a fund that files a U.S. Department of Labor Form 5500, as a direct filing entity, disclosure of that investment's strategy is no longer required. Part III is not applicable to the Plan. The amendments in ASU 2015-12 are effective for fiscal years beginning after December 15, 2015, with early application permitted. The amendments within Parts I and II require retrospective application. Management has elected to early adopt the provisions of Parts I and II of this new standard. Accordingly, these provisions were retrospectively applied.

Subsequent Events

The Plan has evaluated subsequent events for recognition or disclosure through October 13, 2016, the date that the financial statements were available to be issued.

NOTE 3 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs other than quoted prices included in Level 1 that are observable for the asset, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2015 and 2014.

Pooled Separate Accounts: Pooled separate accounts are valued based upon the unit values of such pooled accounts held by the Plan at year end. Unit values are based on the fair value of the underlying assets of the fund derived from inputs principally from or corroborated by observable market data by correlation or other means, although are not based upon quoted market prices in an active market. The underlying investments of the pooled separate accounts consist of mutual funds, each of which follows a separate investment strategy. Due to the nature of these pooled accounts, there are no unfunded commitments or redemption restrictions.

NOTE 3 - Fair Value Measurements (Cont.)

These investments are classified as Level 2 as the separate account is not itself traded on an established market, although it may invest in open ended mutual funds, available to contract holders of group or individual variable annuities, or money market instruments. If the mutual funds or money market instruments included in the separate account are valued based on quoted market prices (such as the case with these funds), those investments can be classified as Level 2 according to the fair value hierarchy. Participants may execute transfers between the available investment options once per business day without limitation or notice period. If a participant redeems $5,000 or more from any American fund, they will be precluded from investing in that fund until 30 calendar days have elapsed since the date of the redemption transaction.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

	December 31, 2015			
	Total	Level 1	Level 2	Level 3
Pooled Separate Accounts	$ 2,137,625	-	$ 2,137,625	-
Total investments at fair value	$ 2,137,625	-	$ 2,137,625	-

	December 31, 2014			
	Total	Level 1	Level 2	Level 3
Pooled Separate Accounts	$ 1,833,383	$ -	$ 1,833,383	$ -
Total investments at fair value	$ 1,833,383	-	$ 1,833,383	-

NOTE 4 - Fully Benefit Responsive Investment Contract

The Plan holds a traditional investment contract (AUL Fixed Account) that meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. The following represents the disaggregation of contract value between types of investment contracts held by the Plan.

	2015	2014
Traditional investment contract	$ 36,868	$ 30,332

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at the specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 4 percent. The crediting rate is reviewed on a quarterly basis for resetting. The contract cannot be terminated before the scheduled maturity date.

NOTE 4 - Fully Benefit Responsive Investment Contract (Cont.)

Participants with greater than $2,500 in the AUL Fixed Account at the beginning of the year may transfer up to 20% of that amount from the AUL Fixed Account during the year. Participants with less than $2,500 in that account may transfer any amount during the year.

The Plan's ability to receive amounts in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the IRC or the failure of the trust to be tax-exempt under Section 501(a) of the IRC
2. Premature termination of the contracts
3. Plan termination or merger
4. Changes to the Plan's prohibition of competing investment options
5. Bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact a contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines
2. A breach of material obligation under the contract
3. A material misrepresentation
4. A material amendment to the agreements without the consent of the issuer.

NOTE 5 - Related Party and Party-In-Interest Transactions

Certain Plan investments are units of pooled separate accounts and a fixed account managed by the Asset Custodian and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services are with the Asset Custodian and thus qualify as party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest transactions.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

NOTE 6 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their Company contributions.

NOTE 7 - Tax Status

The Plan uses a prototype plan document which received an opinion letter from the IRS, dated March 31, 2014, which states that the prototype plan was designed in accordance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. The Plan Administrator believes that the Plan, as amended, is designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan was qualified and the related trust was tax-exempt at the financial statement date.

NOTE 8 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits in future periods.

As of December 31, 2015 and 2014, the Plan had investments of $1,066,001 and $750,316, respectively, that were concentrated in 4 pooled separate accounts and 3 pooled separate accounts, respectively.

NOTE 9 - Administration of Plan Assets

The Plan's assets are administered under a contract with AUL, the Asset Custodian of the Plan. The Asset Custodian invests funds received from contributions, investment sales, interest, and dividend income and makes distribution payments to participants.

NOTE 10 - Information Certified by Asset Custodian

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2015 and 2014. Accordingly, AUL, the Asset Custodian of the Plan, has certified to the completeness and accuracy of all investments reported in the accompanying Statement of Net Assets Available for Benefits as of December 31, 2015 and 2014 and the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2015, and the related investment activity reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2015.

NOTE 11 - Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits on the financial statements to Form 5500 as of December 31, 2015 and 2014:

	2015	2014
Net assets available for benefits per the financial statements	$ 2,174,163	$ 1,875,701
Plus: Excess contributions payable	34,809	15,228
Net assets available for benefits per the Form 5500	$ 2,208,972	$ 1,890,929

	2015
Net increase in net assets available for benefits	$ 298,462
Plus: Change in excess contributions payable	19,581
Net income per Form 5500	$ 318,043
