Independent Auditor's Report

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of 21st Century Oncology, Inc. Profit Sharing 401(k) Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statement of changes in net assets available for benefits for the year ended December 31, 2015, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information referred to in Note C, which was certified by Principal Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2015 and 2014, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule of Delinquent Participant Contributions and Schedule of Assets Held for Investment Purposes as of or for the year ended December 31, 2015, are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

21ST CENTURY ONCOLOGY, INC.
PROFIT SHARING 401(k) RETIREMENT PLAN

December 31, 2015 and 2014

NOTE A - DESCRIPTION OF PLAN

The following description of 21st Century Oncology, Inc. Profit Sharing 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General:
21st Century Oncology, Inc. (the plan sponsor) established the Plan to provide employees with a systematic means of saving and investing for the future. The Plan is a defined contribution 401(k) plan covering all eligible employees of the plan sponsor, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). All permissible employees of the plan sponsor are eligible to enroll after completing thirty one days of service and reaching the age of twenty-one. An employee shall not be eligible to participate if the employee is part of a collective bargaining agreement, is a non-resident alien, is a leased employee or is a resident of Puerto Rico.

Plan Contributions:
Each year, participants may contribute a portion of their salary or wages through payroll deduction contributions, subject to certain dollar limits established by the current applicable section of the IRS Code. Each participant is permitted to defer up to 60% of his or her compensation. The total annual participant deferral contribution is limited to $18,000 and $17,500 for 2015 and 2014, respectively ($24,000 and $23,000 for 2015 and 2014, respectively, for employees of the age of fifty or older).

The Plan provides for an automatic election to have employee elective deferral contributions made. The automatic elective deferral contribution shall be pre-tax elective deferral contributions and shall be 4% of compensation. The participant may affirmatively elect a different percentage or elect not to make elective deferral contributions. The automatic election shall apply when a participant first becomes eligible to make elective deferral contributions or again becomes eligible after a period during which the participant was not an active participant.

Employer contributions are discretionary; wherein the plan sponsor may contribute on behalf of each participant a matching contribution equal to a discretionary percentage of a participant's compensation contributed as an elective deferral contribution with respect to each plan year. The discretionary employer match was $-0- and $3,034,330 for the years ended December 31, 2015 and 2014, respectively.

During 2014, it was discovered that the plan sponsor had not operated the Plan in accordance with the terms of the plan document. Bonus wages earned by participants during the 2013 plan year were improperly excluded from eligible compensation for purposes of calculating employee elective deferral contributions. Employer contributions received into the Plan in 2015 of $63,784 represent the corrective contributions made by the plan sponsor to remediate the matter.

The Plan allows new employees to rollover amounts into the Plan from other qualified plans. The rollover contribution is permitted, provided the trust from which the funds are to be transferred permits the transfer to be made and such transfer will not jeopardize the tax exempt status of the Plan or create adverse tax consequences for the Company.

NOTE A - DESCRIPTION OF PLAN (CONTINUED)

Allocations:
Participants' contributions to the Plan are submitted to the trustee who invests the contributions and investment earnings as directed by the participants. Brokerage fees incurred pursuant to participant-directed investments are paid solely with the funds from the individual account of the participant.

Benefits and Vesting:
Participants or their beneficiaries are eligible to receive benefits under the Plan upon normal retirement, termination of employment, death or permanent disability or attainment, while in service, at age 59 ½. Subject to vesting requirements, participants or their beneficiaries will receive a lump sum payment or annuity form of payment as defined. Furthermore, participants may withdraw funds from their accounts for financial hardship.

Participants are immediately vested in their elective contributions plus actual earnings thereon as well as any qualified non-elective contributions made by the plan sponsor. Matching and discretionary contributions vest based on years of service as detailed in the vesting schedule below:

Years of Service	Percentage Vested
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Effective January 1, 2014, the Investments Committee for the Plan approved the merger of Oncure Medical Corp. 401(k) Plan, a subsidiary of the plan sponsor, into the Plan. As a result, all investments were transferred from Oncure Medical Corp. 401(k) Plan into the Plan on that date. Matching contributions and discretionary contributions made prior to January 1, 2014 under the Oncure Medical Corp. 401(k) Plan shall continue to follow the vesting schedule below:

Years of Service	Percentage Vested
Less than 1	0%
1	33%
2	66%
3 or more	100%

Forfeited Accounts:
Forfeitures of the nonvested portion of terminated participants' account balances related to the plan sponsor's contributions may first be used to pay the administrative expenses of the Plan. Forfeitures of matching contributions in excess of those used to pay administrative expenses reduce matching contributions and discretionary contributions made. During the years ended December 31, 2015 and 2014, forfeitures totaling $15,920 and $-0-, respectively, were used to reduce administrative expenses. At December 31, 2015 and 2014, forfeited nonvested accounts totaled $154,237 and $92,891, respectively.

NOTE A - DESCRIPTION OF PLAN (CONTINUED)

Notes Receivable from Participants:
Notes receivable are limited to the lesser of (a) $50,000, reduced by the highest outstanding loan balance of loans during the one-year period ending on the day before the new loan is made or (b) the greater of 50% of the participant's vested account balance or $10,000, reduced by any outstanding loan balance on the date the new loan is made. Notes receivable must be a minimum of $1,000. The notes receivable are secured by the balance in the participant's account. Principal and interest are paid ratably through payroll deductions. Participants can have only one note receivable outstanding at a time. Additionally, no more than one loan shall be approved for any participant in any twelve month period.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting:
The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates:
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of certain assets, liabilities and disclosures. Accordingly, the actual amounts could differ from those estimates. Any adjustments applied to estimated amounts are recognized in the year in which such adjustments are determined.

Notes Receivable from Participants:
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Investment Valuation and Income Recognition:
Investments are reported at fair value as determined by Principal Trust Company. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of net appreciation in fair value of investments.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Excess Contributions Payable:
Amounts payable to participants totaling $59,594 and $23,520 for contributions in excess of amounts allowed by the IRS are recorded as accounts payable at December 31, 2015 and 2014, respectively, with a corresponding reduction to contributions. The Plan distributed the 2015 and 2014 excess contributions on March 12, 2016 and March 3, 2015, respectively.

Distributions:
Distributions are recorded when paid. At December 31, 2015, there were no distributions processed and approved for payment, but not paid.

Expenses:
Expenses of the Plan, to the extent that the Employer does not pay such expenses, may be paid out of the assets of the Plan provided that such payment is compliant with ERISA provisions. Such expenses include, but are not limited to, expenses for bonding required by ERISA; expenses for recordkeeping and other administrative services; fees and expenses of the Trustee or Annuity Contract; expenses for investment education service; and direct costs that the Employer incurs with respect to the Plan.

Risks and Uncertainties:
The Plan provides for investment options in various investments. Investment securities, in general, are exposed to various risks, such as interest rate, credit and market risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Plan Amendments:
Participants join the Plan as an active participant on the first day of the month on or after they have completed 31 days of service. This date is the entry date. Prior to January 1, 2015, participants could join the Plan on any January 1, April 1, July 1, or October 1 on or after completing six months of service.

NOTE C - CERTIFICATION FROM THE TRUSTEE

The plan administrator has elected the method of compliance permitted pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations and Disclosure under the Employment Retirement Income Security Act of 1974. Accordingly, Principal Trust Company, the plan trustee, has certified that all of the investments and investment-related activity and the participant notes receivable and related income presented in the statements of net assets available for benefits, statement of changes in net assets available for benefits and supplemental schedules of delinquent participant contributions and assets held for investment purposes as of and for the years ended December 31, 2015 and 2014 are complete and accurate. Such information has not been audited by independent auditors except for comparing such information with the related information included in the financial statements and supplemental schedules as of December 31, 2015 and 2014 and for the year ended December 31, 2015.

NOTE D - INVESTMENTS

The following presents investments that represent 5 percent or more of the Plan's net assets at:

	December 31,	
	2015	2014
Principal Fixed Income Guaranteed Option Fund	**$ 15,942,098**	$ 12,973,096

*Investment was less then 5% of the Plan's net assets.

During 2015, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) depreciated as follows:

	2015
Registered investment companies	**$ 1,576,391**

NOTE E - GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan has entered into a benefit-responsive guaranteed investment contract with Principal Life Insurance Company (Principal). Principal maintains the contributions in a general account. The account is created with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported to the Plan by Principal. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. Since guaranteed investment contracts cannot be sold, transferred, or assigned externally, there is limited market data to support valuation. The best proxy for fair value is an assumed transaction involving plan participants and or plan sponsors. For the Principal Fixed Income Guaranteed Option Fund, most participant transactions are executed using contract value without adjustment. Therefore, the contract value is a good proxy for fair value. The crediting interest is based on a formula agreed upon with the issuer, but may not be less than 1%. Such interest rates are reviewed on a semiannual basis for resetting.

NOTE E - GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY (CONTINUED)

Certain events limit the Plan's ability to transact at contract value with Principal. Such events include the following: (a) amendments to the plan documents (including complete or partial Plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974. The plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

	December 31,	
	2015	2014
Average yields:		
Based on actual earnings	**1.94%**	2.00%
Based on interest rate credited to participants	**1.94%**	2.00%

NOTE F - PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by the trustee. These transactions qualify as party-in-interest transactions. Recordkeeping, custodial, and other expenses paid by the Plan were incurred with parties-in-interest as defined in Section 3(14) of ERISA.

NOTE G - INCOME TAX STATUS

The plan administrator will be filing for a determination letter from the Internal Revenue Service to ensure that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC) during the next applicable determination cycle. However, the plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

NOTE H - PLAN TERMINATION

Although it has not expressed any intention to do so, the plan sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. No such action may deprive any participant or beneficiary under the Plan of any vested right.

NOTE I - FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- Level 2 – Inputs to the valuation methodology include

    - quoted prices for similar assets or liabilities in active markets;
    - quoted prices for identical or similar assets or liabilities in inactive markets;
    - inputs other than quoted prices that are observable for the asset or liability;
    - inputs that are derived principally from or corroborated by observable market data by correlation or other means.

    If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Registered investment companies and common stock: Valued at the quoted market price available on an active market at the Plan year end.

Guaranteed investment contract: Valued at fair value that the plan sponsor would receive at the Plan year end if they were to withdraw or transfer funds with the Plan prior to maturity. This fair value represents discontinuation value or contract value times 95 percent.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE I - FAIR VALUE MEASUREMENTS (CONTINUED)

NOTE K - SUBSEQUENT EVENTS

Management evaluated all activity of the Plan through October 14, 2016, the date the financial statements were available to be issued, and concluded that no subsequent events have occurred that would require recognition or disclosure in the financial statements or notes, except as described below:

Effective January 1, 2016, the automatic deferral percentage rate increased to 6%. The automatic deferral percentage rate reverted back to 4% effective May 29, 2016.

Effective January 1, 2016, the Plan was amended so that matching contributions shall be made in an amount equal to 100% of elective deferral contributions that are not over 1% of compensation, plus 50% of elective deferral contributions that are over 1% of compensation but are not over 6% of compensation. Employer matching contributions were reverted back to discretionary effective May 29, 2016.

NOTE L - CONTRIBUTIONS RECEIVABLE DUE TO UNTIMELY CONTRIBUTIONS

In 2015, it was discovered that the plan sponsor remitted participant contributions totaling $243,321 that did not comply with timely contribution remittance requirements. The plan sponsor is currently working with an attorney specializing in ERISA requirements and have indicated that they intend to make corrections as may be due under IRS and Department of Labor requirements. The receivable due to the Plan is unknown at this time.
