INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of
Anderson Pacific Engineering Construction, Inc.
Money Purchase Pension Plan
Santa Clara, California

Report on the Financial Statements

We have audited the accompanying financial statements of Anderson Pacific Engineering Construction, Inc. Money Purchase Pension Plan, which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statement of changes in net assets available for benefits for the year ended December 31, 2015, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Anderson Pacific Engineering Construction, Inc. Money Purchase Pension Plan as of December 31, 2015 and 2014, and the changes in its net assets available for benefits for the year ended December 31, 2015, in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter – Early Adoption of New Accounting Standard

The Financial Accounting Standards Board recently issued revised accounting standards for defined contribution and other postretirement plans. The new standard allows plans to reduce previously required disclosures surrounding significant plan assets, the fair value of fully benefit responsive investment contracts and the disclosure of investments by nature, characteristics, and risk. The Plan early adopted this standard in 2015.

Report on Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) and delinquent participant transactions, referred to as "supplemental information", is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

1. Description of Plan

The following description of the Anderson Pacific Engineering Construction, Inc. ("Company") Money Purchase Pension Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of the Company, except employees covered by a collective bargaining agreement, certain nonresident aliens and leased employees, with eligibility commencing on the date of hire. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, the Company must make an annual contribution of 10% of eligible compensation.

Participant accounts

Each participant's account is credited with (a) the Company's contribution and, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Effective January 1, 2008, participants will have a fully vested and non-forfeitable interest in their respective participant account at all times.

A participant that terminated prior to January 1, 2008 is subject to a six year graded vesting schedule.

Notes receivable from participants

Participants may borrow from their fund accounts up to a maximum of the lesser of $50,000 or 50% of their vested account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the Notes Receivable from Participants. Participant loans must be repaid within 5 years (unless the loan is to be used in acquiring the participant's principal residence). The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates. Principal and interest is generally paid ratably through weekly payroll deductions, but must be made at least quarterly.

1. Description of Plan (continued)

Payment of benefits

On termination of service due to death, disability or retirement, a participant (or beneficiary) may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, a joint and survivor annuity, or other specified alternative forms of payment.

For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Effective January 1, 2008, payment of any distribution will be made as soon as administratively feasible after the end of the Plan year and after all contributions have been allocated to all participant accounts relating to the Plan year the participant account balance becomes distributable.

Forfeitures

Any forfeitures remaining due to participants terminating employment before becoming fully vested will, per the Plan amendment effective January 1, 2006, be allocated to all participants eligible to share in the allocations in the same proportion that each participant's compensation for the Plan year bears to the compensation of all participants for such year.

Administrative expenses

Administrative costs of the Plan are generally paid for by the Plan.

2. Summary of Significant Accounting Policies

Basis of accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

2. Summary of Significant Accounting Policies (continued)

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principle balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Payment of benefits

Benefit payments are recorded when paid.

3. Fair Value Measurements

The Plan defines fair value as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Accounting guidance establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements). The three levels of fair value hierarchy are as follows:

Level 1 - Inputs are unadjusted, quoted market prices in active markets for identical assets or liabilities.

Level 2 - Inputs are observable inputs other than quoted prices included in Level 1, such as quoted prices for similar assets or liabilities in active markets or quoted prices for identical assets or liabilities in inactive markets.

Level 3 - Inputs include unobservable inputs that are supported by little, infrequent, or no market activity and reflect management's own assumptions about inputs used in pricing the asset or liability.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

3. Fair Value Measurements (continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014:

Money Market Accounts: Valued at cost plus accrued interest, which approximates fair value.

U.S. Government Securities, Corporate Stocks and Mutual Funds: Valued at the closing price reported in the active market in which the individual security is traded.

Other Assets: Valued at the net asset value (NAV) of shares held by the Plan at year end. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. These investments were acquired through Morgan Stanley.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies of assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015:

	Level 1	Level 2	Level 3
Money Market Accounts, U.S. Government Securities, Corporate Stocks, and Mutual Funds	$ 7,702,439		
Other Assets			$ 518,597
	$ 7,702,439	$ -	$ 518,597

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014:

	Level 1	Level 2	Level 3
Money Market Accounts, U.S. Government Securities, Corporate Stocks, and Mutual Funds	$ 8,771,515		
Other Assets			$ 643,121
	$ 8,771,515	$ -	$ 643,121

3. Fair Value Measurements (continued)

The table below sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2015:

4. Plan Termination

Although it has not expressed any interest to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of the Employee Retirement and Income Security Act (ERISA). In the event of Plan termination, participants will become 100% vested in their accounts.

5. Concentration of Risk

The Plan maintains cash balances in financial institutions which, at times, may exceed the insured amounts of $250,000 per eligible bank account, provided by Federal Deposit Insurance Corporation (FDIC). The Plan has not experienced any losses in such accounts and the Plan Sponsor believes that the Plan it is not exposed to any significant risk on cash and cash equivalents.

6. Tax Status

The Internal Revenue Service has determined and informed the Plan administrator by a letter dated February 12, 2010, that the prototype Plan document and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan administrator and the Plan's counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

7. Uncertain Tax Positions

The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and believes there is no income subject to unrelated business income tax. The Plan's income tax returns for the past three years are subject to examination by tax authorities, and may change upon examination.

8. Subsequent Events

The Plan has evaluated subsequent events through October 13, 2016, the date the financial statements were available for issuance. Subsequent to December 31, 2015, most of the investments were transferred to a different investment firm.
