NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015 AND 2014

NOTE 1. DESCRIPTION OF THE PLAN:

The following description of the Learfield 401(K) Retirement Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more comprehensive description of the Plan's provisions.

General

The employer, Learfield Communications, Inc. (Company) established a profit sharing plan and trust effective December 1, 2011, which was amended and restated effective June 1, 2012. The Plan is a defined contribution plan covering all full-time employees of the Company and employees of other participating employers (joint venture companies) whom have one year of service and are twenty-one years of age or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Participants are permitted to enter the plan the first day of the Plan Year or the first day of the seventh month of the Plan Year coinciding with or next following their fulfillment of the eligibility requirements. The Board of Trustees oversees governance of the Plan. The Plan's Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's Board of Trustees.

Contributions

Each year, participants may contribute a portion of pretax annual compensation, not to exceed maximum amounts as defined in the Plan and as stated in the Internal Revenue Service Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various pooled separate accounts and an insurance investment contract as investment options for participants. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate, with a default deferral rate set at 5% of eligible compensation.

Matching contributions into the Learfield 401(K) Retirement Plan are determined annually at the discretion of the Company's Board of Directors. In 2014 and 2015, there was no elective employer contribution.

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of Plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

4	60%
5	80%

Participants may elect to receive a distribution of cash as a lump-sum, installments, partial withdrawals of at least \$1,000 and partial withdrawals or installments only for required minimum distribution.

Merger

On December 14, 2015, the Board of Directors of Learfield Communications, Inc., a controlling party of BGKR Ventures, Inc. and of Nelligan Sports Marketing, Inc., approved the merger of these Plans into the Learfield 401(K) Retirement Plan, effective December 14, 2015. As a result, all investments were transferred from these Plans into the Learfield 401(K) Retirement Plan on that date.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Date of management review

Subsequent events were evaluated through October 14, 2016, which is the date the financial statements were available to be issued, and determined there are no other items to disclose.

Basis of accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

Administrative expenses

Charges for administrative expenses are allocated to participant accounts and paid through the Plan. Fees for auditing the Plan are paid by the Company.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015 AND 2014

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued):

Estimates

The preparation of financial statements in accordance with U.S. generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition

The Plan's investments are stated at aggregate fair values that are determined by quoted market price as of the last day of the Plan year. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Investment Committee determines the Plan's valuation policies. See Note 7 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits

Benefits are recorded when paid.

NOTE 3. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become one hundred percent vested in their accounts. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Company may determine.

NOTE 4. RELATED PARTY TRANSACTIONS:

The Plan has a contract with Sentinel Plan Administration, Inc. (was Estate & Pension Services, Inc.) to provide professional and administrative services. Sentinel Plan Administration, Inc. provides third party administrative services to the Plan. The Plan paid \$1,300 and \$800 to Sentinel Plan Administration, Inc. for the years ended December 31, 2015 and 2014, respectively. Transamerica Retirement Solutions Corporation provides investment management services. Transamerica Retirement Services maintains the individual participants' accounts, including cash transactions, and provides records of balances and transactions quarterly to the Plan Administrator. Certain Plan investments are investment choices managed by Transamerica. Fees paid by Plan participants to Transamerica were \$12,341 and \$12,436 for the years ended December 31, 2015 and 2014, respectively. Both Sentinel Plan Administration, Inc. and Transamerica Retirement Solutions Corporations are parties-in-interest. The Plan changed Third Party Administrators from Transamerica Retirement Solutions to Fidelity Investments in December 2015.

DECEMBER 31, 2015 AND 2014

NOTE 4. RELATED PARTY TRANSACTIONS (continued):

The Company pays the audit fees related to the retirement plan. Learfield 401(k) Retirement Plan was paid \$13,412 for reimbursement of applicable plan expenses from the revenue sharing account.

As documented at Note 10, the Plan contracts with Transamerica Financial Life Insurance Company to provide a fully benefit-responsive investment contract. No fees were paid for the years ended December 31, 2015 and 2014.

NOTE 5. ACCOUNTS OF INDIVIDUALS WHO HAVE WITHDRAWN:

Net assets available for benefits at December 31, 2015 and 2014 include \$879,468 and \$515,436 allocated to the accounts of individuals who, as of or prior to that date, had withdrawn from participating in the earnings and operations of the Plan, generally as a result of terminating employment.

NOTE 6. TAX STATUS:

The Plan adopted a pre-approved plan from SunGard Business Systems LLC. The certification of intent to adopt a pre-approved plan was signed June 28, 2012. Sungard Business System LLC obtained their determination letter March 31, 2008, in which the Internal Revenue Service stated the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The plan has been amended since receiving the determination letter. However, at the recommendation of ERISA counsel, the Plan filed through the Voluntary Correction Program to update the plan amendments. The Plan Sponsor and ERISA counsel believe the Plan is designed and is currently being operated in compliance with the applicable provisions of the Internal Revenue Code (IRC).

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2012.

NOTE 7. FAIR VALUE MEASUREMENTS:

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefit. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market

NOTE 7. FAIR VALUE MEASUREMENTS (continued):

participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were only used when Level 1 or Level 2 inputs were not available. No fair value measurements using Level 3 inputs was used.

Level 1 Fair Value Measurements

The fair values of these pooled separate accounts investing in mutual funds or equity securities are measured using quoted prices in active markets for identical assets.

Level 2 Fair Value Measurements

Observable inputs other than quoted prices for the assets, directly or indirectly observable, reflect assumptions market participants would use to price the asset based on market data obtained from sources independent of the plan. This may include matrix pricing, yield curves, and indices.

Level 3 Fair Value Measurements

The guaranteed investment contract with an insurance company is not actively traded and significant other observable inputs are not available. Thus, the fair value of the guaranteed investment contract is determined using the contract value less any contingent deferred sales charge, if applicable.

NOTE 10. FULLY BENEFIT RESPONSIVE INVESTMENT CONTRACTS:

The Plan entered into a fully benefit-responsive investment contract with Transamerica Financial Life Insurance Company. An investment contract is considered fully benefit-responsive if all five of the criteria listed below are met for that contract, when analyzed on an individual basis. Transamerica's Stable Value Option investment choices meet all of these criteria.

The Stable Value Option investment choices in Transamerica's Group Annuity Contract comply with the Financial Accounting Standards Board's (FASB's) fully benefit-responsive requirements, and thus are reportable at contract value in the defined contribution plan's financial statements. The Stable Value Option investment choices are not considered a guaranteed interest contract.

Fully benefit-responsive requirements are based on the following characteristics, and are reportable at contract value in the defined contribution plan's financial statements:

1. The Stable Value Option investment choice is a non-tradable obligation of Transamerica. The investment's contract or proceeds cannot nor will not be assigned or sold to another party without the consent of Transamerica.
2. The repayment of principal and interest credited to participants holding the investment is a financial obligation of Transamerica. However, if an event should ever occur such that realization of full contract value for a particular investment contract is no longer probable—for example, a significant decline in creditworthiness of Transamerica, the Stable Value Option investment choice may no longer be considered fully benefit-responsive.
3. The terms of Transamerica's Group Annuity Contract require all permitted participant-initiated transactions involving the investment to occur at contract value with no conditions, limits or restrictions. Permitted participant-initiated transactions are those allowed by the underlying defined contribution plan such as withdrawals for benefits, loans or transfers to other investment choices within the plan.

NOTE 10. FULLY BENEFIT RESPONSIVE INVESTMENT CONTRACTS (continued):

4. Since the Stable Value Option investment choice is an obligation of Transamerica, the occurrence of an event that limits the ability of the investment to transact at contract value between Transamerica and a participant holding the investment is not probable.
5. The Stable Value Option investment choice allows a participant reasonable access to their assets.

Prior to January 1st and July 1st the effective annual rate of interest is established for the corresponding six month period. Interest is credited, based upon the daily balance, at a rate that is the daily equivalent of the effective annual rate of interest applicable for the six month period. There is no stated minimum interest rate for the Stable Value Option investment choices. The average interest rate was .80% at December 31, 2015 and 2014.

The Transamerica Stable Value Option investment choices are backed by the general account of TLIC or TFLIC. While TLIC or TFLIC declare rates periodically and back the principal and interest of these investment choices, any guarantees are subject to the claims paying ability of the insurance company. This investment choice is not guaranteed by the FDIC or any other government agency. Although plan participants generally may withdraw assets from the Stable Value Option investment choice without restrictions, TLIC or TFLIC may impose a hold period at the contract level in the event of a full contract discontinuance or partial contract discontinuance.

These investment choices seek to protect against any loss of principal while providing returns in excess of money market funds and one-year U. S. Treasury bills. The investment choices have a portfolio investment rate design in which all deposits in the particular investment choice are credited with the same interest rate on a daily basis, and with no set maturity. The effective guaranteed credited interest rate is set on a semi-annual basis and announced at least 45 days in advance of the date the new rate becomes effective. The guaranteed rate of interest shall not change during the six month period for which it is effective. The following table reconciles the beginnings and ending balances of the fully benefit-responsive investment contract with the insurance company for the year ended December 31, 2015 and 2014.

The Stable Value Option investment choice is a non-tradable obligation of Transamerica. The investment choices have a portfolio investment rate design in which all deposits in the particular investment choice are credited with the same interest rate on a daily basis. This investment is considered fairly valued at contract value. The pooled separate accounts directly investing in fixed maturity securities are measured based on the pricing data provided by outside valuation service providers who in turn generally use the mean bid and ask prices but may also use alternative observable pricing inputs for certain securities.

NOTE 12. RISKS AND UNCERTAINTIES:

The Plan invests in various pooled separate accounts. Pooled separate accounts are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
