Note A - Description of the Plan

The following description of the Yellowstone Landscape, Inc. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

Prior to October 2015, the Plan name was Yellowstone Landscape Group, Inc. 401(k) Profit Sharing Plan.

General

The Plan is a defined contribution plan covering substantially all employees of Yellowstone Landscape, Inc. and its subsidiaries (collectively the Company). Following the completion of one year of service and attainment of age 21, employees are eligible to participate in the Plan on the first day of the month coinciding with or following the meeting of the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan's trustee is Ascensus Trust Company and the recordkeeper is Ascensus, Inc.

Contributions

Participants may elect to make salary deferral contributions to the Plan up to 100% of eligible compensation, excluding bonuses and commissions, subject to limits provided under the Internal Revenue Code (IRC). Effective January 1, 2013, the Plan was amended to allow participants to make Roth contributions. Participants who have attained the age of 50 within the plan year are permitted to make catch-up contributions in accordance with the IRC. Participants may stop their salary deferral contributions at any time. Participants may change their salary deferral contribution on the first day of each month of the plan year.

Pursuant to the Plan document, the Company may make discretionary matching and profit sharing contributions. Participants are eligible to receive the employer match or the profit sharing contributions if they (1) are participants at the plan year-end, and (2) have completed more than 1,000 hours of service in the plan year, or are terminated in the plan year due to death, retirement, or total and permanent disability. The Company did not make any matching or profit sharing contributions for 2015 and 2014. The Plan is participant-directed and participants may change their investment options at any time. Participants may make rollover contributions to the Plan subject to the approval of the plan administrator.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions, plan earnings, and plan administrative expenses. Allocations are based on a participant's eligible compensation or account balance, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants are at all times fully vested in their contributions, rollover contributions, and the appreciation or depreciation thereon. Vesting in the Company's contributions plus earnings thereon is based on years of continuous service. Participants vest 20% per year after one year of service and are 100% vested after five years of service.

Forfeited Accounts

Forfeitures of non-vested employer matching and profit-sharing contributions are used to reduce Plan expenses or employer contributions. The forfeitures balance at December 31, 2015 and 2014 was $1,003 and $1,006, respectively.

Payment of Benefits

A participant shall be immediately vested upon death, retirement, or total and permanent disability. Normal retirement age under the Plan is the later of attainment of age 65 or the fifth anniversary of the first day of the plan year in which participation in the Plan commenced. Participants with a rollover contribution may receive a distribution at any time, limited to the total of their rollover contribution and related earnings. The Plan also allows for hardship withdrawals from a participant's pretax deferral account and Roth account. Participants receive distributions in a lump-sum amount equal to the value of their vested interest.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of the lesser of $50,000 or 50% of their vested balance. The notes bear interest at reasonable rates as determined at the date of the note and are secured by the participant's vested account to the extent of the principal amount of the note, plus accrued interest. Principal and interest are paid ratably through payroll deductions for periods ranging up to five years, or longer for the purchase of a primary residence. Participants may only have one note outstanding at any time.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become 100% vested in their account balances.

Note B - Significant Accounting Policies Basis of Accounting

Accounting Basis

The accompanying financial statements have been prepared on the accrual basis of accounting, except for benefit payments, which are recorded when paid.

On July 31, 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2015-12. Under the ASU, fully-benefit responsive investment contracts are measured, presented, and disclosed only at contract value; disclosure of investments 5% or greater of net assets available for benefits is eliminated; and investments are to be grouped only by general type in the fair value hierarchy.

This ASU is effective for fiscal years beginning after December 15, 2015. Earlier application is permitted. The Plan Sponsor has elected to early adopt the ASU. The provisions have been applied retrospectively and had no impact on net assets available for benefits or changes in net assets available for benefits.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are reclassified as distributions based upon the terms of the Plan document. At December 31, 2015 and 2014, no allowance was considered necessary by the Plan Administrator.

Investment Valuation

Investments are reported at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on the trade date. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date net (depreciation) appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to notes receivable from participants and withdrawals are charged directly to the participant's account and are included in administrative expenses. Other investment related expenses are included in net (depreciation) appreciation in fair value of investments.

Subsequent Events

The plan administrator has evaluated all events subsequent to December 31, 2015 and through October 14, 2016, which is the date these financial statements were available to be issued. The plan administrator determined there are no subsequent events that require adjustment or disclosure in these financial statements.

Note C - Fair Value Measurements

Accounting standards provide a framework for fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described below:

- Level 1 - Inputs to the valuation methodology are unadjusted, quoted prices in active markets for identical assets at the measurement date.
- Level 2 - Inputs to the valuation methodology include indirect observable inputs, including prices for similar assets and market corroborated inputs. If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 - Unobservable inputs that reflect the Plan's own assumptions about the assumptions market participants would use to price an asset based on the best available information available in the circumstances.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Shares of registered investment companies - Valuation of investments in shares of registered investment companies is based on the reported net asset value of each fund, which is based on the quoted market price or fair value of each fund's underlying investments

The inputs and methodologies used for valuing securities are not an indication of the risk associated with investing in those securities. There have been no changes in methodologies used at December 31, 2015 or 2014.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the plan administrator believes the valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The following table presents the Plan's fair value hierarchy as of December 31:

	Total	Level 1	Level 2	Level 3
2015				
Shares of registered investment companies	$ 1,310,762	$ 1,310,762	$ -	$ -
2014				
Shares of registered investment companies	$ 1,246,106	$ 1,246,106	$ -	$ -

Note D - Information Certified by the Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Accordingly, Ascensus Trust Company, the Trustee, has certified that the following data included in the accompanying financial statements and supplemental schedule of assets (held at end of year) is complete and accurate.

As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the Plan's assets, transactions, income, reportable transactions, and the schedule of investments, except for comparing such information with the related information included in the accompanying financial statements and supplemental schedule of assets (held at end of year).

Note E - Tax Status

According to Internal Revenue Service (IRS) Announcement 2011-49, employers that adopt approved nonstandardized prototype plans and meet certain additional guidelines can rely on the prototype plan's opinion letter, dated March 31, 2008, rather than file for a new letter. The Sponsor has elected to rely on the prototype plan opinion letter in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC).

The prototype plan document was restated and an approved opinion letter was received March 31, 2014. The Sponsor adopted the restated prototype plan effective October 1, 2015.

Note F - Risks and Uncertainties

The Plan provides for various investments. In general, such investments are exposed to various risks such as significant world events, interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investments will occur in the near term, and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Note G - Related Party Transactions

Fees paid during 2015 and 2014 by the Plan and Company to the trustee and other service providers for professional and custodial services were based on customary rates for their services. Certain investments throughout the years were in investments managed by the trustee. While these transactions qualify as party-in-interest activity, they are expressly exempt from the prohibited transaction rules (ERISA, Title I, Section 408 (b)).

Note H - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note I - Delinquent Participant Contributions

Certain employee pretax contributions in the amounts of approximately $72,000 and $30,000 were not remitted to the Plan within the defined time period during 2015 and 2014, respectively. The defined time period requires that the Company remit employee contributions to the Plan as soon as they can be reasonably segregated from the Company's general assets, but not later than the 15th business day of the month following the month in which the participant contributions are withheld or received by the Company. During 2015, lost earnings were calculated and approximately $33 and $11, related to 2015 and 2014, respectively were remitted to the affected participants accounts.

These contributions are deemed nonexempt party-in-interest transactions and are disclosed in the accompanying supplemental schedule of delinquent participant contributions.
