## Notes to Financial Statements December 31, 2015 and 2014

### Note 1 - Plan Description

The following description of Wexner Heritage Village 403b Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

**General** - The Plan is a defined contribution plan covering all full-time employees of Wexner Heritage Village (the "Organization"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

**Contributions** - The Plan provides for employee salary contributions subject to maximum tax-deferred limitations established by the Internal Revenue Code. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan.

The Plan provides for employer matching contributions effective the first quarter following completion of one year of service. Matching contributions equate to 50 percent of the participant's contribution not to exceed 1.5 percent of the employee's compensation.

**Participant Accounts** - Each participant's account is credited with the participant's contribution and allocations of the Organization's contributions and plan earnings and charged with an allocation of administrative expenses. Allocations are based on the participant's compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

**Vesting** - Participants are immediately 100 percent vested in employee salary and rollover contributions and any income or loss thereon. Vesting in the Organization's contribution portion of their accounts, plus actual earnings thereon, is based on years of service. Participants become fully vested in contributions made by the Organization after three years of service.

**Benefit Payments** - Distributions are payable upon retirement, death, disability, or termination of employment in the form of a lump-sum amount equal to the vested balance of a participant's account.

**Forfeitures** - If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures are used to reduce future organization contributions and to pay administrative costs. At December 31, 2015 and 2014, forfeited account balances totaled \$9,897 and \$7,675, respectively.

## Notes to Financial Statements December 31, 2015 and 2014

### Note 1 - Plan Description (Continued)

**Party-in-interest Transactions** - Certain plan assets are in investment funds managed by The Nationwide Financial Services, Inc., including its subsidiary, Nationwide Trust Company, FSB, a division of Nationwide Bank, or its affiliates. The Nationwide Financial Services, Inc., including its subsidiary, Nationwide Trust Company, FSB, a division of Nationwide Bank, is the custodian of the Plan; therefore, these transactions qualify as party-in-interest transactions as defined under ERISA guidelines.

**Termination** - While it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA. Upon termination of the Plan, participants become 100 percent vested in their account balances.

### Note 2 - Summary of Significant Accounting Policies

**Investment Valuation** - The Plan's investments are stated at fair value. The unallocated insurance contract is not considered benefit responsive and is presented at fair value. The unallocated insurance contract invests in the general assets of Nationwide Life Insurance Company (Nationwide); however, since there are no specific securities in Nationwide's general account related to this contract and due to the contract terms, including the frequency of the interest rate reset intervals, contract value approximates fair value. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees.

The money market fund is valued at fair value based on its outstanding balance. All other investments are valued based on quoted market prices. See Note 5 for additional information.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

**Benefit Payments** - Benefits are recorded when paid.

**Administrative Expenses** - Various administrative costs are paid by the Organization.

## Notes to Financial Statements December 31, 2015 and 2014

### Note 2 - Summary of Significant Accounting Policies (Continued)

**Use of Estimates** - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

**Risks and Uncertainties** - The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

**New Accounting Pronouncement** - During 2015, the Plan adopted Accounting Standards Update (ASU) No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965) - I. Fully Benefit-Responsive Investment Contracts, II. Plan Investment Disclosures, and III. Measurement Date Practical Expedient*. Part II of the ASU was applicable to the Plan and modified the investment disclosures under ASC 820 and 962. This standard was adopted retrospectively and had no impact on the Plan's net assets or changes in net assets.

**Subsequent Events** - The financial statements and related disclosures include evaluation of events up through and including October 4, 2016, which is the date the financial statements were available to be issued.

### Note 3 - Unaudited Information

The Nationwide Financial Services, Inc., including its subsidiary, Nationwide Trust Company, FSB, a division of Nationwide Bank (the "Custodian"), holds the Plan's investments and executes all investment transactions. The investment balances and related investment income and losses included in the accompanying financial statements and supplemental schedule of assets held at end of year are based solely on information provided by the Custodian.

## Notes to Financial Statements December 31, 2015 and 2014

### Note 4 - Tax Status

The Internal Revenue Service (IRS) is not currently accepting applications for 403(b) plan determination letters. The plan administrator has indicated the Plan will apply for a determination letter when the IRS allows such applications to be made. The plan administrator believes that the Plan is designed and is currently being operated in compliance with applicable requirements of the Internal Revenue Code section 403(b). Therefore, no provision for income taxes has been included in the Plan's financial statements.

### Note 5 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the inputs and valuation techniques used to measure fair value.

The following tables present information about the Plan's assets measured at fair value on a recurring basis at December 31, 2015 and 2014.

**Level 1** - Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

**Level 2** - Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

**Level 3** - Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances whereby inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.
