Breitburn Management Company 401(k) Plan

Notes to Financial Statements

December 31, 2015 and 2014

1. Description of Plan

The following description of the Breitburn Management Company 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan Document for a more complete description of the Plan provisions.

General

The Plan is a participant-directed defined contribution plan covering all employees not leased or temporary of Breitburn Management Company, LLC (the "Company" or "Breitburn Management").

During 2015 and 2014, all employees except part-time, temporary, or seasonal employees (employees whose regularly scheduled service is less than 1,000 hours of service per computation period) were eligible to participate in the Plan at the date of hire. However, if a part-time employee completes 1,000 hours of service during an eligibility computation period, the employee will enter the plan on the next regular entry date.

The Plan is sponsored and administered by Breitburn Management, and Prudential Retirement Services ("Prudential") handles the day-to-day record keeping, accounting, and administrative functions of the Plan. The Plan's assets are held by Prudential Bank & Trust FSB Company ("PBT") and Prudential Retirement Insurance and Annuity Company ("PRI") (collectively the "Custodians") (see Note 3). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

In 2015 and 2014, participants could contribute up to \$18,000 and \$17,500, respectively, and participants age 50 and over could contribute an additional \$6,000 and \$5,500, respectively. The Company contributes at its discretion a matching amount equal to the lesser of 8 percent of a participant's gross eligible earnings or 100 percent of the participant's elective deferral, on a per pay period basis. For the period January 1, 2015 through December 31, 2015, the Company made discretionary matching contributions of \$5,998,648, of which \$211,201 was applied from forfeitures and \$5,787,447 was contributed from the Company.

In addition, the Company, at its discretion, may elect to contribute an employer profit sharing contribution. For the year ended December 31, 2015, no such election was made.

Participants may change their contribution percentages or stop making contributions at any time during the Plan year. Company contributions follow the participant's fund election.

Vesting

Participants are immediately vested in their own contributions and related investment earnings. Vesting in Company contributions is based on hours worked in a calendar year. A participant is 20 percent vested after 1,000 hours worked in a calendar year, and vests an additional 20 percent for each additional calendar year thereafter provided they have worked a minimum of 1,000 hours in that year. A participant is 100 percent vested after working a minimum of 1,000 hours per year for five calendar years.

The Plan recognizes service with another business or organization for employees hired in conjunction with the acquisition of that business or organization.

Participant Accounts

Each participant's account is credited with his or her contributions, any Company discretionary matching contribution and an allocation of Plan net earnings based on participant account balances, and is charged with any withdrawals. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Breitburn Management Company 401(k) Plan

Notes to Financial Statements

December 31, 2015 and 2014

Forfeitures

Forfeitures are used to pay any administrative expenses and reduce any Company-matching contributions. During the year ended December 31, 2015, forfeitures of \$211,201 were used to reduce employer contributions. As of December 31, 2015 and 2014, forfeitures of \$19,636 and \$11,236, respectively, were available for future use.

Participant Loans

Each participant may obtain loans against his or her vested account balance, subject to certain restrictions and limitations. Any loans made to a participant are secured by the participant's vested interest in his or her investment fund subaccounts. No loan may exceed the lesser of 50 percent of the participant's vested account balance or \$50,000. The minimum loan amount is \$1,000. A participant can have one conventional loan and one residential loan outstanding at a time. The minimum term for repayment of any loan is six months and the maximum term is five years for a conventional loan and 30 years for a residential loan. Loans bear a fixed rate of interest equal to the prime lending rate published in The Wall Street Journal on the last business day of the month preceding the date the loan is made plus one percent. For each of 2015 and 2014, the loan interest rate averaged 4.25 percent. Upon termination of employment, including death, any outstanding loan balance becomes due and payable and the participant may elect to repay it or treat it as a partial distribution.

Benefits

Upon termination of service, a participant's vested account balance will be distributed in a single lump-sum payment in cash, given that the participant's account balance does not exceed \$5,000. However, the participant may elect whether to receive the distribution or to roll over the distribution to another retirement plan such as an individual retirement account ("IRA"). If the amount of the distribution is more than \$1,000 (including any rollover contribution) and the participant does not elect either to receive or to rollover the distribution, the Plan automatically will roll over the distribution to an IRA. The IRA provider will invest the rollover funds in a type of investment designed to preserve principal and to provide a reasonable rate of return and liquidity (e.g., an interest-bearing account, a certificate of deposit or a money market fund). If less than \$1,000 remains in their vested account, the participant will receive the value of his or her account balance. Any unvested amounts are forfeited upon termination of service.

Expenses of the Plan

Certain administrative expenses are paid by the Plan and certain other expenses are paid by the Company. Certain expenses related to individual participant loans are paid by the participant.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Financial Accounting Standards Board ("FASB") accounting standards require investment contracts held by a defined-contribution plan to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The statements of net assets available for benefits present the fair value of the investment contracts as well as adjustments from fair value to contract value for fully benefit-responsive investment contracts (Guaranteed Income Fund – PRI). The statement of changes in net assets available for benefits reflects the investment contracts on a contract value basis. There were no significant adjustments from fair value to contract value as of December 31, 2015 and 2014.

Breitburn Management Company 401(k) Plan

Notes to Financial Statements

December 31, 2015 and 2014

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect amounts of assets, liabilities, and changes therein, the fair value of investments, and disclosure of contingent assets and liabilities reported in the financial statements and accompanying notes. Actual results could differ from these estimates.

Subsequent Events

Subsequent events have been evaluated for potential recognition and disclosure through October 14, 2016, the date the financial statements were available to be issued.

Investments Valuation and Income Recognition

Mutual funds are valued by multiplying the mutual fund unit value, or price, on the last day of the year by the number of mutual fund shares at year end. The Guaranteed Income Fund is valued at contract value, which is equal to fair value.

Purchases and sales of securities are reflected on a trade date basis. The basis for all securities sold is determined by average cost. Interest income is recorded on the accrual basis. The Plan presents in the statement of changes in net assets available for benefits the net appreciation in the fair value of its investments, which consists of the realized gains or losses on the sale of investments during the period and unrealized appreciation or depreciation of investments held at year-end.

Fair Value Measurements

FASB accounting standards establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes to methodologies used at December 31, 2015 and 2014.

Mutual Funds – Mutual Funds are funds that are available to the clients of PBT. The fair values of these mutual funds are determined by the mutual funds' Net Asset Value ("NAV"). The NAV is calculated by dividing the fund's total net assets by the total number of shares outstanding. The fund's total net assets are determined by obtaining pricing for the individual securities within the fund, and minus any liabilities. The calculated NAV or price for the mutual fund is a publicly-quoted price in an active market and updated at the end of each business day.

Breitbart Management Company 401(k) Plan

Notes to Financial Statements

December 31, 2015 and 2014

Guaranteed Income Fund – Valued at contract value which is equal to fair value. The fair value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees (See Note 3).

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future net values. Furthermore, while the Plan believes its valuation methodologies are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Benefit Payments

Benefits are recorded when paid. Net assets available for benefits at December 31, 2015 and 2014 did not include any amounts payable to participants who have withdrawn from the Plan, but have not yet been paid vested benefits.

Accounting Standards

In May 2015, the FASB issued Accounting Standards Update (ASU) 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or its Equivalent)*. This ASU removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. However, sufficient information must be provided to permit reconciliation of the fair value of assets categorized within the fair value hierarchy to the amounts presented in the statement of financial position. This ASU also removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. This ASU is effective for fiscal years beginning after December 15, 2016. Early adoption is permitted. Upon adoption, the ASU shall be applied retrospectively to all periods presented. The Company's management is currently evaluating the impact this update will have on the Plan's financial statements.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient (Consensus of the FASB Emerging Issues Task Force)*. The purpose of this ASU is to simplify plan accounting and reporting. The amendments in Part I of this ASU designate contract value as the only required measure for direct investments in fully benefit-responsive investment contracts. Fully benefit-responsive investment contracts will be presented at the contract value; accordingly, there will no longer be an adjustment from fair value to contract value on the face of the financial statements. The amendments in Part II of this ASU will eliminate the requirements for plans to disclose (1) individual investments that represent 5 percent or more of net assets available for benefits and (2) the net appreciation or depreciation for investments by general type for both participant-directed investments and nonparticipant-directed investments. The net appreciation or depreciation in investments for the period will still be required to be presented in the aggregate. The amendments in Part III of this ASU reduce complexity in employee benefit plan accounting by providing a practical expedient that permits plans to measure investments and investment-related accounts as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with month-end. This ASU may be adopted in whole or by part (I, II and III), as applicable. This ASU is effective for fiscal years beginning after December 15, 2015. Early adoption is permitted. Upon adoption, the amendments in Parts I and II shall be applied retrospectively to all periods presented; the amendments in Part III shall be applied prospectively. The Company's management is currently evaluating the impact this ASU will have on the Plan's financial statements.

3. Assets Certified or Provided by the Custodians

The following is a summary of the Plan's asset information as of December 31, 2015 and 2014, and for the year ended December 31, 2015.

Breitbart Management Company 401(k) Plan

December 31, 2015 and 2014

Prudential Bank & Trust FSB – The Plan's mutual fund asset information included throughout the Plan's financial statements and supplemental schedule was prepared or derived from information provided and certified by PBT and furnished to the Plan Administrator. The Plan Administrator has obtained certifications for the mutual funds from PBT that information provided to the Plan Administrator by PBT related to the following mutual fund assets is complete and accurate. PBT, asset Custodian, certified the information as of December 31, 2015 and 2014 and for the year ended December 31, 2015. Accordingly, as permitted by 29 CFR 520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information in Note 3 and the supplemental schedule related to the following investments.

The Plan's investments that were administered by PBT were invested in mutual fund accounts.

Prudential Retirement Insurance and Annuity Company – The Plan's asset information (excluding mutual fund assets) included throughout the Plan's financial statements and supplemental schedule was prepared or derived from information provided and certified by PRI and furnished to the Plan Administrator. The Plan Administrator has obtained certifications for the self-directed brokerage account and the Guaranteed Income Fund from PRI that information provided to the Plan Administrator by PRI related to the following self-directed brokerage account and the Guaranteed Income Fund assets is complete and accurate. PRI, asset Custodian, certified the information as of December 31, 2015 and 2014 and for the year ended December 31, 2015. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information in Note 3 and the supplemental schedule related to the following investments.

The Plan's investments that were administered by PRI were invested in self-directed brokerage accounts and a guaranteed income fund.

The Plan's investments that individually represent five percent or more of the Plan's net assets available for plan benefits at December 31, 2015 and 2014 are separately identified:

Breitbart Management Company 401(k) Plan

Notes to Financial Statements

December 31, 2015 and 2014

The Plan Administrator has obtained certifications from the Custodians that information provided to the Plan Administrator by the Custodians related to notes receivable of \$2,076,270 and \$1,527,405 as of December 31, 2015 and 2014, respectively, and associated interest income of \$73,329 for the year ended December 31, 2015, is complete and accurate.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the termination of the contract, the termination of the Plan, the failure to meet certain tax qualifications, and amendments or changes of the Plan that requires modification of the contract as determined by the issuer. The Plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

There are not any events that allow the issuer to terminate the contract and which require the Plan sponsor to settle at an amount different than Contract Value paid either within 90 days or over time.

The average yields of the benefit-responsive guaranteed investment contracts with the respective custodians are as follows:

Breitbart Management Company 401(k) Plan

Notes to Financial Statements

December 31, 2015 and 2014

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 investments for the year ended December 31, 2015:

<u>Prudential Retirement Insurance and Annuity Company</u>	<u>Guaranteed</u>
<u>Year ended December 31, 2015:</u>	<u>Income Fund</u>

The input to the Plan's Level 3 investments is interest on the Guaranteed Income Fund, which was 1.40% in each of 2015 and 2014.

The Plan's Level 3 investments whose fair value was estimated using the net asset value per share had no unfunded commitments, the redemption frequency was daily and there were no redemption notice periods.

4. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements. Market values of investments may decline for a number of reasons, including changes in prevailing market and interest rates, increases in defaults and credit rating downgrades.

At December 31, 2015 and 2014, the Guaranteed Income Fund, which is invested in the General Assets of PRI, represented 24 percent and 23 percent, respectively, of our investments at fair value.

5. Tax Status of the Plan

The Internal Revenue Service ("IRS") has not issued a determination letter stating that the Plan qualifies, in form, under Sections 401(a) and 401(k) of the Internal Revenue Code of 1986, as amended (the "Code"). However, the Plan utilized a non-standardized prototype plan format. These formats have been approved by the IRS and it pre-qualifies the Plan, and the underlying trust is, therefore, exempt from federal income taxes under Section 501(a) of the Code. The Plan is required to operate in accordance with the Code to maintain its tax qualification. The Plan administrator is not aware of any course of actions or series of events that have occurred which might adversely affect the Plan's qualified status. The Plan administrator believes that the Plan is currently designed and operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

6. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions set forth in ERISA. Should the Plan terminate, or should contributions be discontinued, at some future time, the rights of each affected participant to the entire amount credited to his or her account on the date of such termination or discontinuance shall be non-forfeitable and fully vested. Payment of such amounts to each participant or beneficiary, upon the termination of the Plan or upon the complete discontinuance of contributions under the Plan, shall be made by the Plan administrator at such time

Breitbart Management Company 401(k) Plan

Notes to Financial Statements

December 31, 2015 and 2014

and in such manner as the Plan administrator shall state, provided, however, that all participants and beneficiaries similarly situated shall be treated in a nondiscriminatory manner.

7. Subsequent Events

Effective January 1, 2016, the Company changed its discretionary matching amount to the lesser of 6 percent of a participant's gross eligible earnings or 100 percent of the participant's elective deferral, on a per pay period basis.

Breitbart Management also provides administrative services to Pacific Coast Energy Company LP ("PCEC") under an administrative services agreement. On February 5, 2016, PCEC provided written notice to Breitbart Management of its intention to terminate the administrative services agreement effective as of June 30, 2016.

On May 15, 2016, the Company filed a voluntary petition for relief under chapter 11 of the United States Bankruptcy Code in the United States Bankruptcy Court for the Southern District of New York (the "Petition"). The Company will continue to manage itself and operate its business as "debtors in possession" subject to the jurisdiction of the Bankruptcy Court and in accordance with the applicable provisions of the Bankruptcy Code and the orders of the Bankruptcy Court. The Plan's assets are not at risk as a result of the Petition filed by the Company.

During the six months ended June 30, 2016, we executed workforce reduction plans as part of company-wide reorganization efforts due in part to lower commodity prices and the termination of the PCEC administrative services agreement. The plans resulted in a reduction of 152 employees.

Breitburn Management Company 401(k) Plan

Notes to Financial Statements

December 31, 2015 and 2014

1. Description of Plan

The following description of the Breitburn Management Company 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan Document for a more complete description of the Plan provisions.

General

The Plan is a participant-directed defined contribution plan covering all employees not leased or temporary of Breitburn Management Company, LLC (the "Company" or "Breitburn Management").

During 2015 and 2014, all employees except part-time, temporary, or seasonal employees (employees whose regularly scheduled service is less than 1,000 hours of service per computation period) were eligible to participate in the Plan at the date of hire. However, if a part-time employee completes 1,000 hours of service during an eligibility computation period, the employee will enter the plan on the next regular entry date.

The Plan is sponsored and administered by Breitburn Management, and Prudential Retirement Services ("Prudential") handles the day-to-day record keeping, accounting, and administrative functions of the Plan. The Plan's assets are held by Prudential Bank & Trust FSB Company ("PBT") and Prudential Retirement Insurance and Annuity Company ("PRI") (collectively the "Custodians") (see Note 3). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

In 2015 and 2014, participants could contribute up to \$18,000 and \$17,500, respectively, and participants age 50 and over could contribute an additional \$6,000 and \$5,500, respectively. The Company contributes at its discretion a matching amount equal to the lesser of 8 percent of a participant's gross eligible earnings or 100 percent of the participant's elective deferral, on a per pay period basis. For the period January 1, 2015 through December 31, 2015, the Company made discretionary matching contributions of \$5,998,648, of which \$211,201 was applied from forfeitures and \$5,787,447 was contributed from the Company.

In addition, the Company, at its discretion, may elect to contribute an employer profit sharing contribution. For the year ended December 31, 2015, no such election was made.

Participants may change their contribution percentages or stop making contributions at any time during the Plan year. Company contributions follow the participant's fund election.

Vesting

Participants are immediately vested in their own contributions and related investment earnings. Vesting in Company contributions is based on hours worked in a calendar year. A participant is 20 percent vested after 1,000 hours worked in a calendar year, and vests an additional 20 percent for each additional calendar year thereafter provided they have worked a minimum of 1,000 hours in that year. A participant is 100 percent vested after working a minimum of 1,000 hours per year for five calendar years.

The Plan recognizes service with another business or organization for employees hired in conjunction with the acquisition of that business or organization.

Participant Accounts

Each participant's account is credited with his or her contributions, any Company discretionary matching contribution and an allocation of Plan net earnings based on participant account balances, and is charged with any withdrawals. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Breitburn Management Company 401(k) Plan

Notes to Financial Statements

December 31, 2015 and 2014

Forfeitures

Forfeitures are used to pay any administrative expenses and reduce any Company-matching contributions. During the year ended December 31, 2015, forfeitures of \$211,201 were used to reduce employer contributions. As of December 31, 2015 and 2014, forfeitures of \$19,636 and \$11,236, respectively, were available for future use.

Participant Loans

Each participant may obtain loans against his or her vested account balance, subject to certain restrictions and limitations. Any loans made to a participant are secured by the participant's vested interest in his or her investment fund subaccounts. No loan may exceed the lesser of 50 percent of the participant's vested account balance or \$50,000. The minimum loan amount is \$1,000. A participant can have one conventional loan and one residential loan outstanding at a time. The minimum term for repayment of any loan is six months and the maximum term is five years for a conventional loan and 30 years for a residential loan. Loans bear a fixed rate of interest equal to the prime lending rate published in The Wall Street Journal on the last business day of the month preceding the date the loan is made plus one percent. For each of 2015 and 2014, the loan interest rate averaged 4.25 percent. Upon termination of employment, including death, any outstanding loan balance becomes due and payable and the participant may elect to repay it or treat it as a partial distribution.

Benefits

Upon termination of service, a participant's vested account balance will be distributed in a single lump-sum payment in cash, given that the participant's account balance does not exceed \$5,000. However, the participant may elect whether to receive the distribution or to roll over the distribution to another retirement plan such as an individual retirement account ("IRA"). If the amount of the distribution is more than \$1,000 (including any rollover contribution) and the participant does not elect either to receive or to rollover the distribution, the Plan automatically will roll over the distribution to an IRA. The IRA provider will invest the rollover funds in a type of investment designed to preserve principal and to provide a reasonable rate of return and liquidity (e.g., an interest-bearing account, a certificate of deposit or a money market fund). If less than \$1,000 remains in their vested account, the participant will receive the value of his or her account balance. Any unvested amounts are forfeited upon termination of service.

Expenses of the Plan

Certain administrative expenses are paid by the Plan and certain other expenses are paid by the Company. Certain expenses related to individual participant loans are paid by the participant.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Financial Accounting Standards Board ("FASB") accounting standards require investment contracts held by a defined-contribution plan to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The statements of net assets available for benefits present the fair value of the investment contracts as well as adjustments from fair value to contract value for fully benefit-responsive investment contracts (Guaranteed Income Fund – PRI). The statement of changes in net assets available for benefits reflects the investment contracts on a contract value basis. There were no significant adjustments from fair value to contract value as of December 31, 2015 and 2014.

Breitbart Management Company 401(k) Plan

Notes to Financial Statements

December 31, 2015 and 2014

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect amounts of assets, liabilities, and changes therein, the fair value of investments, and disclosure of contingent assets and liabilities reported in the financial statements and accompanying notes. Actual results could differ from these estimates.

Subsequent Events

Subsequent events have been evaluated for potential recognition and disclosure through October 14, 2016, the date the financial statements were available to be issued.

Investments Valuation and Income Recognition

Mutual funds are valued by multiplying the mutual fund unit value, or price, on the last day of the year by the number of mutual fund shares at year end. The Guaranteed Income Fund is valued at contract value, which is equal to fair value.

Purchases and sales of securities are reflected on a trade date basis. The basis for all securities sold is determined by average cost. Interest income is recorded on the accrual basis. The Plan presents in the statement of changes in net assets available for benefits the net appreciation in the fair value of its investments, which consists of the realized gains or losses on the sale of investments during the period and unrealized appreciation or depreciation of investments held at year-end.

Fair Value Measurements

FASB accounting standards establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes to methodologies used at December 31, 2015 and 2014.

Mutual Funds – Mutual Funds are funds that are available to the clients of PBT. The fair values of these mutual funds are determined by the mutual funds' Net Asset Value ("NAV"). The NAV is calculated by dividing the fund's total net assets by the total number of shares outstanding. The fund's total net assets are determined by obtaining pricing for the individual securities within the fund, and minus any liabilities. The calculated NAV or price for the mutual fund is a publicly-quoted price in an active market and updated at the end of each business day.

Breitbart Management Company 401(k) Plan

Notes to Financial Statements

December 31, 2015 and 2014

Guaranteed Income Fund – Valued at contract value which is equal to fair value. The fair value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees (See Note 3).

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future net values. Furthermore, while the Plan believes its valuation methodologies are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Benefit Payments

Benefits are recorded when paid. Net assets available for benefits at December 31, 2015 and 2014 did not include any amounts payable to participants who have withdrawn from the Plan, but have not yet been paid vested benefits.

Accounting Standards

In May 2015, the FASB issued Accounting Standards Update (ASU) 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or its Equivalent)*. This ASU removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. However, sufficient information must be provided to permit reconciliation of the fair value of assets categorized within the fair value hierarchy to the amounts presented in the statement of financial position. This ASU also removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. This ASU is effective for fiscal years beginning after December 15, 2016. Early adoption is permitted. Upon adoption, the ASU shall be applied retrospectively to all periods presented. The Company's management is currently evaluating the impact this update will have on the Plan's financial statements.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient (Consensus of the FASB Emerging Issues Task Force)*. The purpose of this ASU is to simplify plan accounting and reporting. The amendments in Part I of this ASU designate contract value as the only required measure for direct investments in fully benefit-responsive investment contracts. Fully benefit-responsive investment contracts will be presented at the contract value; accordingly, there will no longer be an adjustment from fair value to contract value on the face of the financial statements. The amendments in Part II of this ASU will eliminate the requirements for plans to disclose (1) individual investments that represent 5 percent or more of net assets available for benefits and (2) the net appreciation or depreciation for investments by general type for both participant-directed investments and nonparticipant-directed investments. The net appreciation or depreciation in investments for the period will still be required to be presented in the aggregate. The amendments in Part III of this ASU reduce complexity in employee benefit plan accounting by providing a practical expedient that permits plans to measure investments and investment-related accounts as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with month-end. This ASU may be adopted in whole or by part (I, II and III), as applicable. This ASU is effective for fiscal years beginning after December 15, 2015. Early adoption is permitted. Upon adoption, the amendments in Parts I and II shall be applied retrospectively to all periods presented; the amendments in Part III shall be applied prospectively. The Company's management is currently evaluating the impact this ASU will have on the Plan's financial statements.

3. Assets Certified or Provided by the Custodians

The following is a summary of the Plan's asset information as of December 31, 2015 and 2014, and for the year ended December 31, 2015.

Breitbart Management Company 401(k) Plan

Notes to Financial Statements

December 31, 2015 and 2014

Prudential Bank & Trust FSB – The Plan's mutual fund asset information included throughout the Plan's financial statements and supplemental schedule was prepared or derived from information provided and certified by PBT and furnished to the Plan Administrator. The Plan Administrator has obtained certifications for the mutual funds from PBT that information provided to the Plan Administrator by PBT related to the following mutual fund assets is complete and accurate. PBT, asset Custodian, certified the information as of December 31, 2015 and 2014 and for the year ended December 31, 2015. Accordingly, as permitted by 29 CFR 520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information in Note 3 and the supplemental schedule related to the following investments.

The Plan's investments that were administered by PBT were invested in mutual fund accounts.

Prudential Retirement Insurance and Annuity Company – The Plan's asset information (excluding mutual fund assets) included throughout the Plan's financial statements and supplemental schedule was prepared or derived from information provided and certified by PRI and furnished to the Plan Administrator. The Plan Administrator has obtained certifications for the self-directed brokerage account and the Guaranteed Income Fund from PRI that information provided to the Plan Administrator by PRI related to the following self-directed brokerage account and the Guaranteed Income Fund assets is complete and accurate. PRI, asset Custodian, certified the information as of December 31, 2015 and 2014 and for the year ended December 31, 2015. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information in Note 3 and the supplemental schedule related to the following investments.

The Plan's investments that were administered by PRI were invested in self-directed brokerage accounts and a guaranteed income fund.

The Plan's investments that individually represent five percent or more of the Plan's net assets available for plan benefits at December 31, 2015 and 2014 are separately identified:

Notes to Financial Statements

December 31, 2015 and 2014

The Plan Administrator has obtained certifications from the Custodians that information provided to the Plan Administrator by the Custodians related to notes receivable of \$2,076,270 and \$1,527,405 as of December 31, 2015 and 2014, respectively, and associated interest income of \$73,329 for the year ended December 31, 2015, is complete and accurate.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the termination of the contract, the termination of the Plan, the failure to meet certain tax qualifications, and amendments or changes of the Plan that requires modification of the contract as determined by the issuer. The Plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

There are not any events that allow the issuer to terminate the contract and which require the Plan sponsor to settle at an amount different than Contract Value paid either within 90 days or over time.

The average yields of the benefit-responsive guaranteed investment contracts with the respective custodians are as follows:

	<u>2015</u>	<u>2014</u>

The Plan's Level 3 investments whose fair value was estimated using the net asset value per share had no unfunded commitments, the redemption frequency was daily and there were no redemption notice periods.

4. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements. Market values of investments may decline for a number of reasons, including changes in prevailing market and interest rates, increases in defaults and credit rating downgrades.

At December 31, 2015 and 2014, the Guaranteed Income Fund, which is invested in the General Assets of PRI, represented 24 percent and 23 percent, respectively, of our investments at fair value.

5. Tax Status of the Plan

The Internal Revenue Service ("IRS") has not issued a determination letter stating that the Plan qualifies, in form, under Sections 401(a) and 401(k) of the Internal Revenue Code of 1986, as amended (the "Code"). However, the Plan utilized a non-standardized prototype plan format. These formats have been approved by the IRS and it pre-qualifies the Plan, and the underlying trust is, therefore, exempt from federal income taxes under Section 501(a) of the Code. The Plan is required to operate in accordance with the Code to maintain its tax qualification. The Plan administrator is not aware of any course of actions or series of events that have occurred which might adversely affect the Plan's qualified status. The Plan administrator believes that the Plan is currently designed and operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

6. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions set forth in ERISA. Should the Plan terminate, or should contributions be discontinued, at some future time, the rights of each affected participant to the entire amount credited to his or her account on the date of such termination or discontinuance shall be non-forfeitable and fully vested. Payment of such amounts to each participant or beneficiary, upon the termination of the Plan or upon the complete discontinuance of contributions under the Plan, shall be made by the Plan administrator at such time

and in such manner as the Plan administrator shall state, provided, however, that all participants and beneficiaries similarly situated shall be treated in a nondiscriminatory manner.

7. Subsequent Events

Effective January 1, 2016, the Company changed its discretionary matching amount to the lesser of 6 percent of a participant's gross eligible earnings or 100 percent of the participant's elective deferral, on a per pay period basis.

Breitbart Management also provides administrative services to Pacific Coast Energy Company LP ("PCEC") under an administrative services agreement. On February 5, 2016, PCEC provided written notice to Breitbart Management of its intention to terminate the administrative services agreement effective as of June 30, 2016.

On May 15, 2016, the Company filed a voluntary petition for relief under chapter 11 of the United States Bankruptcy Code in the United States Bankruptcy Court for the Southern District of New York (the "Petition"). The Company will continue to manage itself and operate its business as "debtors in possession" subject to the jurisdiction of the Bankruptcy Court and in accordance with the applicable provisions of the Bankruptcy Code and the orders of the Bankruptcy Court. The Plan's assets are not at risk as a result of the Petition filed by the Company.

During the six months ended June 30, 2016, we executed workforce reduction plans as part of company-wide reorganization efforts due in part to lower commodity prices and the termination of the PCEC administrative services agreement. The plans resulted in a reduction of 152 employees.

Breitburn Management Company 401(k) Plan

Notes to Financial Statements

December 31, 2015 and 2014

1. Description of Plan

The following description of the Breitburn Management Company 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan Document for a more complete description of the Plan provisions.

General

The Plan is a participant-directed defined contribution plan covering all employees not leased or temporary of Breitburn Management Company, LLC (the "Company" or "Breitburn Management").

During 2015 and 2014, all employees except part-time, temporary, or seasonal employees (employees whose regularly scheduled service is less than 1,000 hours of service per computation period) were eligible to participate in the Plan at the date of hire. However, if a part-time employee completes 1,000 hours of service during an eligibility computation period, the employee will enter the plan on the next regular entry date.

The Plan is sponsored and administered by Breitburn Management, and Prudential Retirement Services ("Prudential") handles the day-to-day record keeping, accounting, and administrative functions of the Plan. The Plan's assets are held by Prudential Bank & Trust FSB Company ("PBT") and Prudential Retirement Insurance and Annuity Company ("PRI") (collectively the "Custodians") (see Note 3). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

In 2015 and 2014, participants could contribute up to \$18,000 and \$17,500, respectively, and participants age 50 and over could contribute an additional \$6,000 and \$5,500, respectively. The Company contributes at its discretion a matching amount equal to the lesser of 8 percent of a participant's gross eligible earnings or 100 percent of the participant's elective deferral, on a per pay period basis. For the period January 1, 2015 through December 31, 2015, the Company made discretionary matching contributions of \$5,998,648, of which \$211,201 was applied from forfeitures and \$5,787,447 was contributed from the Company.

In addition, the Company, at its discretion, may elect to contribute an employer profit sharing contribution. For the year ended December 31, 2015, no such election was made.

Participants may change their contribution percentages or stop making contributions at any time during the Plan year. Company contributions follow the participant's fund election.

Vesting

Participants are immediately vested in their own contributions and related investment earnings. Vesting in Company contributions is based on hours worked in a calendar year. A participant is 20 percent vested after 1,000 hours worked in a calendar year, and vests an additional 20 percent for each additional calendar year thereafter provided they have worked a minimum of 1,000 hours in that year. A participant is 100 percent vested after working a minimum of 1,000 hours per year for five calendar years.

The Plan recognizes service with another business or organization for employees hired in conjunction with the acquisition of that business or organization.

Participant Accounts

Each participant's account is credited with his or her contributions, any Company discretionary matching contribution and an allocation of Plan net earnings based on participant account balances, and is charged with any withdrawals. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Breitburn Management Company 401(k) Plan

Notes to Financial Statements

December 31, 2015 and 2014

Forfeitures

Forfeitures are used to pay any administrative expenses and reduce any Company-matching contributions. During the year ended December 31, 2015, forfeitures of \$211,201 were used to reduce employer contributions. As of December 31, 2015 and 2014, forfeitures of \$19,636 and \$11,236, respectively, were available for future use.

Participant Loans

Each participant may obtain loans against his or her vested account balance, subject to certain restrictions and limitations. Any loans made to a participant are secured by the participant's vested interest in his or her investment fund subaccounts. No loan may exceed the lesser of 50 percent of the participant's vested account balance or \$50,000. The minimum loan amount is \$1,000. A participant can have one conventional loan and one residential loan outstanding at a time. The minimum term for repayment of any loan is six months and the maximum term is five years for a conventional loan and 30 years for a residential loan. Loans bear a fixed rate of interest equal to the prime lending rate published in The Wall Street Journal on the last business day of the month preceding the date the loan is made plus one percent. For each of 2015 and 2014, the loan interest rate averaged 4.25 percent. Upon termination of employment, including death, any outstanding loan balance becomes due and payable and the participant may elect to repay it or treat it as a partial distribution.

Benefits

Upon termination of service, a participant's vested account balance will be distributed in a single lump-sum payment in cash, given that the participant's account balance does not exceed \$5,000. However, the participant may elect whether to receive the distribution or to roll over the distribution to another retirement plan such as an individual retirement account ("IRA"). If the amount of the distribution is more than \$1,000 (including any rollover contribution) and the participant does not elect either to receive or to rollover the distribution, the Plan automatically will roll over the distribution to an IRA. The IRA provider will invest the rollover funds in a type of investment designed to preserve principal and to provide a reasonable rate of return and liquidity (e.g., an interest-bearing account, a certificate of deposit or a money market fund). If less than \$1,000 remains in their vested account, the participant will receive the value of his or her account balance. Any unvested amounts are forfeited upon termination of service.

Expenses of the Plan

Certain administrative expenses are paid by the Plan and certain other expenses are paid by the Company. Certain expenses related to individual participant loans are paid by the participant.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Financial Accounting Standards Board ("FASB") accounting standards require investment contracts held by a defined-contribution plan to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The statements of net assets available for benefits present the fair value of the investment contracts as well as adjustments from fair value to contract value for fully benefit-responsive investment contracts (Guaranteed Income Fund – PRI). The statement of changes in net assets available for benefits reflects the investment contracts on a contract value basis. There were no significant adjustments from fair value to contract value as of December 31, 2015 and 2014.

Breitbart Management Company 401(k) Plan

Notes to Financial Statements

December 31, 2015 and 2014

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect amounts of assets, liabilities, and changes therein, the fair value of investments, and disclosure of contingent assets and liabilities reported in the financial statements and accompanying notes. Actual results could differ from these estimates.

Subsequent Events

Subsequent events have been evaluated for potential recognition and disclosure through October 14, 2016, the date the financial statements were available to be issued.

Investments Valuation and Income Recognition

Mutual funds are valued by multiplying the mutual fund unit value, or price, on the last day of the year by the number of mutual fund shares at year end. The Guaranteed Income Fund is valued at contract value, which is equal to fair value.

Purchases and sales of securities are reflected on a trade date basis. The basis for all securities sold is determined by average cost. Interest income is recorded on the accrual basis. The Plan presents in the statement of changes in net assets available for benefits the net appreciation in the fair value of its investments, which consists of the realized gains or losses on the sale of investments during the period and unrealized appreciation or depreciation of investments held at year-end.

Fair Value Measurements

FASB accounting standards establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes to methodologies used at December 31, 2015 and 2014.

Mutual Funds – Mutual Funds are funds that are available to the clients of PBT. The fair values of these mutual funds are determined by the mutual funds' Net Asset Value ("NAV"). The NAV is calculated by dividing the fund's total net assets by the total number of shares outstanding. The fund's total net assets are determined by obtaining pricing for the individual securities within the fund, and minus any liabilities. The calculated NAV or price for the mutual fund is a publicly-quoted price in an active market and updated at the end of each business day.

Breitbart Management Company 401(k) Plan

Notes to Financial Statements

December 31, 2015 and 2014

Guaranteed Income Fund – Valued at contract value which is equal to fair value. The fair value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees (See Note 3).

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future net values. Furthermore, while the Plan believes its valuation methodologies are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Benefit Payments

Benefits are recorded when paid. Net assets available for benefits at December 31, 2015 and 2014 did not include any amounts payable to participants who have withdrawn from the Plan, but have not yet been paid vested benefits.

Accounting Standards

In May 2015, the FASB issued Accounting Standards Update (ASU) 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or its Equivalent)*. This ASU removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. However, sufficient information must be provided to permit reconciliation of the fair value of assets categorized within the fair value hierarchy to the amounts presented in the statement of financial position. This ASU also removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. This ASU is effective for fiscal years beginning after December 15, 2016. Early adoption is permitted. Upon adoption, the ASU shall be applied retrospectively to all periods presented. The Company's management is currently evaluating the impact this update will have on the Plan's financial statements.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient (Consensus of the FASB Emerging Issues Task Force)*. The purpose of this ASU is to simplify plan accounting and reporting. The amendments in Part I of this ASU designate contract value as the only required measure for direct investments in fully benefit-responsive investment contracts. Fully benefit-responsive investment contracts will be presented at the contract value; accordingly, there will no longer be an adjustment from fair value to contract value on the face of the financial statements. The amendments in Part II of this ASU will eliminate the requirements for plans to disclose (1) individual investments that represent 5 percent or more of net assets available for benefits and (2) the net appreciation or depreciation for investments by general type for both participant-directed investments and nonparticipant-directed investments. The net appreciation or depreciation in investments for the period will still be required to be presented in the aggregate. The amendments in Part III of this ASU reduce complexity in employee benefit plan accounting by providing a practical expedient that permits plans to measure investments and investment-related accounts as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with month-end. This ASU may be adopted in whole or by part (I, II and III), as applicable. This ASU is effective for fiscal years beginning after December 15, 2015. Early adoption is permitted. Upon adoption, the amendments in Parts I and II shall be applied retrospectively to all periods presented; the amendments in Part III shall be applied prospectively. The Company's management is currently evaluating the impact this ASU will have on the Plan's financial statements.

3. Assets Certified or Provided by the Custodians

The following is a summary of the Plan's asset information as of December 31, 2015 and 2014, and for the year ended December 31, 2015.

Breitbart Management Company 401(k) Plan

Notes to Financial Statements

December 31, 2015 and 2014

Prudential Bank & Trust FSB – The Plan's mutual fund asset information included throughout the Plan's financial statements and supplemental schedule was prepared or derived from information provided and certified by PBT and furnished to the Plan Administrator. The Plan Administrator has obtained certifications for the mutual funds from PBT that information provided to the Plan Administrator by PBT related to the following mutual fund assets is complete and accurate. PBT, asset Custodian, certified the information as of December 31, 2015 and 2014 and for the year ended December 31, 2015. Accordingly, as permitted by 29 CFR 520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information in Note 3 and the supplemental schedule related to the following investments.

The Plan's investments that were administered by PBT were invested in mutual fund accounts.

Prudential Retirement Insurance and Annuity Company – The Plan's asset information (excluding mutual fund assets) included throughout the Plan's financial statements and supplemental schedule was prepared or derived from information provided and certified by PRI and furnished to the Plan Administrator. The Plan Administrator has obtained certifications for the self-directed brokerage account and the Guaranteed Income Fund from PRI that information provided to the Plan Administrator by PRI related to the following self-directed brokerage account and the Guaranteed Income Fund assets is complete and accurate. PRI, asset Custodian, certified the information as of December 31, 2015 and 2014 and for the year ended December 31, 2015. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information in Note 3 and the supplemental schedule related to the following investments.

The Plan's investments that were administered by PRI were invested in self-directed brokerage accounts and a guaranteed income fund.

The Plan's investments that individually represent five percent or more of the Plan's net assets available for plan benefits at December 31, 2015 and 2014 are separately identified:

Notes to Financial Statements

December 31, 2015 and 2014

The Plan Administrator has obtained certifications from the Custodians that information provided to the Plan Administrator by the Custodians related to notes receivable of \$2,076,270 and \$1,527,405 as of December 31, 2015 and 2014, respectively, and associated interest income of \$73,329 for the year ended December 31, 2015, is complete and accurate.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the termination of the contract, the termination of the Plan, the failure to meet certain tax qualifications, and amendments or changes of the Plan that requires modification of the contract as determined by the issuer. The Plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

There are not any events that allow the issuer to terminate the contract and which require the Plan sponsor to settle at an amount different than Contract Value paid either within 90 days or over time.

The average yields of the benefit-responsive guaranteed investment contracts with the respective custodians are as follows:

	<u>2015</u>	<u>2014</u>
Based on actual earnings	1.42%	1.39%
Based on interest credited to participants	1.40%	1.40%

4. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements. Market values of investments may decline for a number of reasons, including changes in prevailing market and interest rates, increases in defaults and credit rating downgrades.

At December 31, 2015 and 2014, the Guaranteed Income Fund, which is invested in the General Assets of PRI, represented 24 percent and 23 percent, respectively, of our investments at fair value.

5. Tax Status of the Plan

The Internal Revenue Service ("IRS") has not issued a determination letter stating that the Plan qualifies, in form, under Sections 401(a) and 401(k) of the Internal Revenue Code of 1986, as amended (the "Code"). However, the Plan utilized a non-standardized prototype plan format. These formats have been approved by the IRS and it pre-qualifies the Plan, and the underlying trust is, therefore, exempt from federal income taxes under Section 501(a) of the Code. The Plan is required to operate in accordance with the Code to maintain its tax qualification. The Plan administrator is not aware of any course of actions or series of events that have occurred which might adversely affect the Plan's qualified status. The Plan administrator believes that the Plan is currently designed and operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

6. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions set forth in ERISA. Should the Plan terminate, or should contributions be discontinued, at some future time, the rights of each affected participant to the entire amount credited to his or her account on the date of such termination or discontinuance shall be non-forfeitable and fully vested. Payment of such amounts to each participant or beneficiary, upon the termination of the Plan or upon the complete discontinuance of contributions under the Plan, shall be made by the Plan administrator at such time

and in such manner as the Plan administrator shall state, provided, however, that all participants and beneficiaries similarly situated shall be treated in a nondiscriminatory manner.

7. Subsequent Events

Effective January 1, 2016, the Company changed its discretionary matching amount to the lesser of 6 percent of a participant's gross eligible earnings or 100 percent of the participant's elective deferral, on a per pay period basis.

Breitbart Management also provides administrative services to Pacific Coast Energy Company LP ("PCEC") under an administrative services agreement. On February 5, 2016, PCEC provided written notice to Breitbart Management of its intention to terminate the administrative services agreement effective as of June 30, 2016.

On May 15, 2016, the Company filed a voluntary petition for relief under chapter 11 of the United States Bankruptcy Code in the United States Bankruptcy Court for the Southern District of New York (the "Petition"). The Company will continue to manage itself and operate its business as "debtors in possession" subject to the jurisdiction of the Bankruptcy Court and in accordance with the applicable provisions of the Bankruptcy Code and the orders of the Bankruptcy Court. The Plan's assets are not at risk as a result of the Petition filed by the Company.

During the six months ended June 30, 2016, we executed workforce reduction plans as part of company-wide reorganization efforts due in part to lower commodity prices and the termination of the PCEC administrative services agreement. The plans resulted in a reduction of 152 employees.
