RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015**

NOTE 1 – DESCRIPTION OF PLAN:

The following brief description of the Acuren Inspection, Inc. Retirement Savings Plan (Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General – The Plan is a defined contribution plan covering all full-time employees, and part-time employees (except commissioned salesmen, contracted employees, and nonresident aliens), who work at least 1,000 hours, of the Company who have one year of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions – Each year, participants may contribute up to 100% of eligible compensation for primary pre-tax contributions (elective deferrals) subject to annual limits prescribed by tax laws. Participants may also contribute amounts representing distributions from other qualified plans or conduit IRA's. The Company matches contributions on pre-tax contributions only, at a rate set annually at the Company's discretion.

Participant Accounts – Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earning or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participants vested account.

Vesting – Participants are immediately vested in their contributions and the Company's matching contributions plus actual earnings thereon. Vesting in the discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100 percent vested after four years of credited service.

Investment Options – Upon enrollment in the Plan, a participant may direct employee contributions in 5% increments in any of several investment options, including:

- American Funds Europacific Growth Fund
- Harbor Capital Appreciation Institutional Fund
- Diversified Investment Advisors Stable Pooled Fund
- Metropolitan West Total Return Bond I Fund
- Vanguard 500 Index Admiral Fund
- Other Funds

Participants may change their investment options at any time.

Payment of Benefits – On termination of service due to death, disability, retirement or termination, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account as soon as practicable.

NOTE 1 – DESCRIPTION OF PLAN: (continued)

Participant Notes Receivable – Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from 1 – 5 years. The loans are secured by the balance in the participant's account. Principal and interest is paid ratably through payroll deductions based on the participant's pay frequency. The interest rate on participant loans is based on the Prime Rate plus 1%.

Forfeited Accounts – At December 31, 2015, forfeited nonvested accounts totaled \$0. At the beginning of the following year, forfeiture accounts may be used to reduce employer contributions.

The plan was amended during the six months ended December 31, 2002 to change the year end of the plan from June 30 to December 31.

Administrative Expenses – The Company absorbs substantial administrative expenses of the Plan.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES:

The following are the significant accounting policies followed by the Plan:

Basis of Accounting – The accompanying financial statements are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition – Investments are stated at fair value as provided by the trustee. Mutual funds are valued at NAV and are traded at quoted prices through National Securities Clearing Corporation, level 1 inputs. Common Collection Trust Funds are valued at a daily calculated unit value which is an observable input, a level 2 input. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits – Benefits are recorded when paid.

Estimates – The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2015 and 2014, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

NOTE 3 – PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 4 – TAX STATUS:

The Internal Revenue Service has determined and informed the Company by a letter dated August 12, 1993, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The plan has been amended since receiving the determination letter. However, the plan administrator believes that the plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2012.

NOTE 8 – DATE OF MANAGEMENT’S REVIEW:

In preparing the financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through October 13, 2016 the date that the financial statements were available to be issued.

NOTE 9 – FAIR VALUE MEASUREMENTS:

The Plan’s investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were used only when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements

The fair values of mutual funds are based on quoted net assets values of the shares held by the Plan at year end.

Level 2 Fair Value Measurements

The fair value of common collective trusts are valued by discounting the related cash flow based on current yields of similar instruments with comparable durations.

Level 3 Fair Value Measurements

The Plan had no investments valued using Level 3 inputs.

NOTE 10 – RELATED PARTY TRANSACTIONS:

Certain Plan investments are shares of mutual funds managed by companies related to State Street Bank and Trust Company (State Street). State Street is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to \$97,184 for the year ended December 31, 2015.

These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE 11 – RISKS AND UNCERTAINTIES:

The Plan invests in various investments securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
