UNION 401(K) PLAN**

NOTES TO FINANCIAL STATEMENTS

December 31, 2015 and 2014

DESCRIPTION OF PLAN

The following brief description of the National Electric Coil, Inc. Union 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General - The Plan is a defined contribution retirement plan sponsored by National Electric Coil, Inc. (the Plan Sponsor). The Plan covers substantially all union employees of National Electric Coil, Inc. and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility - An employee shall be eligible to participate in the Plan on the entry date (if employed) coincident with the date of completion of 60 days of service.

Contributions - To participate in the Plan, an eligible employee must enter into a contribution agreement with the employer authorizing the employer to deduct and withhold from such employee's compensation a specified amount, or percentage thereof, ranging from 1% to 25%, and to contribute such amount to the employee's account in the Plan. Effective January 1, 2006, the Plan was amended to include, among other changes, an option for participants to irrevocably designate contributions as "Roth 401(k) deferrals." Such deferrals are contributions made from the after tax income of the participant and are accounted for separately under the Plan.

The Plan Sponsor makes discretionary matching contributions in an amount not to exceed 20% of each participant's first 10% of compensation contributed as elective deferrals for the Plan year. Participants direct these contributions among a choice of investment options.

In accordance with Section 401(k) of the Internal Revenue Code, all amounts withheld from compensation and contributed to a participant's account, up to the maximum allowed, shall be excluded from gross income of the participant for federal income tax purposes (with the exception of Roth deferrals).

Vesting - Participants are immediately vested in their elective deferrals and actual earnings thereon. Participants shall have a vested percentage in employer contributions in accordance with the following schedule:

20%	after 1 year of service
40%	after 2 years of service
60%	after 3 years of service
80%	after 4 years of service
100%	after 5 years of service

Investment Options - Upon enrollment in the Plan, a participant may direct contributions in any of the investment options noted below. Participants may change their investment options at any time.

DESCRIPTION OF PLAN - Continued

Participant Accounts - Each participant's account is credited with the participant's contribution and allocations of (a) the Plan Sponsor's contribution, (b) Plan earnings, and (c) an allocation of administrative expenses. Allocations are based on participants' compensation or account balances, as provided in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants - Participants may borrow from their fund accounts up to a maximum of \$50,000 or 50%, whichever is less, of their account balance up to a maximum of five years. The loans are secured by the balance in the participant's account and bear interest at local prevailing rates as determined by the Plan administrator.

Payment of Benefits - Upon termination, participants may receive the vested portion of their account as a distribution in the form of a lump sum payment, or elect to remain a non-contributing participant in the Plan. A participant's account shall be payable to him or her, or in the event of death, to a beneficiary, upon the earlier of disability, termination of employment or retirement date. Retirement date is upon attainment of age 65 or age 55 with at least five years of service. Hardship withdrawals may be made for an immediate and heavy financial need of the participant as defined in the Plan agreement.

Plan Amendments or Terminations - National Electric Coil, Inc. reserves the right at any time to amend or terminate the Plan, provided that no such amendment or termination shall have the effect of giving National Electric Coil, Inc. any right, or of reducing the rights of any participant, in the funds then held by the custodian. No amendment to the Plan shall have the effect of eliminating or reducing a retirement benefit, or eliminating an optional form of benefit with respect to benefits attributable to service before the amendment.

Administrative Fees and Expenses - The Plan Sponsor absorbs or reimburses the Plan for the majority of administrative fees and expenses.

Forfeitures - Forfeitures are used to offset future employer matching contributions or to offset administrative fees. During the year ended December 31, 2015, \$720 were added to the forfeitures account (\$127 added during 2014), and \$1,273 were used to offset fees. At December 31, 2015 the balance in the forfeitures account was \$1,087.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Following are the significant accounting policies adopted by the Plan and used in the preparation of these financial statements:

Use of Estimates - The preparation of the financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Although these estimates are based on the plan administrator's knowledge of current events and actions it may undertake in the future, they may ultimately differ from actual results.

Risks and Uncertainties - The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate and market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes would materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Investment Valuation and Income Recognition - Investments are recorded at fair value based upon quoted market prices at year end. Income from investments is recorded as earned on the accrual basis of accounting. Cost of investments is determined using the average cost basis and is used when determining realized gains and losses upon disposition.

As described in ASC 962-325-05, *Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans* (the FSP), investment contracts held by a defined contribution plan are required to be reported at fair value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. One of the investment options is a stable value fund which is a collective trust that is benefit responsive. No adjustment has been made to the stable value fund since the difference between the fair value and contract value was not significant.

Notes Receivable from Participants - Notes receivable from participants are valued at their unpaid principal balance plus any accrued but unpaid interest. Interest income related to the notes receivable for the years ended December 31, 2015 and 2014 was \$4,455 and \$3,954, respectively.

Contributions - Contributions are recorded as earned on the accrual basis when withheld from the participant's earnings and when contributions are allocated by the Plan Sponsor.

Payment of Benefits - Benefits are recorded when paid.

Subsequent Events - Subsequent events were evaluated through October 14, 2016, which is the date the financial statements were available to be issued.

New Accounting Standards – In May 2015, the Financial Accounting Standards Board (FASB) issued ASU 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*, which exempts investments measured using the net asset value (NAV) practical expedient in ASC 820, *Fair Value Measurement*, from categorization within the fair value hierarchy. The guidance requires retrospective application and is effective for fiscal years beginning after December 15, 2016. Early adoption is permitted. The Plan elected not to early adopt the provisions of this new standard and are still evaluating the effects on the financial statements.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960): Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965): Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient*. This three-part standard simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts and plan investment disclosures, and provides for a measurement-date practical expedient. Parts I and II are effective for fiscal years beginning after December 15, 2015 and should be applied retrospectively, with early application permitted. Part III is effective for fiscal years beginning after December 15, 2015 and should be applied prospectively, with early application permitted. The Plan has elected not to early adopt the provisions of this new standard and are still evaluating the effects on the financial statements.

INCOME TAX STATUS

In its most recent determination letter, dated November 19, 2001, the Internal Revenue Service informed the administrator and the Plan Sponsor that the Plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code. The plan administrator is not aware of any provision, action or event that has occurred that might affect the Plan's qualified status.

The Plan complies with ASC 740-10 related to uncertain tax positions. This standard prescribes a recognition threshold and measurement attribute for financial statement recognition and measurement of a tax position taken or expected to be taken on a tax return. Plan administration is not aware of any tax positions taken by the Plan that it considers to be uncertain. Tax returns for the years ended 2012, 2013, and 2014 are open and subject to examination by the Internal Revenue Service.

PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are shares of mutual funds managed by the Plan's investment advisor, as is customary in retirement plans. FasCore serves as third party administrator and Balestra, Harr & Scherer, CPAs serves as the Plan's auditors. As a result, transactions with these parties qualify as party-in-interest transactions.

Certain administrative functions are performed by officers or employees of the Plan Sponsor. No such officer or employee received compensation from the Plan. Certain administrative expenses of the Plan are paid directly by the Plan Sponsor and are not charged to the Plan.

INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

The following investment-related information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the Plan's custodian, Fifth Third Bank, as of December 31, 2015 and 2014 and for the years then ended:

	<u>2015</u>	<u>2014</u>
Investments, at fair value:		
Cash equivalent	\$ 455,096	\$ 408,917
Mutual funds	2,856,654	2,751,250
Notes receivable from participants	88,423	100,987
Accrued interest receivable	566	551
Dividend and interest income	205,782	199,754
Net unrealized and realized gains (losses) in value of investments	(211,532)	(75,175)

INVESTMENTS

Investments of the Plan consist of mutual funds maintained by Fifth Third Bank. Investments in the following funds exceeded 5% of the Plan's net assets available for benefits at December 31, 2015:

Federated Prime Value Obligations	Wells Fargo Advantage Growth Fund
J P Morgan Smart Retirement Income Fund	J P Morgan Smart Retirement 2030
Dodge & Cox Income Fund

NOTES TO FINANCIAL STATEMENTS - Continued

INVESTMENTS - Continued

The net realized and unrealized losses in the fair value of investments (\$211,532 and \$75,175 for the years ended December 31, 2015 and 2014, respectively), relate to mutual funds that have a net asset value published on a public source and is summarized by class of investments as follows:

	<u>2015</u>	<u>2014</u>
Equity mutual funds	\$ (205,208)	\$ (78,612)
Debt mutual funds	(692)	1,692
Balanced mutual funds	<u>(5,632)</u>	<u>1,745</u>

The Plan maintains a benefit-responsive investment contract (Stable Value Fund) with Goldman Sachs Asset Management. As described in SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, because the investment contract is benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the investment contract. Contract value, as reported to the Plan, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The difference between the contract value and fair value was not significant for either year presented.

The Goldman Sachs Stable Value Fund had a crediting interest rate of 1.66% and 1.37% for the year ended December 31, 2015 and 2014, respectively. The crediting interest rate is adjusted quarterly. Certain events may limit the ability of the Plan to transact at contract value with the issuer. However, the Plan administration does not believe that the occurrence of any such event is probable.

REPORTABLE TRANSACTIONS

The Plan's assets are participant-directed, and thus, the schedule of reportable transactions and certain cost information is not required.

RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

Differences between the audited financial statements and the information on the Form 5500 related to the timing of recording certain transactions to reflect the accrual basis of accounting and classification of certain items of investment income which were insignificant. The Plan's financial statements included contributions receivable of \$2,138 and \$3,513 for 2015 and 2014, respectively, not reflected on the Form 5500. The Plan Sponsor indicated the 2015 receivables will be included in contributions in the 2016 Form 5500. The 2014 receivables are included as contributions in the 2015 Form 5500.

DELINQUENT CONTRIBUTIONS

As disclosed in the accompanying supplemental schedule, certain employee deferrals were not remitted to the Plan within the timeframe required by the Department of Labor. With the assistance of the Plan's advisors, the Company has determined the amount of related lost earnings and has remitted these amounts to participants' accounts subsequent to year end.

FAIR VALUE MEASUREMENTS

The Plan complies with ASC 820 *Fair Value Measurements and Disclosures* to account for and report fair value. ASC 820 provides a single definition of fair value, a framework for measuring fair value and expanded disclosures concerning fair value. It also defines fair value as the price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date.

Fair value of certain assets and liabilities are determined based on the fair value hierarchy established in the standard, which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. Observable inputs are inputs that reflect the assumptions market participants would use in pricing the asset or liability developed based on the best information available in the circumstances.

The standard describes three levels within its hierarchy that may be used to measure fair value which are:

Level 1 - Values are based on unadjusted quoted prices in active markets for identical assets or liabilities.

Level 2 - Values are based on quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Values are generated from unobservable inputs that are supported by little or no market activity and that are a significant component of the fair value of the assets or liabilities. These unobservable inputs would reflect management's estimates of assumptions that market participants would use in pricing related assets or liabilities. Valuation techniques might include the use of pricing models, discounted cash flow models or similar techniques.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the plan administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

FAIR VALUE MEASUREMENTS – Continued

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
<u>At December 31, 2015:</u>				
Cash and cash equivalents	\$ 1,087	\$ 454,009	\$ -	\$ 455,096
Equity mutual funds	2,695,315	-	-	2,695,315
Debt mutual funds	37,700	-	-	37,700
Stable value fund	-	123,639	-	123,639
	<u>-</u>	<u>123,639</u>	<u>-</u>	<u>123,639</u>
Total	<u>\$ 2,734,102</u>	<u>\$ 577,648</u>	<u>\$ -</u>	<u>\$ 3,311,750</u>
<u>At December 31, 2014:</u>				
Cash and cash equivalents	\$ 1,639	\$ 407,278	\$ -	\$ 408,917
Equity mutual funds	2,596,349	-	-	2,596,349
Debt mutual funds	35,343	-	-	35,343
Stable value fund	-	119,558	-	119,558
	<u>-</u>	<u>119,558</u>	<u>-</u>	<u>119,558</u>
Total	<u>\$ 2,633,331</u>	<u>\$ 526,836</u>	<u>\$ -</u>	<u>\$ 3,160,167</u>

A financial asset or liability's classification within the hierarchy is determined based on the lowest level input that is significant to the fair value measurement. The assessment of the significance of a particular input to the fair value measurement requires judgment, and may affect the classification of fair value assets and liabilities within the fair value hierarchy levels.

Debt, equity, and balanced mutual funds are publicly traded and their fair value represents the closing price or net asset value as of December 31, 2015 and 2014. As a result, these items and cash and certain cash equivalents are listed as Level 1. Money market funds, also included in cash equivalents above, are listed as Level 2 and their value is based on the values of the underlying securities held by the funds. The Stable Value Fund invests in units of collective trust funds and short-term investment funds and are valued at their respective net asset values as published daily and/or values based on the contractual terms of the underlying assets which may include discounting cash flows.
