STRUNK HR, LLC 401(K) PLAN (BRAKEMAX CORPORATE, LLC)
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015

NOTE 1 – Description of plan

The following description of the Strunk HR, LLC 401(k) Plan (Brakemax Corporate, LLC) (Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a qualified retirement plan covering all full-time employees of Brakemax Corporate, LLC (the Company) and is participant-directed. The Plan was adopted on January 1, 2015. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. To be eligible for employer contributions, employees must have at least three consecutive months of service and be age 21 or older.

In April 2015, significantly all assets of a separate plan were transferred into the Plan.

Contributions

Contributions to the Plan include salary reduction contributions authorized by participants and at the discretion of the Company, employer matching contributions, and additional employer nonelective contributions. Participants may elect to contribute to the Plan a portion of their annual pre-tax or after-tax wages, not to exceed \$18,000 for the year ended December 31, 2015. The Plan allows for catch-up contributions subject to Internal Revenue Service (IRS) limitations, which was \$6,000 for 2015. Participants may also contribute amounts representing distributions from other qualified plans. Employer contributions may be determined annually by management. For 2015 the Company made matching contributions up to a maximum of 50 percent of employee salary deferral contributions up to 4 percent of participants' eligible compensation.

Participant accounts

Each participant's account is credited with the participant's contribution and the Company's contributions plus earnings thereon. The benefit to which a participant is entitled is the vested portion of the participant's account.

Vesting

Participants are immediately vested in their contributions. Vesting in the Company's matching contribution is based on years of continuous service, following the table below. A participant is 100 percent vested after six years of credited service or upon and after attaining normal retirement age of 65, if the participant is employed by the Company on or after that date. If a participant incurs a severance from employment as a result of death or disability, the participant is 100 percent vested in the matching contribution.

NOTES TO FINANCIAL STATEMENTS, CONTINUED

NOTE 1 – Description of plan, continued

Participant loans

Participants may borrow from their vested funds a minimum of \$1,000 up to a maximum of the lesser of (i) \$50,000 or (ii) 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a rate 4.25% to 5.25%. Principal and interest is paid ratably through regular payroll deductions.

Payment of benefits

On termination of service due to termination, death, disability, or retirement, a participant or beneficiary may elect to receive the vested interest of their account in the form of a single lump sum distribution.

Hardship withdrawals

Withdrawal of a portion of a participant's account will be permitted due to an immediate and heavy financial need. After the withdrawal, the participant may not make elective deferrals or other contributions to the Plan for six months.

Forfeitures

Forfeitures of unvested Company matching contributions from terminated participant accounts can be used to offset current-year Company matching contributions and then to reduce nonelective contributions. During 2015, forfeited non-vested accounts totaled \$9,100. There were no non-vested forfeitures included in the total investment balances at December 31, 2015. During 2015, forfeitures, including interest and dividends earned on those forfeitures of \$9,100 were used to reduce employer contributions.

NOTE 2 – Summary of significant accounting policies

Basis of accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 3 for further discussion of fair value measurements.

Participant loans receivable

Participant loans are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on participant loans is recognized when assessed. Participant loans are considered to be in default and are reclassified as distributions based upon the terms of the plan document. Outstanding participant loans of terminated participants are reclassified as distributions if not repaid as specified in the plan document.

NOTE 2 – Summary of significant accounting policies, continued

Payment of benefits

Benefits are recorded when paid or when payable under the plan provisions.

Administrative expenses

Management fees are paid out of participants' vested account balances, and investment trade fees reduce the vested balance in the account of the participant who initiated the trade.

New accounting pronouncement

In July 2015, the FASB issued ASU 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965): Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient. This three-part standard simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts and plan investment disclosures, and provides for a measurement-date practical expedient. Parts I and II are effective for fiscal years beginning after December 15, 2015 and should be applied retrospectively, with early application permitted. Part III is effective for fiscal years beginning after December 15, 2015 and should be applied prospectively, with early application permitted.

Management has elected to adopt Part II early. Accordingly, the amendments were retrospectively applied, with no material impact to the Plan. Parts I and III are not applicable to this Plan.

Note 3 – Investments and fair value measurements

The Plan's investments are held by a custodian, Matrix Trust Company, and are recorded at fair value.

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and a money market fund as investment options. Shares of mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year end. The Plan's investments are certified by Matrix Trust Company for 2015.

In accordance with generally accepted accounting principles, the Plan classifies its investments into Level 1, Level 2, and Level 3 as defined below:

- | | |
|---------|---|
| Level 1 | Quoted market prices in active markets for identical assets or liabilities |
| Level 2 | Significant other observable market-based inputs or unobservable inputs that are corroborated by market data. The Plan does not utilize Level 2 inputs. |
| Level 3 | Significant unobservable inputs reflecting the reporting entity's own assumptions. The Plan does not utilize Level 3 inputs. |

NOTE 4 – Information certified by the Plan custodians

The following unaudited information was certified to be complete and accurate by the Plan’s custodian within the meaning of 29 CFR 2520.103-8 of the DOL’s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income and Security Act of 1974:

- All amounts included as investments in the statements of net assets available for benefits at December 31, 2015.
- Net appreciation (depreciation) in fair market value of investment amounts included in the statements of changes in net assets available for benefits for the years ended December 31, 2015.
- All amounts enumerated in the supplemental schedule of assets held for investment purposes except amounts related to notes receivable from participants.

NOTE 5 – Risk and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statement of net assets available for benefits.

NOTES TO FINANCIAL STATEMENTS, CONTINUED
DECEMBER 31, 2015

NOTE 6 – Related party and party-in-interest transactions

Fees charged by the third party administrators and advisors and charged to participants' accounts were \$15,961 in 2015.

NOTE 7 – Tax status

The third party administrator received a determination letter dated March 31, 2014 in which the IRS stated that the form of the volume submitter plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Company believes that the adopted Plan was designed and operated in compliance with applicable requirements of the IRC.

NOTE 8 – Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer profit-sharing contributions.

NOTE 9 – Subsequent events

Subsequent events have been evaluated through October 13, 2016, which is the date the financial statements were available to be issued.
