NOTE 1 – DESCRIPTION OF PLAN

The following description of the Solis Lighting and Electrical Services, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Solis Lighting and Electrical Services, Inc. (the "Company") who have a minimum three months of service and are age twenty one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to the legal limit of pretax annual compensation ($18,000 for 2015), as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Additionally, participants age 50 or older, who are making contributions to the plan, are allowed to make catch-up contributions (up to $6,000) as defined in the plan. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers numerous mutual funds as investment options for participants. The Company may elect to make discretionary profit sharing contributions to your account and are invested directly in the participants selected investments. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participant's contributions plus actual earnings are 100% vested immediately. Employer contributions are subject to the following vesting schedule:

NOTE 1 – DESCRIPTION OF PLAN, (Continued)

Years of Service	Vested %
Less than 2	0%
2 but less then 3	20%
3 but less than 4	40%
4 but less than 5	60%
5 but less than 6	80%
6 or more	100%

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined quarterly by the plan administrator. Principal and interest is paid ratably through payroll deductions.

Payments of Benefits

On termination of service due to death, disability, retirement, or other reasons (as allowed under the Plan), a participant may elect to receive either a single-sum payment equal to the value of their vested interest, installment payments over a period specified by the participant or a direct rollover into another eligible retirement plan.

Forfeited Accounts

Forfeited non-vested accounts are re-allocated to the accounts of continuing plan participants. At December 31, 2015, forfeited non-vested accounts totaled $0.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, (Continued)

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results could differ from these estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the plan document.

Payments of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of the Plan are paid by the sponsor and are not included in the statements of changes in net assets available for benefits.

NOTE 3 - INVESTMENTS

The following presents investments that represent 5% or more of the Plan's net assets:

	December 31, 2015	December 31, 2014
Great-West Lifetime 2015 Fund I T1	$ 136,207	$ 126,973
Pimco Income A	105,151	95,492
Great-West Loomis Sayles Bond Fund I	94,223	94,003
American Funds American Balanced R3	92,118	88,848

During 2015, the Plan's investments in mutual funds (including gains and losses on investments bought and sold, as well as held during the year) depreciated in value by $18,217.

NOTE 4 – FAIR VALUE MEASUREMENTS

Financial Accounting Standard Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurement and Disclosures*, provides the framework for measuring fair values. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar asses or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE 4 – FAIR VALUE MEASUREMENTS, (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Mutual funds: Valued at the net asset value (NAV) of shares held by the plan at year end.

Collective Trust - Stable Value: Calculated as the number of units of the sub-account held on a particular date multiplied by the unit value on that trade date.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2015 and 2014:

Fair values of assets measured at December 31, 2015 are as follows:

	Total 12/31/15	(Level 1)	(Level 2)
Mutual Funds:			
Index funds	$ 264,364	$ 264,364	$ -

Total	$ 922,506	$ 887,684	$ 34,823

NOTE 4 – FAIR VALUE MEASUREMENTS, (Continued)

Fair values of assets measured at December 31, 2014 are as follows:

	Total 12/31/14	(Level 1)	(Level 2)
Mutual Funds:			
Index funds	$ 268,823	$ 268,823	$ -

Collective trust – stable value	33,948	-	33,948
Total	$ 839,815	$ 805,867	$ 33,948

NOTE 5 – INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Empower Retirement has certified that the following data included in the accompanying 2015 financial statements and supplemental schedule is complete and accurate with respect to investments:

- Investments at fair value
- Net appreciation (depreciation) in fair value of investments
- Interest and dividends
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 6 – RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Empower Retirement ("Empower"). Empower is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services to Empower amounted to $6,453 for the year ended December 31, 2015.

NOTE 7 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Solis Lighting and Electrical Services, Inc. has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions, hence, entitled to the full amount in his or her account as of the date of termination, regardless of the percent he or she is vested at the time of termination.

NOTE 8 – TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Company by letter ruling, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or Department of Labor. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.

NOTE 9 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

NOTE 10 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2015 to Form 5500:

	2015
Net assets available for benefits per the financial statements	$ 934,957

Net assets available for benefits per the Form 5500	$ 952,055

The following is a reconciliation of net change in net assets per the financial statements for the year ended December 31, 2015 to Form 5500:

	2015
Net increase in net assets per the financial statements	$ 73,027
Add: Total expenses	76,099
Less: Total interest and dividends	2,052
Add: Depreciation of investments	18,217
Total contributions per the Form 5500	$ 165,291

NOTE 11 – SUBSEQUENT EVENTS

Subsequent events are events or transactions that occur after the balance sheet date but before financial statements are issued or are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the balance sheet, including estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the balance sheet but arose after the balance sheet date and before financial statements are issued or are available to be issued.

Management has evaluated subsequent events through October 14, 2016, the date on which the financial statements were available to be issued.
