Qualified Employee Profit Sharing Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2015, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements - Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility - Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion - As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Standard Insurance Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the custodian as of and for the years ended December 31, 2015, that the information provided to the Plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion - Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion on the 2015 financial statements. NOTES TO FINANCIAL STATEMENTS

December 31, 2015 and 2014

NOTE 1. DESCRIPTION OF PLAN

The following description of the Specialty Polymers, Inc. Qualified Employee Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering employees of Specialty Polymers, Inc. (the "Plan Sponsor") who have six months of service. The Plan was adopted under the provisions of Section 401(a) of the Internal Revenue Code (the "Code") with a cash or deferred arrangement qualified under Section 401 (k) of the Code. Pursuant to the requirements of Section 401(a)27 of the Code, the Plan is also a profit sharing plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Eligibility – Employees of the Plan Sponsor, except union employees and non-resident aliens with no U.S. source income, become participants in the Plan on the first entry date, which is the first day of any month, after satisfying six months of service. Participants are eligible for matching and discretionary contributions to the Plan after satisfying twelve months of service and 1,000 hours of service during the 12-month period beginning on the date of hire or any Plan year beginning after date of hire. The entry date for the matching and discretionary contributions is the first day of any month.

Contributions – Participants may make contributions, known as elective deferrals, to the Plan on a pre-tax basis. Each year, eligible employees may agree to accept a specified reduction in compensation for each pay period in consideration of the Plan Sponsor contributing such amount to the Plan. Participants may elect to contribute a minimum of one percent of compensation up to a dollar limit as defined in Internal Revenue Code Section 401(g). Such limit is \$18,000 and \$17,500 for 2015 and 2014, respectively. Participants age 50 or older may elect to defer additional amounts (called "catch-up" contributions) to the Plan. The maximum catch-up contribution was \$6,000 and \$5,500 in 2015 and 2014, respectively. The Plan also provides that certain limitations may be imposed on participants' contributions in order to comply with statutory requirements. The Plan Sponsor may make matching and discretionary contributions to the Plan. The matching contribution is based on a discretionary percentage of the participants' contributions. Presently, The Plan Sponsor matches up to five percent of the employees' pay. The allocation of discretionary contributions is based on a proportionate share of the total compensation paid during the Plan year to all participants in the Plan.

Participant Accounts – Each participant's account is credited with the participant's contribution and allocations of the Plan Sponsor's contributions and Plan earnings (losses), and charged with an allocation of investment and administrative expenses, when applicable. Allocations are based on participant earnings or account balances, as defined by the Plan documents. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)**

December 31, 2015 and 2014

NOTE 1. DESCRIPTION OF PLAN (Continued)

Vesting – Participants are immediately vested in their elective contributions, plus actual earnings thereon. Vesting in the Plan Sponsor's matching contributions is based on years of credited service. After two, three, four, five, and six years of credited service, the participants become 20 percent, 40 percent, 60 percent, 80 percent, and 100 percent vested, respectively. Participants become 100% vested upon attainment of normal retirement age, death, or permanent disablement.

Investment Elections – Participants may choose any combination of investments, as offered by Standard Insurance Company, including a Guaranteed Interest Fund. Participants can change investment combinations as often as permitted under the particular investment vehicle.

Investment Options – Upon enrollment, a participant may direct employee contributions in a variety of investment options offered by Standard Insurance Company, including a Guaranteed Interest Fund.

Notes Receivable From Participant – Participants may qualify to borrow a portion of their vested account balance as specified in the Plan Agreement. Loan terms range from one to five years. The loan is secured by the balance in the participant's account and bears interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. The current interest rate on the loans is 3.25%. Principal and interest are paid ratably through payroll deductions.

Each loan is treated as a directed investment by the participant borrower of Plan assets separate and apart from any other assets of the Plan. As such, any earnings, and gains or losses attributable to the loan will be credited only to the segregated investment fund representing that loan, and will in turn be allocated solely to the participant borrower's account. A loan will be in default as of the last day of the calendar quarter following the calendar quarter in which an unpaid installment payment was due.

Payment of Benefits – Upon termination of service due to death, disability, or retirement a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. A participant may receive the value of the vested interest in his or her account as a lump-sum distribution or roll it over to another qualified plan for termination of service for other reasons as stipulated by the Plan. For balances over \$5,000, the participant may elect to delay distributions subject to IRS minimum required distributions regulations. Qualifying hardship distributions may only be requested from employers and are subject to applicable IRS regulations.

December 31, 2015 and 2014

NOTE 1. DESCRIPTION OF PLAN (Continued)

Forfeited Accounts – Forfeitures of the non-vested portion of a terminated participant's account will be used to pay for Plan expenses, and any remaining forfeitures will be allocated to the participants in the same proportion that the compensation for each participant bears to the total compensation of all participants. At December 31, 2015 and 2014, forfeited non-vested accounts totaled \$11,982 and \$721, respectively. In 2015, \$2,126 of forfeitures was used to reduce employer contributions and pay for Plan administration expenses according to Plan provisions.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The financial statements of the Plan are prepared under the accrual method of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts.

In 2014 the Plan adopted FASB ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 965): (Part 1) fully Benefit Responsive Investment Contracts*, *(Part II) Plan Investments Disclosures*, and *(Part III) Measurement Date Practical Expedient*. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirement to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III is not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively. Management has elected to adopt Parts I and II early.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)**

December 31, 2015 and 2014

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition – Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment manager determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and Standard Insurance Company. See note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants – Participant notes receivable are valued at the outstanding principal balance of the loans plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 and 2014. Participant notes receivable are secured by the vested account balance of the participants receiving the loans and are evidenced by negotiable promissory notes. Loans are subject to substantially level amortization over periods not to exceed five years. Delinquent amounts are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits – Benefits are recorded when paid.

Expenses – Certain administrative activities are performed by officers or employees of the Plan Sponsor. No such officer or employee receives compensation from the Plan. Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Plan Sponsor. Expenses that are paid by the Plan Sponsor are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participants' account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Date of Management's Review – Subsequent events were evaluated through October 3, 2016, which is the date the financial statements were available to be issued.

NOTE 3. INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

The following is a summary of the investment information regarding the Plan as of December 31, 2015 and 2014 and for the year ended December 31, 2015, included in the accompanying financial statements and supplemental schedule, that was prepared by, or derived from, information prepared by the custodian, and furnished to the Plan administrator. The Plan administrator has obtained a certification from the custodian that such information is complete and accurate.

NOTE 4. FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

- **Level 1** - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- **Level 2** - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- **Level 3** - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 4. FAIR VALUE MEASUREMENTS (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value.

Pooled separate accounts – Pool Separate accounts are comprised of mutual funds and are diversified across investment strategies. The fair value of pooled separate accounts is valued daily based upon quoted market prices. Pooled separate accounts are recorded at fair value on a recurring basis. The Plan currently has no assets or liabilities measured at fair value on a nonrecurring basis. There have been no changes in the methodologies used at December 31, 2015 and 2014.

The following table discloses by level, the fair value hierarchy of the Plan's assets at fair value:

As of December 31, 2015				
	(Level 1)	(Level 2)	(Level 3)	Total
Pooled Separate Accounts \$	-	\$ 6,547,077	\$ -	\$ 6,547,077

	(Level 1)	(Level 2)	(Level 3)	Total
Pooled Separate Accounts \$	-	\$ 6,368,782	\$ -	\$ 6,368,782

The following table sets forth a summary of changes in contract value for assets measured at contract value for the years ended December 31, 2015 and 2014:

	2015
Balance, Beginning of Year	\$ 2,795,275
Interest Income	106,262
Purchases, Sales, Issuances, and Settlements, net	316,375

NOTES TO FINANCIAL STATEMENTS (CONTINUED)**

December 31, 2015 and 2014

NOTE 5. GROUP ANNUITY CONTRACT

Guaranteed Interest Fund – The Plan includes a benefit-responsive investment contract with Standard Insurance Company (the “Issuer”). The account is credited with earnings on the underlying investments and charged for participant withdrawals and investment management fees. The guaranteed investment contract Issuer is contractually obligated to repay the principal and a specific interest rate that is guaranteed to the Plan.

Since the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attributed for the portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

There are no reserves against contract value for the credit risk of the contract Issuer or otherwise. The crediting rate is based on a formula established by the contract Issuer but may not be less than 3%. The crediting rate is reviewed on a monthly basis for resetting and was 3.51% for the year ended December 31, 2015.

The Plan's ability to receive amounts due is dependent on the Issuer's ability to meet its financial obligations. The Issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the Issuer. Such events include termination of the contract, spin-offs, divestitures, layoffs, corporate relocation, partial or total Plan termination, retirement incentive programs and the liberalization of Plan withdrawal or transfer rules. In addition, certain events allow the Issuer to terminate the contract with the Plan and settle at an amount different from contract value. The Issuer may terminate the contract with 30 days advance written notice for reasonable cause, which includes the Plan's failure to abide by state or federal law, failure to render performance necessary to comply with the terms of the contract, failure to maintain assets of at least \$25,000 and Plan disqualification. Upon termination by the Issuer, a market value adjustment or other withdrawal restrictions may apply. The Plan sponsor may choose to pay the market value adjustment directly, if applicable, so that the participants' contract values are not affected.

The Plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

**SPECIALTY POLYMERS, INC. QUALIFIED EMPLOYEE PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS (CONTINUED)**

December 31, 2015 and 2014

NOTE 6. PARTIES-IN-INTEREST

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan, including the Plan Sponsor. The Plan Sponsor provides to the Plan certain accounting and administrative services for which no fees are charged. Fees paid during the year to third party administrators or custodians for services rendered by parties-in-interest were based on customary and reasonable rates for such services and are paid by the Plan Sponsor. Also, certain Plan investments are shares of funds managed by The Standard Insurance Company, the custodian. These transactions qualify as exempt parties-in-interest transactions.

NOTE 7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would be 100 percent vested in the amounts credited to their accounts.

NOTE 8. TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Plan Sponsor by letter dated March 31, 2014 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC) Section 401. Although the Plan has been amended since receiving the most recent determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.

NOTE 9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE 10. SUBSEQUENT EVENTS

Effective January 1, 2016, the Plan was amended and restated to bring the Plan into compliance with the Pension and Protection Act of 2006 ("PPA") along with other legislative and regulatory changes and were made to include a member of a controlled group, a subsidiary of the Plan Sponsor, to participate in the Plan.
