Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Toyesco 401(k) Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statement of changes in net assets available for benefits for the year ended December 31, 2015, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 9, which was certified by Wilmington Trust Retirement and Institutional Services Company, the previous custodian of the Plan, and Delaware Charter Guarantee and Trust Company dba Principal Trust Company, the current custodian of the plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from each of the custodians as of December 31, 2015 and 2014, and for the year ended December 31, 2015, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets held at end of year as of December 31, 2015 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1: Description of Plan

The following description of the TOYESCO 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement, including amendments, for a more complete description of the Plan's provisions.

General

The Plan, established in May 1990, is a defined contribution plan covering all eligible employees of the Garrick Motors, Inc. dba Toyota of Escondido and Scion of Escondido (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

During 2015 the Plan changed custodians. The Plan's previous custodian was Wilmington Trust Retirement and Institutional Services Company and the current custodian is Delaware Charter Guarantee and Trust Company dba Principal Trust Company (Principal Trust Company). All other duties have been delegated to certain staff of the Company or the third-party administrator. The Companies' staff is responsible for authorizing Plan participation, making required Plan contributions and authorizing benefit payments. The third-party administrator, Premier Pension Solutions, maintains participant account information, allocates Plan income and expenses to participant accounts, processes benefit payments, maintains loan activity and provides activity reports to the participants.

Participant Contributions

Participants may contribute, and therefore defer, for income tax purposes, any amount of their annual compensation as defined in the Plan, subject to annual limitations imposed under ERISA. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may also contribute amounts representing rollover distributions from other qualified plans.

Company Contributions

The Company may provide a discretionary matching contribution and/or a discretionary profit sharing contribution. Eligible employees must be contributing and employed on the last day of the Plan year to receive the Company contribution. The Company did not provide a contribution in 2015.

Eligibility

All employees age 21 years or older are eligible to participate in the Plan after completing six months of eligible service. Employees may enter the Plan on the first entry date following the date on which eligibility requirements are met, either January 1 or July 1.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of: a) the Company's matching contributions and/or profit sharing contribution, if any (b) Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. As permitted under the Plan, participants are able to invest their account balance in the investment alternatives offered by the Plan in the proportion they select.

Note 1: Description of Plan (Continued)

Vesting

Participants are 100% vested in their contributions, plus actual earnings thereon. They are also 100% vested in the Company discretionary matching and profit sharing contributions immediately upon participation in the Plan.

Notes Receivable From Participants

Participants may borrow against their vested account balances. Loans have no minimum denomination, and may not exceed $50,000 as reduced by the highest outstanding balance of loans in the previous 12 months over the outstanding balance of loans from the plan on the loan date, or 50% of a participant's vested balance. Loan transactions are treated as a transfer from (to) the investment fund to (from) the loan fund. Loan repayment periods may not exceed five years unless the loan proceeds are used to acquire a principal residence. Loans are secured by the balance in the participant's account with an interest rate based on prevailing rates as determined by the plan administrator. Only two loans can be outstanding at a time for any participant. Principal and interest are paid ratably through monthly payroll deductions.

Payment of Benefits

Distributions from a participant's account are generally made upon termination of employment, death, disability or retirement. Participants, or their beneficiary, may receive payment in the form of a lump sum distribution, rollover to an IRA account or rollover to another qualified plan. Distributions made during a participant's employment are limited to either hardship distributions, if certain financial requirements are met, or upon the attainment of age 59 1/2. If the participant's account, at termination, is $5,000 or less, the Company may distribute the account balance in one lump sum without prior approval of the participant.

Forfeited Accounts

Participants are 100% vested in all plan contributions, and therefore there are no forfeited balances in the plan.

Expenses

Significant costs of the plan administration are being paid by the plan, and certain other costs are being absorbed by the company.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Note 2: Summary of Significant Accounting Policies (Continued)

Accounting Change

In July 2015, the FASB issued ASU 2015-12, Plan Accounting: Defined Contribution Pension Plans (Topic 962): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III is not applicable to the Plan. ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively. Management elected to adopt Parts I and II early for the year ended December 31, 2015.

Payment of Benefits

Benefits are recorded when paid.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan’s Investment Committee determines the Plan’s valuation policies utilizing information provided by the investment advisers and custodians, and also the appropriateness of the Plan’s investment offerings and investment performance. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses are expensed when they are incurred. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan agreement.

Expenses

Significant administration expenses are paid for by the Plan. Certain other expenses of the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant’s account and are included in administrative expenses. Investment related expenses are included in net appreciation of the fair value of investments and in administrative expenses.

Note 2: Summary of Significant Accounting Policies (Continued)

Subsequent Events

The Plan administrator has evaluated subsequent events through October 14, 2016, the date the financial statements were available to be issued.

Note 3: Fully Benefit-Responsive Investment Contracts

The guaranteed interest account is a fully benefit-responsive investment contract with Principal Trust Company, who maintains the contributions in a general account. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuers are contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The contract value of the investment contract at December 31, 2015 was $48,424.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Examples of such events include the following: 1) the failure of the trust to qualify for exemption from Federal income taxes or any required prohibited transaction exemption under ERISA, 2) premature termination of the contracts, 3) amendments to the Plan documents (including termination or merger with another plan), 4) bankruptcy of the plan sponsor or other plan sponsor events that cause a significant withdrawal, 5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following: 1) An uncured violation of the Plan's investment guidelines, 2) A breach of material obligation under the contract, 3) A material misrepresentation, 4) A material amendment to the agreements without the consent of the issuer.

Note 4: Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Note 4: Fair Value Measurements (Continued)

Level 2 Level inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Level inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Mutual funds: Valued at the net asset value (NAV) of shares held by the plan at year end.

Collective trust funds: These investments are public investment securities valued using the net asset value (NAV) provided by the investment custodian. The NAV is quoted on a private market that is not active; however, the unit price is based on the underlying investments. A majority of the investments held by each fund are traded on an active market.

Stable Value Fund: The Metlife Group Annuity contract is a Stable Value Fund invested in a diversified portfolio of bonds and wrapper agreements with financial companies to guarantee against fluctuations in their share prices. The Fund is valued daily at the net asset value ("NAV") of the funds units as reported on the New York Stock Exchange using the valuation procedures established by the Trustee.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4: Fair Value Measurements (Continued)

The following sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014.

	Assets at Fair Value as of December 31, 2015			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 5,651,050	$ -	$ -	$ 5,651,050

	Assets at Fair Value as of December 31, 2014			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 488,187	$ -	$ -	$ 488,187
Collective trust funds	-	4,988,500	-	4,988,500
Stable value fund		714,378		714,378
Total assets at fair value	$ 488,187	$ 5,702,878	$ -	$ 6,191,065

Note 5: Related-Party and Party-In-Interest Transactions

Certain Plan investments are shares in a Retirement Reserves account managed by Principal Trust Company. Principal Trust Company is the custodian as defined by the Plan and, therefore, these transactions qualify as party in interest transactions. The Plan also has a financial advisory firm, UBS, which qualifies as a party in interest. Fees paid by the Plan for these investment management services amounted to $23,361 for the year ended December 31, 2015. Transactions with the Plan’s third party administrator, Premier Pension Solutions, also qualify as party-in-interest transactions; and these fees paid by the Plan were $18,148. Fees paid to the custodians of the Plan’s assets totaled $24,642. The Plan sponsor pays certain other administration costs and those expenses are not included in these statements.

Note 6: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 7: Tax Status

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Department of Labor or the IRS. The plan administrator has analyzed the tax provisions taken by the Plan, and has concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements.

Note 8: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 9: Information Prepared and Certified by Custodian

The Plan administrator obtained certifications from Wilmington Trust Retirement and Institutional Services Company and Principal Trust Company that the following Plan information furnished by them and included in the financial statements is complete and accurate:

- Investments as of December 31, 2015 and 2014.
- Investment transactions, investment income and related transactions for the year ended December 31, 2015.
