### **Auditor's Responsibility**

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

### **Basis for Disclaimer of Opinion**

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Great-West Life & Annuity Insurance Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the year ended December 31, 2015 and 2014, that the information provided to the plan administrator by the custodian is complete and accurate.

## INDEPENDENT AUDITOR'S REPORT (Continued)

### **Disclaimer of Opinion**

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

### **Other Matters**

The supplemental Schedule 1 as of December 31, 2015 is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

### **Restatement and Prior Period Adjustment**

As discussed in Note 9 to the financial statements, the Company's 2014 employer contributions receivable and employer contributions previously reported as none and \$2,961,649, respectively, should have been stated as \$91,357 and \$3,053,006, respectively. This discovery was made subsequent to the issuance of the financial statements. The 2014 financial statements have been restated to reflect this correction.

### **Report on Form and Content in Compliance with DOL Rules and Regulations**

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

**TTM TECHNOLOGIES 401(k) RETIREMENT  
SAVINGS PLAN**

**Notes to Financial Statements  
December 31, 2015 and 2014**

**NOTE 1 - DESCRIPTION OF PLAN**

The following description of the TTM Technologies 401(k) Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for more detailed information of the Plan's provisions.

**General** - The Plan is a defined contribution plan. The Plan covers all employees of TTM Technologies, Inc. ("the Company"), who are 18 years old or older and have 60 days of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

**Contributions** - Participants' contributions are made to the Plan by means of salary deferral by which the participant is entitled to defer the lesser of 80% of their compensation or a fixed amount determined annually by the Internal Revenue Service. During 2015 and 2014, the Plan operated as a safe harbor plan and the Company matched 100% of participant's deferral, up to the first 3% of a participant's eligible compensation, then 50% of the participant's deferral, up to the next 2% of a participant's eligible compensation. For the years ended December 31, 2015 and 2014, the Company's safe harbor matching contributions totaled \$2,897,594 and \$3,053,006, respectively. The Company may also make other discretionary matching and/or profit sharing contributions as determined each year. For the years ended December 31, 2015 and 2014, the Company did not make any other discretionary matching of profit sharing contributions.

**Participant Accounts** - Each participant's account is credited with the participant's contribution, the Company's safe matching contribution, and an allocation of Plan earnings and administrative expenses. Allocations of plan earnings are based on participant balances and investment selections. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested interest in their account.

**Notes Receivable from Participants** - Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the Loans to Participants fund. Loans must be repaid within 5 years, except in limited circumstances, such as the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest. The interest rate will generally be the prime interest rate charged by the banks as published in the Wall Street Journal as of the last day of the preceding month plus 1%. Principal and interest is paid ratably through payroll deductions.

**Investments** - Each participant directs the allocation of his or her contribution, and employer matching and discretionary profit sharing contributions to one or more of 24 investment options.

SAVINGS PLAN**

**Notes to Financial Statements  
(Continued)  
December 31, 2015 and 2014**

**NOTE 1 - DESCRIPTION OF PLAN (Continued)**

**Administrative Expenses** - All expenses incurred by the Plan are paid from the Plan's assets to the extent the expenses have not been paid by the Company.

**Forfeitures** - Participants terminating employment with the Company will forfeit any nonvested employer contributions. Forfeitures will be used to reduce employer matching contributions or to pay Plan expenses. During the years ended December 31, 2015 and 2014, forfeitures of \$9,500 and \$54,055 were used to reduce employer contributions and pay plan expenses. At December 31, 2015 and 2014, forfeited nonvested accounts totaled \$77,476 and \$34,175, respectively.

**Vesting** - Participants are immediately vested in their deferrals, qualified safe harbor matching contributions, and rollover contributions plus actual earnings thereon. Vesting in each participant's Company contribution and earnings thereon is determined in accordance with the following table:

| <b><u>Number of<br/>Years of Service</u></b> | <b><u>Vested<br/>Percentage</u></b> |
|----------------------------------------------|-------------------------------------|
| Less than one year                           | 0%                                  |
| One to two years                             | 50%                                 |
| Two to greater                               | 100%                                |

**Payment of Benefits** - Upon reaching the retirement age of 65, upon termination of service or death, a participant may receive a lump-sum payment equal to the vested value of his or her account. Participants may also elect to rollover their account to another tax deferred account or remain in the Plan until they are legally required to begin taking distributions. All vested account balances exceeding \$1,000 but not exceeding \$5,000, may be rolled in to an Individual Retirement Account. All vested account balances not exceeding \$1,000 may be immediately distributed in a lump-sum payment. With the Company's approval, participants may withdraw all or part of their aggregate contributions in the event of financial hardship.

SAVINGS PLAN**

**Notes to Financial Statements  
(Continued)  
December 31, 2015 and 2014**

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Basis of Accounting** - The financial statements of the Plan are prepared under the accrual method of accounting.

**Basis of Presentation** - The financial statements have been prepared in compliance with the Department of Labor Rules and Regulations for reporting and disclosure under ERISA.

**Notes Receivable from Participants** - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

**Investment Valuation and Income Recognition** - Investments are measured at quoted prices in an active market and have been certified complete and accurate by Great-West Life & Annuity Insurance Company, the Plan's custodian. Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**Recent Accounting Pronouncements** - In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-07, *Disclosures for Investments in Certain Entities that Calculate Net Asset Value Per Share (or its Equivalent)*. ASU 2015-07 removes the requirement to categorize within the fair value hierarchy investments for which fair values are estimated using the net asset value practical expedient provided by Accounting Standards Codification 820, *Fair Value Measurement*. Disclosures about investments in certain entities that calculate net asset value per share are limited under ASU 2015-07 to those investments for which the entity has elected to estimate the fair value using the net asset value practical expedient. ASU 2015-07 is effective for fiscal years beginning after December 15, 2016, with retrospective application to all periods presented. Early application is permitted. Plan management does not expect the provision of ASU 2015-07 to have a material impact on the financial statements.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*.

(Note 2 continued on the following page)

**TTM TECHNOLOGIES 401(k) RETIREMENT  
SAVINGS PLAN**

**Notes to Financial Statements  
(Continued)  
December 31, 2015 and 2014**

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**Recent Accounting Pronouncements – (Continued)**

- Part I of the ASU eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts.
- Part II of the ASU eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. It also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset.
- Part III of the ASU is not applicable to the Plan.

The ASU is effective for fiscal years beginning after December 15, 2015. Parts I and II are to be applied retrospectively. Management has elected to adopt Parts I and II early and, accordingly, the presentation of the financial statements and notes herein have been changed to reflect such adoption.

**Use of Estimates** - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**Risks and Uncertainties** - The Plan provides for various investment options in mutual funds, which invest in investment securities. Investment securities are exposed to various risks such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risk in the near term would materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Plan Benefits and the Statement of Changes in Net Assets Available for Plan Benefits.

**Subsequent Events** - The Plan evaluated subsequent events through October 14, 2016, the date these financial statements were issued.

**Notes to Financial Statements  
(Continued)  
December 31, 2015 and 2014**

**NOTE 3 - FAIR VALUE MEASUREMENTS**

FASB ASC 820, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

|         |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                      |
|---------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                      |
| Level 2 | <p>Inputs to the valuation methodology include:</p> <ul style="list-style-type: none"> <li>• quoted prices for similar assets or liabilities in active markets;</li> <li>• quoted prices for identical or similar assets or liabilities in inactive markets;</li> <li>• inputs other than quoted prices that are observable for the asset or liability;</li> <li>• inputs that are derived principally from or corroborated by observable market data by correlation or other means.</li> </ul> <p>If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.</p> |

**NOTE 3 - FAIR VALUE MEASUREMENTS (Continued)**

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

*Pooled separate accounts:* Common stock held in the pooled separate accounts is valued at closing price reported on the active market on which the individual securities are traded. Mutual funds held in the pooled separate accounts are valued at the net asset value (NAV) of shares held by the Plan at year end.

*Registered investment companies (Mutual funds):* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

| <i>Assets at Fair Value as of December 31, 2015</i> |                       |                      |                |                       |

**Fair Value of Investments in Entities that Use NAV**

Pooled separate accounts (PSA) are valued at NAV, which is based on the fair value of the underlying investments of the PSA, less any liabilities. The underlying investments of the PSA are mainly equity and fixed income securities and short-term investments. The investment strategies of the Plan's PSA generally vary based on the investment objectives of the asset class of which they are a part. Such investment strategies include investments in fixed income securities and investments in equity securities in domestic and international markets for growth and value objectives as well as to replicate market indexes and to invest in emerging markets. The Plan had no unfunded commitments related to PSA. The redemption of PSA is subject to the preference of individual Plan participants and contains no restrictions on the timing of redemption.

**NOTE 5 - PLAN TERMINATION**

Although it has not expressed any intent to do so, the Company has the right to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, so that each participant receives 100% of his or her account balance as of the date of termination.

**NOTE 6 - TAX STATUS**

The Plan is a Basic Prototype Profit Sharing Plan that is sponsored by Great-West Life & Annuity Insurance Company. The Internal Revenue Service has determined and informed the company in a letter dated March 31, 2014, that the plan, as designed, is in accordance with applicable sections of the Internal Revenue Code (IRC).

The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.

**NOTE 7 - PARTY-IN-INTEREST TRANSACTIONS**

Certain Plan investments are shares of mutual funds managed by Great-West Life & Annuity Insurance Company. Great-West Life & Annuity Insurance Company is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Additionally, notes receivable from participants are considered party-in-interest transactions.
