## Note 1. Description of the Plan

The following description of the Jorgensen & Co. 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General: The Plan is a cash or deferred profit sharing plan established for the benefit of the employees of Jorgensen & Company. The Plan and the Trust of which it is a part are intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code ("IRC") and similar state tax laws. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Description of Plan: The Jorgensen & Co. 401(k) Plan became effective July 1, 1995. The Plan was amended and restated effective January 1, 2012. The Plan adopted The All Valley Administrators, LLC Prototype Non-Standardized Cash or Deferred Profit Sharing Plan and the name of the Plan was changed to the Jorgensen & Company 401(k) Retirement Plan. The Plan is intended to assist the participants in accumulating savings for retirement.

Eligibility: Effective January 1, 2012 an employee of Jorgensen & Company (the "Company") is automatically enrolled in the Plan after completing three months of employment with the Company and attainment of age 21 unless an opt out form is received. In addition, an automatic contribution arrangement of 2% of compensation applies for all new participants who do not submit an alternative election. There were 144 and 153 participants in the Plan at December 31, 2015 and 2014, respectively.

Contributions: The Board of Directors maintains discretionary authority over the amount of the Company's contributions to the Plan. The Company is under no obligation to contribute to the Plan in any given year. There were no Company contributions during the year ended December 31, 2015. Participants contribute to the Plan through salary deferrals up to an annual maximum as defined by law or as a rollover contribution from a previous employer's qualified plan.

Payment of Benefits: In the event of death, the participant's interest in the Plan is payable to the beneficiary in a lump sum. Upon retirement, the participant's interest is payable in a single sum or can be deferred until April 1 following the year the participant reaches the age of 70½. Certain benefits qualify as eligible rollovers that may be directly rolled over to another qualified plan or an individual retirement account. A participant also has the right, in certain cases, to receive his or her benefit in periodic payments not extending beyond the life expectancy of the participant.

**Note 1. Description of the Plan (Continued)**

Participant Accounts: Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings and losses, and charged with an allocation of administrative expenses. Allocations are based on account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options: Participants direct the investment of their contributions and the related discretionary employer contributions by the Company into any of the various investment options offered by the Plan and managed by Nationwide Trust Company, FSB ("Nationwide").

Vesting: Participants are vested immediately in their contributions plus actual earnings thereon. The portion of the participants' accounts attributable to the Company's discretionary contributions become 20% vested after three years of credited service as defined and continues to vest at the rate of 20% for each successive year of service until 100% vested after seven years of service. The portion of the participants' accounts attributable to the Company's matching contributions become 20% vested after two years of credited service as defined and continues to vest at the rate of 20% for each successive year of service until 100% vested after six years of service.

Notes Receivable from Participants: Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of the lesser of $50,000 or 50% of their vested balance. Loan terms range from one to five years, or up to 15 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a fixed rate determined by the Plan Administrator. Principle and interest are paid ratably through payroll deductions.

**Note 2. Summary of Significant Accounting Policies**

Basis of Accounting: The financial statements of the Plan are prepared under the accrual basis of accounting.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value (except for fully benefit responsive investment contracts which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's audit committee determines the Plan's valuation policies utilizing information provided by the investment advisors and custodian. See Note 5 for discussion of fair value measurements.

Purchase and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the gains and losses on investments purchased and sold as well as held during the year.

Payment of Benefits: Benefits are recorded when paid.

**Note 2. Summary of Significant Accounting Policies (continued)**

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Pending Pronouncements: In May 2015, the Financial Accounting Standards Board issued Accounting Standards Update No 2015-07*, Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share.* The amendments in this Update remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. However, sufficient information must be provided to permit reconciliation of the fair value of assets categorized within the fair value hierarchy to the amounts presented in the statement of financial position. The amendments also remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. The amendments in this Update are effective for public business entities for fiscal years beginning after December 15, 2015. For all other entities, the amendments in this Update are effective for fiscal years beginning after December 15, 2016. However, early adoption is permitted. Upon adoption, the amendments shall be applied retrospectively to all periods presented. The Plan adopted this update for the 2015 Plan year, and it was retroactively applied to December 31, 2014. Prior year disclosures have been revised to reflect the retrospective application of this update. The impact of adopting this update is reflected in Note 5.

In July 2015, the Financial Accounting Standards Board issued Accounting Standards Update No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965) – (I) Fully Benefit-Responsive Investment Contracts, (II) Plan Investment Disclosures, and (III) Measurement Date Practical Expedient (a consensus of the FASB Emerging Issues Task Force).* The purpose of this Update is to simplify plan accounting.

- The amendments in Part I of the Update designate contract value as the only required measure for direct investments in fully benefit-responsive investment contracts. Fully benefit-responsive investment contracts will be presented at contract value; accordingly there will no longer be an adjustment from fair value to contract value on the face of the financial statements.

- The amendments in Part II of the Update will eliminate the requirements for plans to disclose (1) individual investments that represent 5 percent or more of net assets available for benefits and (2) the net appreciation or depreciation for investments by general type for both participant-directed investments and nonparticipant-directed investments. The net appreciation or depreciation in investments for the period will still be required to be presented in the aggregate. In addition, if an investment is measured using the net asset value per share practical expedient in Topic 820 and that investment is in a fund that files a U.S. Department of Labor Form 5500, *Annual Return/Report of Employee Benefit Plan,* as a direct filing entity, disclosure of that investment's strategy will no longer be required.

**Note 2. Summary of Significant Accounting Policies (Continued)**

- The amendments in Part III of the Update reduce complexity in employee benefit plan accounting by providing a practical expedient that permits plans to measure investments and investment-related accounts as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with month-end.

The Update may be adopted in whole or by part (I, II and III), as applicable. The amendments in this Update are effective for fiscal years beginning after December 15, 2015. However, early adoption is permitted. Upon adoption, the amendments in Parts I and II shall be applied retrospectively to all periods presented; the amendments in Part III shall be applied prospectively. The Plan adopted this update for the 2015 Plan year, and the amendments in Part I and Part II were retrospectively applied to December 31, 2014. The impact of adopting this update is reflected in Notes 4 and 6.

Subsequent Events: The Plan Administrator has evaluated subsequent events through, October 11, 2016, the date the financial statements were available to be issued.

**Note 3. Administrative Expenses**

The Plan is administrated by the Company and the Company utilizes the professional administrative services of All Valley Administrators in Fresno, California. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Certain other administrative expenses are paid directly by the Company. Administrative expenses paid by the Plan include advisory and service provider fees charged by the Custodian.

**Note 4. Information Certified by Nationwide**

The following is a summary of the plan asset's information as of December 31, 2015 and 2014, and for the year ended December 31, 2015, included throughout the Plan's financial statements and the Schedule of Assets Held, that was prepared by or derived from information provided by the custodian of the Plan and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the custodian that information provided to the Plan Administrator by the custodian related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and the Schedule of Assets Held related to the following assets:

**Note 4. Information Certified by Nationwide (Continued)**

| | December 31, 2015 | December 31, 2014 |
|---|---|---|
| Investments at fair value: | | |
| Shares of registered investment companies | $ 3,103,071 | $ 3,176,898 |
| Fixed select contracts – fully benefit responsive | 74,077 | - |
| | $ 3,177,148 | $ 3,176,898 |

Nationwide also certified to the completeness and accuracy of $161,187 of net depreciation in fair value of investments, and $143,292 of interest, dividends and capital gains related to the aforementioned plan assets for the year ended December 31, 2015.

**Note 5. Fair Value Measurements**

That framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date.

Level 2 - Inputs other than quoted priced included in Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs that are unobservable inputs for that asset or liability.

**Note 5. Fair Value Measurements (Continued)**

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

> Shares of Registered Investment Companies: Valued at the net asset value ("NAV") of shares held by the Plan at year end. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell this investment for an amount different from the reported net asset value.

The preceding methods described may produce a fair value calculation that may` not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy the Plan's assets at fair value as of December 31, 2015 and 2014. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

| | Assets at Fair Value as of December 31, 2015 | | | |
|---|---|---|---|---|
| | Level 1 | Level 2 | Level 3 | Total |
| Total assets in the fair value hierarchy | $ - | $ - | $ - | $ - |
| Investments measured at net asset value (a) | | | | 3,103,071 |
| Investments at fair value | | | | $ 3,103,071 |

**Note 5. Fair Value Measurements (Continued)**

| | Assets at Fair Value as of December 31, 2014 | | | |
|---|---|---|---|---|
| | Level 1 | Level 2 | Level 3 | Total |
| Total assets in the fair value hierarchy | $ - | $ - | $ - | $ - |
| Investments measured at net asset value (a) | | | | 3,176,898 |
| Investments at fair value | | | | $ 3,176,898 |

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2015 and 2014, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

| | 2015 | | | |
|---|---|---|---|---|
| | Fair Value | Unfunded Commitment | Redemption Frequency (a) | Redemption Notice Period |
| Shares of Registered Investment Companies | $ 3,103,071 | $ - | Immediate | None |

| | 2014 | | | |
|---|---|---|---|---|
| | Fair Value | Unfunded Commitment | Redemption Frequency (a) | Redemption Notice Period |
| Shares of Registered Investment Companies | $ 3,176,898 | $ - | Immediate | None |

(a) This category includes high quality, short term securities. Investments in this category can be redeemed immediately at the current net asset value per share based on the fair value of the underlying assets. Participants are restricted to 11 web or Inquire (VRU) transfers within 2 consecutive calendar quarters of the same year, or up to 20 VRU transfers within a calendar year, whichever comes first.

## Note 6. Investment Contract with Insurance Company

The Plan offers a traditional investment contract. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount recorded by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals and administrative fees.

The contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rating is based on a formula established by the contract issuer but may not be less than zero percent. The crediting rate is renewed on a quarterly basis for resetting. A participant may initiate exchanges to a mutually agreed upon companion investment option but not a competing fixed investment. In certain cases, other exchanged may be initiated but may be subject to a market value adjustment factor. Benefit payments, at the direction of the Participant, may be made in the form of stated annuity types or cash payments. The contract terminates on the latest of 1) the day the fund is exhausted by withdrawals or 2) the day no further annuity payments are payable.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code
2. Premature termination of the contracts
3. Plan termination or merger
4. Changes to the Plan's prohibition on competing investment options
5. Bankruptcy of the plan sponsor or other plan sponsor events that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

**Note 6. Investment Contract with Insurance Company (Continued)**

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines
2. A breach of material obligation under the contract
3. A material misrepresentation
4. A material amendment to the agreements without the consent of the issuer.

**Note 7. Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contribution.

**Note 8. Income Tax Status**

The Plan received its last determination letter on March 31, 2008 in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the determination letter, however, the Plan Administrator believes the Plan is designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2015, no uncertain positions are taken or are expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2011.

## Note 9. Risks and Uncertainties

The plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

## Note 10. Related-Party Transactions

Certain plan investments are shares of mutual funds managed by Nationwide. Nationwide is a financial advisor to the Plan, and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services during the year ended December 31, 2015 were $50,371.

## Note 11. Prohibited Transactions

During 2015, the Plan sponsor inadvertently failed to deposit approximately $10,739 of participant contributions within the required timeframe as stated by the United States Department of Labor regulations. The Plan sponsor deposited lost earnings in the amount of $85 to correct this failure. The Plan sponsor filed Form 5330 and paid applicable excise tax in 2016. The excise tax payment was made from the Plan sponsor's assets and not from assets of the Plan.
