NOTE A - DESCRIPTION OF THE PLAN

The following description of Certified Folder Display Service, Inc. 401(k) Profit Sharing Plan ("the Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all employees of Certified Folder Display Service, Inc. (the Company) who have annual hours over 1000 and one year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and the provisions of Internal Revenue Code Section 401(k). The Plan is governed by the Company and its Board of Directors. The Plan document was amended and restated effective January 1, 2011. The adoption agreement was updated in November 2015 without substantial changes from an operating standpoint.

Participation and Contributions: Each year, participants may contribute up to 20 percent of pretax annual compensation, as defined in the Plan. Participants may also roll over qualified distributions from other qualified plans. The Plan offers a number of mutual funds as investment option for participants and investments are self-directed. The Company contributes 30 percent of the first 4 percent of base compensation contributed by each participant measured each payday. Additional profit sharing amounts may be contributed at the option of the Company's board of directors. Contributions are subject to certain limitations.

Participant Accounts: Separate accounts are maintained within the Plan for each participant. These accounts are credited with different types of contributions as follows:

a. Participant Salary Deferral - this account is credited with the participant's salary deferral contributions, plus or minus any earnings and losses and reduced by any distributions;

b. Employer Match - this account is credited with any matching contributions made in accordance with the rules of the Plan, plus or minus any earnings and losses and reduced by any distributions and forfeitures; and

c. Rollover - this account is credited with any rollover contributions the participant made to the Plan, plus or minus any earnings and losses and reduced by any distributions.

d. Profit Sharing Contributions – this account is credited with the participant's portion of discretionary Company contributions plus or minus any earnings and losses and reduced by any distributions and forfeitures.

Participant Salary Deferrals: Under item a above, subject to eligibility, employees are able to defer portions of their salary in which they are fully vested. Deferrals are remitted to the plan shortly after the payroll date.

Employer Contributions: Discretionary employer contributions to the Plan are allowed as in items b and d above. Such employer contributions are subject to vesting as set forth in the next paragraph.

NOTE A - DESCRIPTION OF THE PLAN, continued

Vesting: Participants are fully vested in salary deferral contributions and rollover accounts plus actual earnings on each. Participants are 33% vested for each year of credited service in the employer matching contribution portion of their account (if any) as well as any discretionary company contributions including actual earnings or losses thereon beginning their second year (and fully vested at the end of their third year).

Forfeitures: Forfeited balances of terminated participant's non-vested employer matching contribution accounts may be used to reduce future employer matching contributions or to pay for plan expenses. At December 31, 2015, there were no unallocated forfeiture funds on hand.

Payment of Benefits: Upon termination of service due to death, disability or retirement, a participant whose account balance is $5,000 or more may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in their accounts, or cash installments over a period determined by the participant or beneficiary.

Upon termination of service for other reasons, participant distributions are lump sum

An account balance of less than $5,000 is distributed lump sum.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Contributions Receivable: Plan contributions are impounded by the payroll service company the day before payroll is distributed and remitted to the Plan within a few days of the date of the payroll. Such amounts are reflected as a receivable by the Plan on the payday. No allowance for uncollectible accounts is deemed necessary.

Use of Estimates: The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements as well as the changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Distributions to Participants: Distributions to participants reduce net assets when paid.

Operating Expenses: All expenses of maintaining the Plan are paid by the Plan sponsor at its discretion.

Concentrations: Periodically, the Plan has large balances on hand with its trustee exceeding insured amounts. Additionally, substantially all of the investments of the Plan are held by a single trustee. These concentrations have been considered by the Plan trustees and determined to be reasonable and without undue risk.

Investment Income Recognition: Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded when received.

NOTE C – FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefit.

Generally accepted accounting principles establish a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels:

Level 1 - Inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. None of the investments were valued using market quotes for identical assets. Level 2 inputs were available and used for the accounts managed by State Street, and Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Level 2 - Other Observable Inputs as to Fair Value - The fair value of managed separate accounts is based on quoted net asset values of the shares held by the Plan at year-end. The S&P Index fund value is based on the quoted value of the underlying mutual fund investments.

Level 3 - Fair Value Measurements – This category would contain investments for which there are no observable or comparable measures. Values are determined based on the net values of underlying assets which do not have quoted values. The Stable Value fund value is based on the estimated market value of the underlying debt investments.

The following table provides further details of the fair value measurements.

NOTE E – SUMMARY OF INFORMATION CERTIFIED BY THE TRUSTEE

The following is a summary of the Plan's financial information and data certified by the trustee for the year ended December 31, 2015 and 2014:

	2015	2014
Assets		
Investments at fair value	$6,040,838	$6,060,356
Investment Income		
Net investment income (loss)	$ (3,513)	$ 368,492

NOTE F – TAX STATUS

A favorable determination letter was received in 2014 on the volume submitter plan on which the Plan is based and currently operating.

The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2011.

NOTE G – RECONCILIATION TO FORM 5500

The financial statements are reconciled to Form 5500 as follows:

	Per Financial Statements	Per Form 5500	Differences
Net Assets at December 31, 2014	6,097,292	6,106,296	(9,004)
Total contributions	309,943	314,199	(4,256)
Excess contributions 2015	4,256	-	4,256
Distributions	(321,761)	(326,076)	4,315
Excess contributions 2014	(4,315)	-	(4,315)
Investment earnings	(3,513)	(5,307)	1,794
Adj for contract value 2014	(4,689)	-	(4,689)
Adj for contract value 2015	2,894	-	2,894
Net change	(1,795)	-	(1,795)
Net change in assets available for benefits	(15,331)	(17,184)	1,853
Net Assets at December 31, 2015	6,081,961	6,089,112	(7,151)

While both documents are prepared on the accrual basis of accounting, the financial statements reflect a liability at year-end for excess contributions for the year thus reducing contributions for the year, which were disbursed after year-end with the prior year excess reducing distributions in the current year. The difference in investment earnings is the impact of the adjustment to contract value for the guaranteed investment for financial statement purposes.

NOTE H – RISKS AND UNCERTAINTIES

The Plan invests in various investments securities all of which are fully participant-directed. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE I – PLAN TERMINATION

The Company anticipates that the Plan will continue without interruption but reserves the right to amend or discontinue the Plan at any time subject to the provisions of ERISA. In the event of termination of the Plan, the account of each participant shall be fully vested.

NOTE J – SUBSEQUENT EVENT

The Plan Administrators have decided to change the third party administrator and trustee effective December 1, 2016.

NOTE K – DATE OF MANAGEMENT'S REVIEW

Management has evaluated subsequent events through October 14, 2016, the date the financial statements were available to be issued.
