SETTON PISTACHIO OF TERRA BELLA, INC.
401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2015 AND 2014

Note 1: Description of Plan:

The following description of the Setton Pistachio of Terra Bella, Inc (the "Company") 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:

The Plan, which was adopted on January 1, 1997, is a defined contribution plan covering all full time employees of the Company who have attained age eighteen, who have completed six months of service and are not a member of a collective bargaining unit. The Plan is subject to the provisions of the Employee Retirement Security Act of 1974 (ERISA), as amended.

Contributions:

Each eligible employee may authorize a reduction of his or her annual gross compensation subject to the limitations as provided in the Internal Revenue Code and the Plan.

Company nondiscretionary matching contributions are equal to 50% of the employees contribution to a maximum of 6% of covered compensation.

Note 1: Description of Plan: (continued)

Participant accounts:

Participant's funds are kept in their own separate pre-tax and Company contribution accounts. Each participant's pre-tax account is credited with the participant's contribution and the Company matching contribution, if any, is credited to the participant's Company contribution account. Net investment gain or loss in each mutual fund is allocated to each particpant's account in proportion to account balances, as defined. Forfeitures of terminated participants' nonvested Company contribution accounts are used to reduce the Company's future contributions.

Vesting:

Participants are immediately vested in participants' contributions plus earnings thereon. a participant will be 100% vested in Company matching contributions after four years of credited service.

Payment of benefits:

On termination of service, death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account. If the lump-sum value of a participant's benefit does not exceed $1,000, the Administrator may distribute the benefit in a lump-sum without a participant's consent as soon as administrativley feasable after a participant's termination of employment.

Loans to participants:

Participants may borrow from their account a minimum of $1,000, up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loan must be repaid with equal payments, not less than quarterly, within five years (unless the purpose of the loan is to purchase a principal residence). The loans must bear a reasonable interest rate and be adaquately secured. Principal and interest is paid ratably through payroll deductions. All loans are secured by the balance of the participant's account.

Note 1: Description of Plan: (continued)

Tax status:

The Company has adopted a prototype plan which has received an opinion letter from the Internal Revenue Service stating that the prototype satisfies the applicable sections of the Internal Revenue Code. The Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

Note 2: Summary of Significant Accounting Policies:

Basis of accounting:

The plan prepares its financial statements on the accrual basis of accounting.

Investment valuation and income recognition:

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on the accrual basis. Dividends earned by the funds are included in the unit value and, accordingly, are included in net appreciation (depreciation) in fair value of investments which includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits:

Benefits are recorded when paid.

Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles require the Plan Administrator to make estimates and assumptions that affect reported amounts and disclosures. Actual results could differ from from those estimates.

Note 2: Summary of Significant Accounting Policies (continued):

Subsequent Events:

The Plan has evaluated events and transactions for potential recognition or disclosure through October 7, 2016 the date the financial statements were available to be issued.

Note 3: Plan Termination:

Although it has not expressed an interest to do so, the Company has the right under the Plan to change or terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, amounts credited to the participant's accounts shall be fully vested and are nonforfeitable.

Note 4: Investments:

Participants direct the investment of amounts credited to their accounts among various funds having different investment objectives. Such funds are held by John Hancock Life Insurance Company of New York ("John Hancock"), the trustee and custodian.

John Hancock has certified to the accuracy and completeness of investments and related income as reported in the accompanying financial statements and supplement schedule. Refer to Schedule 1 for a detailed description of the investments.

Note 5: Fair Value Measurements:

Financial Accounting Standards Boards (FASB) Accounting Standards Codification (ASC) 820, "Fair Value Measurements and Disclosures," establishes a framework for measuring fair value that provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of fair value hierarchy under FASB (ASC) 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has ability to access.

Note 5: Fair Value Measurements (continued):

Level 2: Inputs to the valuation methodology include
- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified contractual term, the Level 2 input must be obervable for substantially the full term of the asset or liabilitiy.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The fair value of mutual funds is based on quoted net asset value of shares held by the Plan at year end. The fair value of common stocks and corporate bonds are based on the closing price reported on the active market where the individual securities are 'traded.

Note 5: Fair Value Measurements (continued):

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value at December 31, 2015 and 2014:

	December 31, 2015

Note 6: Party-In-Interest Transactions:

The employer pays certain administrative expenses of the plan. Certain of the Plan's investments are mutual funds managed by an affiliate of the Plan's trustee.

Note 7: Risks and Uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securites will occur in the near term and that such changes could materially affect participants account balances and the amounts reported in the statement of net assets available for benefits.

Note 8: Internal Revenue Status:

The Plan is intended to be qualified under Section 401(a) of the Internal Revenue Code of 1986 (the "Code") and is intended to be exempt from taxation under Section 501 (a) of the Code. The Plan Administrator believes that the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements. The tax years ended December 31, 2012 through 2015 are still open for potential audit.
