Statement by Enrolled Actuary
To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Independent Auditors' Report

The Plan Administrator
Cargill, Incorporated and Associated Companies
Salaried Employees' Pension Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Cargill, Incorporated and Associated Companies Salaried Employees' Pension Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statements of changes in net assets available for benefits for the years then ended, and the statement of accumulated plan benefits as of December 31, 2014, and the related statement of changes in accumulated plan benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in note 7 to the financial statements, which was certified by The Bank of New York Mellon (the Plan Trustee), except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2015 and 2014, and for the years ended December 31, 2015 and 2014 that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedules of (1) schedule H, line 4i – schedule of assets (held at end of year) and (2) schedule H, line 4j – schedule of reportable transactions as of or for the year ended December 31, 2015 are required by the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on these supplemental schedules.

Report on Form and Content in Compliance with DOL's Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

December 31, 2015 and 2014

(1) Description of Plan

The following is a brief description of the Cargill, Incorporated and Associated Companies Salaried Employees' Pension Plan (the Plan). Participants should refer to the Plan document for more complete information.

General

The Plan is a defined-benefit pension plan designed to provide benefits to eligible employees. The Plan covered all full-time salaried employees who attained age 21 and completed one year of service. The Plan was closed to new participants effective January 1, 2007. The benefit service for unvested employees under age 40 as of December 31, 2006 was frozen and those employees moved into an Employee Retirement Account Plan, a defined-contribution plan, as of January 1, 2007. The remaining employees were categorized as "A" or "A+B" as of December 31, 2006. Both groups will continue to accrue accredited and vesting service in the pension plan. "A" group consists of employees who were 50 years or older, or employees who were with 20 years of vesting service, regardless of age. "A+B" group consists of employees who were 40–49 regardless of service, or employees under 40 with 5–19 years of vesting service. The early retirement subsidies (Social Security bridge benefit and early retirement factors) are eliminated for the "A+B" group on service after December 31, 2006.

The Plan is administered by the People Team, which is the committee that has overall responsibility for plan design and operations. Plan Investment oversight is provided by the Pension Investment Committee, which has responsibility for establishing investment strategy and monitoring investment performance. Both committees report to the Cargill, Inc Board of Directors.

For service prior to January 1, 1992, retirement benefits are calculated at 1.5% of the Final Average Salary (highest consecutive five-year average salary within the last 10 years of employment), less 1.25% of annual Social Security benefits, all multiplied by the years of service (not to exceed 40). These benefits are indexed for future salary increases using an index factor equal to the Final Average Salary at termination divided by the Final Average Salary at December 31, 1991. For service after December 31, 1991, retirement benefits are calculated at 0.80% of the Final Average Salary plus 0.35% of the Final Average Salary in excess of Covered Compensation, as defined in the Plan document, all multiplied by the years of service. For certain employees, the base percentage is 1.10% rather than 0.80%. Years of service are based on service after December 31, 1991, and are limited to a total of 40 years for the base benefit and 35 years for the excess benefit.

The Plan was amended effective January 1, 2007 to increase the maximum benefit and compensation limitations, and to enhance preretirement death benefits.

Effective January 1, 2008, the benefit of a vested participant who dies without a spouse or registered domestic partner will be paid to the participant's estate as the 100% joint survivorship benefit.

On June 1, 2013, the Cerestar USA, Inc. Retirement Plan (the Cerestar Plan) was merged into the Plan. On this date, assets of the Cerestar Plan were transferred to the Plan. Benefits earned under the Cerestar Plan were maintained.

CARGILL, INCORPORATED AND ASSOCIATED COMPANIES
SALARIED EMPLOYEES' PENSION PLAN

Notes to Financial Statements

December 31, 2015 and 2014

The Cerestar Plan provides that upon normal retirement, at age 65, a participant receives an annual pension, which is a graduated amount based on the participant's earnings, the date of retirement and the years of credited service. Participants may choose to receive their benefit in the form of a single life annuity option, a life and 10-year certain option, 50% joint and survivor annuity option, or a contingent annuity option, as defined in the Plan document. Participants are credited with one year of vesting service for a 12-month period of service. A participant's accrued benefit shall be 100% vested upon one of the following: (1) the participant's completion of at least five years of vesting service; or (2) the participant's attainment of age 65 while employed by Cargill, Incorporated.

Effective December 31, 2018, the Plan will cease benefit accruals for all active participants and all participants will cease earning benefits.

(2) Summary of Accounting Policies

The following are the significant accounting policies followed by the Plan:

(a) Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

(b) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein; disclosure of contingent assets and liabilities; and the actuarial present value of accumulated plan benefits at the date of the financial statement and changes therein. Actual amounts could differ from those estimates.

(c) Risk and Uncertainties

The Plan has investments across a range of investment strategies. Investments, in general, are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of these investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits is reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in these estimates and the assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

(d) Investments and Income Recognition

Cargill, Inc (the Company) The Company established, effective September 3, 1985, a master trust fund (the Master Trust). The purpose of the Master Trust is to pool investment transactions and achieve uniform rates of return on comparable funds under each plan in the Master Trust. Each plan deposits investable funds in the Master Trust and each owns an undivided interest in the net assets of the Trust.

**CARGILL, INCORPORATED AND ASSOCIATED COMPANIES
SALARIED EMPLOYEES' PENSION PLAN**

Notes to Financial Statements

December 31, 2015 and 2014

All securities of the Master Trust are carried at fair value. The Plan's investment in the Master Trust represents its pro rata interest in the net assets of the Trust. The unaudited financial statements of the Master Trust are separately filed with the Department of Labor (note 8).

Transactions and assets of the Master Trust are accounted for separately from those of the Plan. Securities transactions are recognized on the date the order to buy or sell is executed. Net appreciation and depreciation of investments include realized and unrealized gains and losses.

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Pension Investment Committee determines the Plan's valuation policies utilizing information provided by its investment advisers, custodians, and insurance company. See note 9 for a discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

(e) *Derivatives*

Derivative financial instruments are used by the Master Trust's investment managers primarily to rebalance the fixed income and equity allocation of the Master Trust's portfolio. The derivatives most commonly used by the investment managers are highly liquid exchange-traded equity and fixed income futures. The fair value of the derivative instruments, none of which are accounted for as hedge instruments under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 815, *Derivatives and Hedging*, is included in the Master Trust's statement of assets under plan interest in inventory income of the Cargill Master Trust. The use of derivative instruments is not believed to materially increase the credit or market risk of the Master Trust's investments.

(f) *Payments to Participants*

Payment of benefits to participants is recorded upon distribution.

(g) *Administrative Expenses*

Expenses are paid out of the Master Trust by the Plan Trustee. Any expenses that are directly incurred such as Pension Benefit Guaranty Corporation (PBGC) insurance premiums, and actuarial, audit, and benefits administration fees, are allocated to the plans based on actual costs. These expenses totaled \$9,706,232 and \$4,228,800 for 2015 and 2014, respectively. Expenses incurred by the Master Trust, such as trustee and investment management costs, are allocated to the individual plans based upon beginning of month balances invested in the Master Trust. These expenses totaled \$14,819,189 and \$5,729,110 for 2015 and 2014, respectively. Certain plan administration costs are absorbed by the plan administrator.

(h) *Recent Accounting Pronouncements*

In May 2015, the FASB issued Accounting Standards Update (ASU) 2015-07, *Fair Value Measurement (Topic 820), Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or Its Equivalent)*. ASU 2015-07 removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value (NAV)

CARGILL, INCORPORATED AND ASSOCIATED COMPANIES
SALARIED EMPLOYEES' PENSION PLAN

Notes to Financial Statements

December 31, 2015 and 2014

per share practical expedient. It also removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. The requirements of the standard are effective for fiscal years beginning after December 31, 2016 with early adoption permitted. ASU 2015-07 is to be applied retrospectively. The Plan is currently evaluating the impact of the updated guidance on the financial statement disclosures.

In July 2015, the Financial Accounting Standards Board (FASB) issued ASU 2015-12, *Plan Accounting, Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): Fully Benefit-Responsive Investment Contracts, Plan Investment Disclosures, Measurement Date Practical Expedient*. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures and clarifies that indirect investments in investment contracts are not fully benefit-responsive. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5% or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics, and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of asset. Parts I and III are not applicable to the Plan. The ASU is effective for the fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively. The Plan is currently evaluating the impact of the updated guidance on the financial statement disclosures.

(3) Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments that are attributable, under the Plan's provisions, to service rendered by employees. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries; (b) beneficiaries of employees who have died; and (c) present employees or their beneficiaries. The current year benefits accumulated caption includes \$19,834,829 of benefits earned in previous years, which were omitted in error from the actuarial present value of accumulated plan benefits as of the beginning of year. The out of period error of \$19,834,829 was not considered to be material to the financial statements, considering qualitative and quantitative factors. Benefits payable under all circumstances—retirement, death, disability, and termination of employment—are included to the extent they are deemed attributable to employee service rendered to the valuation date.

The actuarial present value of accumulated plan benefits, including both vested (benefits to which participants are entitled, regardless of future service with the Company) and nonvested benefits, is determined as of the beginning of the plan year by the independent actuarial firm of William M. Mercer, Incorporated and is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and probability of payment (by means of decrements for death, disability, termination, or retirement) between the valuation date and expected dates of payment.

**CARGILL, INCORPORATED AND ASSOCIATED COMPANIES
SALARIED EMPLOYEES' PENSION PLAN**

Notes to Financial Statements

December 31, 2015 and 2014

Significant assumptions used in the valuation of the Plan's actuarial present value of accumulated plan benefits include (a) withdrawal and disability rates based upon past experience; (b) assumed mortality rates based upon published statistical data using the MRP-2007 table projected using Scale MMP-2007 for preretirement and the MILES (Mercer Industry Longevity Experience Study) for the Consumer Goods, Food & Drink industry group projected using Scale MMP-2007 for postretirement; (c) assumed retirement age varies from 55 to 65; (d) assumed rate of return of 7.20% and 7.40% for 2015 and 2014, respectively; and (e) assumed inflation rate of 2.50% for 2015 and 2014.

(4) Termination

While the Company has not expressed any intent to terminate the Plan or to discontinue contributions, it is free to do so at any time, subject to the provisions set forth in the Employee Retirement Income Security Act of 1974 (ERISA). Should the Plan be terminated at some future time, all participants become 100% vested in benefits earned as of the termination date.

In the event the Plan terminates, the benefit of any Highly Compensated Employee (and any Highly Compensated Former Employee), as defined in the Plan, is limited to a benefit that is nondiscriminatory under Section 401(a)(4) of the Internal Revenue Code (IRC).

If the termination is the result of the bankruptcy or near bankruptcy of the Company and the Plan's assets are not adequate to pay all benefits vested prior to the termination, the PBGC will take over the Plan and will pay those benefits that it guarantees. In this case, some participants may receive a smaller benefit than if the Plan had continued. Whether a particular participant's accumulated plan benefits will be paid depends on both the priority of those benefits (as described in the Plan document) and the level of benefits guaranteed by the PBGC at that time.

If, however, the Plan is terminated for any reason other than the bankruptcy or near bankruptcy of the Company and the Plan has insufficient assets, the Company will be required to pay to the Plan an amount that, together with the plan assets, will satisfy all benefits accumulated to the date of the plan termination.

(5) Employer Contribution for Return of Benefit Overpayments

During the continued review of benefits and follow-up associated with the outsourcing of defined-benefit administration to Towers Watson effective April 1, 2011, management performed an internal audit of existing benefit annuities to ensure benefits were calculated accurately. Various participants were identified as receiving overpayments of their pension benefits from the Cargill pension plans. The annuities to these participants were reduced to the correct amount on a prospective basis. To correct the past overpayments, Cargill calculated the total overpayments to participants from the beginning of each annuity and contributed the overpayment amount to the Master Trust.

(6) Plan Asset Transfers

In February 2014, a transfer of \$17,226 was made to the Plan from the Cargill, Inc. and Associated Companies Pension Plan for Production Employees. The transfer was made to correct for a pension payment that was made from the Plan in error. The payment included earnings on the transferred principal for the period from June 2003 to September 2006.

**CARGILL, INCORPORATED AND ASSOCIATED COMPANIES
SALARIED EMPLOYEES' PENSION PLAN**

Notes to Financial Statements

December 31, 2015 and 2014

In March 2015, a transfer of \$112,024 was made to the Plan from the Cargill, Inc. and Associated Companies Pension Plan for Production Employees. In addition, a transfer of \$34,837 was made from the Plan to the Cargill, Inc. and Associated Companies Pension Plan for Union Represented Hourly Employees. The transfers were made to correct for pension payments that were made in error. The payment included earnings on the transferred principal for the period from January 1, 2000 to March 26, 2015.

In December 2015, a transfer of \$6,713 was made to the Plan from the Cargill, Inc. and Associated Companies Pension Plan for Production Employees and a transfer of \$89 was made into the Plan from the Cargill Meat Solutions Corporation Employee's Retirement Plan. In addition, a transfer of \$5,087 was made from the Plan to the Cargill, Inc. and Associated Companies Pension Plan for Union Represented Hourly Employees. The transfers were made to correct for pension payments that were made from the Plan in error. The payments included earnings on the transferred principal for the period from January 1, 2000 to December 31, 2015.

(7) Information Certified by Trustee

The Plan Trustee holds the Plan's investment assets, executes transactions therein pursuant to discretionary authority granted to the Plan Trustee concerning purchases and sales of investments in the Trust fund, and collects the related investment income.

The Plan Trustee has provided the plan administrator with certifications as to the completeness and accuracy of investment assets, liabilities, and income of the Plan and Master Trust as of and for the years ended December 31, 2015 and 2014 as outlined in the following table:

	<u>2015</u>	<u>2014</u>
Plan interest in Cargill Master Trust:		
Investments at fair value	\$ 1,821,506,247	1,869,473,826

Investments at fair value	\$ 2,474,810,762	2,560,235,234
Investment income	10,386,272	223,903,981

Such amounts are included in the accompanying financial statements, notes thereto, and supplemental schedules of the Plan based on such certification from the Plan Trustee.

(8) Interest in Master Trust

Most of the Plan's investments are in the Master Trust, which was established for the investment of assets of the Plan and several other Company sponsored retirement plans. Each participating retirement plan has an undivided interest in the Master Trust. The assets of the Master Trust are held by the Plan Trustee. The value of the Plan's interest in the Master Trust is based on the beginning of year value of the Plan's interest in the Trust plus actual contributions and allocated investment income, including realized and unrealized gains and losses, less actual distributions and allocated administrative expenses. As of December 31, 2015 and 2014, the Plan's interest in the net assets, including realized and unrealized gains and losses, of the

The Master Trust began investing in common stock of the Company, a party in interest, during the year ended December 31, 1996, through a purchase agreement that allows the Master Trust to hold up to 10% of its investments in Cargill, Incorporated common stock. The transaction is considered an exempt

party-in-interest transaction by the Department of Labor. The purchase agreement includes a put option by the Master Trust that allows it to sell the Cargill, Incorporated common stock back to the Company at the greater of cost or fair value. Fair value of the Cargill, Incorporated common stock is determined quarterly by an independent valuation. If the stock were to be traded in an open market, the results of the stock value could be different from what is reported on the financial statements. On August 27, 2014, the Master Trust sold all remaining shares of its investment in the common stock of the Company for \$49,248,879.

The Master Trust has \$1,097,554,749 of investments in alternative investment funds, which are reported at fair value. The Master Trust has concluded that the NAV reported by the underlying fund approximates the fair value of the investment. Such investments are redeemable with the fund at NAV under the original terms of the partnership agreements and/or subscription agreements and operations of the underlying funds. However, it is possible that these redemption rights may be restricted or eliminated by the funds in the future in accordance with the underlying fund agreements. Due to the nature of the investments held by the funds, changes in market conditions and the economic environment may significantly impact the NAV of the funds and, consequently, the fair value of the Master Trust's interests in the funds.

The following table summarizes the redemption terms for Master Trust alternative investments, which were valued using the NAV as a practical expedient as of December 31, 2015.

	<u>Fair value</u>	<u>Unfunded commitments</u>	<u>Redemption terms and restrictions</u>
Real estate	\$ 248,812,541	189,285,143	Redemption not permitted for 75% of the value of investments in this category. For these investments the Master Trust receives distributions through liquidation of underlying assets over their remaining life of up to 10 years. Other investments are redeemable daily with 30 days' notice.
Private equity	181,954,694	185,574,734	Redemption not permitted. For these investments, the Master Trust receives distributions through liquidation of underlying assets over their remaining life of up to 10 years.

(9) Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below.

Basis for fair value measurement:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
- Quoted prices of similar or identical assets in markets
 - Quoted prices for identical or similar assets or liabilities in inactive markets

Notes to Financial Statements

December 31, 2015 and 2014

- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following tables present the level within the fair value hierarchy at which the Master Trust investment assets are measured on a recurring basis as of December 31, 2015 and 2014:

Notes to Financial Statements

December 31, 2015 and 2014

- (1) Consists of individual securities valued at the closing price on the major stock exchange on which they are traded and are classified as Level 1 within the valuation hierarchy.
- (2) Fixed-income mutual funds are exchange-traded mutual funds valued based on the quoted NAV, which is calculated at the end of each business day. The NAV is based on the amount investors pay to purchase an investment in the fund and is classified as Level 2 within the valuation hierarchy. At December 31, 2015 and 2014, all Level 2 fixed-income mutual funds were held directly by the Master Trust.
- (3) Consists of limited partnership interests that invest in real estate, private equity, and hedge funds. Real estate includes debt and equity investments in U.S. and non U.S. securities. Private equity includes debt and equity investments in U.S. and non-U.S. securities across buyouts, growth capital, distressed debt, mezzanine debt, and venture capital. Real estate and private equity valuations require significant management judgment due to the absence of quoted market prices and are classified within Level 3 of the valuation hierarchy. Hedge fund investments are diversified by manager, geography, and strategy. Hedge funds are valued based on quoted NAV as determined by the fund administrator and are classified within Level 3 of the valuation hierarchy.
- (4) Short-term investment funds are valued using the NAV provided by the fund administrator to participants in the fund only. As such, they are classified as Level 2 within the fair value hierarchy.

The Plan did not significantly change valuation techniques from the prior period.

The Master Trust and the Plan did not have significant transfers between Levels 1 and 2 during the years ended December 31, 2015 and 2014. It is the Plan's policy to recognize transfers between levels of the fair value hierarchy on the date of the event or change in circumstances that caused the transfer.

The tables below present a summary of changes in the fair value of the Master Trust's Level 3 investment assets for the years ended December 31, 2015 and 2014:

(10) Tax Status

The Plan has received a tax determination letter dated February 11, 2014, from the Internal Revenue Service stating that the Plan qualified under Section 401(a) of the Internal Revenue Code (IRC) and the Trust created there under was exempt from federal income taxes under Section 501(a). The Plan has been amended since this determination letter, but the Company believes the Plan continues to meet the requirements of Section 401(a) of the IRC and that the related trust is exempt from income tax under Section 501(a) of the IRC. Therefore, no provisions for income taxes have been made.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

(11) Party-in-Interest Transactions

Transactions resulting in plan assets being transferred to or used by a related party are prohibited under ERISA unless a specific exemption applies. The Plan Trustee is a party in interest as defined by ERISA as a result of its investing plan assets in certain of their funds. The Master Trust, a master trust established by the plan administrator, is a party in interest as defined by ERISA as a result of the Plan purchasing participation units of the Master Trust. The transactions described above are exempt under Section 408(b)(8) and are not prohibited by ERISA.

(12) Subsequent Events

The Plan has evaluated subsequent events from December 31, 2015 through October 14, 2016, the date at which the financial statements were available to be issued, and determined that there are no items to disclose.

Rationale for Economic Assumptions – Funding

- Discount rate – Prescribed by the IRS and based on the company's current elections.
- Salary increases – The salary increase rates were last changed in 2011 and are based on an experience study undertaken in 2007 using data from 2000-2006 and the expectation that the future salary patterns and circumstances of the employer will not differ significantly from the period studied.
- Social Security taxable wage base increases – Developed using a building block approach consisting of inflation plus 100 basis points for productivity improvements.
- Inflation – This assumption was set after reviewing long term expected inflation rate from the Mercer Investment Consulting *Capital Markets Outlook*. Mercer's October 2014 Portfolio Return Calculator (PRC) was reviewed to see if this assumption still falls within 75 basis points of the long term inflation assumption in the PRC, which it does.
- Expected investment return – This assumption is based on the expected return developed by applying expected future returns from the Mercer Investment Consulting *Capital Markets Outlook* and the Mercer October 2014 PRC based on the plan's target asset mix provided by Cargill as of December 31, 2014.

Schedule SB, Part V — Statement of Actuarial Assumptions/Methods

- Expenses – Based on the actual administrative expenses from the prior year (excluding the PBGC premiums paid in the prior year) plus expected PBGC premiums for the current year.

Rationale for Significant Demographic Assumptions – Funding

- Mortality – Prescribed by the IRS.
- Withdrawal – Withdrawal rates are based on an experience study undertaken in 2010 using data from 2000-2009 and the expectation that the future withdrawal patterns and circumstances of the employer will not differ significantly from the period studied.
- Disability incidence – Based on plan's historical experience, an assumption of no disability incidence has historically been used for the plan. This assumption is reviewed annually and has not produced significant gains or losses.
- Retirement age – Retirement rates are based on an experience study undertaken in 2010 using data from 2000-2009 and the expectation that the future retirement patterns and circumstances of the employer will not differ significantly from the period studied.
- Form of payment – Based on a plan experience study completed in 2008.

Actuarial Methods for Funding***Asset Methods – Effective January 1, 2009***

The asset valuation method is an average of the adjusted market value for each year during the last two years preceding the valuation date. The adjusted market value is the market value at each determination date adjusted to the valuation date based on actual cash flows and expected interest at the lesser of the expected rate of return and the third segment rate. This amount is adjusted to be no greater than 110 percent and no less than 90 percent of the fair market value, as defined in IRC Section 430.

A characteristic of this asset method is that, over time, it is slightly more likely to produce an actuarial value of assets that is less than the market value of assets than an actuarial value that is greater than the market value.

Schedule SB, Part V — Statement of Actuarial Assumptions/Methods***Participant Methods – Effective January 1, 2008***

Participants or former participants are included or excluded from the valuation as described below:

- **Participants included:** The plan sponsor provides us with data on all employees as of the valuation date, but only those employees who have completed the plan's eligibility requirements are included in the valuation of liabilities.
- **Participants excluded:** No actuarial liability is included for nonvested participants who terminated prior to the valuation date. For this purpose, participants with a break in service on the valuation date are treated as terminated participants.
- **Insurance contracts:** The plan does not have any insurance contracts.

Minimum Funding Methods – Effective January 1, 2008

The funding target for minimum funding calculations is computed using the traditional unit credit method of funding. The objective under this method is to fund each participant's benefits under the plan as they accrue. Thus, the total pension to which each participant is expected to become entitled at retirement is broken down into units, each associated with a year of past or future credited service.

A detailed description of the calculation follows:

- The plan's valuation date is the beginning of the plan year.
- An individual's **funding target** is the present value of future benefits based on credited service and average pay as of the beginning of the plan year, and an individual's **target normal cost** is the present value of the benefit expected to accrue in the plan year. If multiple decrements are used, the funding target and the target normal cost for an individual is the sum of the component funding targets and target normal costs associated with the various anticipated separation dates.
- The plan's **target normal cost** is the sum of the individual target normal costs, and the plan's **funding target** is the sum of the individual funding targets for all participants under the plan.

Statement by Enrolled Actuary
 To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Schedule SB, Part V — Summary of Plan Provisions**Summary of Major Plan Provisions**

Effective Date and plan year	<u>Cargill Salaried</u> Original plan: January 1, 1965 Restated plan: January 1, 2012 and adopted December 19, 2012. Plan year: January 1 to December 31	<u>Cerestar Salaried</u> Original plan: July 1, 2001 Amended and restated: Effective January 1, 2010 and adopted December 22, 2010 Plan year: January 1 to December 31
Most Recent Amendment	Adopted December 18, 2014.	
Status of the Plan	The plan is closed to new entrants, and provides future benefit accruals for Grandfathered (or Legacy or Group A) participants and transition (or Group A + B) participants. Effective December 31, 2018, credited service and benefits will become frozen.	Effective June 30, 2002, eligibility, credited service and benefits were frozen.
Significant Events that Occurred during the Year	The Plan was amended to provide a one-time lump sum option for eligible vested terminated participants to elect, by December 1, 2014, a lump sum payment made in December 2014. Eligible participants included those with a lump sum value as of December 1, 2014 of greater than \$5,000, but less than or equal to \$50,000. Effective December 31, 2018, benefits under the Plan will be frozen, i.e., there will be no additional accruals for salary or service increases after this date.	
Definitions	<u>Cargill Salaried</u>	<u>Cerestar Salaried</u>
Covered employees		
<u>Cargill Salaried</u>	The Plan covers all full time salaried employees who were hired by January 1, 2007 and have attained age 21 and completed one year of service. These participants are broken into three groups: a. Grandfathered (or Legacy or Group A) Participants – Age 50 or 20 years of service as of December 31, 2006. b. ERA (or Frozen) Participants – Less than age 40 and less than 5 years of service as of December 31, 2006. c. Transition (Group A + B) Participants – All other participants.	
<u>Cerestar Salaried</u>	Prior to July 1, 2002, all salaried and certain hourly production employees were eligible to participate.	
Accredited Service	The period of a Participant's employment considered in determining the amount of benefit payable to or on behalf of a Participant. The following groups have frozen accredited service:	Prior to January 1, 2000, one year of service for each plan year in which the employee works 12 months. Excludes service prior to age 25 if before January 1, 1985; prior to age 21 thereafter. Excludes service

Excludes service while the plan was contributory, if the Participant waived participation.</p> <p>Credited service on and after January 1, 2000 and before July 1, 2002 is one year of service for each 12 full months of employment. Service less than a full year will be prorated (one twelfth for each month with at least one hour worked).</p>
Definitions	Cargill Salaried	Cerestar Salaried
Final Average Salary	Final Average Salary is the average salary for the highest 60 consecutive months within the last 120 months prior to determination.	Average Monthly Earnings is the average of the three consecutive completed calendar years of service which produce the highest average within the 10-year period preceding retirement, termination or July 1, 2002, if earlier. Compensation for a partial calendar year after December 31, 1998, will be used as a full calendar year only if this inclusion will increase average monthly earnings.
Covered Compensation	The average of the Social Security Taxable Wage Bases for the 35 calendar years ending with the year the employee attains Social Security Retirement Age. The Wage Base for years after the determination date is assumed to be the same as the Wage Base as of the determination date.	
Normal Retirement		
• Normal Retirement Date	The first day of the month of the Participant's 65th birthday.	The first day of the calendar month coincident with or next following normal retirement age (age 65).
• Benefit	<p>The sum of (1) and (2) as follows:</p> <p>1) Old formula accrued benefit as of December 31, 1991 indexed for future salary increases. The old formula is 1.50% of Final Average Salary less 1.25% of Social Security all times years of service (not to exceed 40). The index factor is Final Average Salary at termination divided by Final Average Salary at December 31, 1991.</p> <p>2) New formula benefit for</p>	<p>0.9% of Average Monthly Earnings times credited service, plus 0.45% of Average Monthly Earnings in excess of Covered Compensation times credited service not in excess of 35 years. Minimum benefit equal to \$35 times years of credited service. In no event shall the normal retirement benefit be less than:</p> <p>a) the participant's accrued benefit under the Cerestar USA, Inc. Retirement Plan (the CUSA Plan) as of December 31, 1999 recognizing increases in average monthly earnings</p>

service after December 31, 1991. For employees eligible for the ESOP, the new formula is 0.80% of Final Average Salary plus 0.35% of Final Average Salary in excess of Covered Compensation all times years of service. For employees not eligible for the ESOP, the base percentage is 1.10% rather than 0.80%. Years of service are based on service after December 31, 1991 and are limited to:

- 40 years less service as of December 31, 1991 for the base benefit, and
- 35 years less service as of December 31, 1991 for the excess benefit.

b) and covered compensation up through December 31, 2004 but credited service as of December 31, 1999 (average monthly earnings is the 60 highest consecutive months), plus; the benefit under the EBSA plan accrued after December 31, 1999.

Early retirement
Cargill Salaried

• Requirements

Early Retirement is available after attainment of age 55 and completion of fifteen years of service.

Grandfathered Benefit; and
Non-Grandfathered
Benefit for Service as of
December 31, 2006

The amount of benefit is determined under the Normal Retirement formula, but is based on compensation at the Early Retirement date and service as of: (i) the Early Retirement date for Grandfathered participants; or (ii) December 31, 2006 for non-Grandfathered participants. The benefit amount is payable without reduction if benefit payments start on or after age 60 with fifteen years of service or at the Normal Retirement Date (without regard to length of service). Otherwise the benefit amount is reduced a certain percentage per year for each year that the payments start prior to the date when unreduced status would have been obtained as follows:

Years of Service	Per Year Reduction Percentage
35 or more	3%
30 – 34	4%
25 – 29	5%
20 – 24	6%
15 – 19	7%

Non-Grandfathered Benefit
for Service after December
31, 2006

The amount of benefit is determined under the Normal Retirement formula, but is based on compensation at the Early Retirement date and service between December 31, 2006 and the Early Retirement date. The benefit amount is reduced 5% per year for each year that the payments start prior to 65 with a floor of age 51 and an additional 2% reduction to age 50.

Schedule SB, Part V — Summary of Plan Provisions

- **Benefit Supplement** In addition to the regular Early Retirement benefit described above, a monthly supplemental benefit is payable to age 62. The amount of this supplement is \$15 times years of service (service is frozen as of December 31, 2006 for non-Grandfathered participants).

Cerestar Salaried

- **Eligibility** Age 55 and completion of ten years of vesting service.
- **Benefit** Accrued benefit reduced by 4.8% per year for the first two years that retirement precedes age 62 and 6% per year thereafter.
For employees participating prior to 2000, certain early retirement benefits have been grandfathered.

Deferred Vested

- | | <u>Cargill Salaried</u> | <u>Cerestar Salaried</u> |
|-----------------------|--|--|
| • Requirements | Any participant with five years of service or who has attained age 60 is entitled to a vested benefit. For participants terminating on or after January 1, 2007, eligible for early commencement after attainment of age 50 and completion of five years of service. For participants terminating prior to January 1, 2007, eligible for early commencement after attainment of age 55 and completion of fifteen years of service. | Five years of vesting service or the date the Participant attains age 65, if earlier. |
| • Benefit | The Normal Retirement formula benefit reduced for commencement prior to age 65. For participants terminating on or after January 1, 2007, the benefit amount is reduced 5% per year for each year that the payments start prior to 65 with a floor of age 51 and an additional 2% reduction to age 50. For participants terminating prior to January 1, 2007, the benefit amount is reduced 7% between ages 60 and 65 and 4% between ages 55 and 60. | Accrued benefit is payable at the normal retirement date. May commence early if completed the age and service requirements for early retirement with an actuarial equivalent of the accrued benefit. |

Schedule SB, Part V — Summary of Plan Provisions

Pre-Retirement Death	<u>Cargill Salaried</u>	<u>Cerestar Salaried</u>
• Requirements	A vested Participant who dies before benefit commencement and who has a surviving spouse.	The Participant and spouse had been married at the date of the Participant's death and the Participant had become eligible for vested benefits.
• Benefit	The spouse is entitled to the benefit that would be payable if the Participant had separated from service on the date of death, survived to the earliest commencement date, commenced benefits on a 100% Joint and Survivor benefit, and then died one day after the earliest commencement date. Prior to January 1, 2007, vested employees, upon attaining age 55, could elect 100% Joint and Survivor coverage rather than an automatic 50% coverage. This additional coverage, if elected, is paid for by the Participant by reducing the Accrued Benefit (but no charge after December 31, 2005).	The surviving spouse receives the 50% continuation portion of the 50% Joint and Survivor annuity, payable at the Participant's earliest retirement date or at the date of death, if later.

Benefits Included or Excluded

Unless noted below, all benefits provided by the plan, as restated and amended through December 18, 2014, are included in this valuation.

- Most recent plan amendments included:** Amendment adopted December 18, 2014.
- Plan amendments excluded:** None
- Late retirement increases:**

Active participants: The plan provides benefit suspension notices to participants who work beyond normal retirement; therefore, late retirement actuarial increases only apply to participants who defer retirement beyond age 70½. This valuation includes increases for current participants over age 70.

Deferred vested participants: Current deferred vested participants over normal retirement age are valued including the late retirement actuarial increase.
- Internal Revenue Code limitations:** The limitations of Internal Revenue Code Section 415(b) and 401(a)(17) have been incorporated into our calculations.
- IRC Section 416 rules for top-heavy plans:** We did not test whether this plan is top-heavy (when the present value of benefits for key employees equals or exceeds 60% of the present value for all participants). However, we expect that the plan is not top-heavy due to the large number of rank-and-file participants; therefore, the funding target and target normal cost do not reflect any liability for top-heavy benefit accruals.

Schedule SB, Part V — Summary of Plan Provisions**Plan Provisions Specific to Funding*****Additional Benefits Included or Excluded***

- **IRC Section 436 benefit restrictions:**
 - *Unpredictable contingent event benefits:* See below.
 - *Plan amendments:* See above.
 - *Prohibited payments:* Limitations on prohibited benefits (if any) are reflected for annuity starting dates before the valuation date but are ignored for annuity starting dates on or after the valuation date.
 - *Benefit accruals:* The plan's funding target does not reflect any limitation on benefit accruals. The target normal cost does not reflect any limitation on benefit accruals.
- **Unpredictable contingent event benefits:** The plan does not have any unpredictable contingent event benefits.

Plan Provision Changes Since Prior Valuation

- Maximum compensation amounts and maximum benefit amounts under IRS rules were updated from 2014 to 2015.
- The Plan was amended to provide a one-time lump sum option for eligible vested terminated participants to elect, by December 1, 2014, a lump sum payment made in December 2014. Eligible participants included those with a lump sum value as of December 1, 2014 of greater than \$5,000, but less than or equal to \$50,000. The impact of this plan change is reflected in funding valuation results as of January 1, 2015.
- Effective January 1, 2015, the Plan was amended to provide to allow participants with a lump sum value not exceeding \$25,000 to elect a lump sum. This plan change has no impact on the Plan's valuation results.
