**401K SAFE, LLC MULTIPLE EMPLOYER 401(K) PLAN -
AUTO INVESTMENT, INC.**

Notes to the Financial Statements

December 31, 2015 and 2014

(1) Description of plan

The following description of the 401k SAFE, LLC Multiple Employer 401(k) Plan - Auto Investment, Inc. (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan was part of a multiple employer defined contribution plan which was adopted on September 1, 2010 to provide retirement benefits for employees of Auto Investment, Inc. (the "Employer"). The Plan covered substantially all employees who had completed six months of service and were age eighteen or older ("participants"). Eligible employees could begin participating in the Plan on the first day of each calendar quarter following when eligibility requirements were met. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). 401k SAFE, LLC (the "Plan Sponsor") was responsible for oversight of the Plan.

Effective December 31, 2015, the Plan no longer participated in the multiple employer defined contribution plan and transferred all participant account balances and plan assets to the Auto Investment, Inc. 401(k) Plan (the "Auto Investment Plan"). The Auto Investment Plan was adopted on January 1, 2016. On December 31, 2015, the Plan's investments were liquidated to the Auto Investment Plan on January 4, 2016.

(b) Contributions

Participants were able to voluntarily make qualified retirement contributions to the Plan which were deductible by the participants for federal income tax purposes under Section 401(k) of the Internal Revenue Code ("IRC") or could be made after-tax in the form of a Roth 401(k) contribution. Participants could also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants directed the investment of their contributions into various investment options offered by the Plan.

The Plan included an auto-enrollment provision whereby all newly eligible participants were automatically enrolled in the Plan unless they affirmatively elected not to participate in the Plan. Automatically enrolled participants had their deferral rate set at 6% of eligible compensation and their contributions invested in a designated investment until changed by the participant.

During 2015 and 2014, the Employer made safe harbor matching contributions equal to 100% of the first 1% of eligible compensation deferred by each participant and 50% of the next 5% of eligible compensation deferred by each participant.

**401K SAFE, LLC MULTIPLE EMPLOYER 401(K) PLAN -
AUTO INVESTMENT, INC.**

Notes to the Financial Statements

December 31, 2015 and 2014

The Plan also provided that the Employer may contribute each year a discretionary profit sharing amount; however, such discretionary contributions by the Employer were not required. No discretionary profit sharing contributions were made by the Employer during 2015 and 2014.

Employer and participant contributions could not exceed the maximum amount deductible for income tax purposes.

(c) Participant accounts

Each participant's account was credited (charged) with the participant's and Employer matching contributions, investment earnings (losses) and administrative expenses. Allocations were based on participant compensation, account balances, or specific participant transactions as defined in the plan agreement. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account.

(d) Vesting

Participants were immediately vested in their elective salary deferral contributions plus actual earnings (losses) thereon. Vesting in the Employer's safe harbor matching and discretionary profit-sharing contributions was based on years of continuous service. Participants were fully vested in the Employer's safe harbor matching contribution after two years of credited service. Participants vested 20% after two years of service in the Employer's discretionary profit sharing contribution and 20% each year thereafter until they became 100% vested after six years of service.

(e) Notes receivable from participants

Participants could borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balances. The loans were secured by the balances in the participants' accounts and accrued interest at fixed rates which were commensurate with local prevailing rates as determined by the plan administrator. Principal and interest was collected ratably through payroll deductions.

(f) Payment of benefits

On termination of service due to death, disability, or retirement, a participant could elect to receive either a lump sum payment equal to the value of the participant's vested interest in his or her account, or periodic installments over a fixed period of time, not to exceed the life expectancy of the participant. For termination of service due to other reasons, a participant was entitled to receive the value of the vested interest in his or her account as a lump sum distribution.

**401K SAFE, LLC MULTIPLE EMPLOYER 401(K) PLAN -
AUTO INVESTMENT, INC.**

Notes to the Financial Statements

December 31, 2015 and 2014

(g) Forfeited accounts

Forfeitures were created when participants terminated employment prior to becoming fully vested in the Employer contribution portion of their accounts. At December 31, 2014, forfeited nonvested accounts totaled \$13,930. There was no balance of forfeited nonvested accounts at December 31, 2015. These accounts were used to reduce subsequent Employer contributions and pay administrative expenses. During 2015 and 2014, forfeited nonvested accounts utilized totaled \$20,631 and \$2,643, respectively.

(h) Hardship withdrawals

The Plan permitted distributions in the event of a hardship, as defined in the plan agreement. These distributions were taxable and subject to a tax penalty equal to 10% of the hardship distribution amount if the participant was younger than age 59½. Hardship withdrawals were limited to the participant's elective account balance. Participants were not permitted to make contributions to the Plan for a period of six months following a hardship withdrawal.

(i) Administrative expenses

Certain administrative expenses were paid by the Employer; while certain administrative expenses were paid by the Plan.

Fees related to the administration of notes receivable from participants were charged directly to the participants' accounts.

Certain fees incurred by the Plan for the investment management services were netted within net appreciation (depreciation) in fair value of the investments, as they were paid through revenue sharing rather than as a direct payment.

(2) Summary of significant accounting policies

(a) Basis of accounting

The financial statements of the Plan were prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statement of Changes in Net Assets Available for Benefits as of December 31, 2014 was prepared using the contract value basis for fully-benefit responsive investment contracts. As of December 31, 2014, the contract value of the investment contracts approximated fair value and therefore no adjustment was necessary.

**401K SAFE, LLC MULTIPLE EMPLOYER 401(K) PLAN -
AUTO INVESTMENT, INC.**

Notes to the Financial Statements

December 31, 2015 and 2014

(b) Investment valuation and income recognition

Investments were reported at fair value or contract value as reported by the custodian. Interest income was recorded on the accrual basis. Dividend income was recorded on the ex-dividend date. Purchases and sales of securities were recorded on a trade-date basis. See Note 4 for further discussion of fair value measurements.

(c) Notes receivable from participants

Notes receivable from participants were measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent notes receivable from participants were reclassified as distributions based upon the terms of the plan agreement.

(d) Payment of benefits

Benefits were recorded when paid.

(e) Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(f) Events occurring after reporting date

Management of the Plan has evaluated events and transactions that occurred between December 31, 2015 and October 14, 2016, which is the date that the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

(g) New accounting pronouncements

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update 2015-07, *Disclosures for Investments in Certain Entities that Calculate Net Asset Value Per Share* ("ASU 2015-07"). ASU 2015-07 removes the requirement to categorize within the fair value hierarchy investments for which fair values are estimated using the net asset value practical expedient provided by Accounting Standards Codification 820, *Fair Value Measurement*. Disclosures about investments in certain entities that calculate net asset value per share are limited under ASU 2015-07 to those investments for which the entity has elected to estimate the fair value using the net asset value practical expedient. ASU 2015-07 is effective for entities (other than public business entities) for fiscal years beginning after December 15, 2016, with retrospective application to all periods presented. Early application is permitted. Management did not elect to apply the new standard early.

Notes to the Financial Statements

December 31, 2015 and 2014

In July 2015, the FASB issued Accounting Standards Update 2015-12, *Plan Accounting: Defined Benefit Pension Plan (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient* ("ASU 2015-12"). ASU 2015-12 simplifies accounting for employee benefit plans as follows:

Part I

- fully benefit-responsive investment contracts to be measured, presented, and disclosed only at contract value and accordingly removes the requirement to reconcile their contract value to fair value,

Part II

- the requirement to disclose investments that represent 5 percent or more of net assets available for benefits has been eliminated,
- the net appreciation or depreciation in investments for the period should be presented in the aggregate, but are no longer required to be disaggregated and disclosed by general type,
- it eliminates the requirement to disclose the investment strategy for certain investments that are measured using Net Asset Value ("NAV") per share using the practical expedient in the FASB ASC Topic 820,

Part III is not applicable to the Plan.

The amendments in Parts I and II of this standard are effective retrospectively for fiscal years beginning after December 15, 2015 and early adoption is permitted. The amendments in Part III of this standard are effective prospectively for fiscal years beginning after December 15, 2015 and early adoption is permitted. Management of the Plan did not elect to adopt the new standard early.

(4) Fair value measurements

FASB Accounting Standards Codification ("ASC") 820, *Fair Value Measurement*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014.

- (i) *Pooled separate accounts:* Valued at net asset value, which was based on the market value of the underlying investments held by the pooled separate accounts at year end. The net asset value was not a publicly-quoted price in an active market. The accounts provided for daily redemptions by the Plan at reported net asset values per share with no advance notice required.
- (ii) *Guaranteed investment accounts:* Valued at contract value, which approximated fair value, based on the amount the Employer would receive if they terminated the contracts at the reporting date, which is book value less an early withdrawal charge, discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer. See Note 6.

Notes to the Financial Statements

December 31, 2015 and 2014

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014:

Fair Value Measurements as of December 31, 2014 using the following inputs				
	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Pooled separate accounts:				
Fixed income	\$ 277,811	\$ -	\$ 277,811	\$ -
Balanced/asset allocation	2,756,200	-	2,756,200	-
Small/mid cap U.S. equity	4,143,826	-	4,143,826	-
Large cap U.S. equity	87,060	-	87,060	-
Other/target Date Funds	<u>191,919</u>	<u>-</u>	<u>191,919</u>	<u>-</u>
Total pooled separate accounts	7,456,816	-	7,456,816	-
Guaranteed investment accounts	<u>1,499,321</u>	<u>-</u>	<u>1,499,321</u>	<u>-</u>
Total	\$ <u>8,956,137</u>	\$ <u>-</u>	\$ <u>8,956,137</u>	\$ <u>-</u>

(5) Investments and investment income

The fair value of investments that represent 5% or more of the Plan's net assets as of December 31, 2014 is as follows:

Lincoln Managed Principal Protection Portfolio Fund	\$ <u>853,747</u>
Lincoln Stadion Managed Growth Fund	\$ <u>3,443,871</u>
Lincoln Stadion Managed Moderate Fund	\$ <u>1,904,214</u>
Lincoln Guaranteed Account	\$ <u>645,574</u>

During 2015 and 2014, substantially all of the net appreciation (depreciation) in the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) was attributed to pooled separate accounts.

(6) Investment contract with insurance company

The Plan had maintained investment contracts with Lincoln, the custodian of the Plan. The investment contracts were considered fully benefit-responsive. The custodian maintained the Plan's contributions in a general account which was credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. There were no reserves against contract value for credit risk of the contract issuer or otherwise.

The contract value, which approximated fair value, of the investment contracts was \$1,499,321 as of December 31, 2014. There was no balance of investment contracts as of December 31, 2015. The average yield and crediting interest rates were approximately 2.60% for 2015 and 2014. The crediting interest rate was based on a formula agreed upon with the issuer. There was no minimum crediting rate in the contract. Such interest rates were reviewed on a quarterly basis for resetting.

Certain events limited the ability of the Plan to transact at contract value with the issuer. Such events included the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan,) (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Employer or other Employer events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator believed that any events that would limit the Plan's ability to transact at contract value with participants were not probable to occur.

The investment contracts did not permit the custodian to terminate the agreement prior to the scheduled maturity date.

(7) Income tax status

The Plan obtained a favorable determination letter on September 8, 2013, in which the Internal Revenue Service ("IRS") stated that the Plan was in compliance with the applicable requirements of the IRC. The Plan was required to operate in conformity with the IRC to maintain its qualification. The plan administrator believes that the Plan was designed, and was being operated, in compliance with the applicable provisions of the IRC and, therefore, believed that the Plan was qualified, and the related trust was tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015 and 2014, there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

Notes to the Financial Statements

(8) Untimely remittance of participant contributions

The Employer is required by Department of Labor regulation to remit participant contributions as soon as practicable, but by no later than the fifteenth business day following the end of the month in which the amounts were withheld from wages. For certain contributions withheld from payrolls during 2015, the funds were not remitted timely. Imputed lost earnings related to amounts withheld from wages in 2015 were remitted to the new Auto Investment Plan in 2016.

(9) Related-party transactions

Certain Plan investments consisted of pooled separate accounts and guaranteed investment accounts which were managed by Lincoln, the custodian, and, therefore, these transactions qualified as party-in-interest transactions. Administrative expenses of \$97,563 and \$107,857 were paid to the custodian and third party administrator during 2015 and 2014, respectively. The Plan also held notes receivable from participants which qualified as party-in-interest transactions.

(10) Risks and uncertainties

The Plan invested in various investment securities. Investment securities were exposed to various risks, such as interest rate, market, and credit risks.
