TriHealth, Inc. Designated Groups 401(k) Retirement Savings Plan

Notes to Financial Statements

December 31, 2015 and 2014

1. Description of the Plan

The following description of the TriHealth, Inc. Designated Groups 401(k) Retirement Savings Plan (the Plan) provides general information about the Plan's provisions. TriHealth, Inc. (the Company) is the plan sponsor. Participants should refer to the plan document and summary plan description for a more complete description of the Plan's provisions, copies of which may be obtained from the plan sponsor.

General

The Plan is a defined contribution profit-sharing plan covering employees of TriHealth HF, LLC; TriHealth Oncology Institute, LLC; TriHealth Heart Institute, LLC; TriHealth Physicians Institute (staff hired after June 30, 2010); TriHealth G, LLC; TriHealth OS, LLC; TriHealth W, LLC (staff hired after June 30, 2010); TriHealth Digestive Diseases Institute, LLC; TriHealth Surgical Institute and TriHealth Physicians Practices, LLC (staff hired after June 30, 2009), (collectively, the Companies).

The Retirement Plan Committee of the Plan (the Committee) is responsible for all the general administration of the Plan. MetLife Fiduciary Trust Company is the trustee of the Plan (the Trustee). MetLife Resources Participant Services is the record-keeper for the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Effective January 1, 2015 the Plan was amended, to which the key changes in the plan provisions have been included within.

Contributions

Eligibility service differs depending on the type of contribution that may be contributed to the Plan. For purposes of participating in salary deferral contributions and catch-up salary deferral contributions, eligibility service is one hour of service. For purposes of participating in discretionary matching contributions, an employee must complete one hour of service during the eligibility period that applies to discretionary matching contributions. If a participant receives, or is entitled to receive, a qualifying distribution from another eligible employer plan or from an individual retirement account or annuity, the participant may "roll over" such amount, or request that the trustee of the other plan roll over such amount, into a rollover account upon approval of the Committee or its representative. Participants classified by the Companies as physicians or members of the executive staff are excluded from the Plan.

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

The Companies may elect to make a discretionary matching and supplemental contributions on behalf of eligible participants. For the plan year ended December 31, 2015, the Companies made a safe harbor contribution matching 100% of the first 3% of each eligible participant's deferred contribution and 50% of the next 2% of each eligible participant's deferred contribution. The Companies have the option to make discretionary contributions on behalf of eligible participants. No discretionary contributions were made for the year ended December 31, 2015.

Each year, participants may elect to contribute from 0.1% to 80.0% of their pretax or after-tax income to the Plan, subject to maximum dollar contribution limits (\$18,000 in 2015, adjusted for cost-of-living increases in years beyond). Participants over the age of 50 can make a catch-up contribution (\$6,000 in 2015, adjusted for cost-of-living increases in years beyond). All contributions are subject to certain limitations of the Internal Revenue Code (the Code).

Investment Options

Participants direct their elective contributions into various investment options offered by the Plan. Unless the participant chooses a different mutual fund or funds, his/her plan account will be invested in the T. Rowe Price Target Date Funds. Participants can change their contribution allocations daily and may elect to transfer amounts between fund options throughout the year. The Companies' contributions are allocated in the same manner as that of the participant's elective contributions.

Participant Accounts

Each participant account is credited with the participant contributions, eligible contribution of the Companies, and plan earnings. All amounts in the participant accounts are participant directed. Plan earnings are allocated based on the participant's share of net earnings or losses of their respective elected investment options. Allocations of administrative expenses, if deemed necessary, are based on the participant's account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. Description of the Plan (continued)

Vesting

Participants are immediately vested in their 401(k) contributions, rollover contributions, safe harbor, and discretionary matching contributions. The Companies' account consists of supplemental contributions. Participants who terminate employment for reasons other than retirement, disability, or death (who are fully vested) are eligible to receive a vested portion of their Companies' account according to the following schedule effective January 1, 2015:

<u>Years of Vesting Service</u>	<u>Vested Percentage of Companies' Account</u>
Less than two years	—%
Two years or more	100%

Prior to January 1, 2015, active employees were vested at 0% with less than three years of service, and fully vested with three years or more of service.

Forfeitures

Forfeitures represent the non-vested portions of participant account balances upon termination. Forfeited amounts are applied to reduce future contributions of the Companies. As of December 31, 2015 and 2014, forfeitures of \$56,031 and \$15,590, respectively, were available for application against future contributions of the Companies or plan administrative expenses.

Participant Loans

A participant may request a loan from the Plan by electronically contacting the MetLife Resources Participant Service Center. Only participants who are actively employed by the Companies are eligible to apply for a loan. The minimum amount a participant can borrow is \$1,000, and the maximum amount is the lesser of (a) one-half of the combined total of the participant's salary deferral account, Roth deferral account, and rollover account or (b) \$50,000. Participants may have only one loan outstanding at any time.

1. Description of the Plan (continued)

Interest will be charged at 1% over the prime interest rate in effect when the loan is processed. Loans normally will be repaid through payroll deduction. Generally, the term of a loan may not exceed five years; however, if the loan is for the purchase of a primary residence, the Committee may permit a longer repayment period at its discretion. Participant loans outstanding total \$281,438 and \$327,134 at December 31, 2015 and 2014, respectively.

Notes Receivable From Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 and 2014. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Distributions of vested balances are available upon termination subject to the approval of the Companies, retirement, attaining age 55, death, or permanent and total disability. Distributions are made in lump-sum payments to designated beneficiaries and joint survivors.

Participants may withdraw money for financial hardship if certain conditions are met. This hardship distribution is not in addition to other benefits and will therefore reduce the benefit that will be received at retirement.

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the Companies, as provided by the Plan's provisions. Administrative expenses paid by the Plan, if deemed necessary, include recordkeeping and trustee fees. Expenses relating to purchases, sales, or transfer of the Plan's investments are charged to the particular fund to which the expenses relate. All other administrative expenses of the Plan are paid by the Companies.

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Plan Termination

Although the Companies have not expressed any intent to do so, they have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan terminates, participants will become fully vested in their accounts, and subject to distribution under provisions of the Plan.

2. Summary of Significant Accounting Policies

Basis of Accounting

The following describes the significant accounting policies followed in the preparation of these financial statements, which have been prepared on the accrual basis of accounting.

Payment of Benefits

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

Investments

The Plan's investments are comprised of mutual funds and are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 4 for further discussion and disclosures related to fair value measurements.

TriHealth, Inc. Designated Groups
401(k) Retirement Savings Plan

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

In conformity with Accounting Standards Codification (ASC) 820, *Fair Value Measurements*, assets and liabilities measured at fair value are categorized into the following fair value hierarchy:

- Level 1 – Fair value is based on unadjusted quoted prices for identical assets or liabilities in an active market that the Plan has the ability to access at the measurement date.
- Level 2 – Fair value is based on quoted prices in markets that are not active, quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the asset or liability.
- Level 3 – Fair value is based on prices or valuation techniques that require inputs that are both significant to the fair value measurement and unobservable. These inputs reflect management's judgment about the assumptions that a market participant would use in pricing the investment and are based on the best available information, some of which may be internally developed.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measurement in its entirety.

2. Summary of Significant Accounting Policies (continued)

New Accounting Pronouncements

In July 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Part II of the ASU eliminates the requirements to disclose individual investments that represent five percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. It also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Parts I and III of the ASU are not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015. Part II is to be applied retrospectively. Management has elected to adopt Part II early as of December 31, 2015.

3. Investments

Management is responsible for determining the Plan's valuation policies and analyzing information provided by the investment custodians and issuers that is used to determine the fair value of the Plan's investments. Management reports to the Audit Committee of the Company.

All investment information for the Plan disclosed in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants at December 31, 2015 and 2014, and net depreciation in fair value of mutual funds, and interest and dividend income for the year ended December 31, 2015 was obtained or derived from information provided to the Company and certified as complete and accurate by the Trustee of the Plan.

4. Fair Value Measurements

The information of the valuation techniques and inputs used for each major class of assets measured at fair value by the Plan is described in Note 2. The following tables set forth by level, within the fair value hierarchy, the assets in the Plan at fair value as of December 31:

		2015

Notes to Financial Statements (continued)

4. Fair Value Measurements (continued)

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. Reconciliation of Financial Statements to the Form 5500

The following is a reconciliation of total additions per the financial statements to total income per the Form 5500 for the year ended December 31, 2015:

Total additions per the financial statements	\$ 7,009,774
Less: Net depreciation in fair value of mutual funds	(1,882,965)
Less: Other deduction	(7,024)
Add: Contribution receivable from employer at December 31, 2014	1,263,269
Total income per the Form 5500	<u>\$ 6,383,054</u>

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2014 to the Form 5500:

Net assets available for benefits per the financial statements	\$ 41,374,380
Less: Contribution receivable from employer	(1,263,269)
Total income per the Form 5500	<u>\$ 40,111,111</u>

6. Risks and Uncertainties

The Plan invests in various mutual funds. Mutual funds are exposed to various risks such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain mutual funds, it is at least reasonably possible that changes in the values of mutual funds will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

TriHealth, Inc. Designated Groups
401(k) Retirement Savings Plan

Notes to Financial Statements (continued)

7. Related-Party Transactions

The Plan holds units of mutual funds managed by the Trustee of the Plan. The related transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA.

8. Income Tax Status

The Plan has received a determination letter from the Internal Revenue Service (IRS) dated September 8, 2010, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the Code) and therefore, the related trust is exempt from taxation. Subsequent to this determination by the IRS, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and therefore, believes the Plan, as amended, is qualified and the related trust is tax-exempt. In addition, the plan administrator has indicated that it will take the necessary steps, if any, to bring the Plan's operations into compliance with the Code

Accounting principles generally accepted in the United States require Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015 and 2014, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2012.

9. Subsequent Events

Management evaluated subsequent events for the Plan through October 12, 2016, the date the financial statements were available to be issued.

Effective January 1, 2016, the Company merged another plan sponsored by the Company into the Plan. As a result of this merger, net assets of approximately \$2,500,000 were transferred into the Plan.
