NOTES TO FINANCIAL STATEMENTS

Note 1. Plan Description

The following summary of Dunn Tire LLC Savings and Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution retirement plan sponsored by Dunn Tire LLC (the Company) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan Administrator and Trustees are responsible for oversight of the Plan, determine the appropriateness of the Plan's investment offerings, and monitor investment performance.

Eligibility:

Employees of the Company are eligible to participate in the Plan on January 1 or July 1 following their date of hire and once they have attained the age of 21 and have completed 6 months of service. Employees of the Company are eligible to receive employer matching contributions after meeting the criteria above.

Contributions:

Participants may contribute up to 100% of pretax eligible compensation, as defined. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 2% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. Effective January 1, 2015, the Plan was amended to automatically enroll participants at a deferral rate of 3% of eligible compensation. Participants may also make voluntary after-tax contributions to the Plan up to 100% of their eligible compensation. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

The Company makes matching contributions equal to 25% of a participant's pretax contributions, up to a maximum of 4% of that participant's annual compensation, as defined by the Plan.

Contributions are subject to certain limitations of the Internal Revenue Code (the Code). Participants direct the investment of their contributions into various investment options offered by the Plan.

Note 1. Plan Description (Continued)

Participant accounts:

Each participant's account is credited with the participant's contributions, Company matching contributions, an allocation of Plan earnings, reduced for benefits paid, and charged directly for loan origination, benefit processing, and other administrative fees paid by the Plan, if applicable. Allocations of Plan earnings are based on the investments held by the participant. The benefit to which a participant is entitled is limited to that which can be provided from the participant's vested account.

Vesting:

Participants are immediately vested in their contributions plus actual earnings thereon. Company contributions become 50% vested after one year of credited service, as defined, and 100% vested after two years of credited service.

Forfeitures:

At December 31, 2015 and 2014, unallocated forfeited nonvested accounts are insignificant. Forfeitures of nonvested Company contributions are used to reduce the Company's contributions. Forfeitures of $1,785 and $611 were used to reduce Company contributions in 2015 and 2014, respectively.

Payment of benefits:

On termination of service due to death, disability, or retirement, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account. Distributions are also permitted in the event of financial hardship, as defined by the Plan, and for participants who have attained age 59½.

Notes receivable from participants:

Participants may borrow from their account a minimum of $500 per loan up to a maximum loan equal to the lesser of $50,000 or 50% of their vested account balance. Participants may be granted three loans during any one year period. A participant may not have more than three loans outstanding at any given time. The loans are secured by the vested balance in the participant's account and bear interest at the prime rate plus 1%. Loans must be repaid in level payments through after-tax payroll deductions on at least a quarterly basis over the term of the loan, over a maximum term of five years. The terms may be extended for the purchase of a participant's primary residence. Principal and interest are paid ratably through monthly payroll deductions.

Note 1. Plan Description (Continued)

Administrative expenses:

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. The Plan pays for fees related to the origination of notes receivable from participants and benefit processing fees which are charged directly to the participant's account. The Plan also pays for certain recordkeeping fees. Investment expenses related to fund management are included in net appreciation (depreciation) in fair value of investments, as they are paid through revenue sharing, rather than a direct payment from the Plan.

Note 2. Significant Accounting Policies

Basis of accounting:

The financial statements have been prepared using the accrual basis of accounting.

Investment valuation and income recognition:

Investments are reported at fair value. Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the custodian.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded when received. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 or 2014. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan document.

Benefits:

Benefits are recorded when paid.

Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Note 2. Significant Accounting Policies (Continued)

Recent Accounting Pronouncements:

In 2015, the Plan adopted Part II of *Accounting Standards Update No. 2015-12, Plan Accounting: Defined Benefit Pension Plans, Topic 960; Defined Contribution Plans, Topic 962; and Health and Welfare Benefit Plans, Topic 965* (ASU 2015-12). Part II eliminates the requirements for plans to disclose individual investments that represent five percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. It also allows investments measured at fair value to be disaggregated by general type and no longer requires plans to disaggregate investments by nature, characteristics and risks. Further, the disclosure of significant investment strategies for an investment in a fund that files a U.S. Department of Labor Form 5500 as a direct filing entity when the plan uses the NAV practical expedient, is no longer required. Prior year disclosures have been revised to reflect the retrospective application, with no effect on net assets available for benefits or the changes in net assets available for benefits.

In 2015, the Plan also adopted *Accounting Standards Update No. 2015-07, Fair Value Measurement, Topic 820* (ASU 2015-07), which removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the NAV per share practical expedient. Accordingly, given the nature of the Plan's investments, presentation of the fair value hierarchy is no longer required. This guidance also removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the NAV per share practical expedient. Prior year disclosures have been revised to reflect the retrospective application, with no effect on net assets available for benefits or the changes in net assets available for benefits.

Subsequent events:

Subsequent events have been evaluated through October 13, 2016, which is the date the financial statements were available to be issued.

Note 3. Information Certified by the Plan's Custodian

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The following table presents assets of the Plan that have been certified as complete and accurate by John Hancock Life Insurance Company of New York (John Hancock) at December 31, 2015 and 2014:

	2015	2014
Investments at fair value		
Pooled separate accounts	**$ 4,906,431**	$ 5,052,258
Notes receivable from participants	**304,589**	304,993
	$ 5,211,020	$ 5,357,251

Note 3. Information Certified by the Plan's Custodian (Continued)

John Hancock has also certified to the completeness and accuracy of net appreciation (depreciation) in fair value of investments of $(118,197) and $193,247 and interest income on notes receivable from participants of $13,444 and $12,428 for the years ended December 31, 2015 and 2014, respectively.

Note 4. Fair Value Measurements

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014:

Pooled Separate Accounts: Valued at the net asset value (NAV) of units of the pooled separate account. The NAV is determined by dividing the net assets, at fair value, of the fund by the number of units outstanding on the day of valuation. Pooled separate accounts are comprised primarily of shares of registered investment companies held through sub-accounts of a separate account of an insurance company. The Plan has concluded that the NAV, as adjusted (for mutual fund dividends, mutual fund splits and administrative maintenance charges and other items) and reported by the insurance company, can be used as a practical expedient to estimate fair value. The investments are redeemable daily at the adjusted NAV under agreements with the insurance company. However, it is possible that the redemption rights may be restricted or eliminated in the future. Were the Plan to initiate a full redemption of the underlying investments, the investment advisor has reserved the right to temporarily delay withdrawal from the pooled separate accounts to ensure that securities liquidations will be carried out in an orderly business manner.

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2015 and 2014:

Investments	**Fair Value at December 31, 2015**	Fair Value at December 31, 2014	Redemption Frequency	Redemption Notice Period
Pooled separate accounts	**$ 4,906,431**	$ 5,052,258	Daily	***

*** John Hancock's short-term trading policy permits a maximum of two exchanges per calendar month. After the exchange limit, participants may move 100% of their account to a money market fund where it must remain for thirty days. Trading can resume only once the thirty days has expired. Also, additional restrictions may be imposed if it is determined that any exchange activity may disrupt or be potentially disruptive to an investment option, even though in compliance with their policy.

There were no unfunded commitments related to the pooled separate accounts at December 31, 2015 or 2014.

Note 5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 6. Tax Status

The Plan adopted a nonstandardized form of a prototype plan sponsored by CCH Incorporated. The prototype plan has received an opinion letter from the Internal Revenue Service (IRS) as to the prototype plan's qualified status dated March 31, 2014. The prototype plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is currently being operated in compliance with the applicable provisions of the Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015 and 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2012.

Note 7. Party-In-Interest Transactions

A party-in-interest is defined under the Department of Labor's regulations as any fiduciary of the Plan, any party rendering services to the Plan, the employer, certain participants, and others. The Plan allows participants to take loans from their accounts in the Plan. Certain notes receivable from participants and income thereon qualify as party-in-interest transactions.

Plan investments consist of units of pooled separate accounts managed by John Hancock. John Hancock is the custodian as defined by the Plan and, therefore, transactions with John Hancock qualify as party-in-interest transactions. Fees paid by the Plan to John Hancock amounted to $28,074 and $27,963 for the years ended December 31, 2015 and 2014, respectively, which was not covered by revenue sharing. Fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of investments, as they are paid through revenue sharing, rather than a direct payment from the Plan.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
