Independent Auditor's Report

The Americas Benefits Administration Committee
SSI Services, Inc. Custodial Retirement Plan
Los Angeles, CA

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of SSI Services, Inc. Custodial Retirement Plan (the Plan), which comprise the statement of net assets available for benefits as of December 31, 2015, the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we are not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by Capital Bank and Trust Company, the Trustee of the Plan, except for comparing such information with the related information included in the 2015 financial statements. We have been informed by the Plan Administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the Trustee as of and for the year ended December 31, 2015, that the information provided to the Plan Administrator by the Trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2015 financial statements. Accordingly, we do not express an opinion on the 2015 financial statements.

Emphasis of Matter

As discussed in Note 2 to the financial statements, as of December 31, 2015 and 2014 and for the year ended December 31, 2015, the Plan adopted the new accounting guidance in Accounting Standards Update 2015-12 "Plan Accounting (Topics 960, 962 and 965) – (Part II): Plan Investment Disclosure" to simplify the investment disclosure requirements. Our disclaimer of opinion is not modified with respect to this matter.

Other Matter – Supplementary Information

The supplemental Form 5500, Schedule H, Part IV - Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2015, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

Other Matter – 2014 Financial Statements

The financial statements of the Plan as of December 31, 2014, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan Administrator instructed the predecessor auditors not to perform, and they did not perform any auditing procedures with respect to the information certified by Capital Bank and Trust Company, the Trustee of the Plan. Their report, dated September 28, 2015, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements taken as a whole and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the Trustee, were presented in compliance with the Department of Labor's Rules and regulations for Reporting and Disclosure under ERISA.

As discussed in Note 2 to the financial statements, the Plan has adjusted its 2014 financial statements to retrospectively apply the change in accounting guidance to simplify the investment disclosures. The other auditors reported on the financial statements before the retrospective adjustment.

As part of our audit of the 2015 financial statements, we also audited the adjustments to the 2014 financial statements to retrospectively apply the change in accounting as described in Note 2. In our opinion, such adjustments are appropriate and have been properly applied. We were not engaged to audit, review, or apply any procedures to the Plan's 2014 financial statements other than with respect to the adjustments and, accordingly, we do not express an opinion or any other form of assurance on the 2014 financial statements as a whole.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the 2015 financial statements and supplemental schedule, other than that derived from the information certified by the Trustee, has been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

CUSTODIAL RETIREMENT PLAN**

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN

The following description of the SSI Services, Inc. Custodial Retirement Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan is a frozen defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). On October 30, 2009, SSI Services, Inc. was acquired by AECOM, which adopted the Plan in its entirety. Prior to the Plan Freeze Date (January 1, 2013), the Plan covered specified employees of SSI Services, Inc. and AECOM (the Company). After the Plan Freeze Date, no new participants were allowed into the Plan and participant and employer contributions to the Plan are no longer permitted. Participants eligible to participate prior to the Plan Freeze Date continue to vest under the normal vesting schedule disclosed below.

Prior to the Plan Freeze Date, the Company made a contribution to the Plan on the behalf of the eligible Plan participants. The amount of the Company's contribution was \$.75 per hour worked after an employee received their TS/SCI security clearance. After four years of service, the Company would contribute \$1.25 per hour worked; after six years of service participants would receive \$1.75 per hour worked and after ten years of service participants would receive \$2.75 per hour worked.

Participant accounts: A separate account is maintained for each Plan participant. Participant accounts include voluntary contributions, Employer-match contributions, and an allocation of investment earnings. The benefit to which a participant is entitled at any given time is 100 percent of their contribution, their vested portion of the Employer contributions, and any earnings (losses) attributable to these contributions.

Participant contributions: Each participant's account was credited with the participant's contributions and the Company's contributions to the Plan. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. The Plan allows employees who had retirement accounts with a previous employer to directly transfer or rollover the previous account balance to the Plan even if the employee is not a participant in the Plan. Any rollover amounts are immediately fully vested.

Investment options: Participants may direct contributions, including the Employer-match, in one percent increments into a variety of diversified investment fund options allowed by the Plan. Participants may change their investment options at any time.

Vesting: Participants are vested immediately in their contributions, plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of service.

Vesting is based on years of credited services as set forth in the following table:

<u>Years of Service</u>	<u>Amount Vested</u>
2	20%
3	40%
4	60%
5	80%
6	100%

Participants become 100% vested at their normal retirement age of 65 years old.

Payment of benefits: Employees are eligible to receive a distribution of their vested account balance as soon as administratively feasible after the anniversary date in which they incur a one year break in service following their resignation or discharge. Any terminated employee with a balance of \$1,000 or less will automatically be paid out by the Plan upon termination. Any terminated participants with a balance between \$1,000 and \$5,000 can still be automatically paid out if their balance is rolled into a qualified Individual Retirement Account. The Plan allows a payment in the event of a disability if the participant meets the requirements of the Social Security Administration and is receiving Social Security benefits. The disability benefit under the Plan will be payable only upon the termination of employment by a participant as a result of total disability occurring prior to January 1, 2013.

Forfeitures: At December 31, 2015 and 2014, forfeited non-vested accounts totaled \$1,395 and \$7,048, respectively. Forfeitures of non-vested Company contributions are used to pay administrative expenses or allocated to participant account balances upon forfeiture by prior Plan participants. Non-vested Company contributions, resulting from prior Plan participants, are allocated to participant account balances.

Plan termination: Although it has not expressed any intent to do so, the Plan gives the Company the right to terminate the Plan at any time, subject to the provisions of ERISA. In the event of termination, participants would become 100% vested in their accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting: The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America using the accrual basis of accounting.

Recent Accounting Pronouncements: In May 2015, the Financial Accounting Standard Board (FASB) issued Accounting Standards Update No. 2015-07, *Disclosures for Investment in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)* (“ASU 2015-07”). ASU 2015-07 seeks to eliminate diversity in practice surrounding how investments measured at net asset value under the practical expedient with future redemption dates have been categorized in the fair value hierarchy. It is effective for annual reporting periods beginning after December 15, 2015. The Plan’s management is currently in the process of evaluating the impact of the adoption of the new accounting guidance on its Plan financial statements.

In July 2015, the FASB issued ASU No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plan (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, and (Part III) Measurement Date Practical Expedient (a consensus of the FASB Emerging Issues Task Force)* (“Update”). The purpose of this Update is to simplify plan accounting. The amendments in Part I of this Update designate contract value as the only required measure for direct investments in fully benefit-responsive investment contracts. Fully benefit-responsive investment contracts will be presented at the contract value; accordingly, there will no longer be an adjustment from fair value to contract value on the face of the financial statements. The amendments in Part II of the Update will eliminate the requirements for plans to disclose (1) individual investments that represent 5 percent or more of net assets available for

benefits (2) disaggregated investment information in the fair value hierarchy table and (3) the net appreciation or depreciation for investments by general type for both participant-directed investments and nonparticipant-directed investments. The net appreciation or depreciation in investments for the period will still be required to be presented in aggregate. The amendments in Part III of the Update reduce complexity in employee benefit plan accounting by providing a practical expedient that permits plans to measure investments and investment-related accounts as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with month-end. The Plan early adopted Part II of this Update. Accordingly, the Update was retroactively applied resulting in the disaggregation of investments by general typing. Disclosures of individual investments that comprised 5 percent or more of net assets available for benefits, as well as the net appreciation or depreciation of fair value by investment type have been eliminated as a result of the early adoption of this Update. There were no other significant impacts on the Statements of Net Assets Available for Benefits as of December 31, 2015 and 2014, and the Statements of Changes in Net Assets Available for Benefits for the years ended December 31, 2015 and 2014 for early adopting this Update. Early adoption was elected as the updated presentation is more relevant to the users of the financial statements.

Valuation of investments: The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. (See Note 4 for a description of fair value measurements under the Accounting Standards Codification ("ASC") 820).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as those held during the year.

Management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

The classification of investment earnings reported on the statement of changes in net assets available for benefits differ from the classification of earnings on Form 5500 due to different reporting requirements for Form 5500.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from these estimates.

Payment of benefits: Benefit payments to participants are recorded upon distribution.

Administrative expenses: The Plan's expenses are paid by either the Plan or the Company, as provided by the Plan document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying Statements of Changes in Net Assets Available for Benefits. In addition, certain investment-related expenses are included in net appreciation of fair value of investments presented in the accompanying Statements of Changes in Net Assets Available for Benefits.

Subsequent Events

The Plan sponsor has evaluated subsequent events through October 10, 2016, the date which the financial statements were available to be issued.

Reclassification: Certain reclassifications of amounts previously reported have been made to the accompanying financial statements to maintain consistency between periods presented. The reclassifications had no impact on previously reported net assets.

3. INVESTMENTS

The Plan provides for various investment options in investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

4. FAIR VALUE MEASUREMENTS

ASC 820 provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan had the ability to access.
Level 2	Inputs to the valuation methodology include: <ul style="list-style-type: none"> • Quoted prices for similar assets or liabilities in active markets; • Quoted prices for identical or similar assets or liabilities in inactive markets; • Inputs other than quoted prices that are observable for the asset or liability; • Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the hierarchy and valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used in December 31, 2015 and 2014.

Mutual funds: Valued at fair value based on the quoted net asset value (NAV) of shares held by the Plan at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

	2015			Total
	Level 1	Level 2	Level 3	
Mutual Funds	\$ 2,589,262	\$ -	\$ -	\$ 2,589,262
Investments at fair value	<u>\$ 2,589,262</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 2,589,262</u>
	2014			Total
	Level 1	Level 2	Level 3	
Mutual Funds	\$ 2,760,711	\$ -	\$ -	\$ 2,760,711
Investments at fair value	<u>\$ 2,760,711</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 2,760,711</u>

Changes in fair value levels: The availability of observable market data is monitored to assess the appropriate classifications of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Plan evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2015 and 2014, there were no significant transfers in or out of Levels 1, 2 or 3.

5. TAX STATUS

The Plan uses a pre-approved plan document sponsored by Siegel Actuarial Consulting, Inc., which received an opinion letter from the Internal Revenue Service (IRS), dated March 31, 2014, stating that the pre-approved document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS; however, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015 and 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by the IRS; however, there are currently no audits for any tax periods in progress.

6. INFORMATION CERTIFIED BY PLAN TRUSTEE

The Plan Administrator has elected the method of compliance permitted by the Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, as permitted under such election, no independent auditing procedures were performed with respect to the information certified as complete and accurate by Capital Bank and Trust Company, as of December 31, 2015 and 2014.

The Plan Trustee has certified its statement of accounts as of December 31, 2015 and 2014, and for the years then ended. The statement of accounts includes beginning and ending balances of investments held, and detail of all transactions during the period, including investment earnings.

7. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by the Trustee; therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund.
