HR PLUS 401(k) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

Note 1 – Description of Plan

The following description of the HR Plus 401(k) Savings Plan (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan was established on January 1, 2012 as a voluntary defined contribution plan available to the employees of HR Plus, LLC (the Employer) and other participating employers. To reflect the co-employment relationship between the Employer and the other employers and employees, the Employer deemed it advisable, and in the best interests of the employees, that the Plan qualify as a multiple employer plan. Employers in a multiple employer plan may have different benefit formulas for their participating employees. Accordingly, each adopting employer executes an adoption agreement with terms and conditions specific to such employer. Eligible employees of the Employer and other employers may enter the Plan on entry dates coinciding with or following the date on which those employees meet the eligibility requirements as outlined within their respective employer's adoption agreement. Those entry dates are generally on a quarterly basis. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants in the Plan may voluntarily contribute up to any amount of their pre-tax annual compensation, as defined by the Plan, within the limits prescribed by the Internal Revenue Service (IRS). Participants may also roll over amounts representing distributions from other qualified defined-benefit or contribution plans. For the years ended December 31, 2015 and 2014, individual participants' contributions were limited to \$18,000 and \$17,500, respectively. Participants who are age 50 and older may also contribute an additional \$6,000 and \$5,500, respectively, for the years ended December 31, 2015 and 2014.

The Plan provides for employer discretionary matching contributions and discretionary contributions. The employer discretionary matching contribution is an amount equal to a matching percentage, which the employer from time to time deems advisable, of the participant's eligible contributions for the plan year. For the years ended December 31, 2015 and 2014, the employers contributed an amount up to 6% of a participant's compensation. Such discretionary contributions were \$9,450 and \$128,295 for the years ended December 31, 2015 and 2014, respectively.

Participant accounts

Each participant account is credited with the participant's contribution and allocation of: (a) the employers' discretionary matching contribution and discretionary contribution (if any) and (b) Plan earnings or losses, including market value adjustments on Plan investments. Allocations of earnings and losses are based on the proportion of the participant's account balance to the total account balances of all participants, as defined in the Plan document. All participant contributions are participant-directed and may be invested in one fund or allocated among different funds. Participants may change the allocation of contributions among funds pursuant to Plan provisions.

Forfeitures

Nonvested employer contributions forfeited by participants are used to reduce future employer contributions. Total forfeitures utilized to reduce employer contributions for the year ended December 31, 2014 amounted to \$870. There were no forfeitures utilized to reduce employer contributions for the year ended December 31, 2015.

HR PLUS 401(k) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS, CONTINUED

Note 1 – Description of Plan, Continued

Plan administration

The Plan is administered by the Employer pursuant to the terms and conditions of the Plan and trust. Under the terms of the Plan, a group of designated employees of the Employer act as trustees.

The Employer contracted with Alerus Financial N.A. (Alerus) and Lincoln Life Insurance Company (Lincoln) under group variable annuity contracts to act as the Plan's Custodians. Alerus and Lincoln invest each participant's account balance in separate pooled accounts, as instructed by each participant. The Employer contracted with Pinnacle Financial Services, Inc. (Pinnacle) to act as the Plan's third party administrator.

Allocation and vesting of benefits

Participants are immediately vested in their voluntary contributions plus actual earnings or losses thereon. Vesting in the employers' discretionary matching contributions and discretionary contributions (if any), plus any earnings or losses thereon, is based upon the number of years of continuous service as listed below:

<u>Years of Service</u>	<u>Percent Vested</u>
Less than 2	-
2, but less than 3	20
3, but less than 4	40
4, but less than 5	60
5, but less than 6	80
6 or more	100

Participant accounts become fully vested upon death, disability, or upon termination of the Plan.

Payment of benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum distribution, or in monthly installments. For termination of service due to other reasons, a participant may choose to leave the vested interest in the Plan if such amounts exceed \$5,000 or elect a lump-sum distribution. Participants with vested amounts less than \$1,000 must elect a lump-sum distribution, and participants with a vested amount between \$1,000 and \$5,000 are placed in an IRA provided by the Plan Administrator or may elect a lump-sum distribution. Funds may also be accessed prior to the date they become distributable by way of a financial hardship withdrawal. Hardship withdrawals are allowable in accordance with IRS guidelines.

NOTES TO FINANCIAL STATEMENTS, CONTINUED

Note 1 – Description of Plan, Continued

Participant notes receivable

Plan participants may borrow from their fund accounts a minimum of \$1,000 and up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans, which are collateralized by the balance in the participant's account, bear interest at prime, determined as of the date of the loan request (4.25% as of December 31, 2015). Principal and interest are paid ratably through monthly payroll deductions. All loans are required to be repaid within a period of five years, except loans to acquire the participant's principal residence which must be repaid in a reasonable period of time, not to exceed fifteen years.

Participant investment options

Participants must direct their salary deferred contributions from several investment options offered through the Plan Custodians, Alerus Financial N.A. and Lincoln National Life Insurance Company, as made available and determined by the Plan Administrator. Those investment options consist of interests in pooled separate accounts. Interests in pooled separate accounts are units of participation that the Plan has in the underlying assets of the account.

Note 2 – Summary of Significant Accounting Policies

Basis of accounting

The financial statements of the Plan have been prepared using the accrual method of accounting.

Investment valuation and income recognition

The Plan's investments in pooled separate accounts are reported at fair value based on the fair value of the underlying assets. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Interest income is recognized when earned. Dividend income is recorded on the ex-dividend date. Realized gains and losses on investments are recognized upon the sale of the related investment and unrealized appreciation or depreciation is recognized at period-end when carrying values of the related investments are adjusted to their fair values. Purchases and sales of investments are recorded on a trade-date basis. Earnings on investments, with the exception of participant loans, are allocated on a pro rata basis to individual participant accounts based on the type of investment and the ratio of each participant's individual account balance to the aggregate of participant account balances.

Participant notes receivable are valued at their outstanding balances, which approximate fair value.

In accordance with the policy of stating investments at fair value, the Plan presents in the statements of changes in net assets available for plan benefits the net appreciation (depreciation) in the fair value of investments which consists of the realized gains or losses and the unrealized appreciation or depreciation on those investments.

Administrative expenses

Administrative expenses for the years ended December 31, 2015 and 2014 were \$26,525 and \$67,645, respectively. Certain administrative expenses such as accounting and legal fees are paid by the Employer rather than the participants.

HR PLUS 401(k) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS, CONTINUED

Note 2 – Summary of Significant Accounting Policies, Continued

Management estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts of assets and changes in net assets and disclosure of contingent assets and liabilities. Actual results could differ from those estimates and such differences may be material.

Unit values

Individual participant accounts for the pooled separate accounts are maintained on a unit value basis. Participants do not have beneficial ownership in the specific underlying securities or other assets in the funds, but do have an interest therein represented by units valued daily. The accounts earn dividends and interest which are automatically reinvested in additional units. Generally, contributions to and withdrawals from each fund are converted to units by dividing the amounts of such transactions by the unit values as last determined, and the participants' accounts are charged or credited with the number of units properly attributable to each participant.

Risks and uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the high level of risk associated with certain investment securities and the level of uncertainty related to changes in the values of investment securities, it is at least reasonably possible that changes in risks in the near-term could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits and the statements of changes in net assets available for plan benefits.

Payment of benefits to withdrawing participants

The Plan records benefit payments to withdrawing participants when paid.

Uncertain tax positions

The Plan accounts for uncertainty in income taxes in accordance with the provisions of the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 740, *Income Taxes*. The guidance requires entities to assess their uncertain tax positions for the likelihood they would be overturned upon examination by the IRS. In accordance with this guidance, the Plan has determined it does not have any positions at December 31, 2015, that it would be unable to substantiate.

Concentration of credit risk

Financial instruments which potentially subject the Plan to concentrations of credit risk consist of the Plan's debt securities included in investment vehicles. Management believes that the Plan Custodians maintain the Plan's investments with high credit-quality institutions and attempt to limit the credit exposure of any particular investment.

Note 2 – Summary of Significant Accounting Policies, Continued

New accounting pronouncements

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-07, *Fair Value Measurement* (Topic 820): *Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. The ASU removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share as a practical expedient and amends certain disclosure requirements for such investments. The ASU is effective for fiscal years beginning after December 15, 2016, and must be applied retrospectively to all periods presented in the financial statements for the fiscal year of adoption. Early adoption is permitted. The Plan has adopted the provisions of ASU 2015-07.

In July 2015, the FASB issued ASU 2015-12, a three-part standard that provides guidance on certain aspects of the accounting by employee benefit plans. The ASU requires an employee benefit plan to use contract value as the only measurement amount for fully benefit-responsive investment contracts, and simplifies and increases the effectiveness of plan investment disclosure requirements for employee benefit plans. The guidance is effective for fiscal years beginning after December 15, 2015, and must be applied retrospectively to all periods presented in the financial statements for the fiscal year of adoption, with early adoption permitted. The Plan has adopted the provisions of ASU 2015-12.

Note 3 – Information Prepared and Certified by the Plan Custodians

The following investment information was obtained from data prepared and certified to as complete and accurate by the Plan Custodians as of December 31, 2015 and 2014:

	2015	2014
Investments:		
Pooled separate accounts	<u>\$ 2,533,870</u>	<u>\$ 2,838,220</u>

Note 4 – Fair Value Measurements and Disclosures

FASB ASC 820, *Fair Value Measurement*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Pooled separate accounts are valued based upon the units of such pooled separate accounts held by the Plan at year-end multiplied by the respective unit value. The unit values of the pooled separate accounts are based upon significant observable inputs, but are not based upon quoted market prices in an active market and are therefore considered Level 2 investments within the fair value hierarchy.

Note 5 – Refunds Payable

During 2015 and 2014, the Plan received contributions from participants in excess of Plan and IRS limitations. Such amounts were refunded to participants in each subsequent year.

NOTES TO FINANCIAL STATEMENTS, CONTINUED

Note 6 – Party-In-Interest Transactions

The Plan's investments include shares of pooled separate accounts administered by the Plan Custodians. Therefore, transactions in these investments qualify as party-in-interest transactions.

Note 7 – Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 8 – Plan Transfers

In the normal course of business, the Employer adds participating employers and assets from the individual qualified plans that the added participating employers previously sponsored are transferred into the Plan, when administratively feasible to do so. Likewise, as participating employers leave the Employer and adopt different qualified plans, assets attributable to these outgoing participating employers are transferred out of the Plan.

Note 9 – Tax Status

On December 15, 2009, the Internal Revenue Service stated that the volume submitter profit sharing plan adopted by the Plan, as then designed, qualifies under Section 401(a) of the Internal Revenue Code. The Plan has not received a determination letter specific to the Plan itself; however, the Plan Administrator and the Plan's tax counsel believe that the Plan is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 10 – Subsequent Events

The Plan evaluated events occurring subsequent to December 31, 2015 through October 10, 2016, the date on which the financial statements were available to be issued, for matters that should be recorded in the financial statements or disclosed in the footnotes thereto.
