We were engaged to audit the accompanying financial statements of The Scripps Pension Plan – Journal Publishing Company (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2015, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Russell Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2015, and for the year then ended, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter – Supplemental Schedule

The supplemental schedule of assets (held at end of year) as of December 31, 2015, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Other Matter – 2014 Financial Statements

The financial statements of the Plan as of and for the year then ended December 31, 2014, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by the trustee. Their report, dated October 9, 2015, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance With DOL's Rules and Regulations

The form and content of the information included in the 2015 financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. DESCRIPTION OF THE PLAN

The following is a general description of The Scripps Pension Plan—Journal Publishing Company (the "Plan"). Participants should refer to the Plan document for more complete information.

General—The Plan represents the participation of the Journal Publishing Company (the "Company") in The Scripps Pension Plan, a defined benefit pension plan maintained by various employers affiliated with The E.W. Scripps Company ("Scripps"). Russell Trust Company (the "Trustee") serves as the trustee of the Plan and manages the Plan's investments. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

On March 31, 2009, the Plan was amended to freeze the accrual of participants' plan benefits.

Pension Benefits—The Plan covers certain employees of the Company (principally employees not covered under a bargaining agreement). Normal retirement occurs upon attainment of age 65; however, early retirement may be elected if certain conditions are met. Vesting occurs after five years of credited service or upon normal retirement. The amount of monthly benefits is a function of participants' compensation, years of credited service, and in some circumstances, age. Retirement benefits are reduced 0.5% for each month participants are under age 65 at the time benefits commence. For participants who are considered to be early retirees (age 55 and 10 years of credited service), retirement benefits are reduced 5% for each year the participant is under age 62 at the time benefits commence. There is no post-retirement death benefit for participants retiring after December 31, 2010. Participants who became permanently and totally disabled before December 31, 2010 and after completing 15 years of credited service are entitled to accrued benefits, with no reduction for commencement prior to normal retirement age. The surviving spouses of participants may be entitled to death benefits under certain conditions. Contributions by participants are not required or permitted.

2. SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting—The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America.

Subsequent Events—The Plan has evaluated all subsequent events through October 10, 2016, the date the financial statements were available to be issued.

Investments—The Plan's investments in commingled trust funds are presented at fair value, which has been determined based on the fair value of the underlying investments. Generally, quoted market prices are used to value the underlying investments. Purchases and sales of securities are recorded on a trade-date basis. Net (depreciation) appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates—The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, disclosure of

contingent assets and liabilities, and the actuarial present value of accumulated plan benefits and changes therein at the date of the financial statements. Actual results could differ from those estimates.

Risks and Uncertainties—The Plan invests in commingled trust funds which have underlying investments including corporate debt instruments, mutual funds and corporate stocks. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to the uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Expenses—Administrative expenses of the Plan are paid by the Plan as provided in the Plan document.

Administration—The Company and Scripps are responsible for the administration of the Plan. The Company and Scripps provide the Plan with certain accounting and administrative services for which no fees are charged.

Payment of Benefits—Benefit payments to participants or their beneficiaries are recorded upon distribution.

3. FAIR VALUE INVESTMENTS

As permitted by accounting principles generally accepted in the United States of America, the Plan uses net asset value as a practical expedient to determine the fair value of all investment funds which do not have a readily determinable fair value and have the attributes of an investment company. In accordance with GAAP, the investments that are measured at net asset value have not been classified in the fair value hierarchy. For all years presented all investments have been valued using the net asset value.

The Plan's investments in commingled trust funds are based on the net asset value of the funds, all which have a daily redemption frequency and do not require a notice of redemption. At December 31, 2015 and 2014, the Plan had no unfunded commitments from redemption of commingled trust funds.

4. FUNDING POLICY

Contributions to provide benefits under the Plan are made solely by the Company. The Company's funding policy is to make cash contributions to the Plan in amounts as determined by the Plan's independent actuary. The Company met the minimum funding requirements of ERISA for the years ended December 31, 2015 and 2014.

5. INFORMATION CERTIFIED BY THE TRUSTEE

The following is a summary of the unaudited information as of and for the years ended December 31, 2015 and 2014, included in the Plan's financial statements and supplemental schedule, that was prepared by the Trustee or derived from the information prepared by the Trustee. The plan administrator has obtained certifications from the Trustee that such information prepared by the Trustee is complete and accurate.

	2015	2014
Statements of net assets available for benefits:		
Investment in commingled trust funds	$12,609,009	$13,232,200
Receivable for investments sold	56,426	55,355
Statements of changes in net assets available for benefits:		
Net (depreciation) appreciation in fair value of commingled trust funds	(343,246)	1,759,104
Other income	68	5,064

All investment balances and information included in the supplemental schedule.

6. ACCUMULATED PLAN BENEFITS

Accumulated plan benefits are those future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to service rendered by employees as of the valuation date. Accumulated plan benefits include benefits expected to be paid to (1) retired or terminated employees or their beneficiaries, (2) beneficiaries of employees who have died, and (3) present employees or their beneficiaries. The actuarial present value of accumulated plan benefits is determined by an independent actuary and is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

The significant actuarial assumptions used in the valuations as of December 31, 2015 and 2014, were:

a. Life expectancy of participants

   i. 2015—RP-2014 Static Mortality Table
   ii. 2014— RP-2014 Static Mortality Table

b. Average retirement age—62 years in 2015 and 2014, respectively

c. Investment return rate—4.65% and 4.20% for 2015 and 2014, respectively

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. If the Plan were to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated benefits.

	2015	2014
As of December 31 (end of Plan year):		
Actuarial present value of accumulated vested benefits:		
Participants/beneficiaries currently receiving payments	$ 8,232,739	$ 8,444,943
Other participants	9,311,784	10,688,554
Total actuarial present value of accumulated vested benefits	17,544,523	19,133,497
Actuarial present value of accumulated unvested benefits—active participants	80,181	90,007
Total actuarial present value of accumulated benefits	$17,624,704	$19,223,504

	2015	2014
For the years ended December 31:		
Actuarial present value of accumulated benefits—beginning of year	$19,223,504	$15,684,547
Increases (decreases) due to:		
Change in assumptions	(1,367,145)	3,532,954
Actuarial (gains) losses	(349,751)	(154,494)
Interest	793,210	806,482
Benefit payments to participants or their beneficiaries	(675,114)	(645,985)
Actuarial present value of accumulated benefits—end of year	$17,624,704	$19,223,504

7. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain investments of the Plan are shares of commingled trust funds managed by the Trustee of the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services were approximately $50,600 and $48,900 for the years ended December 31, 2015 and 2014, respectively.

8. FEDERAL INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated December 3, 2013, that the Plan was designed in accordance with applicable regulations of the Internal Revenue Code. The Company and Plan management believe that the Plan is currently designed and operated in compliance with the applicable requirements of the Internal Revenue Code and the Plan continues to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the organization has

taken an uncertain position that more likely than not would not be sustained upon examination by federal and state tax authorities. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2015 and 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.

9. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan, in certain circumstances, to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, the net assets of the Plan will be allocated for payment of plan benefits to the participants in an order of priority determined in accordance with ERISA, applicable regulations thereunder and the Plan document.

Certain benefits under the Plan are insured by the Pension Benefit Guaranty Corporation (PBGC) if the Plan terminates. Generally, the PBGC guarantees most vested, normal-age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination, subject to a statutory ceiling on the amount of an individual's monthly benefit.

Whether all participants receive the benefits should the Plan be terminated at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide these benefits, the priority of benefits to be paid, and the level and type of benefits guaranteed by the PBGC at that time. Some benefits may be fully or partially provided for by the then existing assets and the PBGC guaranty, while other benefits may not be provided for at all.

SCHEDULE SB ATTACHMENTS

Forms of payment

Preretirement death benefits are payable only as described above. Monthly pension benefits are paid as described above as a life annuity, if the participant has no spouse as of the date payments begin, or if the participant so elects. Otherwise, benefits are paid in the form of 100% joint and survivor annuity option or, if the participant elects and the spouse consents, another actuarially equivalent optional form offered by the plan.

Optional forms are 50% joint and survivor annuity, 5-year or 10-year certain and life annuity, lump sum for values less than $10,000, a full lump sum benefit and a life annuity (for married participants).

To receive a full lump sum benefit, the participant must meet the following criteria:

- Ten years of vesting service as of January 1, 1984
- Active participant in the Scripps Pension Plan on January 1, 1984

Lump sums are paid only if reason for termination is retirement

Actuarial equivalence for the annuity options is based on tabular factors as defined in the plan document. Actuarial equivalence for the lump sum option is based on the segment interest rates determined according to Code Section 417(e)(3)(C) for the month of October in the year preceding the benefit commencement date and the mortality table in effect under 417(e)(3).

Maximum on benefits and pay

All benefits and pay for any calendar year may not exceed the maximum limitations for that year as defined in the Internal Revenue Code. The plan provides for increasing the dollar limits automatically as such changes become effective. Increases in the dollar limits are assumed for determining pension cost but not for determining contributions.

Future Plan Changes

No future plan changes were recognized in determining pension cost or in determining minimum and maximum contributions.

Changes in Benefits Valued Since Prior Year

There have been no changes in benefits valued since the prior year.

Spouse age	Male participants are assumed to be three years older than their spouse. Female participants are assumed to be three years younger than their spouse.
Administrative expenses	Administrative expenses are assumed to equal non-PBGC expenses from the prior year plus an estimate of the PBGC expenses for the current plan year that are paid from the trust. The amount included this year for administrative expenses is $160,000.
Loadings	None

Methods

Valuation date	First day of plan year.
Funding target	Present value of accrued benefits.
Target normal cost	Present value of benefits expected to accrue during plan year plus plan-related expenses expected to be paid from plan assets during plan year.
Actuarial value of assets	An average value of assets is determined based on the market value as of the valuation date and the market values on the two preceding 12 month periods. Adjustments are made to the asset values for contributions, benefit payments, expenses and expected investment returns over the period between the respective preceding determination dates and the current valuation date, as applicable. Expected investment returns are equal to the expected return on assets assumed for ASC.715 calculations (4.65% for 2013, 5.25% for 2014). The rate of return used in determining the average value of assets is equal to the lesser of the expected rate and the third segment rate from the prescribed yield curve that applies to the appropriate earnings period.
Benefits not valued	All benefits described in the Plan Provisions section of this report were valued. Towers Watson has reviewed the plan provisions with The E. W. Scripps Company and, based on that review, is not aware of any significant benefits required to be valued that were not.

Change in Assumptions and Methods Since Prior Valuation

The following changes in assumptions were made as part of this valuation:

- The assumed plan-related expenses added to the target normal cost were changed from $100,000 to $160,000 for 2015 plan year. There has been no change in method.
- The expected rate of earnings for purposes of development of the actuarial value of assets was changed from 4.65% for the 2013 plan year to 5.25% for the 2014 plan year to reflect expectations for future market conditions.

Assumptions Rationale - Significant Economic Assumptions for Contributions

Discount rate	The basis chosen was selected by the plan sponsor from among choices prescribed by law, all of which are based on observed market data over certain periods of time.
Administrative expenses	Administrative expenses are assumed to equal non-PBGC expenses from the prior plan year plus an estimate of the PBGC expenses for the current plan year that are paid from the trust.

Assumptions Rationale - Significant Demographic Assumptions

Healthy Mortality	Assumptions were selected by the plan sponsor and, as required by U.S. GAAP represents a best estimate of future experience. Assumptions used for funding purposes are as prescribed by IRC §430(h).
Termination	Termination rates were based on anticipated turnover. Gains and losses are reviewed each year, and if a significant portion of the gain or loss is due to actual turnover different than assumed, Journal Publishing Company and Towers Watson will study actual experience to determine if the assumption should be changed
Retirement	Retirement rates were based on anticipated retirements. Gains and losses are reviewed each year, and if a significant portion of the gain or loss is due to actual retirements different than assumed, Journal Publishing Company and Towers Watson will study actual experience to determine if the assumption should be changed.

Source of Prescribed Methods

Funding methods	The methods used for funding purposes as described in Appendix A, including the method of determining plan assets, are “prescribed methods set by law”, as defined in the actuarial standards of practice (ASOPs). These methods are required by IRC §430, or were selected by the plan sponsor from a range of methods permitted by IRC §430.

SCHEDULE SB ATTACHMENTS

Accounting methods	The methods used for accounting purposes as described in Appendix A, including the method of determining the market-related value of plan assets, are “prescribed methods set by another party”, as defined in the actuarial standards of practice (ASOPs). As required by U.S. GAAP, these methods were selected by the plan sponsor.

Description of Weighted Average Retirement Age
as of January 1, 2015

A fixed population and the retirement rates described in the attached Actuarial Assumptions and Methods and shown below, were used to project the number of retirements per year for ages 55 through 70. Active plan participant characteristics as of January 1, 2015 were factored into the development of the retirement rates. Average retirement age was calculated by taking the weighted average of retirements by age, as shown below:
