Report on the Financial Statements

We were engaged to audit the accompanying financial statements of IKG Hourly Employees Pension Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Notes 5 and 7, which was certified by Wells Fargo Bank, N.A., and Manufacturers and Traders Trust Company, the trustees of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan Administrator that Wells Fargo Bank, N.A., held the Plan's investment assets and executed investment transactions from January 1, 2015, to December 31, 2015, and that Manufacturers and Traders Trust Company held the Plan's investment assets and executed investment transactions as of December 31, 2014, and for the period January 1, 2014, to December 31, 2014. The Plan Administrator has obtained certifications from the trustees as of and for the years ended December 31, 2015 and 2014, that the information provided to the Plan Administrator by the trustees is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter – Supplemental Schedules

The supplemental schedules (1) Schedule H, line 4(i) - Schedule of Assets (Held at End of Year) and (2) Schedule H, Line 4(j) - Schedule of Reportable Transactions, as of and for the year ended December 31, 2015, are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on these supplemental schedules.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustees, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN

The following brief description of the IKG Hourly Employees Pension Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a noncontributory defined benefit plan providing retirement, death and disability benefits to all eligible union employees of the IKG Industries division (Nashville, Leeds, Carlisle, Long Island, and Channel View locations) of Harsco Corporation (the “Company”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

As of December 31, 2006, all accrued benefits and credit for continuous service are frozen for all participants except those in the Channel View location.

In September 2010, the Plan was amended to freeze participation and the accrued pension benefit of collectively bargained employees who are members of the Cement, Lime, Gypsum and Allied Workers, Division of the International Brotherhood of Boilermakers, Iron Ship Builders, Blacksmith Forgers and Helpers, AFL-CIO-CFL, Local Lodge D546 at the Company’s Channel View, Texas facility. The freeze was effective as of the close of business December 31, 2010, and no employee who is hired or rehired by the Company after then shall become a participant in the Plan.

Effective January 1, 2011, credit for past continuous service was frozen as of the close of business on December 31, 2010, and no continuous service earned after that date is taken into account in determining a participant’s pension benefit. A basic monthly pension benefit per year of service with a maximum of thirty-five years will be provided and early retirement at age fifty-five with actuarial reduction of benefits is allowed. The accrued pension of any participant who was an employee as of the close of business December 31, 2010, shall be 100% vested and nonforfeitable, regardless of number of years of continuous service.

Although the Company received Board approval as of December 31, 2003, to merge all defined benefit plans maintained by the Company or its subsidiaries in its ERISA controlled group, the Plan has not yet been merged. The merger is planned in order to reduce administrative and funding costs that otherwise will be incurred if these plans continue as separate plans. The merger will be subject to union approval where required.

The Plan evaluated subsequent events for recognition or disclosure through October 13, 2016, the date the financial statements were available to be issued.

The Plan is administered by the Company’s Pension Investment Committee (Committee), which is a committee of the board of directors of the Company. The Committee has overall responsibility for the operation and administration of the Plan. The Committee determines the appropriateness of the Plan’s investment offerings, monitors investment performance, and reports to the Company’s board of directors.

IKG HOURLY EMPLOYEES PENSION PLAN

NOTES TO FINANCIAL STATEMENTS

Pension Benefits

Employees with five or more years of continuous service are entitled to annual pension benefits beginning at normal retirement age (65) amounting to monthly benefits equal to the benefit unit in effect at the time of termination of employment multiplied by benefit accrual service up to a maximum of 35 to 40 years, depending on the plant. The Plan permits early retirement at ages 55-64 and the completion of 5-10 years of service, depending on the location. Employees may receive their pension benefits in the form of a life annuity for unmarried participants, or, for married participants, the actuarial equivalent of the life annuity is paid in the form of a 50% joint and survivor annuity. If the present value of the pension does not exceed \$1,000, a lump-sum payment is automatic.

The amount of the monthly benefit, as defined in the Plan document, depends upon, among other things, the years of service of the employee and in which division of the Company the employee worked.

Death and Disability Benefits

The Plan provides for death and disability benefits. In the event of death, the amount of benefit the beneficiary will receive will depend upon, among other things, the employee's status as of the date of death and whether the participant was already receiving normal retirement benefits. In the event a participant becomes totally and permanently disabled, the benefit to be received will depend upon, among other things, the employee's status at the time of disability. Depending on the location, disability retirement is available upon permanent incapacitation with no service requirement or after 15 years of continuous service.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements follows:

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. See Note 6 for a discussion of fair value measurements. The Company's finance department determines the Plan's valuation policies utilizing information provided by its investment advisers, custodians, and insurance company. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net increase (decrease) in plan interest in the Harsco Pension Profit Sharing Collective Investment Fund (CIF) includes the Plan's gains and losses on CIF units bought and sold as well as held during the year.

(continued)

IKG HOURLY EMPLOYEES PENSION PLAN

NOTES TO FINANCIAL STATEMENTS

Funding Policy

The Plan is funded annually by the Company with actuarially determined contributions. The contributions are determined using an actuarial cost method which takes into consideration the present value of benefits expected to accrue during the plan year. The Plan has complied with the minimum funding requirements established by ERISA for 2015 and 2014.

Investment Fees

Net investment returns reflect certain fees paid by the investment funds, as well as the underlying investment funds of the Harsco Pension and Profit Sharing Collective Investment Fund ("CIF"), to their affiliated investment advisors, transfer agents, and others as further described in each fund prospectus or other published documents. These fees are deducted prior to allocation of the Plan's investment earnings activity and thus are not separately identifiable as an expense.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits at the date of the financial statements. Actual results could differ from those estimates.

Administrative Expenses

Administrative costs, such as legal, accounting, actuarial, and trustee fees, as well as the Pension Benefit Guaranty Corporation ("PBGC") premium, are paid by the Plan.

Recently Adopted Accounting Standard

In July 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Plans (Topic 965), Parts I through III. Only Part II applies to the Plan. Part II eliminates certain disclosure requirements, including disaggregating investments by nature, risks and characteristics, disclosing investment strategy of investments measured using the net asset value practical expedient, disclosing individual investments that represent five percent or more of net assets available for benefits, and disclosing net appreciation or depreciation for investments by general type. The Plan has elected to early adopt Part II of the ASU, retrospectively, in its December 31, 2015, financial statements. Accordingly, the disclosures have been changed to reflect such adoption. There was no impact on net assets available for benefits as a result of the adoption of this ASU.

IKG HOURLY EMPLOYEES PENSION PLAN

NOTES TO FINANCIAL STATEMENTS

3. ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS

Accumulated plan benefits are those future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits under the Plan are based on employees' credited service and the benefit rate in effect at the time of retirement. The accumulated plan benefits for active employees are based on their credited service and the benefit rates in effect at the time the plan was frozen.

Benefits payable under all circumstances – retirement, death, disability, and termination of employment – are included, to the extent they are deemed attributable to employee service rendered to the valuation date.

The actuarial present value of accumulated plan benefits is determined by the Plan's independent actuary as of January 1, 2015 and 2014, and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment.

The significant actuarial assumptions used in the valuation and the determination of the present value of accumulated plan benefits as of January 1, 2015 and 2014, are as follows:

Discount rate * 7.00% compounded annually for 2015 and 2014.

Mortality basis For 2015: Separate rates for non-annuitants based on RP2014 "Employee" table (male and female) with blue collar adjustment, projected generationally from the base year of 2006 using Scale MP2015; and annuitants based on RP2014 "Healthy Annuitants" table (male and female) with blue collar adjustment, projected generationally from the base year of 2006 using Scale MP2015.

For 2014: Separate rates for non-annuitants based on RP2014 "Employee" table (male and female) with blue collar adjustment, with Scale MP2014 generational improvement projection; and annuitants based on RP2014 "Healthy Annuitants" table (male and female) with blue collar adjustment, with MP2014 generational improvement projection.

Retirement 30% at age 62 increasing to 100% at age 67 for 2015 and 2014.

* Net of 0.25% for assumed expenses.

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated Plan benefits.

(continued)

IKG HOURLY EMPLOYEES PENSION PLAN

NOTES TO FINANCIAL STATEMENTS

The actuarial present value of accumulated plan benefits are as follows as of January 1, 2015 and 2014 (in thousands):

	<u>2015</u>	<u>2014</u>
Vested benefits		
Participants currently receiving payments	\$ 6,060	\$ 6,098
Other participants	<u>3,678</u>	<u>3,755</u>
	9,738	9,853
Nonvested benefits	<u>32</u>	<u>35</u>
Total actuarial present value of accumulated plan benefits	<u><u>\$ 9,770</u></u>	<u><u>\$ 9,888</u></u>

The changes in the actuarial present value of accumulated plan benefits for the years ended January 1, 2015 and 2014, are presented below (in thousands):

	<u>2015</u>	<u>2014</u>
Actuarial present value of accumulated plan benefits at beginning of year	\$ 9,888	\$ 9,199
Increase (decrease) during the year attributable to		
Interest due to the decrease in the discount period	669	622
Benefits paid	(686)	(639)
Actuarial losses	46	195
Assumption changes	<u>(147)</u>	<u>511</u>
Net increase (decrease)	<u>(118)</u>	<u>689</u>
Actuarial present value of accumulated plan benefits at end of year	<u><u>\$ 9,770</u></u>	<u><u>\$ 9,888</u></u>

The increase (decrease) in actuarial present value of accumulated plan benefits from changes in actuarial assumptions is a result of changing the mortality table used to determine the life expectancy of participants.

The computations of the actuarial present value of accumulated plan benefits were made as of January 1, 2015 and 2014. Had the valuations been performed as of December 31, there would be no material differences.

NOTES TO FINANCIAL STATEMENTS

4. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan terminates, the net assets of the Plan will be allocated in accordance with the Plan document and as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated.

- a) Annuity benefits that former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under plan provisions in effect at any time during the five years preceding plan termination.
- b) Other vested benefits insured by the Pension Benefit Guaranty Corporation (“PBGC”) (a U.S. government agency) up to the applicable limitations (discussed subsequently).
- c) All other vested benefits (that is, vested benefits not insured by PBGC).
- d) All nonvested benefits.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor’s pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan’s termination. However, there is a ceiling, which is adjusted periodically, on the amount of monthly benefit that the PBGC guarantees.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan’s net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the Company and the level of benefits guaranteed by the PBGC.

5. PLAN INTEREST IN THE HARSCO PENSION AND PROFIT SHARING COLLECTIVE INVESTMENT FUND (UNAUDITED)

The Plan invests primarily in the Harsco Pension and Profit Sharing Collective Investment Fund (CIF). The CIF is a unitized pool. Each participant holds units of the pool that represent their pro-rata share of the underlying investments. On a monthly basis, the investment pool is valued and a new pool net asset value (NAV) is calculated to represent this value. All income allocations are processed on a per unit basis.

All income, realized and unrealized gains/losses, are included in/rolled into the monthly NAV.

6. FAIR VALUE MEASUREMENTS

The Plan measures its investments at fair value on a recurring basis in accordance with accounting principles generally accepted in the United States of America. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The framework that the authoritative guidance establishes for measuring fair value includes a hierarchy used to classify the inputs used in measuring fair value. The hierarchy prioritizes the inputs used in determining valuations into three levels. The level in the fair value hierarchy within which the fair value measurement falls is determined based on the lowest level input that is significant to the fair value measurement. The levels of the fair value hierarchy are as follows:

Level 1 – Fair value is based on unadjusted quoted prices in active markets that are accessible to the Plan for identical assets. These generally provide the most reliable evidence and are used to measure fair value whenever available.

Level 2 – Fair value is based on significant inputs, other than Level 1 inputs, that are observable either directly or indirectly for substantially the full term of the asset through corroboration with observable market data. Level 2 inputs include quoted market prices in active markets for similar assets or liabilities, quoted market prices in inactive markets for identical or similar assets, and other observable inputs.

Level 3 – Fair value would be based on significant unobservable inputs. Examples of valuation methodologies that would result in Level 3 classification include option pricing models, discounted cash flows, and similar techniques.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31 (in thousands):

	2015			
	Fair Value Measurements Using			
	Fair Value	Level 1	Level 2	Level 3
Wells Fargo money market fund	\$ 48	\$ 48	\$ -	\$ -

The Wells Fargo money market fund is stated at cost, which approximates fair value.

Following is a description of the valuation methodologies used for CIF investments measured at fair value.

Level 1 Fair Value Measurements

Investments in interest-bearing cash are stated at cost, which approximates fair value. The fair values of money market accounts and certain mutual funds are based on quoted net asset values of the shares held by the Plan at year-end. The fair values of common stocks and corporate bonds, notes, and convertible debentures are valued at the closing price reported in the active market on which the individual securities are traded.

IKG HOURLY EMPLOYEES PENSION PLAN

NOTES TO FINANCIAL STATEMENTS

Level 2 Fair Value Measurements

The fair values of investments in mutual funds for which quoted net asset values in an active market are not available are valued by the investment advisor based on the current market values of the underlying assets of the mutual fund based on information reported by the investment consistent with audited financial statements of the mutual fund. Further information concerning these mutual funds may be obtained from their separate audited financial statements. Investments in U.S. Treasury notes and collateralized securities are valued based on yields currently available on comparable securities of issuers with similar credit ratings.

Plan assets are allocated among various categories of equities, fixed income, cash and cash equivalents with professional investment managers whose performance is actively monitored. The primary investment objective is long-term growth of assets in order to meet present and future benefit obligations. The Company periodically conducts an asset/liability modeling study and accordingly adjusts investments among and within asset categories to ensure the long-term investment strategy is aligned with the profile of benefit obligations.

There are no unfunded commitments or redemption restrictions on units of the CIF.

For both Plan and CIF investments, there have been no significant changes in the methodologies used during the years ended December 31, 2015 and 2014.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes the valuation methodologies are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain investments could result in a different fair value measurement at the reporting date.

7. INFORMATION CERTIFIED BY TRUSTEES (UNAUDITED)

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2015 and 2014. Wells Fargo Bank, N.A., held the Plan's investment assets and executed investment transactions for the year ended December 31, 2015, and Manufacturers and Traders Trust Company held the Plan's investment assets and executed investment transactions for the year ended December 31, 2014. Accordingly, Wells Fargo Bank, N.A., and Manufacturers and Traders Trust Company, the trustees of the Plan, have certified to the completeness and accuracy of all investments reported in the accompanying Statement of Net Assets Available for Benefits as of December 31, 2015 and 2014, the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2015, the related investment activity reported in the Statement of Changes in Net Assets Available for Benefits for the years ended December 31, 2015 and 2014, and the supplemental Schedule H, Line 4(j) - Schedule of Reportable Transactions for the year ended December 31, 2015.

8. TAX STATUS

The Plan obtained its latest determination letter on March 4, 2013, in which the Internal Revenue Service (“IRS”) stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (“IRC”). The Plan administrator and the Plan’s tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable regulations of the IRC and believes that the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2015, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.

9. RELATED PARTY TRANSACTIONS

Effective January 1, 2015, the Plan’s investments are now being managed by Wells Fargo. Prior to 2015, the investments were managed by M&T Investment Group, an affiliate of M&T. The Plan invests in certain funds (directly and within the CIF) owned by the investment manager. Wells Fargo is the Plan’s trustee as of and for the year ended December 31, 2015, and M&T was the Plan’s trustee as of and for the year ended December 31, 2014. Therefore, transactions in these funds qualify as party-in-interest transactions.

Fees incurred by the Plan for the trustee fees amounted to \$7,188 and \$10,369 for the years ended December 31, 2015 and 2014, respectively. CIF transactions in Harsco Corporation common stock also qualify as party-in-interest transactions. There were no purchases or sales of Harsco Corporation common stock in the CIF during 2015 and 2014. All other transactions which may be considered parties-in-interest transactions relate to normal plan management and administrative services, and the related payment of fees.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

10. RISKS AND UNCERTAINTIES

Investments of the Plan are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect amounts reported in the Statement of Net Assets Available for Benefits.

(continued)

IKG HOURLY EMPLOYEES PENSION PLAN

NOTES TO FINANCIAL STATEMENTS

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to the uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Benefits

Monthly pension benefit	Monthly benefit unit times benefit service, limited to maximum benefit service.
Monthly benefit unit	See table of monthly benefit amounts

Benefit	Age	Vesting Service	Benefit Service	Description
Normal retirement	65	5		Accrued benefit payable immediately
Early retirement				
■ Carlisle	62		5	Benefit actuarially reduced for commencement prior to 65
■ Channelview	55		5	Benefit actuarially reduced for commencement prior to 65
■ Leeds	55		5	Benefit actuarially reduced for commencement prior to 65
■ Long Island	60	10		Benefit reduced 0.6% for each month prior to 65

	62	30	Unreduced accrued benefit payable immediately
■ Nashville	55	10	Benefit reduced 0.6% for each month prior to 65
Postponed retirement	> 65	5	Accrued benefit payable immediately
Vested termination		5	Accrued benefit payable unreduced at normal retirement, or reduced as detailed above for early retirement.
Disability benefit			
■ Carlisle		15	\$180 per month, payable after 6 consecutive months of disability.
■ Channelview	< 65		Temporary benefit payable until age 65 equal to the greater of the participant's monthly accrued benefit calculated with a dollar per month multiplier of \$15, or \$200 per month (\$255 per month effective July 1, 2006, and \$270 per month effective July 1, 2008). For this purpose, benefit service is computed as of the end of the six month period following the onset of disability, subject to the benefit service freeze date.
■ Leeds	< 65		Temporary benefit payable until age 65 equal to the greater of the participant's monthly accrued benefit (effective July 1, 2006 calculated with a dollar per month multiplier \$1 higher than the current amount), or \$300 per month. For this purpose, the participant's monthly accrued benefit is determined based on benefit service as of the end of the six month period following the onset of disability, subject to the benefit freeze date.
■ Long Island		15	Accrued benefit payable immediately, determined based on benefit service as of the end of the six month period following the onset of disability.
■ Nashville		15	Prior to normal retirement, \$250 per month, payable after 6 consecutive months of disability. Upon reaching normal retirement, the benefit payable is the normal retirement benefit based on benefit service as of the end of the six month period following the onset of disability.
Pre-retirement survivor's annuity		5	If married, the pre-retirement survivor annuity is payable for the life of the spouse. The amount of the death benefit is 50% of the amount that would have been payable to the participant at his earliest retirement date if he elected a 50% joint and survivor annuity, reduced for early commencement, prior to his death.

Maximum pension benefits

All benefits for any calendar year may not exceed the maximum limitation for that year as defined in the Internal Revenue Code.

Form of Payment**Normal form**

Single participant: Life annuity

Married participant: 50% joint and survivor annuity

Optional forms

- Annuities

Optional forms of payment available under the plan include a single life annuity, and 50% and 75% joint and survivor annuities.

- Lump Sums

Automatic cashouts are made in the event the present value of benefits is less than \$5,000.

Optional form conversion basis

1983 Group Annuity Mortality Table for Males, with an age setback of one year for the Participant and five years for the co-pensioner or spouse, and an annual interest rate of 6%.

Future Plan Changes

No future plan changes were recognized. Willis Towers Watson is not aware of any future plan changes that are required to be valued.

Changes in Benefits Valued Since Prior Year

There have been no changes in benefits valued since the prior year.

Timing of benefit payments

Annuity payments are payable monthly at the beginning of the month and lump sum payments are payable on date of decrement.

Methods

Valuation date	First day of plan year (January 1)
Funding target	Present value of accrued benefits
Target normal cost	Present value of benefits expected to accrue during the plan year plus plan-related expenses expected to be paid from plan assets during the plan year
Actuarial value of assets	<p>Average of the fair market value of assets on the valuation date and the four immediately preceding semi-annual periods, adjusted for contributions, benefits, administrative expenses and expected earnings of 7.01% during calendar 2014 and 6.66% during calendar 2013 (with such expected earnings limited as described in IRS Notice 2009-22). The average asset value must be within 10% of market value, including discounted contributions receivable (discounted using the effective interest rate for the 2014 plan year.)</p> <p>The method of computing the actuarial value of assets complies with rules governing the calculation of such values under the Pension Protection Act of 2006 (PPA). These rules produce smoothed values that reflect the underlying market value of plan assets but fluctuate less than the market value. As a result, the actuarial value of assets will be lower than the market value in some years and greater in other years. However, over the long term under PPA's smoothing rules, the method has a significant bias to produce an actuarial value of assets that is below the market value of assets.</p>
Benefits not valued	<p>All benefits described in the Plan Provisions section of this report were valued. Willis Towers Watson has reviewed the plan provisions and, based on that review, is not aware of any significant benefits required to be valued that were not.</p> <p>The plan pays automatic cashouts of small benefits with a present value up to \$5,000 in a single lump sum payment. Such lump sums are not explicitly valued; rather such participants' benefits are valued using the benefit choice assumptions described above.</p>

Assumptions Rationale - Significant Economic Assumptions

Discount rate	The basis chosen was selected by the plan sponsor from among choices prescribed by law, all of which are based on observed market data over certain periods of time.
Administrative expenses	Administrative expenses for the coming year are estimated by taking the actual expenses paid during the prior year and adjusting for expected changes in the current year, reflecting items like expected changes in PBGC premiums.
Investment return	A 7.01% investment return assumption for 2014 was selected for use in the actuarial value of assets (with such expected earnings limited as described in IRS Notice 2009-22). This assumption is based on an estimate of future experience for asset investments returns reflecting the plan's asset allocation and any expected changes during the plan year, market conditions at the measurement date and expectations for future

market conditions. Portfolio return simulations using Willis Towers Watson's CAP:Link model were used to select this assumption.

Assumptions Rationale - Significant Demographic Assumptions

Healthy Mortality	Assumptions used for funding purposes are as prescribed by IRC § 430(h).
Disabled Mortality	Assumptions used for funding purposes are as prescribed by IRC § 430(h).
Termination	Termination rates were based on an experience study conducted in 2012, with annual consideration of whether any conditions have changed that would be expected to produce different results in the future.
Disability	Disability rates were based on a published table for pension participants believed to have reasonably similar characteristics, with annual consideration of whether any conditions have changed that would be expected to produce different results in the future.
Retirement	Retirement rates were based on an experience study conducted in 2012, with annual consideration of whether any conditions have changed that would be expected to produce different results in the future.
Benefit commencement date for deferred vested benefits	Deferred vested participants are assumed to commence annuity benefits at the later of age 63 or the current age based on a best estimate of commencement age based on an experience study conducted in 2012.
Form of payment	Form of payment assumptions were based on an experience study conducted in 2012, with annual consideration of whether any conditions have changed that would be expected to produce different results in the future.
Spouse age	The assumed age difference for spouses is based on the age difference observed among recent retirees from the experience study conducted in 2012.

Source of Prescribed Methods**Funding methods**

The methods used for funding purposes, including the method of determining plan assets, are “prescribed methods set by law”, as defined in the actuarial standards of practice (ASOPs). These methods are required by IRC § 430, or were selected by the plan sponsor from a range of methods permitted by IRC § 430.

Changes in Assumptions and Methods**Change in assumptions and methods since prior valuation**

The segment interest rates used to calculate the funding target and target normal cost were updated from and applicable month of September 2013 to September 2014 (with applicable HATFA corridors).

The mortality table used to calculate the funding target and target normal cost was updated to include one additional year of projected mortality improvement.

The expense assumption used to calculate the target normal cost was updated to reflect recent plan experience.

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.
