INDEPENDENT AUDITOR'S REPORT

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Ohio Farm Bureau Federation Retirement Plan (the "Plan"), which comprise the statements of net assets available for benefits on a cash basis as of December 31, 2015 and 2014, and the related statements of changes in net assets available for benefits on a cash basis for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the cash basis of accounting described in Note 2; this includes determining that the cash basis of accounting is an acceptable basis for the representation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Nationwide Trust Company, the trustee of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the trustee as of December 31, 2015 and 2014, and for the years then ended, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Basis of Accounting

We draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements and supplemental schedules are prepared on a cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Emphasis of Matter

As discussed in Note 10 to the financial statements, in 2014, the entity adopted the most recent mortality tables and the new HATFA rates, which were applied retrospectively. Our opinion is not modified with respect to the matter.

Other Matter

The supplemental schedules, the schedule of assets held for investment purposes and schedule of reportable transactions as of or for the year ended December 31, 2015, are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified or provided by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1: DESCRIPTION OF PLAN

The following brief description of the Ohio Farm Bureau Federation Retirement Plan (“the Plan”) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions. Information about the plan agreement, the vesting and benefit provisions, and the Pension Benefit Guaranty Corporation's benefit guarantee is contained in the Summary Plan Document.

General

The Plan is a defined benefit plan sponsored by the Ohio Farm Bureau Federation, Inc. (“OFBF”) and covers all salaried and hourly employees of OFBF who are at least 21 years of age, completed one year of service, obtain 1,000 hours of service, annually, and who were not 60 years of age or older at the time they would otherwise be eligible to enter the Plan. This plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Pension Benefits

Employees become eligible for a nonforfeitable deferred vested benefit if employment is terminated with at least five years of eligible service. Reduced benefits may commence at age 55 with full benefits available at normal retirement age of 65.

The Plan provides for the following normal monthly benefits:

- a) 2% of the participant's final monthly average salary, times the number of years of credited participation to a maximum of 30 years, plus 1% of the participant's final monthly average salary times the number of years of credited participation in excess of 30 years, but not to exceed 40 years, minus 50% of the participant's “Primary Social Security Insurance Amount” at the participant's normal retirement date, adjusted per the Plan document by the number of years of credited participation (to a maximum of 40 years), divided by 40, if hired before January 1, 2005.
- b) 1.5% of the participant's final monthly average salary, times the number of years of credited participation to a maximum of 30, years, plus 1% of the participant's final monthly average salary times the number of years of credited participation in excess of 30 years, but not to exceed 40 years, minus 50% of the participant's “Primary Social Security Insurance Amount” at the participant's normal retirement date, adjusted per the Plan document by the number of years of credited participation (to a maximum of 40 years), divided by 40, if hired after January 1, 2005
- c) 1% of the participant's final monthly average salary, times the number of years of credited participation to a maximum of 40 years, minus 50% of the participant's “Primary Social Security Insurance Amount” at the participant's normal retirement date, adjusted per the Plan document by the number of years of credited participation (to a maximum of 40 years), divided by 40, if you became a participant after December 31, 2015.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1: DESCRIPTION OF PLAN (CONTINUED)

Death and Disability Benefits

If an active employee dies at age 55 or older, a death benefit equal to the value of the employee's accumulated pension benefits is paid to the employee's beneficiary. Active employees who become totally disabled receive annual disability benefits that are equal to the normal retirement benefits they have accumulated as of the time they become disabled. Disability benefits are paid until normal retirement age at which time disabled participants begin receiving normal retirement benefits computed as though they had been employed to normal retirement age with their annual compensation remaining the same as at the time they became disabled.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America, and presents the net assets available for benefits as of December 31, 2015 and 2014, and changes in those assets for the years then ended.

Use of Estimates

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated Plan benefits at the date of the financial statements and changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Committee determines the Plan's valuation policies utilizing information provided by the investment custodians and insurance company. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the cash basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

All reasonable expenses, taxes and fees of the Plan, the Committee and the Trustee incurred in the administration of the Plan and Trust Fund shall be paid from the Trust Fund.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Recent Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2015-07, Fair Value Measurement (Topic 820): *Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. The amendments in this Update remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. However, sufficient information must be provided to permit reconciliation of the fair value of assets categorized within the fair value hierarchy to the amounts presented in the statement of financial position. The amendments also remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. The amendments in this Update are effective for public business entities for fiscal years beginning after December 15, 2015. For all other entities, the amendments in this update are effective for fiscal years beginning after December 15, 2016. Early adoption is permitted. Upon adoption, the amendments shall be applied retrospectively to all periods presented. Plan management does not believe this will impact the Plan's financial statements.

In July 2015, the FASB issued ASU 2015-12, Plan Accounting: *Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part 1) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosure, (Part III) Measurement Date Practical Expedient*. Part I eliminates the requirements to measure the fair value of benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of the net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III provides a practical expedient to permit plans to measure investments and investment-related accounts as of a month-end that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with a month-end. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively, with Part III to be applied prospectively. There is no anticipated effect on the value of the net assets available for benefits, as the main changes resulting from implementation of the ASU centers around certain disclosures in the notes to the financial statements. Part I and III are not applicable to the Plan. Management has elected to adopt Part II early for the 2015 plan year, and it was retrospectively applied to the December 31, 2014 plan year. Prior year disclosures have been revised to reflect the retrospective application of this update.

Subsequent Events

Subsequent events have been evaluated through October 7, 2016, which is the date the financial statements were available to be issued.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 3: INFORMATION PREPARED AND CERTIFIED BY NATIONWIDE TRUST COMPANY

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2015 and 2014, and net appreciation in fair value of investments for the years then ended, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Nationwide Trust Company (the trustee of the Plan).

NOTE 4: INVESTMENTS

During the plan years ended December 31, 2015 and 2014, the plan's investments (including gains and losses on investments bought and sold, as well as held during the year) (depreciated)/appreciated in value by (\$16,365) and \$378,991, respectively.

NOTE 5: FAIR VALUE MEASUREMENTS

Generally accepted accounting principles include a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

OHIO FARM BUREAU FEDERATION
RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 5: FAIR VALUE MEASUREMENTS (CONTINUED)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Mutual/Money market funds: Valued at the net asset value ("NAV") of shares held by the plan at year end. NAV is based on the value of underlying assets owned by the fund, minus its liabilities and then divided by the number of shares outstanding. NAV is a quoted price in an active market.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

Assets at Fair Value as of December 31, 2015

	Level 1	Level 2	Level 3	Total

RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 6: PLAN TERMINATION

Although it has not expressed any intention to do so, OFBF has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA and its related regulations. Should the Plan terminate at some future time, its net assets generally will not be available on a pro rata basis to provide participants' benefits. Whether a particular participant's accumulated plan benefits will be paid depends on both the priority of those benefits and the level of benefits guaranteed by the Pension Benefit Guaranty Corporation ("PBGC") at that time. Some benefits may be fully or partially provided for by the then existing assets and the PBGC guaranty, while other benefits may not be provided for at all.

NOTE 7: TAX STATUS

The Internal Revenue Service has determined and informed OFBF by a letter dated August 24, 2012, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). OFBF believes that the Plan is currently being operated in compliance with the applicable requirement of the IRC and has no income subject to unrelated business income tax. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require management of an organization to evaluate tax positions taken by the organization and recognize a tax liability if the organization has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. Plan management has analyzed the tax positions taken by the Plan, and had concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements.

There are currently no audits for any tax periods in progress.

NOTE 8: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Add: Contributions receivable, end of year – per Form 5500	525,000
Net increase in net assets available for plan benefits per Form 5500	<u>\$ 236,841</u>

NOTE 10: ACTUARIAL ASSUMPTIONS

Accumulated plan benefits are those future periodic payments, including lump-sum distributions, which are attributable under the Plan's provisions to services rendered by the employees. Benefits payable under all circumstances (retirement, death, disability, or termination of employment) are included to the extent they are deemed attributable to employee service rendered through the valuation date.

The actuarial present value of accumulated plan benefits is determined by an independent actuary using the unit credit method and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment. The significant actuarial assumptions underlying the computations for the Plan as of January 1, 2016, are as follows:

Average rate of return:	-0.8% per annum, compounded annually, net of investment expenses
Mortality basis:	2016 Combined Mortality for healthy lives
Normal retirement age:	Age 65

OHIO FARM BUREAU FEDERATION
RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 10: ACTUARIAL ASSUMPTIONS (CONTINUED)

Plan as of January 1, 2015, are as follows:

Average rate of return:	4.40% per annum, compounded annually, net of investment expenses
Mortality basis:	2015 Combined Mortality for healthy lives
Normal retirement age:	Age 65

During 2014, the Plan adopted the most recent mortality tables, 2015 Combined Mortality for healthy lives. The Plan also adopted the new HATFA rates, which were applied retrospectively to January 1, 2014. As such, the data below has been updated to reflect the adoption of these tables and rates, reflecting a decrease in actuarial present value of accumulated plan benefits of \$984,844 at January 1, 2014.

Actuarial assumptions are based on the presumption that the Plan will continue. Should the Plan terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

The actuarial present value of accumulated Plan benefits as of January 1, 2016 and 2015, are summarized as follows:

	2016	2015
Vested:		
Participants currently receiving benefits	\$ 4,538,828	\$ 4,717,851
Other participants	10,696,947	9,561,804
	<u>15,235,775</u>	<u>14,279,655</u>
Nonvested	752,072	723,641
Total	<u>\$15,987,847</u>	<u>\$15,003,296</u>

The changes in the actuarial present value of accumulated Plan benefits as of January 1, 2016 and 2015 are as follows:

	2016	2015
Actuarial present value of accumulated Plan benefits at the beginning of the year	\$ 15,003,296	\$ 9,416,853

NOTE 11: FUNDING POLICY

Pension funding is actuarially determined and includes normal cost and the amortization of past service costs. The Company has made contributions in amounts not less than those necessary to comply with the minimum funding standards of ERISA as set forth in the actuary's report. The actuary's report indicated that Company contributions of \$744,778 and \$616,401 were required in 2015 and 2014, respectively, to meet the minimum funding standards of ERISA.
