We were engaged to audit the accompanying financial statements of Medical Mutual of Ohio Employees' Retirement Savings Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2015 and the related statement of changes in net assets available for benefits for the year ended December 31, 2015, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility for the 2015 Financial Statements

Our responsibility is to express an opinion on the 2015 financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matters described in the Basis for Disclaimer of Opinion paragraph; however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2015 financial statements.

Basis for Disclaimer of Opinion on the 2015 Financial Statements

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by T. Rowe Price Trust Company, the trustee and custodian of the Plan, except for comparing such information with the related information included in the 2015 financial statements. We have been informed by the Plan administrator that the trustee and custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee and custodian as of and for the year ended December 31, 2015 that the information provided to the plan administrator by the trustee and custodian is complete and accurate.

Disclaimer of Opinion on the 2015 Financial Statements

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2015 financial statements. Accordingly, we do not express an opinion on the 2015 financial statements as a whole.

Other Matters

2014 Financial Statements

The financial statements of the Plan as of 2014 were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by T. Rowe Price Trust Company, the trustee and custodian of the Plan, except for comparing such information with the related information included in the 2014 financial statements. Their report, dated October 7, 2015 indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis of an audit opinion and accordingly, they did not express an opinion on the 2014 financial statements and (b) the form and content of the information included in the 2014 financial statements other than that derived from the information certified by the trustee and custodian, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Supplementary Information

The supplemental Schedule of Assets (Held at End of the Year) as of December 31, 2015, is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations 2015

The form and content of the information included in the 2015 financial statements and supplemental schedule, other than that derived from the information certified by the trustee and custodian have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Medical Mutual of Ohio Employees' Retirement Savings Plan

Notes to Financial Statements

December 31, 2015 and 2014

1. Description of the Plan

The following description of the Medical Mutual of Ohio Employees' Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions, copies of which may be obtained from the Plan Sponsor.

General

The Plan, as amended and restated, is comprised of a defined contribution employee retirement savings portion (the 401(k) Portion), and a defined contribution retirement portion (the Horizons Portion) covering eligible employees of Medical Mutual of Ohio (MMO) and its subsidiaries (the Company and Plan Sponsor). The Plan is designed to encourage eligible employees to develop a program of systematic individual savings, to provide for employer contributions thereto, and to create arrangements for investing such savings and contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

401(k) Portion

A participant in the Plan can elect to make tax-deferred or after-tax contributions from 1% to a maximum of 75%, in the aggregate, of their eligible compensation. The Company contributes 100% of the first 3% of compensation that a participant contributes to the Plan and 50% of the next 2% of compensation that a participant contributes to the Plan. The Company may make additional discretionary contributions.

Upon entry of new employee information in the T. Rowe Price system, new employees are given a 45 day "grace period" to opt in or out of the Plan before they are automatically enrolled with a contribution equal to 3% of annual compensation. Beginning December 31, 2015, the new employee automatic enrollment contribution increased to 5% of annual compensation. Before the effective date of the automatic enrollment, a notice is provided to allow participants the opportunity to revoke or modify the deemed salary deferral agreement.

Horizons Portion

The Company makes fixed contributions which are calculated as a percentage of the employees' covered compensation. The percentages range from 3% to 8%, using an age plus years of service-graded scale. An employee's covered compensation includes their base salary, bonuses, sales compensation, overtime pay, and shift differential. The Company will contribute an additional amount, ranging from 3.0% to 5.7%, based on an employee's compensation in excess of the Social Security Wage Base.

The maximum combined amount that the participant and the Company can contribute to all qualified plans is the lesser of 100% of a participant's total compensation, which is subject to federal income tax withholding, or \$53,000 per year in 2015 or \$52,000 per year in 2014. In addition, participants aged 50 and over are permitted to make additional contributions of up to \$6,000 in 2015 and \$5,500 in 2014. Participants may roll over funds into the Plan from other qualified plans.

The Plan accepts Roth 401(k) contributions made on behalf of participants. Unless specifically stated otherwise, Roth 401(k) contributions will be treated as tax-deferred contributions for all purposes under the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and the Plan's earnings, and is charged with certain administrative expenses specifically identifiable to the participant's account as well as an allocation of expenses relating to purchases, sales or transfers of investments. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Plan participants are immediately vested in the Company's contributions plus any actual earnings thereon.

Investment Options

Upon enrollment in the Plan, a participant may direct all contributions into any combination of the specific investment funds offered by the Plan. Participants can also choose investments through self-directed brokerage accounts.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years or up to 30 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined monthly by the plan administrator. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Benefit payments are typically made in a lump-sum payment, although periodic payment alternatives are available.

Plan Termination

Although it has not expressed any intent to do so, the Company may terminate the Plan at any time, subject to the provisions of ERISA. Upon termination, the assets of the Plan shall be distributed to each participant in proportion to their interest in the Plan, which shall consist of the participant's contributions and the Company's contributions made on behalf of each participant, adjusted for the participant's interest in fund earnings or losses.

2. Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates that affect amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

Notes to Financial Statements

December 31, 2015 and 2014

Investment Valuation and Income Recognition

The Plan holds units in the T. Rowe Price Stable Value Fund (the Fund), which invests in fully benefit-responsive investment contracts. The Fund is valued at net asset value (NAV) of units held. The NAV is used as a practical expedient to estimate fair value. Were the Plan to initiate a full redemption of Fund units, the trustee reserves the right to temporarily delay withdrawal from the Fund in order to ensure that securities liquidations will be carried out in an orderly business manner. The Plan has no unfunded commitments related to investments in the Fund.

All other investments held by the Plan are reported at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants, at the measurement date (exit price). See Note 4 for further discussion and disclosures related to fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date.

Realized gains or losses on the sale of investments are computed on the specific identification basis. Net changes in appreciation or depreciation of investments are combined with realized gains or losses and are reflected as net appreciation or depreciation in fair value of investments in the statement of changes in net assets available for benefits.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest, which ranges from 3.25% to 10.25%. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are recorded when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 or 2014. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the Plan's provisions. Administrative expenses paid by the Plan include external fiduciary, recordkeeping and trustee fees. Expenses relating to purchases, sales or transfers of the Plan's investments are charged to the particular investment fund to which the expenses relate. All other administrative expenses of the Plan are paid by the Company and are excluded from these financial statements.

New Accounting Pronouncements

In May 2015, the FASB issued Accounting Standards Update 2015-07, *Fair Value Measurement (Topic 820) – Disclosures for Investment in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. ASU 2015-07 eliminates the requirement to categorize investments measured using the net asset value (NAV) practical expedient in the fair value hierarchy. Further, ASU 2015-07 changed certain disclosure requirements by 1) limiting the disclosures in paragraph 820-10-50-6A to only those investments measured using the NAV practical expedient, 2) excluding investments measured using the NAV practical expedient from the recurring and nonrecurring disclosure requirements, and 3) providing that although investments measured using the NAV practical expedient are not categorized in the fair value hierarchy, entities are required to disclose the fair value of investments measured using the practical expedient so that financial statement users can reconcile amounts reported in the fair value hierarchy table to amounts reported on the balance sheet. ASU-07 is effective for annual periods beginning after December 15, 2016, with early adoption permitted. Plan management has chosen to early adopt the provisions of ASU 2015-07 in these financial statements. Adoption has an immaterial impact on the Plan's financial statements.

In July 2015, the FASB issued Accounting Standards Update 2015-12, *Plan Accounting: (Part I) Fully Benefit-Responsive Investment Contracts*. ASU 2015-12 (Part I) eliminates the requirement to measure and present the fair value of fully benefit-responsive investment contracts. Under ASU 2015-12 (Part I), fully benefit-responsive investment contracts are measured, presented and disclosed only at contract value. ASU 2015-12 is effective for annual periods beginning after December 15, 2015, with early adoption permitted. The Plan holds no direct investments in fully benefit-responsive investment contracts, therefore ASU 2015-12 (Part I) does not apply to the Plan.

In July 2015, the FASB issued Accounting Standards Update 2015-12, *Plan Accounting: (Part II) Plan Investment Disclosures*. ASU 2015-12 (Part II) eliminates the requirement to disclose 1) individual investments that represent 5 percent or more of net assets available for benefits and 2) the net appreciation or depreciation in fair value of investments by general type. Further, ASU 2015-12 (Part II) requires plans to disaggregate investments that are measured using fair value by general type, either on the face of the financial statements or in the notes. The guidance is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Plan management has chosen to early adopt the provisions of ASU 2015-12 (Part II) in these financial statements. Adoption has an immaterial impact on the Plan's financial statements.

In July 2015, the FASB issued Accounting Standards Update 2015-12, *Plan Accounting: (Part III) Measurement Date Practical Expedient*. ASU 2015-12 (Part III) permits plans that have a fiscal year end that does not coincide with a month-end to measure investments and investment-related accounts as of a month-end date that is closest to the Plan's fiscal year end. ASU 2015-12 (Part III) does not apply to the Plan, as the Plan's fiscal year end is December 31.

Subsequent Events

The Plan evaluated subsequent events from the end date of the most recent fiscal year through October 14, 2016, the date the financial statements were available to be issued.

3. Certified Financial Data

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2015 and 2014 by T. Rowe Price Trust Company (Trustee) and net appreciation (depreciation) in fair value of investments, interest and dividends for the year ended December 31, 2015, was obtained or derived from information provided to the plan administrator and certified as complete and accurate by the Trustee.

4. Fair Value Measurements

The fair value framework establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The three levels of the fair value hierarchy are described below:

- Level 1 Values are unadjusted quoted prices for identical assets in active markets accessible at the measurement date.
- Level 2 Inputs include quoted prices for similar assets in active markets, quoted prices from those willing to trade in markets that are not active, or other inputs that are observable or can be corroborated by market data for the term of the instrument. Such inputs include market interest rates and volatilities, spreads, and yield curves.
- Level 3 Certain inputs are unobservable (supported by little or no market activity) and significant to the fair value measurement. Unobservable inputs reflect the Plan's best estimate of what hypothetical market participants would use to determine a transaction price for the asset or liability at the reporting date.

The following table summarizes fair value measurements at December 31, 2015 and 2014, for assets measured at fair value on a recurring basis:

	2015			
	Level 1	Level 2	Level 3	Total

Medical Mutual of Ohio Employees' Retirement Savings Plan

Notes to Financial Statements

December 31, 2015 and 2014

The shares of registered investment companies and self-directed brokerage accounts are valued at quoted market prices in an active market and are classified as Level 1. During 2015 and 2014, there were no transfers of securities between the fair value levels.

5. Related-Party Transactions

The Plan held units of a common trust fund and interests in registered investment companies managed by Fidelity Management Trust Company, the former trustee of the Plan, through March 31, 2014. The Plan holds units of a common trust fund and interests in registered investment companies managed by T. Rowe Price Trust Company, the trustee of the Plan. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA.

Per the record keeper agreement, T. Rowe Price is authorized to receive compensation from certain nonproprietary mutual funds and T. Rowe Price funds for the recordkeeping and shareholder services it provides to these funds in the form of annual distribution fees or shareholder servicing fees. Any fees received by T. Rowe related to the Plan's investments in excess of the revenue threshold, in accordance with its revenue sharing arrangement, is deposited on a quarterly basis back into an administrative budget account, from which certain administrative expenses for the Plan are paid. These transactions qualify as party-in-interest transactions; however they are exempt from the prohibited transactions rules under ERISA.

6. Tax Status

The underlying volume submitter plan has received an advisory letter from the Internal Revenue Service (IRS) dated March 31, 2014, stating that the form of the plan is qualified under Section 401 of the Internal Revenue Code (the Code) and therefore, the related trust is tax-exempt. In accordance with Revenue Procedures 2011-49 and 2011-44 I.R.B. 608, the plan administrator has determined that it is eligible to and has chosen to rely on the current IRS volume submitter advisory letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and therefore believes the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States require plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

	December 2014
Net assets available for benefits per the financial statements	\$ 372,781,490
Adjustment from NAV to fair value for fully benefit-responsive investment contracts	<u>877,096</u>
Net assets available for benefits per the Form 5500	<u><u>\$ 373,658,586</u></u>

The following is a reconciliation of total additions per the financial statements for the year ended December 31, 2015, to the Form 5500:

Total additions per the financial statements	\$ 31,409,040
Less: Adjustment from NAV to fair value for fully benefit-responsive investment contracts at December 31, 2014	<u>(877,096)</u>
