December 31, 2015 and 2014

Note 1: Description of the Plan

The following description of MEI Technologies, Inc. 401k Plan (the Plan) provides only general information. Participants should refer to the *Plan Document* and *Summary Plan Description* for a more complete description of the Plan's provisions, which are available from the Plan Administrator.

General

The Plan is a defined contribution plan sponsored by MEI Technologies, Inc. (the Company) for the benefit of its employees who are age 18 or older. Fidelity Management Trust Company (Fidelity) serves as Plan recordkeeper, trustee and custodian. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA).

Contributions

The Plan permits eligible employees through a salary deferral election to have the Company make annual contributions of up to 90 percent of eligible compensation. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. A participant may elect to have all or a portion of the participant's elective deferrals to be Roth elective deferrals when contributed to the Plan. Employee rollover contributions are also permitted. The Company makes matching contributions of 50 percent of employees' salary deferral amounts on the first 6 percent of employees' compensation. Additional Company contributions may be made at the discretion of the Company's Board of Directors. The Company did not make any additional contributions during the years ended December 31, 2015 and 2014. Contributions are subject to certain Internal Revenue Service limitations.

Participant Investment Account Options

Each participant has the option of directing his contributions, as well as the Company's matching contributions, into any of the various investment options offered by the Plan and may change the allocation daily.

The *Plan Document* also includes an automatic deferral feature whereby a participant is treated as electing to defer 3 percent of eligible compensation unless the participant made an affirmative election otherwise. The automatic deferral feature also provides for an annual increase in the percentage deferred and is ultimately capped at 10 percent.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's contributions and plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefits to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions, plus earnings thereon. Vesting in the Company's contribution portion of their accounts, plus earnings thereon, is based on years of continuous service. A participant is fully vested after one year of service. The nonvested balance is forfeited upon termination of service.

Payment of Benefits

Upon termination of service due to death, disability, retirement or termination of employment, a participant's vested benefits may be paid out as a lump-sum distribution or a direct rollover. The Plan permits withdrawals from the Plan due to circumstances of financial hardship, in accordance with provisions specified in the *Plan Document*. Additionally, certain in-service withdrawals are permitted upon the attainment of age 59 ½.

Forfeited Accounts

At December 31, 2015 and 2014, forfeited nonvested accounts totaled $2,710 and $10,649, respectively. These accounts will be used pay Plan administrative expense under the Plan or reduce future employer contributions as directed by the Company.

Participant Loans

The *Plan Document* includes provisions authorizing loans from the Plan to active eligible participants. Loans are made to any eligible participant demonstrating a qualifying need. The minimum amount of a loan shall be $1,000. The maximum amount of a participant's loan is determined by the available loan balance restricted to the lesser of $50,000 or 50 percent of the participant's vested account balance. All loans are covered by demand notes and are repayable over a period not to exceed five years (except for loans for the purchase of a principal residence) through payroll withholdings unless the participant is paying the loan in full. Interest on the loans is based on local prevailing rates as determined by the Plan Administrator.

Plan Termination

Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

Quoted market prices, if available, are used to value investments at fair value. Mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year-end as quoted on a nationally recognized stock exchange.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowances for credit losses are recorded at December 31, 2015 and 2014. Delinquent participant loans are reclassified as distributions based upon the terms of the *Plan Document*.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses may be paid by the Company or the Plan, at the Company's discretion. Expenses that are paid by the Company are excluded from these financial statements.

Note 3: Certification of Plan Trustee

The Plan Sponsor has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity, the trustee of the Plan, has certified the following information included in the accompanying financial statements, notes to financial statements and supplemental schedule is complete and accurate.

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2015 and 2014.

- Investment income and interest income on notes receivable from participants as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2015 and 2014.

- Investment information and notes receivable from participants included in the accompanying schedule of assets (held at end of year) as of December 31, 2015.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 4: Investments

The Plan's investments are held by Fidelity. The Plan's mutual fund investments (including investments bought, sold and held during the year) appreciated (depreciated) in fair value by ($1,912,970) and $369,992 during the years ended December 31, 2015 and 2014, respectively.

The fair value of individual investments that represented 5 percent or more of the Plan's net assets available for benefits were as follows:

	2015	2014
Fidelity Independence Fund - Class K	$ 3,835,755	$ 4,610,762
Spartan Extended Market Index Fund - Fidelity Advantage Class	2,865,989	3,607,483
Fidelity Balanced Fund	2,759,577	2,460,276
Fidelity Small Cap Discovery Fund	2,495,188	3,710,633
Fidelity 500 Index Fund - Fidelity Advantage Class	2,260,966	2,266,154
Fidelity International Discovery Fund	2,095,174	2,343,777

Dividends realized on the Plan's investments for the years ended December 31, 2015 and 2014, were $1,638,761 and $1,881,960, respectively.

Note 5: Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer or employee association, or relatives of such persons.

Certain Plan investments are managed by an affiliate of Fidelity, the trustee of the Plan. Therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net depreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment. The Company provides certain administrative services at no cost to the Plan.

Note 6: Fair Value of Plan Assets and Liabilities

Fair value is the price that would be received to sell an asset, or paid to transfer a liability, in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

Level 1 Quoted prices in active markets for identical assets or liabilities.

Level 2 Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

Recurring Measurements

The following tables present the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2015 and 2014.

Note 8: Tax Status

The Plan operates under an adoption agreement in connection with a volume submitter profit sharing plan and trust/custodial document sponsored by Fidelity Management & Research Company. This prototype plan document has been filed with the appropriate agency and obtained an opinion letter dated March 31, 2014, from the Internal Revenue Service stating that the prototype constitutes a qualified plan under Section 401 of the Internal Revenue Code and that the related trust was tax exempt. The Plan is relying on the prototype plan's opinion letter rather than obtaining or requesting a plan-specific determination letter. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and that the Plan was qualified and the related trust was tax exempt as of the financial statement date.

Note 9: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 10: Subsequent Events

Subsequent events have been evaluated through the date of the Independent Auditor's Report, which is the date the financial statements were available to be issued.
