NIDEC MOTOR CORPORATION EMPLOYEE SAVINGS INVESTMENT PLAN

Notes To Financial Statements

December 31, 2015

(See Independent Auditor's Report)

Note A – Description of the Plan

The following description of the Nidec Motor Corporation Employee Savings Investment Plan (the “Plan”) provides only general information. Participants should refer to the Plan Document or Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan was established October 1, 2010 and is a defined contribution plan covering all eligible salaried employees of Nidec Motor Corporation (the “Company” or “Plan Administrator”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

Effective October 1, 2010, the Company was formed upon purchase of the motor division of Emerson Electric Co. (“Emerson”). In November 2010, former employees of Emerson that began employment with the Company had their account balances transferred from the Emerson Electric Co. Employee Savings Investment Plan (“Emerson Plan”).

Effective December 31, 2015, the plan assets of the Nidec Kinetec 401K Plan merged into the plan. (See Note J)

Vanguard Fiduciary Trust Company is the Plan Trustee.

Eligibility

Employees are eligible to make elective deferral contributions and participate in Company matching contributions immediately upon hire. Certain participants, as defined in the Plan Document, are eligible to participate in the discretionary Company contribution upon completion of 60 days of service.

The Plan includes an auto-enrollment provision. Employees who meet the eligibility requirements will be automatically enrolled in the Plan with a default contribution rate of 3% and their contributions invested in a designated balanced fund until changed by the participant. It is the responsibility of the participant to opt out of the Plan if not interested in participating.

Note A – Description of the Plan (Continued)

Contributions

Participants may make pre-tax and after-tax deferral contributions up to the lesser of 40% of eligible compensation or the Internal Revenue Code ("IRC") limitation. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing eligible rollover distributions from other qualified plans. Effective January 1, 2014, the Plan was amended to allow participants to make Roth deferral contributions.

The Company is required to make matching contributions equal to 100% of participant elective deferral contributions up to a maximum of 6% of eligible compensation. Participants are eligible to receive the matching contribution immediately upon participation in the Plan. Company matching contributions amounted to \$2,944,631 and \$2,885,421 for the years ended December 31, 2015 and 2014, respectively.

The Company, at its sole discretion, may make additional contributions equal to 3% of eligible compensation. Company discretionary contributions amounted to \$1,579,146 and \$1,605,338 for the years ended December 31, 2015 and 2014, respectively.

In addition, the Company is required to make a pension equalization benefit contribution equal to 7% of eligible compensation to certain participants, as defined in the Plan Document. Pension equalization benefit contributions amounted to \$2,095,556 and \$2,120,501 for the years ended December 31, 2015 and 2014, respectively.

Participant Accounts

Each participant's account is credited with the participant's elective deferral contributions and allocations of the Company's contributions and Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are at all times 100% vested in their elective deferral contributions and earnings thereon. Vesting in the Company's matching, discretionary and pension equalization benefit contributions are based on years of service. A participant vests 20% each year after one year of service, becoming fully vested after five years of service. Participant's also become fully vested upon reaching normal retirement age (55), death or upon becoming disabled.

Note A – Description of the Plan (Continued)

Notes Receivable from Participants

Participants may borrow an amount not less than \$500 up to a maximum of the lesser of \$50,000 or 50 percent of their vested account balance, excluding certain Company contributions, as defined in the Plan Document. Loans must be repaid over a period not to exceed four years, extended to nine years if the loans are used to purchase a primary residence. The loans are repaid through payroll withholdings, including principal and interest at the prime rate plus 1%.

Payment of Benefits

Upon retirement, death, disability, or termination of employment, a participant may take a distribution of their vested account balance in a lump-sum payment.

In-Service Withdrawals

Active participants who reach age 59½ or experience a qualifying financial hardship may withdraw all or part of their vested accounts. Hardship withdrawals will be approved only if they conform to the Plan provisions and established IRC safe harbors.

Forfeited Accounts

Forfeitures of nonvested participant balances are used to reduce future Company contributions. Forfeitures available for future use at December 31, 2015 and 2014 amounted to \$161,560 and \$15,735, respectively. Forfeitures of \$82,126 and were used to reduce Company contributions during the years ended December 31, 2014; there were no forfeitures used during 2015.

Note B – Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Note B – Summary of Significant Accounting Policies

Change in Accounting Policy

In July 2015, the Financial Accounting Standards Board (“FASB”) issued Accounting Standards Update (“ASU”) 2015-12 “Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient,” which simplifies the required disclosures related to employee benefit plans. Part I eliminates the requirement to measure and disclose the fair value of fully-benefit responsive investment contracts, including common collective trust assets. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirement to disclose individual investments which comprise 5% or more of total net assets available for benefits, as well as the net appreciation or depreciation of fair values by investment type. Part II also requires plans to continue to disaggregate investments that are measured using fair value by general type, however plans are no longer required to also disaggregate investments by nature, characteristics and risks. Furthermore, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III is not applicable to the Plan. This ASU is effective for fiscal years beginning after December 15, 2015 (i.e. the 2016 Plan year). In accordance with the ASU, the Plan early adopted the standard as of December 31, 2015, and applied the provisions retrospectively.

In May 2015, the FASB issued ASU No. 2015-07 “*Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share.*” This standard removes the requirement to present investments, for which a practical expedient is used to measure fair value at net asset value, within the fair value hierarchy table. An entity would be required to include such investments as a reconciling item so that the total fair value amount of investments in the disclosure is consistent with the fair value of investments shown on the statement of net assets available for benefits. The ASU is effective for fiscal years beginning after December 15, 2015 (i.e. the 2016 Plan year). In accordance with the ASU, the Plan early adopted the standard as of December 31, 2015, and applied the provisions retrospectively.

Investment Valuation and Income Recognition

The Plan’s investments are reported at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan’s Investment Committee determines the Plan’s valuation policies utilizing information provided by the investment custodians and insurance company. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net realized and unrealized appreciation in fair value of registered investment companies and the common stock fund includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

(See Independent Auditor's Report)

Note B – Summary of Significant Accounting Policies (Continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2015 and 2014.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in net realized and unrealized appreciation (depreciation) in fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through September 30, 2016, the date the financial statements were available to be issued (See Note J).

Note C – Certification of Investments

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator has obtained certifications from Vanguard Fiduciary Trust Company (the "Trustee") that all of the information provided by the Trustee and included in the accompanying financial statements and supplemental Schedule of Assets (Held at End of Year) is complete and accurate. Information as to the investments in the accounts of the Trustee, investment income, and all information appearing in the accompanying statements and the supplemental schedule are presented in reliance solely upon those certifications.

Note D – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Mutual funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end and are registered with the SEC. These funds are required to publish their daily net asset value (“NAV”) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Stock – Valued at the daily closing price as reported on the active market on which the individual securities are traded. The common stock is comprised solely of Emerson Electric Co. common stock.

NIDEC MOTOR CORPORATION EMPLOYEE SAVINGS INVESTMENT PLAN

Notes To Financial Statements - Continued

December 31, 2015

(See Independent Auditor's Report)

Note D – Fair Value Measurements (Continued)

Collective Investment Trust – Valued at the NAV of units of a bank collective trust. The NAV, as provide by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The preceding methods used to arrive at a fair value calculation may not be indicative of the net realizable value or reflective of future fair values. Furthermore, while the Plan Administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2015:

Investments at Fair Value As of December 31, 2015

Description	Total	Level 1	Level 2	Level 3
Mutual funds	\$ 118,379,810	\$ 118,379,810	\$ -	\$ -
Emerson common stock	13,057,271	13,057,271	-	-
Collective investment trust (a)	22,809,563	-	-	-
Total investments	\$ 154,246,644	\$ 131,437,081	\$ -	\$ -

Investments at Fair Value As of December 31, 2014

Description	Total	Level 1	Level 2	Level 3
Mutual funds	\$ 111,372,393	\$ 111,372,393	\$ -	\$ -
Emerson common stock	23,772,799	23,772,799	-	-
Collective investment trust (a)	21,406,379	-	-	-
Total investments	\$ 156,551,571	\$ 135,145,192	\$ -	\$ -

(a) In accordance with subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Note E – Investments Measured Using the Net Asset Value per Share Practical Expedient

The following tables summarize investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2015 and 2014, respectively.

December 31, 2015	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Collective Trust Fund	\$ 22,809,563	\$ -	Daily	Daily
December 31, 2014	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Collective Trust Fund	\$ 21,406,379	\$ -	Daily	Daily

Note F – Related Party Transactions

Certain mutual fund investments and a collective investment trust are managed by the Trustee. These transactions, therefore, qualify as party-in-interest transactions.

Note G – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

Note H – Income Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated December 27, 2012, that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax exempt.

The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note I – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Note J – Plan Transfers

Effective, December 31, 2015, the Nidec Kinetec Corporation 401(k) Plan merged into the Plan. Total plan assets received from the Nidec Kinetec merger were \$45,465,943. Additionally, \$16,437 was received into the Plan from the Nidec Motors Corporation Retirement Savings Plan.

Note K – Subsequent Event

Effective, July 1, 2016, the Nidec Motor Corporation Retirement Savings Plan merged into the Plan.
