NOTE 1 – DESCRIPTION OF PLAN

The following description of the Guardian Service Industries, Inc. 401(k) (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan was established on May 15, 2013 for eligible employees of Guardian Service Industries, Inc. (the "Sponsor" and "Employer"), as defined.

Effective December 1, 2014 the Plan was amended and restated to ensure continued qualification.

Eligibility for Participation

An eligible employees is any employee who is not excluded from the Plan. Excluded employees are those who are bargaining employees (employees covered by any collective bargaining agreement between Plan Sponsor and employee representatives) and non resident aliens with no US income. Eligible employees can participate in: (i) the 401(k) portion of the Plan upon completing one year of service, as defined, provided that they have attained the age of 21, and (ii) qualified 401k match safe harbor portion of the Plan upon completing one year of service, as defined, provided that they have attained the age of 21. The date of enrollment is January 1st, April 1st, July 1st or October 1st coincident with or next following the date the employee meets the eligibility requirements.

Eligibility for Contribution

I. Salary Deferral Contributions. The maximum contribution for the calendar year 2015 and 2014 was limited to $18,000 and $17,500 respectively, plus up to $6,000 and $5,500 respectively, in a catch-up contribution for participants of age 50 or over. Participants direct the investment of their contributions into various investment options offered by the Plan. At December 31, 2015, the Plan's investments were maintained in mutual funds and common/collective trusts. At December 31, 2014, the Plan's investments were maintained in common/collective trusts and pooled separate accounts. The Plan maintains an individual account for each participant-directed investment showing the participant's interest in each fund. Each participant's share of investment income is allocated on a pro-rata basis.

II. Employer 401k Match Safe Harbor Contributions. The Plan Sponsor matches 100% of the 1st 3% of employee contributions and 50% of the next 2% of employee contributions, limited to 5% of employee compensation.

Participants file an election online designating the proportion in which contributions on their behalf are to be allocated among investment funds.

Participant Accounts

Each participant's account is credited with the employee-elected salary deferral contribution, employer discretionary contributions, qualified distributions from other retirement plans, and an allocation of Plan earnings, (and charged with an allocation of administrative expenses). Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 – DESCRIPTION OF PLAN (CONTINUED)

Vesting

Participants are vested immediately in their voluntary contributions plus actual earnings thereon. Participants are also vested immediately in the Qualified Employer 401k Safe Harbor Matching contributions.

Payment of Benefits

Upon retirement (age 65 is normal retirement age), death, disability or termination of employment, participants or designated beneficiaries will receive their participating interests in a single lump-sum amount equal to the value of their account or in annuity payments. The Plan also allows for in-service distributions for participants over the age of 59 1/2.

Notes Receivable from Participants

Participants are permitted to take loans from the Plan. Participants are allowed to borrow up to one-half of their vested interest up to a maximum of $50,000 pursuant to the Plan agreement. The minimum amount of any loan is $1,000. Loan terms vary in duration. Loans bear interest at a rate set by the Plan Sponsor, which is currently 1% over the prime rate. Principal and interest is paid ratably through weekly payroll deductions. A loan that is considered in default is reported as a deemed distribution which is a taxable event for the participant.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Administrative expenses are paid by the Plan.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Recently Enacted Accounting Pronouncements

The Plan adopted the guidance issued by the Financial Accounting Standards Board ("FASB") Accounting Standards Update ("ASU") 2015-12 Plan Accounting: Defined Contribution Pension Plans (Topic 962).

This amendment removes the requirement to disclose individual investments that represent 5% or more of net assets available for benefits and removes the requirement to disclose the net appreciation or depreciation for investments by general type. The net appreciation is presented in the aggregate. In addition, the amendment now requires that all investments should be disaggregated based only on general type, eliminating the need to further disaggregate the investments in accordance with Fair Value Measurements (Topic 820).

The Plan also adopted the guidance issued by the FASB ASU 2015-07 Disclosure for Investments in Certain Entities That Calculate NAV. Investments in entities for which fair value is calculated using the net asset value (NAV) are no longer required to categorize within the fair value hierarchy those investments that use NAV as a practical expedient, although there must be a reconciliation of the fair value hierarchy to amounts presented in the statement of net assets available for benefits. Disclosure of investment strategy is no longer required for funds that file a U.S. Department of Labor Form 5500.

The Board issued these ASUs to simplify and make more effective the investment disclosure requirements for employee benefit plans. The Plan has reflected the effects of these amendments as of December 31, 2014 and 2015 and for the year ended December 31, 2015.

Subsequent Events

The Plan administrator has evaluated subsequent events through October 14, 2016, the date the financial statements were available to be issued. Refer to Note 9.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 and 2014.

NOTE 3 – INVESTMENTS – UNAUDITED INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

The net investment income from the investment in the custodian accounts consists of interest, dividends, and realized and unrealized appreciation or depreciation in market value of the investments, net of investment expenses.

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by the Custodian for the year ended December 31, 2015 and 2014:

	2015	2014
Investments, at Fair Value		
Mutual Funds	$ 796,984	$ 469,979
Common/Collective Trust Fund	88	12,590
Total Investments	$ 797,072	$ 482,569

NOTE 3 – INVESTMENTS – UNAUDITED INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN (CONTINUED)

Notes receivable from participants of 18,938 and $6.908 at December 31, 2015 and 2014, respectively, were not certified by the custodian. Interest income on notes receivable from participants of $565 for 2015 was certified by the custodian.

The Plan's investment (including gains and losses on investments bought and sold as well as held during the year), depreciated in value for the year ended December 31, 2015:

Net depreciation in fair value of investments	$	(44,126)
Dividends and interest income		36,184
Net investment loss	$	(7,942)

NOTE 4 – FAIR VALUE MEASUREMENTS

FASB ASC 820, "Fair Value Measurements," provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 - Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the assets or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Mutual Funds:

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE 4 – FAIR VALUE MEASUREMENTS (CONTINUED)

Pooled Separate Accounts:

Pooled Separate Accounts (PSAs) are made up of a wide variety of underlying investments such as equities, preferred stock, bonds, real estate and mutual funds. The NAV of a PSA is based on the market value of its underlying investments but the PSA NAV is not a publicly quoted price in an active market. Based on these facts, using it as a practical expedient to estimate fair value is allowed by ASC 820. Pooled separate accounts are valued at the daily closing price as reported by the fund. These funds are required to publish their daily NAV and to transact at that price.

Common Collective Trust Funds:

Collective trust funds are valued at the net asset value (NAV) of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

	Assets at fair value as of December 31, 2015			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 796,984	$ -	$ -	$ 796,984
Other				
Common/Collective Trust Fund - NAV				88
Total assets at fair value				$ 797,072

	Assets at fair value as of December 31, 2014			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ -	$ -	$ -	$ -
Other				
Pooled Separate Accounts - NAV				469,979
Common/Collective Trust Fund - NAV				12,590
Total assets at fair value				$ 482,569

NOTE 5 – RELATED-PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Most Plan assets are invested in American Funds Target Funds, American Funds Amcap, American Funds American Balanced, American Funds Capital Inc Bldr, American Funds Fundamental Invs, American Funds Income Fund of America and American Funds New World. Effective January 30, 2015 American Funds is the Custodian, Recordkeeper and Trustee of the Plan assets, and therefore, these transactions qualify as party-in-interest transactions.

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the company has the right under the plan to discontinue its contributions at any time and to terminate the plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions. Any unallocated assets of the plan should be allocated to participant accounts and distributed in such a manner as the company may determine.

NOTE 7 –TAX STATUS

The Plan is a Prototype Non-standardized Profit Sharing Plan with CODA of Siegel Actuarial Consulting Inc. The Internal Revenue Service has determined and informed Siegel Actuarial Consulting Inc. by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has not received a determination letter specified to the Plan itself; however, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 – RISKS AND UNCERTAINTIES

The plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9 – PROHIBITED TRANSACTION - DELINQUENT PARTICIPANT CONTRIBUTIONS

During 2015, for two payroll periods January 16, 2015 and January 23, 2015, the Plan Sponsor inadvertently failed to make deposits of $7,187 for participant contributions and loan repayments and deposits of $3,236 for Safe Harbor matching contributions to the Plan. In addition, the Plan Sponsor failed to remit participant contributions withheld, loan repayments and deposits for Safe Harbor matching contributions of $19,274 on February 6, 2015 and February 13, 2015 on a timely basis. The DOL considers late deposits without regard to materiality to be prohibited transactions. The general rule for withholdings requires that the employer remit withheld employee deferrals to the Plan as of the earliest date on which such amounts can reasonably be segregated from the employer's general assets. The Plan Sponsor has agreed to absorb any costs incurred by the Plan as a result of the untimely remittance of the participant accounts. Participant accounts will be credited with the investment income (lost earnings) which would have been earned had participant contributions been remitted on a timely basis.
