RENESENZ LLC NEW HORIZON PLAN

Notes to Financial Statements

December 31, 2015 and 2014

(1) Plan Description

The following description of the Renessenz LLC New Horizon Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan established by Renessenz LLC (the Company), a wholly owned subsidiary of Pinova Holdings, Inc. (Parent Company) under the provisions of Section 401(a) and 501(a) of the Internal Revenue Code (IRC), for the benefit of eligible employees of the Company. The Plan is subject to the provisions of the Employee Retirement Security Act of 1974, as amended (ERISA).

(b) Plan Administration

The Plan is administered by a Fiduciary Committee appointed by the board of directors of the Parent Company. Fidelity Management Trust Company (Fidelity) serves as trustee and asset custodian for the Plan. Fidelity Investments Institutional Operations Company, Inc. serves as recordkeeper.

(c) Eligibility

Eligible participants include those employees of LyondellBasell Flavors & Fragrances, LLC (LBFF) (now known as Renessenz LLC) 1) at the time of the acquisition of LBFF by the Parent Company on December 22, 2010, and 2) who were prior participants in the Consolidated Pension Plan of Lyondell Chemical Company on December 21, 2010.

(d) Contributions

Participant contributions to the Plan are not permitted. The Company may, in its discretion, provide an annual profit sharing contribution for each Participant who is employed by the Company on the last day of each Plan year (or whose employment terminates during the course of the Plan year due to death, disability, or termination following the attainment of Normal Retirement Age, as defined in the Plan Document) and who is not excluded from participation in the Plan. Distributions from other qualified defined benefit or defined contribution plans, as well as direct rollovers from individual retirement accounts or annuities are not allowed unless specifically granted by the Fiduciary Committee.

In February 2016, the Parent Company approved a 2015 discretionary contribution of \$439,184. This amount was paid to the Plan in March 2016. In January 2015, the Parent Company approved a 2014 discretionary contribution of \$498,132. This amount was paid to the Plan in March 2015.

(e) Vesting

Participants are immediately vested in the Company profit sharing contribution.

(f) Investment Options

Participants direct the investment of their Company contributions into various investment options offered by the Plan. The Plan currently offers several investment options for participants, including a

self-directed account (the Fidelity Brokerage Link service). The self-directed account is comprised of assets selected and invested at the direction of the Plan participants within certain guidelines defined by the Plan.

(g) Participant Accounts

Individual accounts are maintained for each of the Plan's participants to reflect each participant's share of the Plan's income (loss) and each participant's allocation of employer contributions. Allocations of income (loss) are made daily based on relative account balances and investment elections, as defined in the Plan document.

(h) Payment of Benefits

Distributions of any participant's account balance may be made upon the participant attaining certain age requirements, termination of employment and meeting age conditions, death, permanent disability, and/or termination of the Plan. If a participant's account balance is \$5,000 or less, the participant's account balance will be distributed as soon as practicable after termination.

(i) Administrative Expenses

Certain investment management fees are netted against investment income. Participants are charged investment management fees of \$90 per year on accounts with a balance greater than zero. All other administrative expenses are paid by the Company.

(2) Summary of Significant Accounting Policies

(a) Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting.

(b) Investment Valuation

Investments are reported at fair value, which represents the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

(c) Income Recognition

Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

The net appreciation in fair value of investments includes the gain or loss on investments bought or sold during the year, as well as the unrealized change in fair value of investments. Purchases and sales of securities are recorded on a trade-date basis.

(d) Payment of Benefits

Benefits are recorded when paid.

RENESSENZ LLC NEW HORIZON PLAN

Notes to Financial Statements

December 31, 2015 and 2014

(e) Use of Estimates

The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the changes in net assets available for benefits during the reporting period and, when applicable, the disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

(f) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(g) Recent Accounting Pronouncements

In May 2015, the FASB issued an accounting standard update that removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value (NAV) per share practical expedient. The amendments in this accounting standard update also remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the NAV per share practical expedient. Investments that calculate NAV per share (or its equivalent), but for which the practical expedient is not applied, will continue to be included in the fair value hierarchy along with the related required disclosures. The amendments in this accounting standard update are to be applied retrospectively and are effective for fiscal years beginning after December 15, 2015. The amended guidance permits early adoption, which the Plan has not elected.

In July 2015, FASB issued an accounting standard update that amended authoritative guidance associated with plan accounting comprised of three parts. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for direct investments in fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent five percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics, and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III is not applicable to the Plan. The applicable amendments in this accounting standard update are to be applied retrospectively and are effective for fiscal years beginning after December 15, 2015. The amended guidance permits early adoption, which the Plan has not elected.

(3) Information Certified by Trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following information included in the accompanying financial statements and schedule is complete and accurate:

- Investments at fair value
- Interest and dividends
- Net appreciation in fair value of investments
- Schedule H, Line 4i – Schedule of Assets (Held at End of Year)

(4) Investments

The following individual investments represented more than 5% of net assets of the Plan at December 31, 2015 and 2014:

	2015	2014
TRP Retirement 2015 Fund	\$ 156,949	134,902
TRP Retirement 2025 Fund	354,195	334,499
TRP Retirement 2030 Fund	390,994	319,454
TRP Retirement 2035 Fund	305,511	236,295
TRP Retirement 2040 Fund	200,508	165,749

During 2015, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) depreciated in value as follows:

Common stocks, preferred stocks, and common/collective trust funds	\$ (145)
Mutual funds	(136,874)
Net depreciation	<u><u>\$ (137,019)</u></u>

(5) Fair Value Measurements

Fair value is a market-based measurement, not an entity-specific measurement. Therefore, fair value measurement is determined based on the assumptions that market participants would use in pricing an asset. As a basis for considering market participant assumptions in fair value measurements, the Plan uses a fair value hierarchy that distinguishes between market participant assumptions based on market data obtained from independent sources (observable inputs that are classified within Levels 1 and 2 of the hierarchy) and the Plan's own assumptions about market participant assumptions (unobservable inputs classified within Level 3 of the hierarchy). The three levels of inputs used to measure fair value are as follows:

- Level 1 – Quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan has the ability to access.

RENESSENZ LLC NEW HORIZON PLAN

Notes to Financial Statements

December 31, 2015 and 2014

- Level 2 – Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3 – Unobservable inputs for the asset or liability, which are typically based on the Plan's own assumptions, as there is little, if any, related market activity.

The valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The availability of observable market data is monitored to assess the appropriate classifications of financial instruments within the fair value hierarchy.

Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported as of the beginning of the reporting period. For the years ended December 31, 2015 and 2014, there were no transfers into or out of Level 1, 2, or 3.

Plan Investments

Common Collective Trust Fund

The Plan invests in a common/collective trust fund (CCT) that invests in guaranteed investment contracts and synthetic investment contracts. The CCT is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Notwithstanding a twelve month replacement notification requirement, the CCT does not have limiting terms, or restrictions on redemption. Additionally, the CCT is not subject to future unfunded commitments, and it is not probable that it will be sold at a value other than net asset value. The CCT is valued at net asset value (NAV) of units of a bank collective trust. The NAV is based on the fair value of the underlying investments held by the CCT less its liabilities. The CCT, which is deemed to be fully benefit-responsive, is stated at fair value in the statements of net assets available for benefits, with a corresponding adjustment to reflect contract value. The fair value of the CCT at December 31, 2015 and 2014 was \$48,231 and \$25,622, respectively, and the contract value of the CCT at December 31, 2015 and 2014 was \$47,108 and \$24,993, respectively. The CCT has been classified within Level 2 due to the nature of the inputs into the fair value determination.

Mutual Funds

Shares of mutual funds are valued based on quoted prices in active markets of the shares held by the Plan as of December 31, 2015 and 2014, and have been classified within Level 1. There are no restrictions for the Plan to redeem these investments.

Self-Directed Accounts

The investments held in self-directed accounts are shares of common stocks, preferred stocks, and mutual funds, all of which are valued based on quoted prices in active markets of the shares held by the Plan as of December 31, 2015 and 2014. These investments have been classified within Level 1.

December 31, 2015 and 2014

(6) Parties-in-Interest Transactions

During 2015 and 2014, the Plan did not designate any mutual funds managed by Fidelity, although during 2015 certain participants made investments in certain Fidelity funds through Fidelity Brokerage Link. During both years, Fidelity was the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

(7) Income Tax Status

The Plan has received a favorable tax determination letter from the Internal Revenue Service (IRS) dated January 10, 2012. The Plan administrator believes the Plan is designed and is currently being operated in compliance with the Plan document and the applicable requirements of the IRC and, therefore, is qualified and tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015 and 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is subject to income tax examinations for all years the Plan has been in existence.

(8) Reconciliation of the Financial Statements to the Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31, 2015 and 2014:

(9) Plan Termination

On January 7, 2016, Symrise AG acquired the parent company, Pinova Holdings Inc., including the related companies, Pinova Inc. and Renessenz LLC. After a review of the plan, Symrise has made a decision to terminate the New Horizon plan in July 2016. The final contribution was made on July 22, 2016. Afterwards, the assets of the plan will be held at Fidelity until a final determination letter is received from the IRS. Once the determination letter is received, the assets will be distributed. At the time of the issuance of these financial statements, the receipt of the determination letter is unknown.

(10) Subsequent Events

The Company's management has evaluated subsequent events from the balance sheet date through October 14, 2016, the date at which the financial statements were available to be issued.
