LEBCO INDUSTRIES LP 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2015 and 2014

1. DESCRIPTION OF PLAN

The following description of the Lebco Industries LP (the "Company") 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of the Company who have completed one year of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Trustees are responsible for oversight of the Plan.

Contributions

Each year, participants may contribute up to 80 percent of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. The Company, at its discretion, may make profit sharing contributions to the Plan. The Company's contributions are allocated to participants based on a percentage of compensation or a dollar amount per participant. During 2015, the Company elected not to make any contributions to the Plan. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions, as well as allocations of the Company's profit sharing contribution and plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the

Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions, and the Company's contributions, plus actual earnings thereon.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50 percent of their account balance. The loans are secured by the balance in the participant's account. The loan interest rate is set at two percent above the prime rate, as defined. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

Upon termination of service due to death, disability, retirement, or other reasons, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account. Participants with vested interest less than $5,000 can elect a lump sum distribution, a direct rollover into another plan, or the participant's vested interest will be automatically rolled into an IRA. Participants with vested interest greater than $5,000 can elect a lump sum distribution, a direct rollover into another plan, or elect to receive installments.

2. SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

New Accounting Pronouncements

In July 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Updated ("ASU") 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic*

965). As it relates to the Plan, ASU 2015-12 eliminates the requirement to disclose individual investments that represent five percent or more of net assets available for benefits. Additionally, the net appreciation or depreciation in investments, including fair value disclosures, for the period still will be required to be presented in the aggregate, but will no longer be required to be disaggregated and disclosed by general type. Plan management has elected to adopt ASU 2015-12 as of December 31, 2015 as permitted. Accordingly, the Plan's Statements of Assets Available for Benefits and notes to the financial statements reflect the amended disclosure requirements on a retrospective basis.

Use of Estimates

The preparation of financial statements in accordance with the accounting principles generally accepted in the United States of America requires plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Trustees determine the Plan's valuation policies utilizing information provided by investment advisors and the custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 and 2014.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company on behalf of the Plan are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation in fair value of investments.

Concentrations

The following presents investments that represent ten percent or more of the Plan's net assets available for benefits as of December 31, 2015 and 2014:

	2015	2014
Vanguard Total Stock Market ETF	$ 343,757	$ 343,431
Vanguard Total International Stock ETF	$ 95,055	$ 76,500
Institutional Money Market Deposit Account	$ 92,803	$ 93,546

Subsequent Events

In accordance with FASB ASC 855, S*ubsequent Events,* plan management has evaluated subsequent events through October 14, 2016, the date the financial statements were available to be issued, and determined there were no other items to disclose.

3. INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN

Plan management has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The custodian has certified that the following data included in the accompanying financial statements and supplemental information is complete and accurate as of December 31, 2015 and 2014, and for the year ended December 31, 2015:

	2015	2014
Investments at fair value	$ 770,217	$ 753,478
Notes receivable from participants	$ 4,082	$ 12,660
Net depreciation in fair value of investments	$ 18,941	
Dividends	$ 15,914	
Interest income on notes receivable from participants	$ 786	
Interest, interest bearing cash	$ 9	

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level l) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;

- Inputs other than quoted prices that are observable for the asset or liability;

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investment assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2015 and 2014.

Registered investment companies: Valued at the daily closing price as reported by the fund. Funds held by the Plan are open-end funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Interest bearing cash: Valued daily based on the face value and the stated rate disclosed in the contract.

The following table sets forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2015 and 2014:

	Investment Assets at Fair Value as of December 31, 2015			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 676,430	$ -	$ -	$ 676,430
Interest bearing cash	93,786	-	-	93,786
Total	$ 770,216	$ -	$ -	$ 770,216

	Investment Assets at Fair Value as of December 31, 2014			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 657,423	$ -	$ -	$ 657,423
Interest bearing cash	96,055	-	-	96,055
Total	$ 753,478	$ -	$ -	$ 753,478

5. RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Certain plan investments are managed by AdvisorTrust, Inc. AdvisorTrust, Inc. is the custodian as defined by the plan document and, therefore, these transactions qualify as party in interest transactions. Fees paid by the Plan for the investment management services are included in net depreciation in fair value of investments.

Plan transactions and records are administered by Professional Capital Services, LLC ("PCS"). PCS is the recordkeeper as defined by the plan document and, therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for administrative services are included in both administrative expenses and net depreciation in fair value of investments.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA.

7. INACTIVE PARTICIPANTS WITH ACCOUNT BALANCES

As of December 31, 2015 and 2014, the value of the accounts held by participants who have separated from employment with the Company and have decided to continue to invest in the Plan totals $201,620 and $216,954, respectively. For the year ended December 31, 2015, there were no distributions requested but not paid to participants who have elected to withdraw from the Plan.

8. TAX STATUS

The IRS has determined and informed the Company by a letter dated March 31, 2008, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, plan management and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability at the company level if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing jurisdictions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. RISKS AND UNCERTANTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

10. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2015 and 2014, to Form 5500:

	2015	2014
Net assets available for benefits per the financial statements	$ 774,299	$ 766,138
Amounts allocated to withdrawing participants	-	(2,509)
Net assets available for benefits per the Form 5500	$ 774,299	$ 763,629

The following is a reconciliation of benefits paid to participants per the financial statements for the year ended December 31, 2015, to Form 5500:

Benefits paid to participants per the financial statements	$ 42,913
Less: amounts allocated to withdrawing participants at December 31, 2014	(2,509)
Benefits paid to participants per Form 5500	$ 40,404

Amounts allocated to withdrawing participants are recorded on the Form 5500 for benefit claims that have been processed and approved for payment prior to year-end but not yet paid as of that date.
