401(k) PLAN**

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Mavis Tire Supply 401(k) Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan documents, the summary plan description and other publications previously distributed to them for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan and covers all employees of Mavis Tire Supply LLC, including its wholly owned subsidiary Mavis Tire NY, LLC (the “Sponsor”), who are age twenty-one or older and who have completed at least 1,000 hours of service during the first twelve months of employment or within any one calendar year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan became effective January 1, 1995.

Contributions

Participant Contributions:

If participants elect, they can contribute into their account on a pretax basis no less than 1% nor more than 90% of their annual compensation subject to Internal Revenue Code (“IRC”) limitations.

Eligible participants will be automatically enrolled in the Plan as a participant unless they opt out. Compensation will be deferred as pretax elective deferral on the participant’s behalf at an amount of 2% of eligible compensation.

Employer Contributions:

Each year, the Sponsor contributes to the Plan an amount equal to 25% of the first 4% of each participant’s pretax contributions. Additional amounts may be contributed at the discretion of the Sponsor.

401(k) PLAN**

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

Vesting

Participants are immediately vested in their voluntary contributions plus earnings thereon. Vesting in each participant's employer matching account plus investment income earned thereon is based on years of service. A participant vests 20% upon completion of 2 years of service with annual increments of 20% thereafter totaling 100% after six years. A participant that reaches the early retirement date, as defined, becomes fully vested. If a participant becomes permanently disabled, or in the event of death, the participant becomes fully vested.

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of (a) the Sponsor's matching contribution, and (b) the participant's share of realized and unrealized earnings (loss) on both Sponsor and employee contributions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Upon enrollment in the Plan, participants direct their contribution as well as employer contributions in investment accounts with common/collective trust funds, maintained by State Street Bank & Trust Company, and registered investment companies as identified in Note 3 to the financial statements.

Participants may change their investment options at any time.

Notes Receivable from Participants

Pursuant to the Plan document, the Plan makes loans to participants of amounts no less than \$500 that do not exceed the lesser of \$50,000 or 50% of the participant's vested individual account balance. Loan repayment terms range from one to five years, although a longer repayment period is allowed if loan proceeds are used for the purchase of a primary residence. Principal and interest are paid back to the Plan through weekly payroll deductions. At December 31, 2015 interest rates range from 5.25% to 7.00%.

401(k) PLAN**

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

Payment of Benefits

Participants must receive their benefit in the form of a lump sum payment unless elected with their spouses' consent to receive installments over a certain period of time, not extending beyond the life expectancy of the participant or the joint life expectancy of the participant and the named beneficiary.

Active participants who have attained age 59-1/2 may withdraw any portion of their vested account from the Plan. Participants who have not attained age 59-1/2 may only withdraw a portion of their employee contributions in the case of financial hardship as defined under the Plan.

In general, the payment of Plan benefits will be made as soon as practicable after the last day of the Plan year coinciding with the later of the date on which an employee attains retirement age or actually retires. Participants may however request the payment of benefits at any time after their termination of employment in which case payment will be made as soon as administratively feasible, provided the applicable consents are obtained.

Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.

401(k) PLAN**

NOTES TO THE FINANCIAL STATEMENTS

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value and are valued based on the methodologies described in Note 4.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document. No allowance for credit losses has been recorded as of December 31, 2015 and 2014.

Management of Trust Fund

State Street Bank & Trust Company has agreed to maintain custody of the Plan assets in various investment accounts.

Payment of Benefits

Benefit payments are recorded when paid.

Forfeitures

Forfeitures of non-vested accounts are used to reduce employer contributions on a per pay period basis. For the year ended December 31, 2015, employer contributions were reduced by \$18,841 from forfeited non-vested accounts.

Administrative Expenses

Certain administrative expenses of the Plan are paid by the Sponsor without charge to the Plan.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

New Accounting Pronouncement

In July 2015, the FASB issued ASU No. 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965); Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient. Part I eliminates the requirement to measure and disclose the fair value of fully benefit-responsive contracts. Under the ASU, contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirement to disclose individual investments which comprise 5% or more of total net assets available for benefits, as well as the net appreciation or depreciation of fair values by investment type. Part II requires plans to continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Part III allows plans to measure investments as of the end of the calendar month closest to the Plans' fiscal year end, when the fiscal period does not coincide with the month-end. Parts I and II are effective for fiscal years beginning after December 15, 2015 and should be applied retrospectively, with early application permitted. Part III is effective for fiscal years beginning after December 15, 2015 and should be applied prospectively, with early application permitted. The Plan elected to early adopt the amendments to the FASB Accounting Standards Codification contained in ASU No. 2015-12 as of December 31, 2015. The adoption of Part I eliminated the measurement and disclosure of the fair value of benefit-responsive contracts, resulted in the reclassification of the adjustment from fair value to contract value for fully benefit-responsive investment contracts totaling \$32,725 at December 31, 2014 and was applied retrospectively. The adoption of Part II eliminated certain investment related disclosures and was applied retrospectively. Part III is not applicable to the Plan.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

**MAVIS TIRE SUPPLY
401(k) PLAN**

NOTES TO THE FINANCIAL STATEMENTS

NOTE 3 - UNAUDITED INFORMATION

State Street Bank and Trust Company, the trustee/custodian of the Plan, holds the Plan's participant notes receivable and investment assets and executes transactions thereon. Financial information relating to those assets is included in the accompanying financial statements and supplemental schedule based on information provided by the trustee/custodian. That information, which is unaudited, consists of substantially all of the Plan's assets as of December 31, 2015 and 2014 and investment income for the year ended December 31, 2015. The Plan administrator has obtained certifications from the trustee that such information is complete and accurate.

NOTE 4 - FAIR VALUE MEASUREMENTS (UNAUDITED)

Financial Accounting Standards Board ("FASB") *Accounting Standards Codification ("ASC") 820, Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
- quoted prices for similar assets or liabilities in active markets;
 - quoted prices for identical or similar assets or liabilities in inactive markets;
 - inputs other than quoted prices that are observable for the asset or liability;
 - inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

**MAVIS TIRE SUPPLY
401(k) PLAN**

NOTES TO THE FINANCIAL STATEMENTS

NOTE 4 - FAIR VALUE MEASUREMENTS (UNAUDITED) (CONTINUED)

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014:

Mutual funds: Valued at the net asset value (NAV) of shares held by the Plan at year end, based on published market quotations on active markets.

Common/collective trusts: Valued based on the NAV of the collective trust. The NAV, as reported by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The funds generally provide for daily redemptions by the Plan reported at NAV per share, without any advance notification. However, withdrawal prompted by certain events (e.g., exposure to additional credit risk, insolvency, bankruptcy, or other reorganization) may restrict a participant's ability to redeem the investment. The plan administrator does not believe that the occurrence of any such event is probable.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

**MAVIS TIRE SUPPLY
401(k) PLAN**

NOTES TO THE FINANCIAL STATEMENTS

NOTE 4 - FAIR VALUE MEASUREMENTS (UNAUDITED) (CONTINUED)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

NOTE 5 - TAX STATUS

The Internal Revenue Service has determined and informed the plan administrator by a letter dated March 31, 2008, that the form of the prototype plan adopted by the Company is acceptable under the applicable sections of the Internal Revenue Code (IRC). The plan has been amended since receiving this letter. However, the plan administrator believes that the prototype plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and therefore believes that the plan is qualified and the related trust is tax-exempt.

**MAVIS TIRE SUPPLY
401(k) PLAN**

NOTES TO THE FINANCIAL STATEMENTS

NOTE 5 - TAX STATUS (CONTINUED)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require adjustment to or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6 - PARTY IN INTEREST TRANSACTIONS

Certain plan investments are shares of common/collective trusts managed by State Street Bank & Trust Company, the trustee of the Plan. Accordingly, these transactions qualify as party in interest transactions.

NOTE 7 - RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9 - SUBSEQUENT EVENTS

During January 2016, the Plan was amended and restated to allow for the admission of employees of a wholly owned subsidiary of the Plan sponsor, as well as the transfer in of related assets under a defined contribution plan sponsored by the subsidiary. Approximately \$17,419,000 was transferred in to this Plan from the subsidiaries plan in February 2016. The subsidiary's plan was terminated upon the transfer of net assets. Significant provisions of the amended and restated plan are consistent with the existing plan at December 31, 2015.

Subsequent events have been evaluated through October 13, 2016, which is the date the financial statements were available to be issued.
