Note 1 - DESCRIPTION OF PLAN

The following description of Nurse Anesthesia of AmSol 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

A. General

The Plan is a multiple-employer, defined contribution retirement plan covering all employees, except leased employees, of the companies participating in the Plan (the Companies). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and has been amended to comply with applicable regulations. Nurse Anesthesia of North Carolina, PLLC, which is comprised of the multiple employers, was acquired by NorthStar Anesthesia, PA in December 2014. The Plan continued to operate through December 31, 2015. On January 1, 2016, as a result of the acquisition, the eligible employees of the participating multiple employers in the Plan merged into the NorthStar Anesthesia, PA 401(k) Profit Sharing Plan. The assets transferred from the Nurse Anesthesia of AmSol 401(k) Plan into the NorthStar Anesthesia, P.A. 401(k) Profit Sharing Plan on December 28, 2015.

B. Contributions

Participants may elect to make contributions as defined in the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make additional catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The amount of regular 401(k) deferrals that the participant contributes to the Plan is considered a deferral of compensation and will not be subject to federal income tax until it is withdrawn from the Plan. The amount of Roth 401(k) deferrals that the participant contributes to the Plan is subject to federal income taxes in the year of deferral. However, Roth deferrals, and in most cases the earnings on Roth deferrals, are not subject to federal income taxes when distributed to participants. Contributions are subject to certain IRS limitations.

For the years ended December 31, 2015 and 2014, the Companies contributed a safe harbor match of 100% of up to the first 6% of eligible compensation that a participant contributed to the Plan.

The Companies may also make an additional discretionary matching contribution or profit sharing contribution to be determined by the Companies each year. No additional discretionary contributions were made for the year ended December 31, 2015.

C. Participant Accounts

Each participant's account is credited with the participant's contribution, the participant's allocation of the Companies' discretionary contributions and Plan earnings or losses. Participant accounts are charged with an allocation of investment expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

D. Vesting

Participants are immediately vested 100% in their contributions, rollovers from qualified plans, the Companies' safe harbor and discretionary contributions, plus actual earnings thereon. Since participants are immediately 100% vested in all employer contributions, there are no forfeitures in the Plan.

Note 1 - DESCRIPTION OF PLAN – Continued

E. Payment of Benefits
On termination of service due to death, disability, retirement, or termination from employment, participants will be paid their vested interest in his or her account in the form of a lump-sum.

F. Notes Receivable from Participants
Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Notes receivable transactions are treated as a transfer to (from) the investment account and from (to) the notes receivable account. The notes receivable are secured by the balance in the participant's account. The notes receivable interest rate, determined monthly, is set at 1% above the prime rate, as defined. Interest rates at December 31, 2015 were 4.25%. Principal and interest are paid ratably through payroll deductions.

G. Hardship Withdrawals
Withdrawals due to financial hardship are permitted from a participant's deferral accounts that are 100% vested to enable the participant to satisfy certain immediate and heavy financial needs as defined in the Plan.

H. Plan Expenses
Certain expenses of maintaining the Plan are paid directly by a management group of the Companies and are excluded from the financial statements. Employees of the management group provide certain accounting and administrative services to the Plan for which no fees are charged to the Plan. Investment related expenses are included in net appreciation of fair value of investments. Fees for administering participant notes receivable are charged directly to the participant's account and are included in administrative expenses.

I. Investment Options
Participants, upon enrollment in the Plan, may direct their contributions into various investment options. Such investment allocations may be changed at any time by the participant. All plan investments are participant directed. Participants should refer to a prospectus for a description of investment risk associated with each fund.

Note 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan.

Note 2 – SUMMARY OF ACCOUNTING POLICIES - Continued

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes in those assets and liabilities, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are stated at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrator determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians and insurance companies. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 and 2014. Delinquent participant loans are recorded as distributions on the basis on the terms of the Plan agreement.

Payment of Benefits

Benefits are recorded when paid.

Change in Accounting Policy

The Plan has early adopted FASB Accounting Standards Update (ASU) 2015-12 which has an initial application date for fiscal years beginning after December 15, 2015. Early adoption is permitted for this standard update. The accounting policy is applied retrospectively. ASU 2015-12 (1) allows fully benefit-responsive investment contracts to be measured, presented and disclosed at contract value, (2) simplifies and makes more effective the investment disclosure requirements for employee benefit plans and (3) provides a similar measurement date practical expedient for employee benefit plans.

Subsequent Events

Management has evaluated subsequent events through October 10, 2016, the date the financial statements were available to be issued.

Note 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of fair value hierarchy under FASB Topic 820 are described as follows:

Level 1 Fair Value Measurement

Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2 Fair Value Measurement

Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Fair Value Measurement

Inputs that are unobservable inputs for the asset or liability.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014:

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust funds: Valued at the NAV of units of a bank collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidation will be carried out in an orderly business manner.

Self-directed brokerage accounts: Accounts primarily consist of mutual funds and common stocks that are valued on the basis of readily determinable market prices.

Note 3 – FAIR VALUE MEASUREMENTS - Continued

The fair value of assets at December 31, 2015 was zero due to the Plan merger. The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

	Assets at Fair Value as of December 31, 2014		
	Level 1	Level 2	Total
Mutual Funds	$ 11,477,613	$ -	$ 11,477,613
Self-Directed Brokerage Account	607,924	-	607,924
Collective Trust Funds	-	2,135	2,135
Investments at Fair Value	$ 12,085,537	$ 2,135	$ 12,087,672

For the years ended December 31, 2015 and 2014, there were no significant transfers between Levels 1 and 2 and no transfers in or out of Level 3, prior to the Plan merger.

Note 4– FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS

The Plan holds investment contracts that meet the fully benefit-responsive investment contract criteria, and therefore, are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Great-West Life & Annuity Insurance Company

The Plan entered into a benefit-responsive guaranteed investment contract with Great-West Life & Annuity Insurance Company (Great-West), the Key Guaranteed Portfolio Fund. Great-West maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment for the Plan at December 31, 2015 was zero due to the Plan merger (see Note 10). The contract value of the investment at December 31, 2014 was $796,951. The crediting interest rate is based on a formula agreed upon with the issuer and is periodically reviewed for resetting.

Certain events may limit the ability of the plan to transact at contract value with the issuer. Prior to the Plan merger, the Plan administrator believed that any events that would limit the Plan's ability to transact at contract value with participants were not probable of occurring.

Note 4– FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS - Continued

The guaranteed investment contract permitted either party (the Plan or Great-West) to terminate the contract with at least 60 days advance written notice to the other party. The contract was terminated at December 31, 2015.

Interest earned on the Key Guaranteed Portfolio Fund value is compounded daily to the effective annual interest rate. The interest rate to be credited to the Group Contract-holder will be determined by the Great-West Life & Annuity Insurance Company prior to the last day of the previous calendar quarter.

Average yields on the contract for the years ending December 31, 2015 and 2014 were 1.20% and 1.25%, respectively, based on actual earnings and also interest rate credited to participants.

Variable Annuity Life Insurance Company

The Plan entered into a deposit administration contract with Variable Annuity Life Insurance Company. Variable Annuity Life Insurance Company maintains the contributions in a general account. The account is credited with interest and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the plan. The assumed investment rate on the contract is 3%. The assumed investment rate is used to determine the first annuity payment for a variable annuity since the future rate of return is unknown on a variable annuity.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value for the Plan of the deposit administration contract investment at December 31, 2015 was zero, due to the Plan merger. The contract value for the Plan of the deposit administration account for December 31, 2014 was $205,398.

Certain events may limit the ability of the Plan to transact at contract value with the issuer. The Plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are not probable of occurring.

The deposit administration contract permits either party to terminate the contract. The contract was terminated at December 31, 2015.

Note 5– INVESTMENTS AND DATA CERTIFIED BY CUSTODIANS

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted under such election, the following information was certified by Great West Life & Annuity Insurance Company and Variable Annuity Life Insurance Company, custodians, and was not subjected to any auditing procedures performed by the independent public accountants. The Plan administrator has obtained certifications from the custodians that the information is complete and accurate as of December 31, 2015 and 2014 and for the year ended December 31, 2015.

Note 5– INVESTMENTS AND DATA CERTIFIED BY CUSTODIANS - Continued

The unaudited information provided by the custodians is as follows:

	2015	2014
Investments at Fair Value	$ -	$ 12,087,672
Investments at Contract Value	-	1,002,349
Total Investments Certified by Custodians	$ -	$ 13,090,021
Notes Receivable From Participants	$ -	$ 128,372

For the year ended December 31, 2015, the Plan's total investments (including gains and losses on investments bought and sold, as well as held during the year) depreciated in value by $141,847 as follows:

Investment Type	Interest	Dividends	Change in Value	Total
Mutual Funds	$ -	$ 556,786	$ (747,402)	$ 190,616

Total	$ 19,095	$ 556,786	$ (717,728)	$ (141,847)

Note 6 - RISKS AND UNCERTAINTIES

Prior to the Plan merger, the Plan invested in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Because of the level of risk associated with certain investment securities, it was at least reasonably possible that changes in the values of investment securities would occur such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 7 – TAX STATUS

On March 31, 2008, the Internal Revenue Service issued a favorable determination letter on the prototype plan document adopted by the Plan, in which the Internal Revenue Service stated that the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan Sponsor believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code and therefore believe that the Plan is qualified and tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.

Note 8 – PLAN AMENDMENTS

Effective January 1, 2014, the Plan was amended to exclude leased employees from participating in the Plan for purposes of salary deferrals, safe harbor contributions and rollover contributions (see Note 1A - General).

Note 9 - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Prior to the Plan Merger, certain Plan investments were shares in mutual funds managed by Great West Trust Company. Great West is the custodian as defined in the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management and record keeping services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. The Plan made direct payments to Great-West Life & Annuity Insurance Company for distribution fees and contract fees in the amounts of $2,226, which were not covered by revenue sharing. The Plan Sponsor pays directly any other fees related to the Plan's operations.

The Key Guaranteed Portfolio Fund is with Great-West Life & Annuity Company. Great-West Life & Annuity Company is a subsidiary of Great-West Trust Company, an investment custodian of the Plan. Since Great-West is an investment custodian of the Plan, transactions in the Key Guaranteed Portfolio Fund qualify as exempt party-in-interest transactions.

The Fixed Account Plus Annuity is with Variable Annuity Life Insurance Company. Since Variable Annuity Life Insurance Company is an investment custodian of the Plan, transactions in the Fixed Account Plus Annuity qualify as exempt party-in-interest transactions.
