Kaydon Corporation Employee Stock Ownership and Thrift Plan

Notes to Financial Statements
December 31, 2015 and 2014

1. Description of the Plan

The following description of the Kaydon Corporation Employee Stock Ownership and Thrift Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all regular full-time and part-time employees of Kaydon Corporation and its subsidiaries and affiliates (the "Company"), who are age eighteen or older, excluding non-resident aliens, leased employees, interns, and co-op student employees ("eligible employees"). Temporary employees must have completed 1,000 hours of service and be age 21 or older to be eligible for the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

On September 25, 2013, the Company entered into an Agreement and Plan of Merger with Atlas Management, Inc. ("Parent") and Dublin Acquisition Sub Inc. ("Merger Sub"), providing for, among other things, the merger of Merger Sub with and into the Company (the "Merger"), with the Company continuing as the surviving corporation and a direct wholly-owned subsidiary of Parent. Parent is a wholly owned subsidiary of SKF USA Inc. The Merger became effective on October 16, 2013, pursuant to the Certificate of Merger filed with the Secretary of State of the State of Delaware, and SKF USA Inc. became the Plan Sponsor.

As a result of the Merger, the Company terminated all offerings of its shares of common stock pursuant to its existing registration statement under the Securities Act of 1933, as amended. The shares of common stock held by the Plan on October 16, 2013, were converted automatically into the right to receive an amount in cash equal to the fair value. The proceeds of the sale of such shares were allocated to the account of the participant or beneficiary that held such shares. The proceeds were invested in the Plan's qualified default investment alternative, which is the age appropriate lifecycle fund, after which it was subject to the participant's or beneficiary's further direction to invest such amounts in the other funds available for investment in the Plan. The Plan was amended effective October 16, 2013 to remove Company common stock as an investment option of the Plan.

Effective January 1, 2015, the Plan was restated as an individually-designed plan.

Contributions

Each year, participants may authorize the Company to make tax deferred elective contributions on their behalf of not less than 1 percent nor more than 50 percent of their compensation, subject to the maximum limitations established by the Internal Revenue Code ("IRC"). Certain eligible employees, who do not affirmatively elect to participate in the Plan, are automatically enrolled in the Plan. Participants, who are automatically enrolled in the Plan, contribute 3 percent of their salary to the Plan with their contributions being automatically invested in the age appropriate life cycle fund until and unless the participant elects an alternative contribution rate and/or investment options. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participant contributions to the Plan are recorded in the period that payroll deductions are made from participants.

Notes to Financial Statements
December 31, 2015 and 2014

The Company may make discretionary matching contributions to the Plan. During 2015, the Company contributed a matching contribution on participant elective contributions, excluding catch-up contributions available to participants 50 years of age or older, equal to:

- 25 percent of elective contributions to eligible employees at Indiana Precision, Inc. and Tridan International, Inc. based on compensation earned during all of 2015.
- 100 percent of elective contributions each payroll period, to a maximum of 3 percent of compensation, to all other eligible employees who were not already benefiting from a Company funded retirement benefit. Employees eligible for this match included:

Employees last hired on or after November 1, 2010 by Industrial Tectonics, Inc. and included in the collective bargaining unit represented by the International Union Automobile, Aerospace and Agricultural Implement Workers of America, UAW, Local #38, based on compensation earned during all of 2015.

Employees last hired on or after December 5, 2009 by Kaydon Corporation and included in the collective bargaining unit represented by the International Association of Machinists and Aerospace Workers, AFL-CIO, Local Lodge #2597, based on compensation earned during all of 2015.

Employees based on compensation earned during all of 2015, and employed by:

- ACE Controls, Inc.
- Avon Bearings Corporation

Employees last hired on or after March 15, 2009, based on compensation earned during all of 2015, and employed by:

- Kaydon Corporation
- Industrial Tectonics, Inc.
- Kaydon Ring & Seal, Inc.
- The Cooper Split Roller Bearing Corporation

Employees last hired on or after September 4, 2012 by Fabreeka International, Inc. or Tech Products Corporation, based on compensation earned during all of 2015.

Notes to Financial Statements
December 31, 2015 and 2014

The Company may also make discretionary non-elective contributions to the Plan. Eligible participants must be employed on the last day of the Plan year and have worked more than 1,000 hours in the Plan year to be eligible for non-elective contributions, unless the eligible participants died, retired or became disabled during the year. The Company did not make discretionary non-elective contributions for the year ended December 31, 2015.

Effective February 1, 2014, the Plan was amended to provide for a fixed, non-elective contribution of 2 percent of compensation to be made to Baltimore, Maryland location collectively bargained participants who are hired on or after February 1, 2014. The fixed, non-elective contribution vests on a three year cliff schedule.

Participants direct the investment of all contributions into various investment options offered by the Plan. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contribution and the Plan's earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Company contributions vest over a six-year period: 10 percent after one year, 20 percent after two years, and 20 percent for each additional year to a maximum of 100 percent. Employees hired prior to June 1, 2010, who participated in Avon Bearings Corporation 401(k) Profit Sharing Plans, vest in their Company contributions using a 5-year graded schedule. A participant who terminates employment due to death, disability, or normal retirement shall be 100 percent vested in any Company contributions.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of 50 percent of the participant's vested account balance (not to exceed \$50,000, or such lesser amount as required by the IRC). The loan is secured by the balance in the participant's account and bear interest at the prime rate plus 1%. Interest rates on outstanding notes range from 4.25 percent to 5.25 percent at December 31, 2015. Principal and interest is paid ratably through payroll deductions. Terms range from one to five years or greater for the purchase of a primary residence.

Payment of Benefits

The payment of benefits date, unless postponed by the participant (or beneficiary in the case of a participant's death), must be not later than sixty days after the end of the plan year in which the participant attains age 65, retires, terminates or dies, contingent upon completion of the required distribution paperwork.

Notes to Financial Statements
December 31, 2015 and 2014

Distributions for terminated and retired participants may be deferred until April 1 following the date the participant reaches the age of 70½ if the value of the distribution exceeds \$1,000. Active participants may continue to contribute into the Plan as long as they are employed by the Company. In addition, in certain hardship situations or upon attainment of age 59½, participants may withdraw a portion of their account balance while actively employed.

Forfeited Accounts

At December 31, 2015 and 2014, forfeited non-vested accounts totaled \$57,646 and \$121,738, respectively. These accounts will be used to reduce future Company contributions or to pay plan administrative expenses. In 2015, Company contributions were reduced by \$219,658 from forfeited non-vested accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Benefit Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and custodian. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2015 and 2014.

Notes to Financial Statements
December 31, 2015 and 2014

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation of fair value of investments.

Payment of Benefits

Benefits are recorded when paid.

Recent Accounting Pronouncements

In June 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-10, *Technical Corrections and Improvements*. ASU 2015-10 amends a wide range of Accounting Standards Codification topics to make clarifying changes, correct unintended application of guidance and make minor changes that are not expected to have a significant effect on current accounting practice or create a significant administrative cost on most entities. As part of this amendment, the FASB changed the definition of Readily Determinable Fair Value. This change was effective upon issuance. The adoption of ASU 2015-10 has been applied to the financial statements and related disclosures.

In July 2015, the FASB issued ASU No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965) - I. Fully Benefit-Responsive Investment Contracts; II. Plan Investment Disclosures, and III. Measurement Date Practical Expedient ("ASU 2015-12")*. Part I of the accounting standards update requires fully benefit-responsive investment contracts to be measured, presented, and disclosed only at contract value. Part I of this update is not applicable to the Plan. Part II of this update requires that investments (both participant-directed and nonparticipant-directed investments) be grouped only by general type, eliminating the need to disaggregate the investments in multiple ways. Part II also eliminates the disclosure of individual investments that represent 5 percent or more of net assets available for benefits and the disclosure of net appreciation or depreciation for investments by general type, requiring only presentation of net appreciation (depreciation) in investments in the aggregate. Additionally, if an investment is measured using the net asset value per share (or its equivalent) practical expedient in Topic 820 and that investment is a fund that files a U.S. Department of Labor ("DOL") Form 5500, as a direct filing entity, disclosure of that investment's strategy is no longer required. Part III of the update is not applicable to the Plan. The amendments in ASU 2015-12 are effective for fiscal years beginning after December 15, 2015, with early application permitted. The amendments within Parts I and II require retrospective application. Management has elected to early adopt the provisions of Part II of this new standard. Accordingly, this provision was retrospectively applied.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observables and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Notes to Financial Statements
December 31, 2015 and 2014

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2015 and 2014:

Fair Value Measurement as of December 31, 2015				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 64,451,474	\$ -	\$ -	\$ 64,451,474

Fair Value Measurement as of December 31, 2014				
Mutual funds	\$ 70,591,002	\$ -	\$ -	\$ 70,591,002

4. Related Party and Party In Interest Transactions

Certain of the Plan's investments are managed by Fidelity Management Trust Company, and therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for investment manager services are included in net depreciation in the fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. Additionally, the Plan issues loans to participants, which are secured by the participant's account balances. These transactions qualify as party in interest transactions.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

5. Plan Termination

Although it has not expressed the intention to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

6. Tax Status

The Internal Revenue Service ("IRS") has determined and informed the Company by a letter dated May 23, 2012, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

As of December 31, 2015 and 2014, the Plan had investments of \$28,838,881 and \$31,863,339, respectively, that were concentrated in three funds.

8. Administration of Plan Assets

The Plan's assets are administered under a contract with Fidelity Management Trust Company, the trustee of the Plan. The trustee invests funds received from contributions, investment sales, interest and dividend income and makes distribution payments to participants.

9. Information Certified by Trustee

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2015. Accordingly, Fidelity Management Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of all assets reported in the accompanying Statement of Net Assets Available for Benefits as of December 31, 2015 and 2014 and the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2015, and the related investment activity reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2015.

10. Subsequent Events

The Plan has evaluated subsequent events for recognition or disclosure through October 14, 2016, the date the financial statements were available to be issued.
