NOTE A - DESCRIPTION OF PLAN

The following description of LeeSar, Inc. 401(k) Profit Sharing Plan & Trust ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of LeeSar, Inc. ("the Company") who are age twenty-one or older and who have completed 90 consecutive days of employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year, participants may contribute up to 90 percent of pretax annual compensation, as defined in the Plan, up to regulatory maximums. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company contributes 100 percent of the first 5 percent of base compensation that a participant contributes to the Plan provided that the participant is employed full-time. The Company does not match contributions made by participants who are employed part-time.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution, and (b) Plan earnings (losses), (c) and charged with an allocation of administrative expenses (if any). Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participants' vested account.

Vesting

Participants are vested immediately in their contributions and the Company's contribution plus actual earnings thereon.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $500 up to a maximum amount equal to the lesser of one-half of their vested account balance or $50,000 reduced by the excess (if any) of the highest outstanding balance of all other loans from the Plan during the one-year period ending the day before the loan was made.

NOTE A - DESCRIPTION OF PLAN (CONTINUED)

Notes Receivable from Participants (Continued)

The loans are secured by the balance in the participant's account and bear interest at 5.25%, which is commensurate with local prevailing rates as determined quarterly by the Plan Administrator. Principal and interest is paid through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant or beneficiary may elect to receive a lump-sum amount equal to the value of a participant's vested interest in his or her account. Distributions greater than $1,000 and less than $5,000 are required to be rolled into an individual retirement account unless the participant elects otherwise. Participants with account balances greater than $5,000 may defer payment unless the participant elects otherwise.

Forfeited Accounts

Forfeited amounts from a terminated participant do not become available to the Company until the terminated participant requests a distribution of his or her account. These accounts are used to reduce employer contributions or pay Plan expenses. During the year ended December 31, 2015 and 2014 no forfeitures were used to reduce employer contributions.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2015 and 2014, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (See Note C for discussion of fair value measurements).

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition (Continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain administrative functions are performed by employees of the Company who receive no compensation from the Plan. The Company also pays certain administrative expenses of the Plan.

Date of Management's Review

Subsequent events were evaluated through October 10, 2016, which is the date the financial statements were available to be issued.

New Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-07, Disclosures for Investments in Certain Entities that Calculate Net Asset Value ("NAV") per Share (or Its Equivalent). This ASU removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the NAV per share practical expedient. It also removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the NAV per share practical expedient. Those disclosures are limited to investments for which the entity has elected to measure the fair value using that practical expedient. The Plan elected to early adopt this ASU and has implemented the guidance on a retrospective basis to all periods presented.

In July 2015, the FASB issued ASU 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965): Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient. This three-part standard simplifies employee benefit Plan reporting with respect to fully benefit-responsive investment contracts and Plan investment disclosures, and provides for a measurement-date practical expedient. Parts I and II are effective for fiscal years beginning after December 15, 2015, and should be applied retrospectively, with early application permitted. Part III is effective for fiscal years beginning after December 15, 2015, and should be applied prospectively, with early application permitted.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

New Accounting Pronouncements (Continued)

Management has elected to adopt Part II early. Part II eliminates the need to disclose individual investments with a value equal to or greater than 5% of net assets available for benefits and simplifies the disclosure of net appreciation or depreciation in fair value of investments. Parts I and III are not applicable to this Plan.

NOTE C – FAIR VALUE MEASUREMENTS

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are only used when Level 1 or Level 2 inputs are not available.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end.

Units of participation of the common collective funds are valued at the net asset value ("NAV") provided by the funds' trustee as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the funds less its liabilities. This practical expedient would not be used when it is determined to be probable that the funds will sell the investments for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE C – FAIR VALUE MEASUREMENTS (CONTINUED)

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2015 and 2014:

	Quoted Prices in Active Markets For Identical Assets (Level 1)	Total
December 31, 2015		
Investment type		
Mutual funds		
Total assets in the fair value hierarchy	$ 5,782,736	$ 5,782,736
Investments measured at net asset value*:		
Common collective fund		306,125
Investments at fair value	$ 5,782,736	$ 6,088,861
December 31, 2014		
Mutual funds	$ 5,440,024	$ 5,440,024

*In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

NOTE D - INVESTMENTS

Plan assets are held by the trustee, State Street Bank & Trust Company ("parties-in-interest"), in a general asset fund. All securities' values, depreciation and appreciation, gains, losses and allocation of investment earnings are certified State Street Bank & Trust Company. The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by the trustee as of December 31:

	2015	2014
Mutual funds	$ 5,782,736	$ 5,440,024
Common collective fund	$ 306,125	$
Net depreciation in fair value of investments	$ (398,124)	$ (152,958)
Dividends	$ 353,180	$ 444,310

NOTE D – INVESTMENTS (CONTINUED)

The Plan's investments (including gains and losses on investments bought, sold, and held during the year) depreciated in value during the years ended December 31 as follows:

	2015	2014
Mutual funds	$ (398,124)	$ (152,958)

NOTE E - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE F - TAX STATUS

The Plan operates under a prototype plan document. Under the Internal Revenue Service's determination letter program, an employer who adopts a word-for-word approved document is not required to request a determination letter to confirm that the Plan meets the requirements of the Internal Revenue Code ("IRC"). The Internal Revenue Service ("IRS") has reviewed and approved the prototype document that this Plan operates under. The Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2013.

NOTE G – RISKS AND UNCERTAINTIES

The plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE H – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Schedule H of Form 5500 as of December 31, 2015:

	2015
Net assets available for benefits per the financial statements	$ 6,500,983
Current year participant and employer contributions receivable	(41,513)
Net assets available for benefits per the Form 5500	$ 6,459,470

The following is a reconciliation of participant and employer contributions per the financial statements to the Schedule H of Form 5500 for the year ended December 31, 2015:

	2015
Contributions - participant per the financial statements	$ 726,931
Current year receivable	(24,654)

Contributions - employer per the financial statements	$ 480,883
Current year receivable	(16,859)
Contributions - employer per Schedule H of form 5500	$ 464,024

There are no reconciling items between the financial statements and the Form 5500 for 2014, therefore no reconciliation has been prepared.
