NOTES TO FINANCIAL STATEMENTS
December 31, 2015 and 2014

Note 1 - Description of plan and significant accounting policies

The following description of the University of Toledo Physicians, LLC 403(b) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Summary Plan Description for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan adopted October 2004 covering all eligible employees of University of Toledo Physicians Clinical Faculty, Inc. (the Company and Plan Administrator) and provides retirement, death, and disability benefits. There is no minimum age or service requirement to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Each participant may elect to defer 100% of compensation, subject to the maximum amount allowable by the Internal Revenue Service per year. The Plan permits participants to make Roth 403(b) deferrals and permits direct rollovers from other qualified Roth contribution programs into the Plan.

Effective May 1, 2011, the Plan was amended to adopt an automatic enrollment provision. All new employees hired on or after that date will automatically be enrolled in the Plan and pre-tax salary deferral contributions will be withheld at the Plan's stated percentage rate of 2%, unless they elect otherwise.

Participant accounts

Each participant's account is credited with their individual contribution and an allocation of Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account. All contributions and earnings are invested among the funds offered by the Plan at the discretion of the participant.

Vesting

Each participant is fully vested in their own contributions.

Payment of benefits

Upon termination of service, due to death, disability, or retirement, a participant may elect to receive a lump-sum payment or in equal monthly, quarterly, semiannual or annual installments over a specified period, equal to the value of the participant's vested interest in his or her account. Benefit distributions for the plan year ended December 31, 2015 were \$1,551,134.

Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. Upon termination, the assets of the Plan may be distributed immediately to the participants or otherwise provided in the Plan.

Note 1 - Description of plan and significant accounting policies – Continued

Valuation of investments and income recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisors, trustees and insurance company. See Note 3 for discussion on fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of management's estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Accordingly, actual results may differ from those estimates.

Basis of accounting

The accompanying financial statements of the Plan have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. Benefit payments to participants are recorded when paid.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Forfeited accounts

At December 31, 2015 and 2014, forfeited nonvested accounts totaled \$106 and \$0, respectively. These accounts will be used to reduce future plan expenses.

Plan expenses

The Plan expenses are paid either by the Plan or the Company, as provided by the plan document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. Investment related expenses are included in net appreciation of fair value of investments.

Notes receivable from participants

Participant loans are not permitted under the Plan document.

New accounting pronouncements

In May 2015, the FASB issued ASU 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or its Equivalent)*, which exempts investments measured using the net asset value (NAV) practical expedient in ASC 820, *Fair Value Measurement*, from categorization within the fair value hierarchy. The guidance requires retrospective application and is effective for fiscal years, and interim periods within those years, beginning after December 15, 2015. Early adoption is permitted. Management elected to early adopt the provisions of this new standard. Accordingly, the amendment was retrospectively applied (Note 3).

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965): Part (I) Fully Benefit Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient*. This three-part standard simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts and plan investment disclosure, and provides for a measurement-date practical expedient. Parts I and II are effective for fiscal years beginning after December 15, 2015 and should be applied retrospectively, with early application permitted. Part III is effective for fiscal years beginning after December 15, 2015 and should be applied prospectively, with early application permitted. Management has elected to adopt Parts I and II early. Accordingly, the amendments were retrospectively applied. Part III is not applicable to this Plan.

Note 2 - Information prepared and certified by trustees

The trustees of the Plan hold the accounts in trust and execute all investment transactions, based on participants' direction. The related financial information included in the accompanying financial statements and schedule is based solely on information provided by the trustees, certified as complete and accurate. State Street Bank and Trust Company and Transamerica Financial Life Insurance Company Inc. were the trustees during 2015 and 2014.

The following presents investments that were certified by the trustee of the Plan as complete and accurate at December 31, 2015 and 2014:

	<u>2015</u>	<u></u>
Investments:		
Mutual funds and general account at fair value	\$ 13,977,249	\$ 12,654,557
Guaranteed pooled account at contract value	593,877	543,667

Note 3 - Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access at the measurement date.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

- Mutual funds: Valued the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
- General account: Valued at the cumulative value of the underlying portfolio and contract termination provision.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

Note 3 - Fair value measurements – Continued

For the years ended December 31, 2015 and 2014, there were no significant transfers between Levels 1 and 2 and no transfers in or out of Level 3.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2015 and 2014.

Assets at fair value as of December 31, 2015:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 13,976,460	\$ 0	\$ 0	\$ 13,976,460
General account	0	789	0	789
Investments at fair value	<u>\$ 13,976,460</u>	<u>\$ 789</u>	<u>\$ 0</u>	<u>\$ 13,977,249</u>

Assets at fair value as of December 31, 2014:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 12,654,557	\$ 0	\$ 0	\$ 12,654,557
General account	0	0	0	0
Investments at fair value	<u>\$ 12,654,557</u>	<u>\$ 0</u>	<u>\$ 0</u>	<u>\$ 12,654,557</u>

Note 4 - Transactions with parties-in-interest

Certain Plan investments are shares of mutual funds managed by State Street Bank and Trust Company, and Transamerica Financial Life Insurance Company Inc. State Street Bank and Trust Company, and Transamerica Financial Life Insurance Company Inc. are the trustees as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. As described in Note 1, the Plan made a direct payment to the third party administrator of \$18,189, which was not covered by revenue sharing. The Plan Sponsor pays directly any other fees related to the plan's operations.

Note 5 - Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 6 - Income tax status

The Plan has been designed to qualify under Section 403(b) of the Internal Revenue Code (Code). The terms of the Plan have been prepared to conform with the sample language provided by the Internal Revenue Service (IRS) in Revenue Procedure 2007-71 [or the draft Listing of Required Modification issued April 4, 2009]. The Plan administrator intends to apply for a determination letter on the Plan once the IRS opens such a program. The Plan is required to operate in conformity with the Code to maintain tax-exempt status for plan participants under Section 403(b).

UNIVERSITY OF TOLEDO PHYSICIANS, LLC 403(b) PLAN
NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2015 and 2014

Note 6 - Income tax status – Continued

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain tax position that more likely than not would not be sustained by examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to .

Note 7 - Investment in Guaranteed Pooled Fund

The Plan has assets invested in the Transamerica Financial Life Insurance Company Guaranteed Pooled Fund. The Guaranteed Pooled Fund is a guaranteed pooled separate account provided under a group annuity contract issued by Transamerica Financial Life Insurance Company, Inc. (TFLIC). Transamerica Retirement Solutions Corporation ("Transamerica") is the service agent for such contract. The investment is considered a fully benefit-responsive investment contract. TFLIC maintains the contributions in a pooled separate account. The Plan does not own any underlying securities of this Fund, and has guaranteed benefits under the terms of the contract. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The TFLIC issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the TFLIC is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the investments held by the Guaranteed Pooled Fund. The TFLIC is presented on the face of the statement of net assets available for benefits at contract value. Contract value, as reported to the Plan by Transamerica, represents the contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2015 and 2014, was \$593,877 and \$543,667, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 1.0% or 2.05%. Such interest rates are reviewed on an annual basis for resetting.

Certain events limit the Plan's ability to transact at contract value with TFLIC. Such events include the following: (a) amendments to the Plan documents (including complete or partial termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under Employee Retirement Income Security Act of 1974. The Plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with Plan participants, is probable.
