Report of Independent Auditors

To the Plan Sponsor and Administrator of the

Baker & Hostetler LLP Supplemental/401(k) Retirement Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Baker & Hostetler LLP Supplemental/401(k) Retirement Plan (“Plan”), which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statement of changes in net assets available for benefits for the year ended December 31, 2015, and the related notes to the financial statements.

Management’s Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors’ Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor’s (“DOL”) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (“ERISA”), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 7, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan’s investment assets and executes investment transactions. The plan administrator has obtained certifications from the trustee as of December 31, 2015 and 2014 and for the year ended December 31, 2015, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets (held at end of year) as of December 31, 2015, is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Investment Valuation and Income Recognition

The Baker & Hostetler LLP Master Retirement Trust (“Master Trust”) was established to provide a medium for commingling the assets of certain retirement plans sponsored by Baker & Hostetler LLP (“Firm”). The assets of the Master Trust are held by Fidelity Management Trust Company (“Trustee”). The Baker & Hostetler LLP Supplemental/401(k) Retirement Plan (“Plan”) has a divided interest in the Master Trust equal to the fair value of the participants’ account balances. Investment income and expenses are allocated to the Plan based on its pro rata share in the net assets of the Master Trust. Accordingly, the Plan’s net investment loss for the year ended December 31, 2015 includes its allocable share of the Master Trust’s interest, dividends and net depreciation. The Plan’s interest in the Master Trust is reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Management determines the Plan’s valuation policies utilizing information provided by the Trustee. See Note 6 for discussions of fair value measurements.

With regard to investments and investment income (loss) recorded in the Master Trust, purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Capital gain distributions are included in dividend income. Net appreciation (depreciation) includes the Master Trust’s gains and losses on investments bought and sold as well as held during the year.

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

New Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-07, *"Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)."* The ASU removes the requirement to categorize within the fair value hierarchy investments for which fair values are estimated using the net asset value per share as a practical expedient provided by FASB Accounting Standards Codification ("ASC") 820 *Fair Value Measurement*. Disclosures about investments in certain entities that calculate net asset value per share are limited under this ASU to investments for which the entity has elected to estimate the fair value using the net asset value practical expedient. The guidance requires retrospective application and is effective for public business entities for fiscal years, and interim periods within those years, beginning after December 15, 2015. For all other entities, the guidance is effective for fiscal years, and interim periods within those years, beginning after December 15, 2016. Early adoption is permitted. Management elected to early adopt the provisions of this new standard. The adoption has been reflected in Note 6 to the financial statements.

In July 2015, the FASB issued ASU 2015-12, *"Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient."* Part I of the ASU eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II of this ASU eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. It also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics, and risk. Further the disclosure of information about fair value measurements shall be provided by general type of investment. Part III of this ASU allows a plan with a fiscal year end that does not coincide with the end of a calendar month to measure its investments and investment-related accounts using the month end closest to its fiscal year end. The guidance is effective for fiscal years beginning after December 15, 2015 and early adoption is permitted. The guidance on fully benefit-responsive investment contracts and plan investment disclosures must be applied retrospectively. The guidance on measurement date practical expedient must be applied prospectively. Management has elected to early adopt ASU 2015-12 Parts I and II. The statements of changes in net assets available for benefits of the Plan were not affected by the adoption of the new guidance. Part III is not applicable to this Plan.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of the Plan are paid by the Firm and are not included in the statement of changes in net assets available for benefits. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Fees incurred by the Plan for investment management services are included in net depreciation of fair value of investments, as they are paid through revenue sharing, rather than a direct payment.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 and 2014. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and the benefit payment is recorded.

2. Description of the Plan

The following description of the Plan provides general information only. Participants should refer to the Plan document or Summary Plan Description for a more complete description of the Plan's provisions, which are available from the plan administrator.

The Plan is a defined contribution plan. The Plan covers all eligible employees and partners of the Firm. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligible employees and partners can participate on the later of their date of hire or the date they reach age 21. Eligible non-attorney staff members automatically participate in the supplemental portion of the Plan on the January 1 or July 1 following the date they have completed at least two (2) years of service with the Firm.

Notes to Financial Statements

2. Description of the Plan (continued)

The Plan maintains a separate account for each participant. Participants direct the investment of all contributions into various investment options offered by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Pursuant to a salary reduction agreement, a participant may elect to have the Firm make a contribution on the participant's behalf. The Firm's supplemental contribution for non-attorney staff members is an amount equal to one and one-half percent (1-1/2%) of an employee's annual eligible compensation. Annual contributions to participants' accounts under this Plan and other qualified retirement plans maintained by the Firm may not exceed the maximum limitations provided by the Internal Revenue Code ("Code").

Interest bearing loans of up to 50% of a participant's account may be requested, with a minimum request of \$1,000 and the maximum request not to exceed \$50,000 when considered with loans from this and other plans sponsored by the Firm. Loans to participants bear interest at the prime rate in effect at the date of the loan. The repayment period is not to exceed five (5) years.

A participant's account is immediately vested and is distributable at retirement or termination of service as follows: at normal retirement; at retirement after attaining age 57 and completing five (5) years of service; at disability; at death; and at termination of service for any other reason. The participants have several options for receiving their distribution. A participant's account is distributable after attaining age 60 prior to termination or retirement. They may elect to receive payment in a lump sum, a partial lump sum payment without limit in terms of frequency or amount, in substantially equal annual installments over a period of time not to exceed ten (10) years, or through a schedule which will provide payments over a certain period of time which does not exceed their life expectancy. They may elect to receive a distribution of deferred amounts at any later time, but no later than April 1 of the year following the later of the year in which they reach age 70½ or the year of retirement.

Although it has not expressed any intent to do so, the Firm has the right under the Plan to terminate the Plan subject to the provisions of ERISA.

3. Income Tax Status

The Internal Revenue Service ("IRS") has determined and informed the Firm by a letter dated April 18, 2012, stating that the Plan and the related trust are designed in accordance with the applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the IRC.

Baker & Hostetler LLP Supplemental/401(k) Retirement Plan

Notes to Financial Statements

3. Income Tax Status (continued)

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2015, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.

4. Related-Party and Party-In-Interest Transactions

The Plan invests in mutual funds that are managed by Fidelity Investments. Fidelity Investments is related to the Trustee and, therefore, these transactions qualify as party-in-interest transactions which are exempt from the prohibited transaction rules.

5. Baker & Hostetler LLP Master Retirement Trust

The following table presents the net assets of the Master Trust as of December 31, 2015 and 2014 and the Plan's corresponding interest in each item.

6. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Baker & Hostetler LLP Supplemental/401(k) Retirement Plan

Notes to Financial Statements

6. Fair Value Measurements (continued)

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective investment fund: The collective investment fund consists exclusively of mutual funds. Accordingly, it is valued based on the NAV as reported by the underlying funds. The balance of the collective investment fund has been included with mutual funds on the following table based on the nature of the individual mutual funds held at year-end.

Self-directed brokerage accounts: Accounts primarily consist of mutual funds and common stocks that are valued on the basis of readily determinable market prices.

Commingled pool fund: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

6. Fair Value Measurements (continued)

The following tables set forth by Level, within the fair value hierarchy, the Master Trust's investments at fair value:

Master Trust Investments at Fair Value as of December 31, 2015				
	Level 1	Level 2	Level 3	Total
Mutual funds including collective investment fund	\$ 502,471,337	\$ -	\$ -	\$ 502,471,337

Notes to Financial Statements

6. Fair Value Measurements (continued)

- (a) In accordance with Subtopic 820-10, the commingled pool fund that was measured at net asset value per share has not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.
- (b) The commingled pool fund listed above is redeemed on a daily basis and does not have any redemption restrictions. Additionally, there are no unfunded commitments.

7. Information Prepared and Certified by the Trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, at fair value
- Notes receivable from participants
- Net investment loss from Master Trust
- Interest income on notes receivable from participants
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

8. Rollover Contributions

On January 1, 2014, the Firm acquired Woodcock Washburn, LLP and approved an amendment to terminate the WWMKN 401(k) Profit Sharing Plan. Accordingly, all participants in the WWMKN 401(k) Profit Sharing Plan were provided with the option to have their account balance rolled into any qualified plan (including the Plan), an IRA, or receive a lump-sum distribution. As a result of the termination of the WWMKN 401(k) Profit Sharing Plan, the Plan received approximately \$9,400,000 in rollover contributions (including approximately \$400,000 in participant loans) during the year ended December 31, 2015 which are included in rollover contributions on the statement of changes in net assets available for benefits.

Baker & Hostetler LLP Supplemental/401(k) Retirement Plan

Notes to Financial Statements

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

10. Transfer Out

In 2013, the recordkeeping agreement with the Trustee was amended to establish a Revenue Credit Account within the Plan which is funded quarterly based on revenue sharing on covered investments, as defined. The balance within the Revenue Credit Account may be used to reimburse the Firm for fees and expenses or pay such vendors directly for services provided to the Master Trust. Amounts not used to pay expenses of the Master Trust may be allocated to participants of the Plan and the Baker & Hostetler LLP Basic/Step-Rate 401(k) Retirement Plan. Amounts that are designated for allocation to participants are initially allocated to the Plan and then a prorated amount is transferred to the Baker & Hostetler LLP Basic/Step-Rate 401(k) Retirement Plan for allocation to its participants. The following presents a summary of the activity in the Revenue Credit Account for 2015:

Balance December 31, 2014	\$ 575,054
Revenue credits received	412,500
Revenue credits transferred	(322,550)
Revenue credits allocated to participants	(327,509)
Earnings	<u>37</u>
Balance December 31, 2015	<u><u>\$ 337,532</u></u>

The remaining credits at December 31, 2015 are expected to be allocated to participants of both plans during 2016.

11. Subsequent Events

The Plan has evaluated subsequent events through October 14, 2016, which is the date the financial statements were available to be issued. No significant matters were identified for disclosure during this evaluation.
