INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of the
Paceco Investors, L.P. 401(k) Plan

Report on the Financial Statements

I was engaged to audit the accompanying financial statements of the Paceco Investors, L.P. 401(k) Plan, which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statement of changes in net assets available for benefits for the year ended December 31, 2015, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matters described in the Basis for Disclaimer of Opinion paragraph, however, I was not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis of Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed me not to perform, and I did not perform, any auditing procedures with respect to the information summarized in Note H, which was certified by Transamerica Life Insurance Company and State Street Bank, custodians of the Plan, except for comparing such information with the related information included in the financial statements. I have been informed by the plan administrator that the custodians hold the Plan's investment assets and execute investment transactions. The plan administrator has obtained a certification from the custodians as of December 31, 2015 and December 31, 2014 and for the year ended December 31, 2015, that the information provided to the plan administrator by the custodians is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, I have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, I do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets held (at end of year) as of December 31, 2015 is required by the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, I do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL's Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodians, has been audited by me in accordance with auditing standards generally accepted in the United States of America and, in my opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Emphasis of Matter

As discussed in Note K to the financial statements, in 2015 the entity adopted new accounting guidance in ASU 2015-07 and ASU 2015-12. My opinion is not modified with respect to this matter.

Notes to Financial Statements
December 31, 2015 and 2014

Note A – Description of Plan

The following description of the Paceco Investors, L.P. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document or the Summary Plan Description for Paceco Investors, L.P. 401(k) Plan for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Employees of Quick Wash Coin Service, Ltd., Traders Village, Ltd., J.C. Pace, Ltd., Kimbell, Inc., Traders Village Houston, L.P., Traders Village San Antonio, L.P. and TA Ranch Operations, L.P. (a Division of Kimbell, Inc.) (the Companies) are eligible to participate in the Plan. See Note L.

Eligibility

Employees who have completed one year of service, as defined, and have attained the age of 21 are eligible to participate in the Plan. Eligible employees may commence participation on the first entry date following the completion of the eligibility requirements. Plan entry dates are January 1 and July 1.

Contributions and Transfers of Net Assets from Other Plans

Participants may elect to defer up to the lesser of 15% of their eligible compensation, subject to certain Plan and Internal Revenue Code (IRC) limits. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Subject to the consent of the Plan administrator, participants may rollover amounts representing distributions from other qualified plans.

The Companies match 50% of each participant's contributions up to the first 6% of deferred compensation, for a maximum match of 3% of each participant's salary. Participants must complete 500 hours and be employed on the last day of the plan year to receive an allocation of employer contributions. All employer contributions, i.e., matching and/or profit sharing, are made at the discretion of the Companies.

Participants may direct the investment of all their contributions into any of the Plan's fund options.

Participant Accounts

Each participant's account consists of (a) participant contributions; (b) employer contributions; (c) rollover contributions; and (d) earnings on investments less any partial distributions from the Plan.

Participants may change their future investment options at their discretion. Additionally, participants may transfer their existing balances to other funds.

Paceco Investors, L.P. 401(k) Plan
Notes to Financial Statements
December 31, 2015 and 2014

Vesting

Participant's salary deferral contributions are fully vested at all times and are not subject to forfeitures for any reason. Company matching contributions and earnings thereon become vested as follows:

Years of Service	Vesting Percentage
1	20%
2	40%
3	60%
4	80%
5	100%

A year of service for vesting purposes is defined as at least 1,000 hours of service accumulated in a plan year.

Additionally, the balance in a participant's company contribution account shall become fully vested and non-forfeitable upon the occurrence of any of the following events:

- Attainment of age 65 while still an employee,
- Termination of employment as a result of disability.
- Termination of employment as a result of death,
- Termination of the Plan,
- Partial termination of the Plan affecting the participant, or
- Complete discontinuance by the Company of contributions to the Plan

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum account equal to the value of the participant's vested interest in his or her account, or annual installments over a ten year period. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Participants may also withdraw pre-tax contributions in event of a financial hardship in an amount equal to their immediate financial need. Hardship withdrawals are processed as soon as administratively feasible and in most cases will be subject to Federal income taxes.

Investment Options

Upon enrollment in the Plan, a participant may direct employee contributions in any of the various investment options. These options consist of various equity investments (funds) and the Transamerica Stable Value Fund (group annuity contract).

The participant may elect, on not more frequently than any valuation date, to have all or any portion of his vested interest in any investment fund(s) transferred to any other investment fund(s).

Paceco Investors, L.P. 401(k) Plan
Notes to Financial Statements
December 31, 2015 and 2014

Forfeitures

Forfeited balances of non-vested participants' accounts are used to reduce future employer contributions or to offset administrative fees. During the year ended December 31, 2015, \$ 2,797 of forfeitures were used to offset employer contributions. As of December 31, 2015, the unallocated forfeiture balance was \$1,195.

Notes Receivable from Participants

Participants may borrow from their individual participant accounts, a minimum of \$1,000 up to a maximum of \$50,000 or 50% of the market value of their vested account balance, whichever is less. The notes are secured by the balance in the participant's account and bear a reasonable rate of interest as determined by the Plan administrator. The interest rate is fixed at the time of note origination and remains unchanged during the life of the note. Note repayments for principal and interest are made ratably as individual payroll deductions during each regularly scheduled pay period. A participant may only have one outstanding note at a time.

Administrative Expenses

The majority of administrative expenses of the Plan are paid directly by the Plan participants; additionally, nominal fees for loan processing are charged to the participant and are deducted directly from the participant's account. Certain administrative expenses were paid by the Companies in 2015.

Note B – Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America as applied to defined contribution plans. Under this method of accounting, contributions are recorded when deferred from participant's payroll and investment income is recorded when earned. Benefit payments are recorded when paid and expenses are recorded when incurred.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. These estimates include the fair value of investments. Actual results could differ materially from those estimates.

Paceco Investors, L.P. 401(k) Plan
Notes to Financial Statements
December 31, 2015 and 2014

Risks and Uncertainties

The Plan assets consist of various investments which are exposed to a number of risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participant' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value (except for fully benefit-responsive GICs, which are reported at contract value). Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note E for discussion on fair value measurements.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive GICs. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits that is attributable to fully benefit-responsive investment contracts. Contract value is the amount Plan participants would receive if they were to initiate permitted transactions under the terms of the Plan (see Fully Benefit-Responsive Investment Contract below).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/ (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in the mutual funds and GICs are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Fully Benefit Responsive Investment Contract

The Plan has entered into a traditional group annuity contract primarily with TransAmerica Life Insurance Company (TLIC). This contract, the Transamerica Stable VI Fund (the group annuity contract), which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The GIC is included in the financial statements at contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The contract has certain restrictions that affect the ability to collect the full contract value, for example, the Plan may not withdraw more than 20% of the beginning of the year

Paceco Investors, L.P. 401(k) Plan
Notes to Financial Statements
December 31, 2015 and 2014

balance of the contract without incurring a penalty. Plan management believes that the occurrence of events that would cause the Plan to transact at less than contract value is not probable. TLIC may not terminate the contracts at any amount less than contract value.

TLIC is contractually obligated to pay the principal and specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with TLIC, but may not be less than 0%. Such interest rates are reviewed for resetting on a semi-annual basis for the TLIC Stable VI Fund. There are no reserves against contract value for credit risk of Transamerica or otherwise. The contract value of the investment contract at December 31, 2015 and 2014 was \$ 1,043,353 and \$ 1,169,385, respectively.

Certain events limit the ability of the Plan to transact at contract value with Transamerica. Such events include the following: (1) the Plan is changed so as to significantly affect Transamerica's obligations to the contract, (2) the contract can no longer be treated as a pension plan contract, (3) the Plan is terminated, (4) failure to comply with the contract's requirements, (5) failure to provide information, (6) the sum of the contract account values at any time equals \$20,000 or less, or (7) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator is not aware of any events which would limit the Plan's ability to transact at contract value with participants that are probable of occurring.

Note C – Plan Termination

Although it has not expressed any intent to do so, the Companies have the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note D – Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated April 17, 2002, that the Volume Submitter Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. The Volume Submitter Plan has been amended since receiving the determination letter; however, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of IRC. Accordingly, no provision for taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the DOL. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015 there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine

Paceco Investors, L.P. 401(k) Plan
Notes to Financial Statements
December 31, 2015 and 2014

audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note E – Fair Value Measurements

ASC 820 defines fair value, establishes a framework for measuring fair value, establishes a fair value hierarchy based on the quality of inputs used to measure fair value, and enhances disclosure requirements for fair value measurements.

In accordance with ASC 820, the Plan has categorized its financial instruments into a three-level hierarchy, which is based on the priority of the inputs to the valuation technique. The fair value hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). If the inputs used to measure fair value fall within different levels of the hierarchy, the category level is based on the lowest priority level input that is significant to the fair value measurement of the instrument.

Financial assets recorded at fair value on the Statements of Net Assets Available for Benefits are categorized as follows:

- | | |
|----------------|---|
| <i>Level 1</i> | Unadjusted quoted prices for identical assets or liabilities in active markets. |
| <i>Level 2</i> | <p>Quoted prices in markets that are not active or inputs that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:</p> <ul style="list-style-type: none"> • Quoted prices for similar assets or liabilities in active markets; • Quoted prices for identical or similar assets or liabilities in non-active markets; • Inputs other than quoted prices that are observable • Inputs that are derived principally from or corroborated by observable market data by correlation or other means |
| <i>Level 3</i> | Prices or valuation techniques that require inputs that are both unobservable and significant to the overall fair value measurement. The reflect management's own assumptions about the assumptions a market participant would use in pricing the asset or liability. |

Paceco Investors, L.P. 401(k) Plan
Notes to Financial Statements
December 31, 2015 and 2014

The following is a description of the valuation methodologies used for instruments measured at fair value:

Pooled Separate Accounts: the fair value of the investment in this category has been estimated using the NAV per share, as a practical expedient. The NAV of these accounts is based on the market value of its underlying investments. The NAV of these accounts is not a public-quoted price in an active market (Level 2).

Group annuity contract: valued at contract value, and is based on its beginning balance plus any deposits and credited interest, less any withdrawals, charges, or expenses, a measurement which approximates fair value (Level 2).

Interest bearing cash: valued at the balance of the account at year end.

The estimated fair value is subjective in nature and involves uncertainties and matters of significant judgment and, therefore, cannot be determined with precision. Changes in assumptions could affect these fair value estimates.

The following table sets forth by level, within the fair value hierarchy, the Plan's asset at fair value as of December 31, 2015:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

Notes to Financial Statements
December 31, 2015 and 2014

*In accordance with fair value measurement guidelines, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented as investments in the statement of net assets available for benefits.

The Plan evaluates the significance of various inputs to assess the appropriate classifications of the Plan's investments within the fair value hierarchy. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. Transfers between levels are evaluated for their significance based upon the nature of the investments and size of the transfer relative to the net assets available for benefits. For the years ended December 31, 2015 and 2014, there were no transfers between levels within the fair value hierarchy.

The following table sets forth additional disclosures of the Plan's investments whose fair value is estimated using net asset value per share (or its equivalent) as of December 31, 2015:

December 31, 2015 and 2014

Note F – Notes Receivable from Participants

The Plan provides for loans to active participants as notes receivable. The Plan treats the notes as a participant's directed investment of the participant's account. The borrowing participant's account shares in the interest paid on the note and bear any expense or loss incurred because of the note. The notes bear interest at a rate established at the time the Plan makes the note. The estimated fair value of the notes receivable from participants at December 31, 2015 and 2014 was \$ 1,145 and \$ 3,581, respectively.

Note G – Party-in-Interest Transactions

Transactions with parties-in-interest include contributions from the Companies, investments in certain funds managed by the record keeper of the Plan, and the investment contracts managed by Transamerica, therefore, these transactions qualify as exempt party-in-interest transactions. Administrative expenses of the Plan not borne by the participants are paid by the Companies. Such amounts paid the Companies in 2015 were not significant.

Note H – Information Prepared and Certified by Trustee or Custodian

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Transamerica or State Street Bank and Trust Company ("State Street") except for comparing such information certified by Transamerica or State Street to information included in the Plan's financial statements and supplemental schedule. The table presented in the supplemental data represent the investments in this Plan as of December 31, 2015, that were certified as accurate by Transamerica or State Street.

Transamerica or State Street also certified to the completeness and accuracy \$ 21,348 of net losses in fair value of investments for the year ended December 31, 2015.

Note I – Corrective Distributions

At December 31, 2014, excess contributions amounting to \$338 are recorded as a liability in the accompanying statements of net assets available for benefits and as a reduction of revenue from employee contributions for the year. The plan reimbursed these excess contributions to its participants during 2015.

Excess contributions payable	<u>-</u>	<u>(338)</u>
Net assets available for benefits per the financial statements	<u>\$ 4,005,153</u>	<u>\$ 3,772,106</u>

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to net income on the Form 5500 for the year ending December 31, 2015:

Net increase in assets available for benefits per the financial statements	\$ 233,047
Refunds of excess contributions to participants	<u>(338)</u>
Net assets available for benefits per the Form 5500	<u>\$ 232,709</u>

Note K – Recent Accounting Pronouncements

In May 2015, the FASB issued Accounting Standards Update No. 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)* (ASU 2015-07). ASU 2015-07 removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value ("NAV") per share as quoted on a private market that is not active. However, sufficient information must be provided to permit reconciliation of the fair value of assets categorized within the fair value hierarchy to the amounts presented in the statements of net assets available for benefits. The provisions also remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. ASU 2015-07 affects only the Plan's disclosures and requires retrospective application. The Plan is required to adopt ASU 2015-07 for fiscal years beginning after December 31, 2016, on a retrospective basis; however, the Plan elected to adopt the provisions for the year ending December 31, 2015, as allowed.

In July 2015, the FASB issued "Plan Accounting: Defined Contribution Pension Plan (Topic 962): Fully Benefit-Responsive Investment Contracts, Plan Investment Disclosures, and Measurement Date Practical Expedient" (ASU 2015-12). The requirements of ASU 2015-12 are as follows:

- Fully benefit-responsive investment contracts are only reported at contract value. These contracts were previously required to be measured at both contract value and fair value with a reconciliation of contract value to fair value. Accordingly, there will no longer be an adjustment from fair value to contract value on the face of the financial statements.

Notes to Financial Statements
December 31, 2015 and 2014

- Plans are no longer required to disclose individual investments that represent five percent or more of net assets available for benefits, and the net appreciation or depreciation for investments by general type. The net appreciation or depreciation in investments for the period will still be required to be presented in the aggregate. Additionally, the level of disaggregation of investments that are measured using fair value has been simplified. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics, and risks.
- Plans are now permitted to measure investments and investment related accounts as of a month end date that is closest to the plan's fiscal year end, when the fiscal period does not coincide with a month end.

The Plan is required to adopt the provisions of ASU 2015-12 for fiscal years beginning after December 15, 2015, on a retrospective basis; however, the Plan elected to adopt the provisions for year ended December 31, 2015, as allowed.

In January 2016, the FASB issued ASU 2016-01, *Financial Instruments – Overall (Subtopic 825-20): Recognition and Measurement of Financial Assets and Financial Liabilities*, which addresses certain aspects of recognition, measurement, presentation, and disclosure of financial instruments. The provisions in ASU 2016-01 are effective for fiscal years beginning after December 15, 2018, and interim periods within fiscal years beginning after December 15, 2019. With certain exceptions, early adoption is not permitted. Plan management is currently evaluating the impact that ASU 2017-01 will have on its financial statements.

Other accounting standards that have been issued or proposed by the FASB or other standard-setting bodies are not expected to have a material impact on the Plan's net assets or changes in net assets.

Note L – Plan Merger

Effective January 1, 2014, the JC Pace Holding Company 401k Plan was merged into the Plan. Employees of Kimbell, Inc., TA Ranch Operation, L.P. (a Division of Kimbell, Inc.), Traders Village San Antonio, L.P. and Traders Village Houston, L.P. are eligible to participate in the Plan. All investments and participant loans of the JC Pace Holding Company Plan were transferred into the Plan.

Note M – Subsequent Events

The Plan's management evaluated for additional subsequent events occurring after December 31, 2015 (the financial statement date) through October 13, 2016, the date the financial statements were available to be issued. Management determined there were no additional subsequent events requiring disclosures.
