The following description of the Plan provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

The Plan is a defined contribution plan, with a 401(k) provision covering all full-time employees of the Company, except employees covered by a collective bargaining agreement, who are at least 18 years old and have two months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended. Voya Retirement Insurance and Annuity Company (“Voya”) is the trustee of the Plan (“Trustee”).

Contributions. Participants may elect to defer up to 75% of eligible annual pretax compensation subject to maximum amounts established by the Internal Revenue Code. Participants’ contribution elections may be changed at any time with notice to the Plan administrator. The safe harbor match is equal to 100% of the participant’s salary reduction up to 3% of their compensation, plus 50% of the salary reduction from 3% to 5%. The Company made discretionary contributions totaling \$727,893 for the year ended December 31, 2015.

Effective January 1, 2016, the Plan was restated to include an automatic enrollment provision for both existing employees without a deferral election and new employees. The contribution rate for automatic enrollment was set at 3% of compensation, as defined, with an annual 1% increase up to 6%. Also, effective January 1, 2016, Roth deferrals are permitted.

Vesting. Employees are always 100% vested in their elective deferrals. The Company elected to provide a safe harbor match in which the participants are 100% vested. The Employer discretionary matching contributions vest 20% after two years of service, increasing ratably up to 100% after six years of service. Participants will also vest 100% in Employer contributions upon reaching normal retirement age, which is defined as age 65, the participant dies or incurs a disability, and upon complete or partial termination of the Plan. In conjunction with the Plan termination, all of the participants became fully vested in their account balances.

Participant Accounts. Each participant's account is credited with the participant's contribution and allocation of the Employer contributions, if any. Plan earnings or losses are allocated to participant accounts based on their proportionate share of identified fund balances and other Plan assets.

Investment Options. Participants may direct their contributions among one or more funds subject to the allocation limitations set forth in the Plan. Changes in allocation of future contributions and transfers among funds of presently invested contributions are permitted pursuant to Plan provisions.

Notes Receivable from Participants. Participants may borrow from their fund accounts a maximum equal to the lesser of \$50,000 reduced by the highest outstanding loan balance in the previous twelve months, or 50% of the vested interest in the account. Participants may have no more than two loans outstanding at any one time. Loan terms shall not exceed five years unless used to purchase a primary residence. Payments are to be made not less frequently than quarterly. The loans are secured with up to 50% interest in the vested portion of the account balance and bear a reasonable rate of interest as determined by the plan administrator.

Forfeitures. Forfeitures shall be applied to offset administrative expenses of the Plan. If forfeitures exceed these expenses, the forfeitures shall be applied to reduce Company contributions for the plan year. As of December 31, 2015 and 2014, there was \$1,152 and \$1,089 in forfeited nonvested accounts, respectively.

Party-In-Interest Transactions. All administrative expenses, net of forfeitures, pertaining to the operation of the Plan are paid by the Company. Additionally, various administrative, legal, and accounting services are performed by Company personnel on behalf of the Plan for which no charges are made to the Plan, and for which the Company does not intend to obtain reimbursement. Investment expenses, however, are charged against the Plan's investment income. Certain Plan investments are shares of mutual funds managed by a related party to the Trustees. Therefore, these transactions qualify as party-in-interest transactions.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 – DESCRIPTION OF PLAN (Concluded)

Payments of Benefits. Benefit payments are generally made in a lump sum upon termination. Early voluntary withdrawals are paid based on financial hardship with approval of the plan administrator. Benefit payments to participants are recorded upon distribution. There were no amounts allocated to accounts of persons who have elected to withdraw from the Plan but have not yet been paid as of December 31, 2015.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting. The accompanying financial statements have been prepared on the accrual basis of accounting.

Estimates and Assumptions. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (“GAAP”) requires the plan administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates. Future events and their effects cannot be predicted with certainty; accordingly, accounting estimates require the exercise of judgment. Accounting estimates used in the preparation of these financial statements change as new events occur, as more experience is acquired, as additional information is obtained and as the operating environment changes.

Concentration of Credit Risk. Substantially all the Plan's assets are held by the Trustee.

Investment Valuation and Income Recognition. Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Benefit Payments. Benefits are recorded when paid.

Recent Pronouncements. The Plan early adopted the provisions of ASU 2015-07, *Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. As a result, certain investments for which fair values are measured using the net asset value per share as a practical expedient are no longer subject to categorization within the hierarchy table (Note 4). In addition, ASU 2015-07 removed the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient.

The Plan early adopted the provisions of ASU 2015-12, *Plan Accounting*. Under Part II of ASU 2015-12, certain disclosures regarding plan investments are no longer required, such as the disclosure of individual investments that exceed 5% of net assets available for benefits and the disclosure of net appreciation or depreciation for investments by general type. Other disclosures regarding plan investments have been simplified and require investments to be grouped only by general type rather than on the basis of nature, characteristics, and risks.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 3 – INFORMATION CERTIFIED BY THE TRUSTEE OF THE PLAN ASSETS

The following is a summary of the unaudited information regarding the Plan, included in the Plan's financial statements and supplemental schedule, prepared by the Trustee of the Plan, and furnished to the plan administrator. The plan administrator has obtained certifications from the Trustee that such information is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2015 and 2014.
- Net depreciation in fair value of investments, interest and dividends, and interest on loans as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2015.
- Note 4: All investment balances.
- The schedule of assets held for investment purposes at end of year as of December 31, 2015, as shown on Form 5500, Schedule H, Part IV, Line 4i.

NOTE 4 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") *Accounting Standards Codification* ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1. Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include the following:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3. Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2015 and 2014, except as it relates to the early adoption of ASU 2015-07.

Mutual Funds and Money Market Fund. Valued at quoted market price.

Common Collective Trust ("CCT"). Accounts that invest exclusively in CCT that invest in underlying insurance contracts are valued at net asset value ("NAV") of the underlying insurance contracts. The NAV is used as a practical expedient to estimate fair value. Those accounts directly investing in fixed maturity securities are measured based on the pricing date provided by outside valuation service providers who in turn generally use the mean of bid and ask prices but may also use alternative observable pricing inputs for certain securities.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 4 – FAIR VALUE MEASUREMENTS (Concluded)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan administrator believes the valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014. Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to their fair value measurement.

	Assets at Fair Value as of December 31, 2015				Total
	Level 1	Level 2	Level 3	NAV (as a practical expedient)	
Mutual funds	\$ 10,361,263	\$ -	\$ -	\$ -	\$ 10,361,263
Money market fund	50	-	-	-	50
Common collective trust	-	-	-	796,722	796,722
Total investment assets at fair value	\$ 10,361,313	\$ -	\$ -	\$ 796,722	\$ 11,158,035

	Assets at Fair Value as of December 31, 2014				Total
	Level 1	Level 2	Level 3	NAV (as a practical expedient)	
Mutual funds	\$ 10,025,439	\$ -	\$ -	\$ -	\$ 10,025,439
Common collective trust	-	-	-	225,092	225,092
Total investment assets at fair value	\$ 10,025,439	\$ -	\$ -	\$ 225,092	\$ 10,250,531

Fair Value of Investments in Entities that Use NAV. The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2015 and 2014, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2015	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common Collective Trust	\$ 796,722	N/A	Daily	30 Days

December 31, 2014	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common Collective Trust	\$ 225,092	N/A	Daily	30 Days

NOTE 5 – PLAN TERMINATION

Although the Company has not expressed any intent to discontinue its contributions or terminate the Plan, it is free to do so at any time, subject to the provisions of ERISA and the Plan document. In the event of Plan termination, all participants will automatically become fully vested in all their accounts and the Trustee will distribute participant assets.

PEACOCK ENGINEERING COMPANY, LLC 401(k) PLAN**NOTES TO THE FINANCIAL STATEMENTS****NOTE 6 – INCOME TAX STATUS**

The Plan uses a prototype plan document sponsored by Nationwide. The Trustee received an opinion letter from the Internal Revenue Service (“IRS”) dated March 31, 2014, which states that the prototype document satisfies the applicable provisions of the Internal Revenue Code (“IRC”). The Plan itself has not received a determination letter from the IRS. However, the Plan’s administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

NOTE 7 – RISKS AND UNCERTAINTIES

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants’ account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

NOTE 8 – SUBSEQUENT EVENTS

Management has evaluated all known subsequent events from December 31, 2015 through September 23, 2016, the date the accompanying financial statements were available to be issued, and is not aware of any material subsequent events occurring during the period that have not been disclosed in the notes to the financial statements.
