SCI 401(k) Plan

Notes to Financial Statements

December 31, 2015

1. Description of the Plan

SCI 401(k) Plan (the "Plan") is a defined contribution plan covering substantially all eligible employees of Sable Construction, Inc. (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Nationwide Trust Company ("Nationwide") is the custodian of the Plan.

Eligibility

Qualified employees of the Company are eligible to participate in the Plan on the first day of the month after completing six month of service. All newly eligible employees are automatically enrolled in the Plan with a deferral percentage of 2% as soon as administratively feasible following the employee's eligibility date, unless the employee elects to opt out of the Plan. The automatic deferral amount will increase on July 1st by 1% each year up to a maximum of 10%.

Contributions

Each year, participants may contribute up to 80% of their eligible compensation, as defined in the Plan, on both a pre-tax basis and after-tax ("Roth") basis, not to exceed the annual limit established by the Internal Revenue Code (the "Code"). Participants may also contribute amounts representing distributions from other qualified plans. Participants who have attained age 50 before the end of the year are eligible to make catch-up contributions.

The Company makes contributions to the Plan equal to 25% of the participant contributions not to exceed 4% of eligible earnings, up to the maximum amounts permitted by the Internal Revenue Service ("IRS"). The Company may also make discretionary profit sharing contributions. None were made in 2015.

Participants direct the investment of the contributions into various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's contribution and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

1. Description of the Plan (continued)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contributions is according to the following schedule:

Years of Service	Vesting Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Forfeitures

Nonvested balances of participants' accounts may be subject to forfeiture upon termination of their employment with the Company. A forfeiture occurs in the Plan year in which the participant receives a distribution of their vested account, as defined by the Plan. Amounts are retained in the Plan and used to pay Plan administrative expenses and to reduce future employer's matching contributions in the subsequent year. During 2015, the Plan utilized $12,408 of forfeitures to fund employer contributions. As of December 31, 2015 and 2014, there was $1,137 and $25 of unallocated forfeitures, respectively.

Payment of Benefits

Vested benefits are paid to participants upon death, disability, retirement or termination of employment by either arranging for a rollover to another plan, lump sum payment or installments. Hardship withdrawals are available and will result in a six month suspension during which no contributions may be made to the participant's account. For terminated participants' account balances that are less than $5,000, the plan administrator may distribute the entire amount in a lump sum without the participant's consent. If the participant's vested portion is greater than $5,000, the participant may elect to maintain the vested portion in the Plan.

Notes Receivable From Participants

Participants are permitted to borrow a maximum amount of the lesser of $50,000 or 50% of their vested account balance. The minimum that can be borrowed is $1,000 and only one loan can be

1. Description of the Plan (continued)

outstanding at a time. Notes receivable from participants are secured by the balance in the participant's account and bear interest at a reasonable interest rate as determined by Mass Mutual. Notes receivable from participants terms range from one to five years or a reasonable amount of time for the purchase of a principal residence. Principal and interest is paid through payroll deductions with equal installments made each pay period.

Administrative Expenses

The Company may pay certain administrative and operating expenses of the Plan at no obligation to the Plan.

2. Summary of Significant Accounting Policies

Basis of Accounting

The Plan's financial statements are reported on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States. Benefits are recorded when paid to participants.

Risks and Uncertainties

Financial instruments which potentially subject the Plan to concentrations of credit risk consist primarily of securities in which the Plan invests. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the near-term could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

Accounting Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect certain amounts reported in the financial statements and the accompanying notes and schedule. Accordingly, actual results could differ from these estimates.

2. Summary of Significant Accounting Policies (continued)

Valuation of Investments and Income Recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 5 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the plan document.

Recently Issued Accounting Pronouncements

In July 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient.* Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Part III is not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively. Management has elected to adopt the ASU early.

3. Investment Contracts

Effective December 1, 2014, the Plan entered into a benefit-responsive group annuity contract with Nationwide. The Fixed select contract is in a general account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Nationwide is contractually obligated to pay the principal and specified interest rate that is guaranteed to the Plan. The crediting interest rate and average yield for the fixed select account to the Plan was 1.83% and 1.63% for the years ended December 31, 2015 and 2014, respectively.

The investment contracts are recorded at contract value. Contract value is the relevant measurement attributable to fully benefit-benefit responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Participant may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Certain events limit the ability of the plan to transact contract value with the issuer. Such events include the following: (i) complete or partial plan termination; (ii) changes to plan's investment options; or (iii) sale of a division of the plan sponsor, corporate layoff of early retirement program. The Plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

4. Investments

All investment information disclosed in the accompanying financial statements, notes and schedule, including investments and notes receivable from participants held at December 31, 2015 and 2014, and net depreciation in fair value of investments, interest and dividend income and interest income from notes receivable from participants for the year ended December 31, 2015, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Nationwide, the custodian of the Plan.

5. Fair Value Measurements

FASB Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures,* provides the framework for measuring fair value. That framework provides a fair value hierarchy. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

5. Fair Value Measurements (continued)

Level 1—Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2—Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liabilities;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

  If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability

Level 3—Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets or liabilities fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumption to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. Fair Value Measurements (continued)

The following table represents the Plan's fair value hierarchy for its financial assets measured at fair value on a recurring basis as of December 31, 2015 and 2014:

	Assets at Fair Value as of December 31, 2015			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	**$ 627,563**	**$ –**	**$ –**	**$ 627,563**
Total assets at fair value	**$ 627,563**	**$ –**	**$**	**$ 627,563**

	Assets at Fair Value as of December 31, 2014			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 1,362,567	$ –	$ –	$ 1,362,567
Total assets at fair value	$ 1,362,567	$ –	$ –	$ 1,362,567

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will be come 100% vested in their accounts and distributions will be made as soon as administratively practicable after the Plan terminates.

7. Party-in-Interest Transactions

Plan assets include investment in funds managed by Nationwide. Transactions such as these qualify as party-in-interest transactions. These transactions are exempt from the prohibited transaction rules.

8. Income Tax Status

The underlying non-standardized prototype plan has received an opinion letter from the IRS dated March 31, 2014 stating that the form of the plan is qualified under Section 401(a) of the Code, and therefore, the related trust is tax exempt. The Company has determined that it is eligible to and has chosen to rely on the current IRS prototype plan opinion letter. Subsequent to receiving the IRS

8. Income Tax Status (continued)

opinion letter, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits as reported in the accompanying financial statements to the Plan's Form 5500 as of December 31, 2015 and 2014:

10. Subsequent Events

The Plan has evaluated subsequent events through October 13, 2016 the date the financial statements were available to be issued. Effective May 15, 2016, the Plan was restated and the custodian changed to Matrix Trust Company. Effective May 15, 2016, the Plan was amended so employees who were hired prior to May 1, 2016 are immediately eligible and employees hired May 1, 2016 and later are eligible to participate in the Plan upon the completion of 12 months of service.
