NOTE 1 – DESCRIPTION OF PLAN

The following brief description of the Red Valve Company, Inc. Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution profit sharing plan covering all employees of Red Valve Company, Inc. (the Company) who have completed one full year of service and are age 17 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions/Funding Policy

Participants may make voluntary contributions to the Plan through payroll deductions of a percentage of their compensation, as defined, not to exceed applicable Internal Revenue Service limitations in a calendar year. The Company makes employer-matching contributions, which, in total, are not to exceed 3.6 percent of the participant's annual compensation. The Company may also make contributions to the Plan as determined by the Company's Board of Directors but pursuant to the maximum limitations allowable by the Internal Revenue Code. For December 31, 2015 and 2014, the Company made an elective contribution of \$137,939 and \$143,692, respectively. The net assets of the Plan are invested with the Plan's trustee, Alerus Financial, N.A. in separate pooled accounts. The Plan provides participants with the option of directing their contributions into separate investment funds.

Participant's Accounts

Each participant's account is credited with the participants' contributions and an allocation of the Company's contribution. Investment income and losses and expenses and forfeitures of terminated participant's non-vested accounts are allocated based on the relationship of each participant's account to the total of all participant accounts.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service, as defined, according to the following schedule:

<u>Years of Service</u>	<u>Percent Vested</u>
1	25%
2	50%
3 or more	100%

In addition, a participant becomes fully vested at the time of retirement, disability or death.

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Participant Loans

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 3.25% to 7.50%, which are commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest is paid ratably through payroll deductions. Participants may have no more than two loans outstanding at a time.

Payment of Benefits

Generally, benefits are payable upon termination, death, disability or attainment of retirement age, as defined by the Plan. Benefits are paid in either a lump-sum amount equal to the value of the participant's account, or in monthly, quarterly, semi-annual or annual cash installments over a period not to exceed the participant's life expectancy at the date such payments commence or the joint life expectancy of the participant and the participant's spouse. Benefit payments are recorded when paid.

Forfeitures

A participant who terminates the Plan for a reason other than death, disability or retirement forfeits the non-vested portion of their participation account, which is added to the Company's contribution. At December 31, 2015 and 2014, forfeited nonvested accounts totaled \$2,841 and \$435, respectively.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following are the significant accounting policies followed by the Plan:

Basis of Accounting

The Plan management's policy is to prepare the Plan's financial statements on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Income

Investment income is comprised of interest and dividend income, which is recognized when earned.

Net Appreciation (Depreciation) in Fair Value of Investments

The Plan presents in the Statement of Changes in Net Assets Available for Benefits realized gains or losses and the net appreciation (depreciation) in the fair value of its investments which, in accordance with the policy of stating investments at fair value, consists of the unrealized gain or loss on those investments.

Administrative Expenses

Administrative expenses charged by the investment funds are paid out of the individual funds and are included in fund income. Loan processing fees charged by the Plan's independent record keeper are paid by the participant at the time of the loan. Certain other costs, including legal and accounting expenses, are paid by the Company.

Subsequent Events

Management has evaluated subsequent events through October 12, 2016, which was the date the financial statements were available to be issued.

The Plan sponsor was sold in 2016. The Plan is expected to be merged into the Process Equipment Group 401(k) Savings Plan on 12/31/16.

NOTE 3 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

(Continued)
DECEMBER 31, 2015 AND 2014

NOTE 3 – FAIR VALUE MEASUREMENTS (Continued)

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Common stocks, corporate bonds and U.S. government securities: Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual funds: Valued at the net asset value (NAV) of shares held by the plan at year end.

Notes receivable from participants: Valued at amortized cost, which approximates fair value.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

	<u>Assets at Fair Value as of December 31, 2015</u>

**NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2015 AND 2014**

NOTE 6 – TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2008 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.

NOTE 7 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 8 – TRUSTEE CERTIFICATION

For 2015 and 2014, Alerus Financial, N.A. holds the Plan assets and executes transactions therein. As the Plan administrator has elected the method of compliance under Section 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, Alerus Financial, N.A. has provided the trustee with certified statements regarding the assets held by it for the year ended December 31, 2015 and 2014, and the executed transactions, income and expense items and the schedules of investments and reportable transactions for the year then ended.

NOTE 9 – PLAN TERMINATION

Although the Company has not expressed any intent to do so, it has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contribution.
