BOXER PROPERTY 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015

Note 1 – Description of Plan

The following description of Boxer Property 401(K) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was formed and adopted by Boxer Property Management Corporation (the "Company" or "Plan Sponsor"), effective January 1, 1999. The Plan is a defined-contribution plan covering all full-time employees of the Company who are age 21 or older. Full-time employees are eligible for matching contributions after one year of service. Participants may modify deferral elections on the first day of any payroll period, and the entry date for all contribution types is the date eligibility requirements are satisfied. Automatic deferrals are allowed equal to 3% of a participant's compensation, and partial withdrawals are added as a form of distribution. It is also a salary reduction plan or 401(K) plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to 100% of pre-tax annual compensation, as defined in the Plan, subject to Internal Service Revenue (IRS) limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined-benefit or defined-contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan's custodian, American United Life Insurance Company ("AUL" or "Custodian"). The Plan currently offers a guaranteed investment contract or general account (AUL Fixed Fund) and pooled separate accounts as investment options for participants. The Company, at its discretion, may make contributions to the Plan, and amounts are determined by the Company's board of directors.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution (if any), (b) Plan earnings and (c) administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is granted 20% for each year, becoming fully invested after five years of credited service.

Note 1 – Description of Plan (Continued)

Notes Receivable from Participants

Participants may borrow from their account a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. No note receivable from participants shall exceed the participant's vested interest in the Plan. A participant cannot have more than one outstanding loan at any given time. The loans are secured by the balance in the respective participant's account and bear interest at 5.50%, which are commensurate with local prevailing rates as determined quarterly by the Plan administrator and fixed as of the loan origination date. Principal and interest is paid ratably, through monthly payroll deductions, over a period generally not extending beyond five years from the date of the loan.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or payment in the form of a life or joint and survivor annuity. For termination of service for other reasons and for amounts less than $5,000, a participant must receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited Accounts

Forfeitures represent the portion of non-vested benefits remaining from employees who have withdrawn from the Plan before becoming fully vested. Forfeitures shall be used to reduce future Company contributions. Currently, there are no Company contributions in the Plan. Since participants are 100% vested in their contributions and earnings thereon, there were no forfeited non-vested account balances at December 31, 2015 and 2014.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates. Estimates that have the most impact on financial position and results of performance primarily relate to the fair value of investments. Plan management believes these estimates and assumptions provide a reasonable basis for the fair presentation of the financial statements.

Note 2 – Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. The units of the pooled separate accounts are determined at the close of each business day and are directly related to the net asset value of the underlying investment adjusted for dividends or distributions received by the Custodian and the daily equivalent of any fees charged. The guaranteed investment contract ("GIC") is not actively traded and significant other observable inputs are not available. It has no liquid market value and there are no defined maturities of the cash flows. The GIC's contract value approximates its fair value.

Net appreciation or depreciation of investments is reported in the statement of changes in net assets available for benefits and consists of the realized gains or losses and the unrealized appreciation or depreciation of these investments. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances. Delinquent notes receivable from participants are recorded as a distribution based upon terms of the Plan document.

Benefit Payments

Benefit payments are recorded upon distribution.

Plan Expenses

A participant with a loan is directly charged a processing fee upon origination of the loan. Other administrative costs of the Plan charged by AUL are generally paid by the Company.

Concentrations of Credit Risk

The Plan's investments potentially subject the Plan to concentrations of credit risk. The Plan has not experienced any credit losses associated with these instruments.

Recent Accounting Pronouncements: Simplification of Accounting for Defined Contribution Plans

In July 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-12, *Plan Accounting: Defined Contribution Pension Plans (Topic 962)*, which is divided into three related parts. The objective of these amendments is to simplify accounting and reporting for benefit plans. The three parts are as follows:

Note 2 – Summary of Significant Accounting Policies (Continued)

Recent Accounting Pronouncements: Simplification of Accounting for Defined Contribution Plans (Continued)

Part I – Plan Accounting: Defined Contribution Pension Plans (Topic 962): Fully Benefit-Responsive Investment Contracts: Prior to this amendment, U.S. GAAP required that the fair value, and the adjustment to contract value be reported for fully benefit-responsive investment contracts. This amendment requires that all investments be reported at fair value, except for fully benefit-responsive investment contracts, which should be reported at contract value.

Part II – Plan Accounting: Defined Contribution Pension Plans (Topic 962): Plan Investment Disclosures: This amendment removes certain reporting requirements.

- This amendment will eliminate the requirement to disclose investments representing 5% or more of net assets available for benefits.
- It will no longer be necessary to disclose the net appreciation or depreciation change in fair value to be disaggregated and disclosed by general type
- The amendment will eliminate the requirement to disclose certain significant investment strategies for investments in certain funds.

Part III – Plan Accounting: Defined Contribution Pension Plans (Topic 962: Measurement Date Practical Expedient: This amendment will provide for flexibility in reporting, for practical expediency, in plans with fiscal year-ends other than a month-end. The amendment defines requisite reporting in such circumstances.

The effective date for application of the amendments in Parts I and II, which should be applied retrospectively to all periods presented, is for fiscal years beginning after December 15, 2015 with early adoption permitted. Management has elected to adopt Part I and II. Accordingly, the amendment was retrospectively applied. The effective date for the amendments in Part III is also for fiscal years beginning after December 15, 2015, however, are to be applied prospectively with early adoption permitted. Management does not believe that part III of ASU 2015-12 will significantly affect the Plan's financial statements.

In May 2015, the FASB issued ASU 2015-07, *Fair Value Measurement (Topic 820):* Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent), which exempts investments measured using the net asset value (NAV) practical expedient in ASC 820, Fair Value Measurement, from categorization within the fair value hierarchy. The guidance requires retrospective application and is effective for fiscal years, and interim periods within those years, beginning after December 15, 2016. Early adoption is permitted. Management elected to early adopt the provisions of this new standard. Accordingly, the amendment was retrospectively applied. See Note 4 - Fair Value Measurements.

Note 3 – Investments

Unaudited Information Certified as Complete and Accurate by the Plan Custodian

The December 31, 2015 and 2014 statements of net assets available for benefits, the investment activities included on the statement of changes in net assets available for benefits for the year ended December 31, 2015, and the accompanying notes to the financial statements were prepared in part or entirely from information certified by the Custodian in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The information certified as complete and accurate includes total investments and notes receivable from participants totaling $3,682,222 and $3,134,733 at December 31, 2015 and 2014, respectively, and related investment and interest losses of $13,066 for the year ended December 31, 2015.

Note 4 – Fair Value Measurements

The FASB's Accounting Standards Codification 820 "Fair Value Measurements and Disclosures" (ASC 820) establishes a framework for measuring fair value and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. As discussed in Note 2, The Plan adopted ASU No. 2015-07 which removed the requirement to categorize and disclose investments for which fair value is measured using the NAV per share as the practical expedient within the fair value hierarchy. Pooled separate accounts accounted for $2,933,275 and $2,649,614 of the Plan's total investments recorded at fair value for December 31, 2015 and 2014, respectively. The pooled separate accounts are valued, as a practical expedient, based on AUL's Plan's net asset value of units held by the Plan at year-end. The calculated NAV is directly related to the net asset value of the underlying investment adjusted for dividends or distributions received by AUL and the daily equivalent of any fees charged. The investments held by each pooled separate account are traded on an active market.

Note 5 – Investment Contract with Insurance Company

In 1999, the Plan entered into an unallocated group annuity contract with AUL. AUL maintains the contributions in both a general account (AUL Fixed Fund) and pooled separate accounts.

The fully benefit-responsive general account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The general account is included in the financial statements at contract value as reported to the Plan by AUL. Contract value represents contributions made to the general account, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value (which approximates fair value) of the general account at December 31, 2015 and 2014 was $619,191 and $337,526, respectively. The average yield and crediting interest rates were approximately 1.21% and 1.25% for 2015 and 2014. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on an annual basis for resetting.

Note 6 – Related Party and Party-in-Interest Transactions

The Plan Sponsor provides the Plan with certain accounting and administrative services for which no fees are charged. AUL is considered a party-in-interest, as defined by ERISA, since it provides services to the Plan as investment custodian. Administrative fees paid to the Custodian by the Plan during 2015 totaled $4,534. These transactions are exempt from being prohibited transactions by ERISA.

Note 7 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 8– Reconciliation of Financial Statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500 as of December 31,:

	2015	2014
Net assets available for benefits per financial statements	$ 3,556,177	$ 3,030,395
Other reconciling items	-	230
Add: Excess contributions refundable to participants-end of year	126,045	104,338
Net assets available for benefits per Form 5500	$ 3,682,222	$ 3,134,963

The following is a reconciliation of corrective distributions per the financial statements for the year ended December 31, 2015 to Schedule H of Form 5500:

	2015
Corrective distributions per financial statements	$ 126,045
Add: Prior year corrective distributions	104,338
Less: Current year corrective distributions	(126,045)
Corrective distributions per Form 5500	$ 104,338

The Plan made corrective distributions of $104,338 to certain participants during 2015. These corrective distributions were required in order to correct the failure of certain 2014 IRS nondiscrimination tests in the Plan.

The Plan failed certain IRS non-discrimination tests for the year ended December 31, 2015. Excess contributions amounting to $126,045 are recorded as a liability in the accompanying statement of net assets available for benefits and as a reduction of participant-directed contributions for the year. The Plan refunded these excess contributions to affected Participants during 2016.

Note 9 – Tax Status

The Plan is currently operating under a national IRS-approved prototype plan sponsored by AUL that has received a favorable determination letter dated March 31, 2008, under the applicable provisions of the Internal Revenue Code ("IRC"). Plans who adopted this prototype plan without changes could rely on the Custodian's determination letter. The Company adopted the AUL prototype plan without any changes. However, the Plan has been amended since the latest determination letter. The Plan administrator and tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require the Company to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Company believes it is no longer subject to income tax examinations related to the Plan for years prior to 2012.

Note 10 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statement of net assets available for benefits.

Note 11 – Delinquent Participant Contributions

Pursuant to the Department of Labor Reg. 29 CFR 2510.3-102, an employer is required to segregate participant contributions from its general assets as soon as practicable, but in no event later than the 15th business day following the end of the month in which amounts are contributed by participants or withheld from their wages. During the year ended December 31, 2015, the Company failed to segregate employee contributions totaling $413,574, in a timely manner. The Company is aware of the occurrences and has taken the appropriate steps to correct the situation subsequent to year end. The 2014 late remittances totaling $122,369 were corrected in 2015.

Note 12 – Subsequent Events

Management has evaluated subsequent events through October 7, 2016, the date the financial statements were issued and, except as disclosed elsewhere in these footnotes, has determined there are no subsequent events to be reported in the accompanying financial statements.

Revenue Sharing Formula:

The investment options of the Plan include various portfolios within an AUL separate account. The separate account in turn invests in investment portfolios of certain open-end management investment companies. AUL receives indirect compensation from these investment companies for the services provided by AUL.

The compensation received by AUL is computed by each investment company by multiplying the daily account balance of the AUL separate account's interest in a particular portfolio by a predetermined percentage rate negotiated with the investment company. This indirect compensation is not charged to the plan or participants accounts but is paid directly by the investment company.

The investment company, the underlying investment portfolio, and the annual compensation percentages are shown below.
