1. Description of the Plan

The following description of the SKF USA Inc. Pre-Tax Accumulation of Capital for Employees Plan Single Plan B (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that commenced February 28, 1992, covering hourly union non-exempt workers employed at the following SKF USA Inc. (the "Company") locations: SKF/Aeroengine, Jamestown and Falconer Plants; SKF Seals Division Elgin, Franklin, Seneca, and Hobart Plants; and SKF Lubrication Division Plant. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

The Plan was amended to provide technical legal changes and the following substantive changes:

The Company's Hobart, OK Plant ("Hobart") per hour Company contribution was updated to reflect local union negotiations to $.50 effective January 1, 2012, $.52 effective January 1, 2013, $.54 effective January 1, 2014 and $.56 effective January 1, 2015.

As of August 1, 2012, active non-union production worker participants in the Plan employed at the following locations were moved into SKF USA Inc. Pre-Tax Accumulation of Capital for Employees Plan Single Plan A: SKF/AeroEngine Division Colebrook Plant; SKF/AeroEngine Division Gainesville Plant; Seals Division Warehouse; and SKF/AeroEngine Division Charleston Plant. Remaining in the Plan are active union production employees at the following locations: SKF/AeroEngine Division Jamestown and Falconer Plants, SKF Sealing Division Elgin, Franklin, Hobart, and Seneca Plants.

Effective December 31, 2015 the Company Stock Fund shall no longer be an available investment fund under the Plan.

During 2015, the Company approved the closing of Hobart and Franklin locations which will be executed in 2016. The closures are not expected to have a significant impact on the Plan.

Contributions

Each year, participants may contribute 2 percent to 50 percent of pre-tax annual compensation, as defined by the Plan up to the maximum limits of the Internal Revenue Code ("IRC"). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also transfer amounts representing eligible distributions from other qualified plans. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3 percent of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. Participants direct the investment of all contributions into various investment options offered by the Plan.

Employee contributions are recorded in the period during which the Company makes payroll deductions from the employee's eligible wages. Certain participants are eligible to receive an annual discretionary Company contribution which is included in contributions receivable. The discretionary contribution was $304,022 and $256,242 for the plan years ended December 31, 2015 and 2014, respectively. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and the Company's discretionary contribution and an allocation of the Plan's earnings. Participants are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions and vest in their discretionary Company contributions after 3 years of credited service.

Payment of Benefits

In event of death, disability, termination or retirement, a participant or beneficiary may elect to receive a lump-sum amount equal to the vested interest in the participant's account, roll over the amount into an Individual Retirement Account ("IRA") or other qualified plan, or maintain the balance in the Plan until the April 1 following the year in which the participant reaches age 70.5, if the balance is greater than $5,000. The Plan provides that under certain restricted conditions, participants may withdraw their vested account balance, or portion thereof without penalty, in accordance with the IRC.

Notes Receivable from Participants

Participants, excluding Elgin, Hobart Seneca and Franklin may borrow from their fund accounts a minimum of $1,000, up to a maximum of 50 percent of their vested account balance or $50,000, whichever is less. A fixed rate of interest adjusted monthly is determined by the prime rate of interest plus 1 percent (ranging from 4.25 percent to 9.25 percent at December 31, 2015) as published on the first of the month in the Wall Street Journal. Interest payments are credited to the participant's account when received. Notes are secured by the balance in the participant's account. Principal and interest is paid ratably through payroll deductions. Terms range from one to five years or greater for the purchase of a primary residence.

Forfeitures

When certain terminations of participation in the Plan occur, the non-vested portion of the participant's account, as defined, represents a forfeiture. Company contributions that are forfeited are used to reduce the amount of future Company contributions. At December 31, 2015 and 2014, available forfeited non-vested accounts totaled $8,510 and $35,790, respectively. In 2015 and 2014, $27,285 and $35,785 in forfeitures was used to offset the Company discretionary contribution, respectively.

Reclassification

Certain prior year disclosures have been reclassified to conform to the current year's presentation.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Pension and Benefits Committee determines the Plan's valuation policies utilizing information provided by the trustee. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net (depreciation) appreciation includes the gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and expensed when they are incurred. Interest income is recorded on the accrual basis. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. No allowances for credit losses have been recorded as of December 31, 2015 and 2014.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net (depreciation) appreciation of fair value of investments.

Payment of Benefits

Benefits are recorded when paid.

Recent Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update No. 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)* ("ASU 2015-07"). ASU 2015-07 removes the requirement to include investments in the fair value hierarchy for which fair value is measured using the net asset value per share practical expedient under Accounting Standards Codification 820. ASU 2015-07 requires retrospective application and is effective for the Plan for years beginning after December 15, 2016 with early adoption permitted. Management has elected to early adopt the provisions of this new standard. Accordingly, the standard was retrospectively applied.

In July 2015, the FASB issued Accounting Standards Update No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965) - I. Fully Benefit-Responsive Investment Contracts; II. Plan Investment Disclosures, and III. Measurement Date Practical Expedient* ("ASU 2015-12"). Part I of the accounting standards is not applicable to the Plan. Part II of this update requires that investments (both participant-directed and nonparticipant-directed investments) be grouped only by general type, eliminating the need to disaggregate the investments in multiple ways. Part II also eliminates the disclosure of individual investments that represent 5 percent or more of net assets available for benefits and the disclosure of net appreciation or (depreciation) for investments by general type, requiring only presentation of net appreciation (depreciation) in investments in the aggregate. Additionally, if an investment is measured using the net asset value per share (or its equivalent) practical expedient in Topic 820 and that investment is a fund that files a U.S. Department of Labor Form 5500, as a direct filing entity, disclosure of that investment's strategy is no longer required. Part III is not applicable to the Plan. The amendments in ASU 2015-12 are effective for fiscal years beginning after December 15, 2015, with early application permitted. The amendments within Part II require retrospective application. Management has elected to early adopt the provisions of Part II of this new standard. Accordingly, the provisions were retrospectively applied.

Subsequent Events

The Plan has evaluated subsequent events for recognition or disclosure through September 29, 2016, the date the financial statements were available to be issued.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observables and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Money market fund is valued at the quoted net asset value ("NAV") of shares held by the Plan at year end.

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Target retirement trust funds are valued based on NAV per unit of participation in the fund. NAV is valued based on the fair value of the underlying assets of the fund derived from or corroborated by observable market data by correlation or other means, although not based upon quoted market prices in an active market. The funds invest principally in mutual funds in accordance with each fund's investment objective.

The collective trust fund is valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The Company Stock Fund was valued based upon the fair value of their underlying assets which was derived from quoted prices on the OMX Nordic Exchange Stockholm AB of the SKF-AB B shares.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statement of Net Assets Available for Benefits.

Investments Measured Using NAV per Shares Practical Expedient

The following table summarizes investments for which fair value is measured using NAV per share practical expedient as of December 31, 2015 and 2014, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

4. Related Party and Party In Interest Transactions

Certain of the Plan's investments are shares of mutual funds and a common collective trust managed by the Vanguard Group, an affiliate of Vanguard Fiduciary Trust Company, the trustee. Fees incurred by the Plan for the investment manager services are included in net (depreciation) appreciation in the fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. Additionally, the Plan issues loans to participants, which are secured by the participant's account balances.

The Plan had a Company Stock Fund that was closed to new contributions. The Company Stock Fund held B shares of SKF AB, a registered security on the OMX Nordic Exchange Stockholm AB, of 0 and 48,718.235 for the plan years ended December 31, 2015 and 2014, respectively.

These transactions qualify as related party and party in interest transactions.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in Company contributions.

6. Tax Status

The Internal Revenue Service ("IRS") has determined and informed the Company by a letter, dated December 13, 2014, that the Plan is designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in accordance with the applicable requirements of the IRC. As a result, the plan administrator believes that the Plan is qualified and the trust is tax exempt.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits. As of December 31, 2015 and 2014, the Plan had investments of $27,849,908 and $31,543,841 respectively, that were concentrated in four funds.

8. Information Certified by Trustee

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA for 2015 and 2014. Accordingly, Vanguard Fiduciary Trust Copmany, the trustee of the Plan, has certified to the completeness and accuracy of all investments reported in the accompanying Statement of Net Assets Available for Benefits as of December 31, 2015 and 2014, and the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2015, and the related investment activity reported on the Statement of Changes in Net Assets Available for Benefits for the years ended December 31, 2015 and 2014.

9. Administration of Plan Assets

The Plan's assets are administered under a contract with Vanguard Fiduciary Trust Company, the trustee of the Plan. The trustee invests funds received from contributions, investment sales, interest, and dividend income and makes distribution payments to participants.

10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits on the financial statements to Form 5500 at December 31, 2015 and 2014:

	2015	2014

The following is a reconciliation of the (decrease) increase in net assets available for benefits on the financial statements to Form 5500 for the year ended December 31, 2015 and 2014:

	2015	2014
(Decrease) increase in net assets available for benefit on the financial statements	$ (5,923,083)	$ 691,992

Total (decrease) increase in net assets available for benefit on the Form 5500	$ (5,938,227)	$ 688,811

11. Delinquent Participant Contributions

During 2014, the Company did not remit certain employee contributions on a timely basis in accordance with ERISA. Failure to remit contributions to the Plan on a timely basis as required by and in accordance with CFR 2510.3-102 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA is considered a non-exempt transaction that is presented in the supplemental schedule of Delinquent Participant Contributions. These contributions total $98 for the year ended December 31, 2014, which was corrected outside the DOL's Voluntary Fiduciary Correction Program in 2015.

12. Transfers

During 2015 and 2014, $28,420 and $1,181,607 of plan assets were transferred out of the Plan to the SKF USA Inc. Pre-tax Accumulation of Capital for Employees Plan Single Plan A. In 2015 and 2014, $-0- and $71,313 was also transferred in from the SKF USA Inc. Pre-tax Accumulation of Capital for Employees Plan Single Plan A.

13. Subsequent Event

Effective January 1, 2016, all Falconer union employees hired on or after January 1, 2016 will become eligible for an Annual Discretionary Company Contribution to the Plan. Effective January 1, 2016, all union employees at the Hanover Plant location are eligible for voluntary participant contributions to the Plan, and union employees at the Hanover Plant location will become eligible for an Annual Discretionary Company Contribution to the Plan.
