Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

THOMAS MEMORIAL HOSPITAL 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2015 AND 2014

7

NOTE 1 - DESCRIPTION OF THE PLAN

The following description provides general information about the Thomas Memorial Hospital 401(k) Plan (the Plan). Participants should refer to the Plan document for a more complete description of the Plan's provisions.

GENERAL - The Plan is a defined contribution plan, subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan has no service or age requirement in order to enter the Plan; however the participant has to have been hired prior to January 1, 2012. The Plan was established effective as of July 1, 2012. The 401(k) Committee is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings, and monitors investment performance.

CONTRIBUTIONS - Participants may elect to contribute their entire compensation, as defined by the Plan, subject to certain limitations under the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing rollover distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment contracts and annuity options offered by the Plan. Thomas Memorial Hospital (the Employer) will contribute a 100% match of participants' deferrals that do not exceed 1.25% of their W-2 compensation including salary deferrals, but excluding overtime, bonuses, fringe benefits, welfare benefits and reimbursements. Effective September 6, 2015 the employer will contribute an amount equal to the sum of 100% of the participant's elective deferrals that do not exceed 4% of the participant's compensation, plus 50% of the participant's elective deferrals that exceed 4% of the participant's compensation but do not exceed 6% of the participant's compensation. Also effective September 6, 2015 an employee may complete a salary deferral agreement to elect an alternative deferral amount or to elect not to defer under the Plan in accordance with the deferral procedures of the Plan. The election will remain in effect until the employee modifies or terminates it. The amount to be automatically withheld from the employee's pay each payroll period will be equal to 3% of their compensation. If their salary deferrals are automatically suspended under the terms of the Plan (e.g., to qualify for a hardship distribution), then the deferral agreement that was in place prior to the suspension will continue in effect after the suspension.

PARTICIPANT ACCOUNTS - An individual account has been established for each participant into which employee contributions, employer matching contributions and investment earnings are accumulated. The Plan is participant-directed; therefore, the participant's investment earnings are determined by the employee's individual investment decisions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

VESTING - All participants are 100% vested in their individual account balance.

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)

NOTES RECEIVABLE FROM PARTICIPANTS - Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance. The loans are secured by the balance in the participant's account. The loan interest rate is set at one percent above the prime rate, as defined. Principal and interest is paid ratably through periodic payroll deductions.

PAYMENT OF BENEFITS - In accordance with the Plan document, distribution of benefits upon the retirement, death, disability or termination of a participant, when requested, shall be made in the form of a joint and 50% survivor annuity, or, if elected by participant, in a lump sum or in substantially equal installments. In addition, hardship and other distributions are permitted if certain criteria are met.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING - The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

USE OF ESTIMATES - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

INVESTMENT VALUATION AND INCOME RECOGNITION - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's 401(k) Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and trustee. See note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTES RECEIVABLE FROM PARTICIPANTS - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2014.

BENEFIT PAYMENTS - Benefit payments are recognized when paid.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (Continued)

EXPENSES - Certain expenses of maintaining the Plan are paid directly by the Employer and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation of fair value of investments.

ACCOUNTING PRINCIPLES ISSUED BUT NOT YET ADOPTED - In May 2015, The FASB issued ASU 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or Its Equivalent)*. The amendments in this update remove the requirements to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value (NAV) per share practical expedient. The amendments also remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the NAV per share practical expedient. Rather, those disclosures are limited to investments for which the entity has elected to measure the fair value using that practical expedient. The ASU is effective for fiscal years beginning after December 15, 2016, with early adoption permitted, and is required to be applied retrospectively. Management has elected not to adopt this ASU early and due to the termination of the Plan it will not have an impact on the financial statements.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III is not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively. Management has elected not to adopt this ASU early and due to the termination of the Plan it will not have an impact on the financial statements.

SUBSEQUENT EVENTS - In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through October 13, 2016, the date the financial statements were available to be issued.

NOTE 3 - INVESTMENT INFORMATION PROVIDED BY TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditor not to perform any auditing procedures with respect to certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule except for comparing such information to information included in the Plan's financial statements. The information related to investments and notes receivable from participants disclosed in the accompanying financial statements, including investments and notes receivable from participants held at December 31, 2015 and 2014, and net depreciation in fair value of investments, interest, and dividends for the year ended December 31, 2015, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by AIG Federal Savings Bank (AIG), trustee of the Plan.

The following table presents the value of the investments in this Plan that were certified by AIG. Single investments representing more than 5% of the Plan's net assets as of December 31 are separately identified. In addition, AIG certified as to the completeness and accuracy of notes receivable from participants as reported below.

AIG also certified to the completeness and accuracy of net appreciation in fair value of investments and of interest and dividends related to the aforementioned investments and notes receivable from participants for the year ended December 31, 2015. That information is as follows:

Net depreciation in fair value of investments	
Mutual Funds	<u>\$ (528,874)</u>
Dividend and interest income	
Notes receivable from participants	\$ 5,042
Mutual Funds	<u>452,839</u>
	<u>\$ 457,881</u>

NOTE 4 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 is defined as unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 is defined as quoted prices for similar assets or liabilities in an active market, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 is defined as inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective investment fund: Valued at the NAV of units of a collective fund. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets:

	Assets at Fair Value as of December 31, 2014			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Investments at fair value:				
Mutual Funds				
Fixed Income	\$ 448,187	\$ -	\$ -	\$ 448,187
Global & Intl Equity	1,554,852	-	-	1,554,852
Growth & Income	1,947,018	-	-	1,947,018
Large Cap	1,038,325	-	-	1,038,325
Mid Cap	791,959	-	-	791,959
Small Cap	326,958	-	-	326,958
Collective investment fund	-	909,327	-	909,327
Total assets	<u>\$ 6,107,299</u>	<u>\$ 909,327</u>	<u>\$ -</u>	<u>\$ 7,016,626</u>

NOTE 5 - EXEMPT PARTY-IN-INTEREST TRANSACTIONS

The Company pays certain administrative expenses on behalf of the Plan, including legal and accounting fees. Other administrative services are provided by the Company at no cost to the Plan. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund.

NOTE 6 - INCOME TAX STATUS

Effective July 1, 2012, the Plan adopted the VALIC Retirement Services Prototype Plan and Trust, a non-standardized form of a prototype plan. The prototype plan has received an opinion letter dated March 31, 2014 from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2013.

NOTE 7 - PLAN TERMINATION

Effective December 31, 2015 the Plan was terminated and merged with another plan maintained by the employer. All assets were effectively transferred into the merged plan as of December 31, 2015.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9 - NET ASSET VALUE (NAV) PER SHARE

In accordance with the fair value measurements and disclosures guidance, the category, fair value, redemption frequency, and redemption notice period for Plan investments, the fair value of which are estimated using the NAV per share, as of December 31, 2015 and 2014, are as follows. There were no unfunded commitments as of December 31, 2015 and 2014.

	Fair Value		Redemption Frequency (If Currently Eligible)	Redemption Notice Period
	<u>2015</u>	<u>2014</u>	<u>2015 and 2014</u>	
Collective investment fund ^(a)	\$ <u> </u> - \$ <u>909,327</u>		Daily	12 months

- (a) This fund seeks to provide a moderate level of stable income without principal volatility. The fund invests in a variety of investment contracts and instruments which are not expected to experience price fluctuation in most economic or interest rate environments. These include, but are not limited to, guaranteed investment contracts (GICs), bank investment contracts (BICs) and security backed contracts. Qualified plan participant withdrawals are allowed at any time without penalty, regardless of their frequency or amount. Redemption can generally occur within one business day after receipt of the request, and in all cases within six business days after the request. Any plan sponsor or plan fiduciary initiated withdrawal from the fund will require a 12 month written notice of the intent to withdraw assets from the fund.
