1. Description of Plan

The following description of the Capstone Mechanical, LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a 401(k) salary reduction profit sharing plan covering all full-time employees of Capstone Mechanical, LLC (the Company) who have one year of service and are age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The purpose of the Plan is to provide retirement benefits for the Company's employees.

The Plan is intended to be a qualified defined contribution plan which satisfies the requirements of Section 401(k) of the Internal Revenue Service Code (the Code). Under the Code, participants are not liable for Federal income taxes on employee contributions, Company contributions, or Plan earnings until such times as they are partially or completely withdrawn from the Plan.

Contributions

Contributions to the 401(k) plan may consist of funds contributed by the Company, employees, and roll-over contributions. Each year, participants may contribute up to the maximum statutory amount of pretax annual compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds as investment options for participants. The Company will contribute to the Plan the amount determined by the Company at its discretion. The Company may choose not to contribute to the Plan for a particular plan year. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's contribution, (b) Plan earnings (losses) and (c) forfeitures of terminated participants' nonvested accounts and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions, employer safe harbor, and employer prevailing wage contributions plus actual earnings thereon. Vesting in the discretionary Company contributions portion of their accounts plus earnings thereon is based on years of continuous service. A participant becomes fully vested at the end of six years of credited service. Upon termination of employment, nonvested balances are accumulated and subsequently redistributed to the remaining employees in accordance with the applicable provisions of the Plan.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $ 1,000 up to a maximum of $ 50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates from 3.25% - 4.25%, which is commensurate with the local prevailing rates as determined by the Plan administrator. Principal and interest is paid ratably through monthly payroll deductions.

1. Description of Plan

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or annual installments. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited Accounts

At December 31, 2015 and 2014, forfeited nonvested accounts totaled $ 7,660 and $ 1,795, respectively. These amounts are used to reduce future employer contributions.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual method of accounting.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

As provided in the Plan agreement, administrative expenses may be paid either by the Plan or by the Company. The Plan has historically paid the operating expenses

Subsequent Events

Subsequent events were evaluated through October 12, 2016, which is the date the financial statements were available to be issued.

3. Investments

The following table presents fair value of investments that represent five percent or more of the Plan's net assets.

	2015	2014
* Principal Trust TGT 2025 Fund; 3,003 and 3,202 shares, respectively	$ 58,291	$ 63,121
* Principal Trust TGT 2035 Fund; 9,448 and 11,882 shares, respectively	190,008	242,266
* Principal Trust TGT 2040 Fund; 8,190 and 6,578 shares, respectively	167,885	136,754
* Principal Trust TGT 2045 Fund; 6,082 and 4,867 shares, respectively	126,933	102,952
* Principal Trust TGT 2055 Fund; 3,727 and 2,366 shares, respectively	79,874	51,357

* - Party in interest

During the year ended December 31, 2015, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) depreciated in value by $ 11,414. This depreciation consisted only of mutual funds.

4. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are used only when Level 1 or Level 2 inputs are not available.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

Assets at Fair Value

	Level 1	Level 2	Level 3	Total
December 31, 2015				
Mutual Funds	$ 889,610	$ -	$ -	$ 889,610
December 31, 2014				
Mutual Funds	$ 739,574	$ -	$ -	$ 739,574

5. Related Party Transactions

Certain Plan investments are shares of mutual funds managed by the Principal Trust Company. The Principal Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become 100 percent vested in their employer contributions.

7. Income Tax Status

The Internal Revenue Service (IRS) has determined and informed the Company by letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
